THE ACTS AND PROCEEDINGS

OF THE

Thirty-Seventh General Assembly

OF THE

PRESBYTERIAN CHURCH IN CANADA

FIRST SEDERUNT.

At the City of Ottawa, and within Knox Church there, the seventh day of June, one thousand nine hundred and eleven years, at eight o'clock in the evening:—

Which time and place, Ministers and ruling elders, commissioners from the several Presbyteries of the Presbyterian Church in Canada, convened pursuant to appointment by the General Assembly held in the city of Halifax on the ninth day of June, one thousand nine hundred and ten. The Right Reverend President Forrest, D.D., LL.D., Moderator of the last General Assembly, preached a sermon from the words, 1 Cor. 2 : 1-2, "And I brethren, when I came to you, came not with excellency of speech or of wisdom, declaring unto you the testimony of God, for I determined not to know anything among you save Jesus Christ and Him crucified."

Then by prayer Dr. Forrest constituted the General Assembly in the name of the Lord Jesus Christ, the only King and Head of the Church.

The names of the Commissioners having been presented in a printed list, the Assembly, on the recommendation of the Business Committee, on motion of the Clerk, duly seconded, agreed to accept the same as the Roll of Assembly, subject to any corrections subsequently to be made when the same is scrutinized.

The Roll is as follows:

Dr. Forrest then addressed the Assembly, making graceful acknowledgment of the support which he had received from fathers and brethren in the position to which they had elected him a year ago. In referring to the events which had occurred during the last twelve months, he made special mention of the great loss which the Assembly had sustained in the death of Dr. Robert Murray, who had been so constant an attendant at former Assemblies, and whose gentle and courteous bearing had endeared him to all hearts, as well as of the remarkable and sudden call which had deprived the Church of the services of Dr. A. J. Mowatt. He then intimated that the time had arrived for his successor to be chosen, and asked that the Assembly should proceed to the election of a Moderator for the present year.

It was thereupon moved by Dr. John Neil, seconded by Dr. F. B. Duval, that the choice of the Assembly fall upon Dr. Robert P. Mackay, Foreign Mission Secretary.

To this it was moved in amendment by Mr. J. G. Stuart that the name of Dr. James Ross, of London, Ontario, be substituted in the motion for that of Dr. R. P. Mackay. This was seconded by Dr. Gustavus Munro. Dr. Ross, while thanking his co-Presbyters for their kind nomination of him, asked them to withdraw his name. This they, with the leave of the Assembly, were allowed to do. Thereupon Dr. MacKay was unanimously chosen Moderator: and, having been duly introduced by the mover and seconder of the motion for his election, briefly addressed the house, thanking fathers and brethren for the confidence they reposed in him, in calling him to occupy the responsible position of Moderator, and having referred to the grave and weighty matters that appeared on the Docket, awaiting the attention of the Assembly, he asked that the same kind aid would be rendered to him by the members of the Court that his predecessor in the chair had so gracefully acknowledged, and requested the Assembly to proceed to the transaction of the business which required to be discharged at this first sederunt.

EX-MODERATOR'S REPORT.

Dr. Forrest reported that, as instructed by last Assembly, he had signed and forwarded the Assembly's address to His Majesty, the King, as also that to the Governor-General. He read the reply which he had received from Government House.

THANKS TO THE EX-MODERATOR.

Principal Scrimger moved that the thanks of the General Assembly be tendered to Dr. Forrest, the ex-Moderator, for the able and efficient manner in which he had per-

[1822]

formed the duties of the Chair, as well as for the admirably appropriate sermon with which he had opened this Assembly. The motion was seconded by Mr. A. Henderson and agreed to. The Moderator then, in fitting terms, conveyed to Dr. Forrest the resolution of the Assembly, which he gracefully acknowledged.

SYNOD ROLLS, ETC.

The Clerk presented the several Synod Rolls along with the changes made in the same during the year, as well as the obituary notices of deceased ministers which had been forwarded by Synod Clerks.

REPORT OF BUSINESS COMMITTEE.

The Assembly called for the report of the Business Committee, which was given in and read by Dr. Somerville, Clerk, and on motion of Dr. Campbell, Clerk, duly seconded, the same was received and adopted.

It is as follows:

The Committee on Business, which met this afternoon, beg to submit the following recommendations to the Assembly:

1. That the Roll of Assembly, which is in printed form, be held as read.
2. That with a view to have the attendance accurately recorded, each member be requested to write upon a card, which has been provided for the purpose, his name, home address, and the Presbytery which he represents, and to hand it in at the Clerk's office, receiving in return therefor a copy of the stitched reports to be submitted to this Assembly.
3. That the sederunts of the Assembly be from ten in the morning until half past twelve, and from half past two to a quarter to six in the afternoon, and from a quarter to eight to ten in the evening, and that the first hour to-morrow be spent in devotional exercises.
4. That the Committee on Bills and Overtures be composed as follows:—Clerks of Assembly, Clerks of Synods and Presbyteries who are Commissioners. Members who are nominated by Presbyteries, as follows:

[1826]

The Assembly resolved to send the applications to a Committee to be named by the Moderator.

The Assembly called for the report of the Synod of Saskatchewan on the Overtures submitted to last Assembly, which were referred to the Synod, re the erection of new Presbyteries within its bounds, which was given in and read by Dr. Somerville, and is as follows: To the Venerable the General Assembly:—

In obedience to the instructions of the last General Assembly (Minutes of Assembly, page 51), re erection of new Presbyteries, the Synod of Saskatchewan begs to report as follows:—

At Prince Albert and within St. Paul's Church there, on Thursday, the third day of November, one thousand nine hundred and ten years, the Synod of Saskatchewan of the Presbyterian Church in Canada, being duly met and constituted,

Inter Alia. Mr. McKechie presented the report of the Committee re the formation of new Presbyteries. It was duly received and its recommendations considered. Afterwards the report and recommendations as a whole were adopted.

The report was as follows:—

Your Committee appointed to consider the establishment of new Presbyteries, beg leave to report— 1. That the Overture of the Presbytery of Regina re establishing the new Presbytery of Swift Current be adopted. That the bounds of said Presbytery be those defined in the said overture, as follows: The eastern boundary shall be Range 7 West of Third Meridian; northern boundary, the South Saskatchewan River; western boundary, the Provincial Boundary Line; and the southern boundary, the International Boundary Line. The Presbytery thus constituted would contain: Self-sustaining congregations, 1. Maple Creek; 2. Swift Current. Ordained missionaries' fields: 1. Grant; 2. Morse; 3. Holmes; 4. Gull Lake; 5. Webb; 6. Waldeck; 7. Tompkins; 8. Swift Current Landing; 9. Elvin Grove; 10. Mira Creek; 11. Chaplin; Students' fields: 1. Battle Creek; 2. Crane Lake; 3. Fish Creek; 4. Maple Creek North; 5. Glenbryan.

2. That a Presbytery to be known as the Presbytery of Weyburn be established, with the following boundaries:—Bounded on the north by the northern boundary of Township 11; on the west by Range 7, west of the Third Meridian; on the south by the line north of Township 7, as far west as Range 22, west of the Second Meridian, and from this west by the United States boundary line; and on the east by the "Soo Line" of railway.

The Presbytery would contain:

(a) Self-sustaining congregations: 1. Weyburn; 2. Yellowgrass.

(b) Augmented.

(c) Ordained missionaries' fields: 1. South Weyburn; 2. Forward; 3. Willow Branch; 4. Gapview; 5. Lang; 6. McTaggart.

(d) Student's Fields: 1. Trossachs; 2. Deanton; 3. Una; 4. Teeville; 5. Yeoman's; 6. Radville; 7. Goplin.

[1827]

The report also recommended that the first officials of these Presbyteries be those named in the overtures.

Extracted from the Records of the Synod of Saskatchewan by

A. HENDERSON,
Clerk of Synod.

The report was, on motion of Dr. R. Campbell, duly seconded, received and adopted.

PROPOSED VISIT OF THE MAYOR OF OTTAWA.

The Moderator submitted a communication he had received from the Mayor's Secretary, intimating that his Worship desired to extend the greetings of the City of Ottawa to the Assembly.

It was arranged that he should be received to-morrow at noon.

The Assembly resolved to send the applications of Presbyteries for special leave to ordain to a Committee to be named by the Moderator.

COMMITTEE ON STANDING COMMITTEES.

The Moderator was requested to nominate a Committee to strike Standing Committees.

SABBATH DAY SERVICES.

The Moderator and Clerks of Assembly, together with Dr. D. M. Ramsay, were appointed a Committee to arrange for the Sabbath day services.

RETURNS TO REMITS.

The Assembly called for the Returns from Presbyteries to the Remits sent down by last General Assembly, a digest of which was presented by the Clerk, on whose motion duly seconded, it was received. It is as follows:

1. *Re* Declaratory Act as to constitution of Presbyteries, submitted under the Barrier Act, of the 70 Presbyteries of the Church, 49 made returns, and of these 41 Presbyteries approve, 4 approve in part, 4 signify disapproval, and 21 made no returns. These latter withholding approval, along with the other eight, the result is that 41, a clear majority of the Presbyteries, approve, and 29 do not approve. It will be for the Assembly to say whether the Act shall be declared a permanent one.

2. *Re* the resolution of last General Assembly on Union with the Congregational and Methodist Churches and documents relating thereto, submitted to Presbyteries under the Barrier Act, 67 out of the 70 Presbyteries of the Church voted, of these 50 voted to approve and 12 to disapprove. Two Presbyteries, Maitland and Abernethy, report the vote as a tie, which, in the terms of the Barrier Act must be held nonapproval. Four Presbyteries have signified qualified approval of the resolution and basis. The Presbytery of Brockville, while approving of the remit so far as the documents are concerned, decline at this stage to remove the Barrier to action by the Assembly committing the Church to Union, by a vote of 11 to 8. The Presbytery of Hamilton, while approving generally of the basis of Union by a vote of 24 to 12, unanimously declare that they cannot assent to the removal of the bar to the Assembly's final action on the matter until the whole question has received mature consideration by Presbyteries, Sessions, and Congregations and substantial unity has been attained. The Presbytery of Huron while being in favour of the proposed Union and approving of the remit, this approval is given in the full belief that the rights of Sessions and Congregations will be guarded and the basis sent down for their consideration before any Union is consummated. The Presbytery of Prince Albert declares; this Presbytery approves in a general way of the basis of Union, but respectfully requests the General Assembly to take no further steps

[1829]

towards the consummation of such Union, until the whole question has been referred to the constituencies of the Church. Two Presbyteries, Trinidad and Swift Current, have made no returns. There are, therefore, 20 Presbyteries that have not signified approval of the remit, in terms of the Barrier Act, while 50 have approved of it. The fact should also be reported, that in the returns from three Presbyteries, after it was shown that they by a majority approved of the remit, there were passed separate resolutions that no action should be taken to consummate the Union until the question has been sent down to Sessions and Congregations for their approval and thereafter sent down to Presbyteries in terms of the Barrier Act. This resolution was carried unanimously in the Presbytery of Montreal and a like motion was passed unanimously in the Presbytery of Regina. The Presbytery of Minnedosa, in the return, after voting approval of the remit, adopted an overture, setting forth changes and amendments, which in the judgment of the Presbytery needed to be made in the basis of Union. Although these three Presbyteries voted technically in favor of the remit; in spirit they do not favour the terms of the remit.

Four Presbyteries, in making their returns, have sent the information to the Assembly, that the motion approving of the remit was carried by the casting vote of the Moderator. These are the Presbyteries of Quebec, Kootenay, Kamloops, and Victoria. It ought to be stated that the Presbytery of Weyburn voted nay by the vote of the Moderator. The Presbytery of Halifax inform the Assembly that the Moderator of the Presbytery, Rev. Robert Johnston, wished to have his disapproval of the remit recorded. The Presbytery of Guelph report that five members present declined to vote on the question. In the Presbytery of Honan, in like manner, two members present declined to vote. They must be held as not approving of the remit, although if their votes were so counted, the result in these Presbyteries would not be changed. The Presbytery of Brandon report that the vote of the Moderator was counted in the the minority opposed to the remit. The Presbytery of Dauphin report that the Moderator did not vote on the question.

Most of the Presbyteries have followed the direction of last Assembly and have made returns of the votes for and against the motions which were severally carried. Tabulating the figures given, the following is the result:

There voted for approving the remit, 793.
Nonapproval, 476.

3. *Re* Employment of Secretary for Young People's Societies 47 Presbyteries make returns:

4 vote approval.
4 vote a qualified approval.
39 vote disapproval.

4. *Re* Rules of Widows' and Orphans' Fund, 41 Presbyteries report, of these 24 signify approval, 12 a qualified approval and 5 disapprove.

5. *Re* Scheme of travelling expenses of Commissioners, 45 Presbyteries make returns. Of these 37 approve, 5 signify qualified approval, and 3 disapprove.

6. *Re* the relations of the Clerks to the General Assembly, 42 Presbyteries make returns, of these 8 approve, 1 gives qualified approval and 33 disapprove.

[1830]

Dr. R. Campbell, the Clerk, moved that the report on the Remit on the Church Union question together with the overtures and resolutions of Presbyteries, and other documents bearing on this question, passed by the Committee on Bills and Overtures, be sent to a Special Committee to be named by the Moderator, with a view to reporting a finding on the whole question for the acceptance of the Assembly. The motion was seconded and agreed to.

The reports on the other five remits were taken up in their order.

The Clerk having moved that remit number one be passed into a permanent Act of the Church, it was resolved to consider an overture from the Presbytery of Alameda, endorsed by the Synod of Alberta, asking that Minister-Evangelists, receiving appointments from Presbyteries for a single year, be eligible to a seat on Presbyteries. Mr. A. Henderson was heard in support of the overture. The Clerk then modified his motion as follows:

That the Assembly receive the Overture from the Presbytery of Alameda, but reject its prayer, and adopt the Declaratory Act relating to the constitution of Presbyteries as a permanent Act of the Church.

The motion was seconded and agreed to.

The Remit relating to the Rules according to which the Widows' and Orphans' Fund is to be administered, having been approved by a large majority of the Presbyteries reporting, was, on motion of the Clerk, duly seconded, adopted.

The Remit relating to the appointment of a Secretary to the Young People's Societies not having received large support from the Presbyteries, the Assembly rejected it, on motion of the Clerk, duly seconded.

The Assembly, on motion of the Clerk, duly seconded, adopted the remit relating to the travelling expenses of Commissioners to the General Assembly of our Church, it having received the support of a large majority of the Presbyteries reporting.

On motion of the Clerk, duly seconded, the Assembly rejected the proposal to make the Clerks of the Assembly always members of Assembly, it having received only slender support in Presbyteries.

INVITATION TO EXPERIMENTAL FARM.

The Clerk read a communication from the office of the Hon. Sydney Fisher, Minister of Agriculture, inviting the members of Assembly and their friends to the Government Central Experimental Farm on Saturday afternoon next at half past two o'clock.

The Clerk was instructed to acknowledge receipt of this communication and convey to the Honourable the Minister of Agriculture the acknowledgments of the Assembly of his courtesy, and to inform him that the Assembly gratefully accepted the invitation for themselves and their friends on Saturday afternoon.

ASSEMBLY PHOTOGRAPH.

A communication was received from the Photography Limited Company signifying the desire of the company to make a group photograph of the Assembly. It was resolved to comply with the wish of the Company and it was left to the Committee on Business to arrange the details with the Company.

President Forrest gave notice that at a future sederunt he would offer the following resolution for the acceptance of the Assembly:

[1831]

Resolution concerning Treaty of Arbitration between Great Britain and the United States:

The Assembly have heard with profound gratitude to God and with admiration of the wisdom and courage of the authors of the movement, that a proposal has been made to settle all differences, of whatever kind, between Great Britain and the United States, by arbitration, and express the earnest hope that a measure so Christian, beneficial and fraught with promise will speedily pass into law."

It will be moved by President Forrest, and seconded by Principal William Patrick, of Winnipeg.

ASSEMBLY ROLL.

The Committee appointed to revise the Roll of the General Assembly, recommend the following changes:

PRESBYTERY OF PRINCE ALBERT.

1. That Mr. W. W. Purvis, Rosthern, replace Mr. C. G. Young.
2. Professor Oliver, replace Mr. J. F. A. Stall.
3. Mr. A. C. Howard, Prince Albert, replace Mr. D. S. McGregor.

PRESBYTERY OF CALGARY.

That Mr. C. B. Kerr, B.A., Langdon, take the place of Mr. A. Mahaffy, resigned

PRESBYTERY OF KOOTENAY.

That Mr. J. J. Kelso, elder, replace Judge J. A. Forin.

PRESBYTERY OF REGINA.

That Mr. Robert Moore, elder, take the place of Mr. J. K. Wilson, resigned.

PRESBYTERY OF KINGSTON.

1. That Mr. H. W. Reede, M.A., Kilbirnie, take the place of Mr. Peter Nicol.
2. That Doctor Bissonette, Stirling, replace Mr. Samuel Russell.

The Assembly adjourned to meet again in this place, this afternoon, at half past two o'clock, of which public intimation was given, and this sederunt was closed with the benediction by the Moderator.

THIRD SEDERUNT.

At the same place, on the same day, at half past two o'clock in the afternoon,

The General Assembly met, pursuant to adjournment, and was constituted. The Minutes of the second sederunt were read and sustained.

[1832]

REPORT OF THE COMMITTEE ON BILLS AND OVERTURES.

The Assembly called for the report of the Committee on Bills and Overtures, which was given in and read by Mr. J. McDougall, Secretary to the Committee, who moved its reception and adoption.

The motion was seconded and agreed to. The report is as follows: Your Committee beg leave to report:

It was agreed to transmit the request of the Presbytery of Lanark and Renfrew concerning the placing of the name of Mr. A. MacKenzie, B.A., B.D., of Douglas, on the list of the annuitants of the Aged and Infirm Ministers, to the Assembly, with the recommendation that it be sent to the Committee upon the Aged and Infirm Ministers' Fund, with the further recommendation that a meeting of the members of that Committee present at Assembly be called to consider the case.

That the reference of the Synod of Montreal and Ottawa upon the Marriage Question, together with other memorials upon the same subject, be transmitted to the Assembly, with the recommendation that a special Committee be appointed to deal with them.

The applications of Presbyteries to retain the names of Dr. Barclay, Dr. Wallace, the Rev. N. D. Keith and others upon their respective rolls, were transmitted.

The invitations of Toronto and of Edmonton to Assembly for next meeting were also ordered to be transmitted.

The petition of the Presbytery of Edmonton regarding an annuity for Mr. James H. Beatt was transmitted with the recommendation that it be passed on to the Committee upon the Aged and Infirm Ministers' Fund.

It was agreed to transmit the petition of the Presbytery of Qu'Appelle in regard to a special course of study for Mr. Harry Cox, with the recommendation that it be placed in the hands of the Committee on Students.

The report of the Presbyterian Alliance was left in the hands of Dr. Somerville, to be brought before the Assembly at a time to be appointed by the Business Committee.

It was agreed that the request of the Lord's Day Alliance to be given a place on the docket be received; and that it be given a place late in the business of the Assembly by the Business Committee.

REPORT OF THE BUSINESS COMMITTEE.

The Assembly called for the report of the Committee on Business, which was given in and read by Mr. A. Macgillivray, Secretary to the Committee, on whose motion, duly seconded, the report was received and adopted. It is as follows:

COMMUNICATION FROM THE E. B. EDDY COMPANY.

A communication was received from the President of the E. B. Eddy Company, inviting the members of the Assembly to visit their manufactory. The Clerk was instructed to acknowledge receipt of the communication, to thank the President for his courtesy, and to say that doubtless groups of the members of the Assembly would visit the works of the Company, giving the previous notice which the Company desired.

REPORT ON STATISTICS.

The Assembly called for the report of the Committee on Statistics, which was submitted by Dr. Somerville, who called attention to its contents as set forth in printed form in the hands of the members.

Mr. Alexander Macgillivray moved the reception of the report and the adoption of its recommendations. The motion was seconded by Dr. Love and agreed to.

REPORT ON STATISTICAL FORMS.

The Assembly called for the report of the Committee on Statistical Forms, which was submitted by Mr. D. R. Drummond, Convener, to the salient features of which, as presented in the printed report in the hands of members of Assembly, he directed attention. He concluded with moving that the report be received and that it be amended by the omission of the column for "Manse" and insertion of asterisk after name of congregation having a manse; by adding to clause 2 "Separate stations reported" and by the insertion of the name of the college in Alberta, and, as amended, adopted and the Church Treasurer instructed to prepare and issue the new forms not later than Church year, 1912-13.

Principal Patrick moved the following addition to the motion of Mr. Drummond:

That the Assembly instruct the Augmentation Committee to print all the congregations on the Augmentation list. The motion was seconded by Mr. W. R. Cruikshank, and agreed to.

REPORTS ON COLLEGES.

The Assembly called for the reports of the several Colleges of the Church. It was resolved to begin with those in the East.

Halifax:—

The first presented was that of the Presbyterian College, Halifax, by Dr. John McMillan, Chairman of the Board, who called attention to its prominent features, as set

[1834]

forth in the printed form in the hands of members. He concluded with moving as follows seconded by Professor Falconer:

The General Assembly receives and adopts the Reports of the Board and Senate of the Presbyterian College, Halifax, and learns with pleasure that its equipment is now complete, its staff efficient and its work eminently successful.

The Assembly unites with the Board in lamenting the loss it has sustained by the death of Dr. Robert Murray, and of Lieutenant-Governor D. C. Fraser, two of its most devoted and beloved members; but learns with much satisfaction that the friends of Dr. Fraser have raised a fund of \$5,000 to be called "The Governor Fraser Memorial Fund" for the upkeep of the library.

The Assembly hears with great pleasure that the Post Graduate School was attended with so much success, and thanks Doctors Paterson and Falconer for the very excellent services rendered by them.

The Assembly is gratified with the increased liberality of our people in the Maritime Synod in their support of the College; but at the same time calls for still larger contributions, so that the existing debt may be removed and that the income may meet the expenditure yearly; and also appeals to the office-bearers and members of the Church to seek out a larger number of young men fitted by gifts and graces to enter the sacred office of the ministry and to pray earnestly that the Lord of the Harvest will send forth more labourers into His harvest. The motion was adopted.

Morrin College:—

The Assembly called for the report of Morrin College, which was given verbally by Dr. Love, one of the governors, who explained what was being done in the way of promoting higher education in the city of Quebec, in line with the intentions of Dr. Morrin, the founder of the institution. The governors have it in view to create scholarships for theological students in some one or other of the Colleges of the Church. He concluded with suggesting that the Assembly again appoint two governors of the College, and moved that Dr. R. Campbell and Mr. S. T. Martin be appointed governors for next year. The motion was seconded and agreed to.

Presbyterian College, Montreal:—

The next report presented was that of the Presbyterian College, Montreal, which was submitted, in the absence of the Chairman of the Board, by Principal Scrimger, who called attention to the facts set forth in the report as printed and in the hands of members. He offered the following resolution, seconded by Mr. H. Carmichael:

That the report be received and adopted.

That the Assembly express satisfaction with the success of the work done during the past year, cordially approve of the appointment of the Rev. Johnston Ross to the Chair of Practical Theology, and commend the institution to the continued liberality of the Church, both for the increase of its endowment Fund and for its annual maintenance.

The resolution was adopted.

[1835]

Knox College:—

In the temporary absence of Principal Gordon of Queen's University, who is charged with presenting the report of that institution, it was agreed to pass on next to the consideration of the report of Knox College, which was presented by Principal Gandier, who directed attention to important matters relating to the welfare of the College, and concluded with moving that the report be received and adopted. The motion was seconded by Mr. Beverly Ketchen, and agreed to.

Manitoba College:—

Principal Patrick presented the report of Manitoba College, and called attention to the salient features thereof, as printed and in the hands of members. Dr. Herridge offered the following motion disposing of the report:

That the General Assembly receive and adopt the report of Manitoba College, and express its appreciation of the character of the work which is being done by the College, especially its efforts to meet the needs of Ruthenian students who desire to enter the Christian ministry.

The motion was seconded by Dr. J. A. R. Dickson and agreed to.

Queen's University:—

It was agreed to instruct the Committee on Business to give the first place on the docket for to-morrow forenoon to the report of the Commission on Queen's University, held over from last General Assembly, after formal business is disposed of, the report of the University to be considered in connection therewith.

The Moderator, as requested, named Committees dealing with the Reception of Ministers from other Churches, the applications of Students, and of Minister-Evangelists, to strike Standing Committees, and to consider the Returns on the Remit on Church Union and cognate matters. The nominations were approved of as follows:

The Assembly adjourned to meet again in this place at a quarter to eight o'clock in the evening, of which public intimation was given, and this sederunt was closed with the benediction by the Moderator.

FOURTH SEDERUNT.

At the same place, on the same day, at a quarter to eight o'clock in the evening:

The General Assembly of the Presbyterian Church in Canada met, as per adjournment, and was opened with devotional exercises, Mr. A. H. Scott leading in prayer at the request of the Moderator.

The minutes of last sederunt were held over to be read to-morrow morning.

[1837]

HOME MISSION REPORT, WESTERN SECTION.

The Assembly called for the report of the Home Mission Committee, Western Section, which was given in by Dr. E. D. McLaren, Home Mission Secretary, and which being printed and in the hands of members, he called attention to in his remarks to the Court. He submitted the following resolution, which was seconded by Mr. W. L. Clay and spoken to by Mr. A. M. Dallas, Mr. John Bodrug, Mr. J. D. Byrnes, Dr. A. Paterson, and carried:

That the Assembly receive the report and defer the consideration of its recommendations to a subsequent sederunt.

They learn with deep satisfaction of the progress of the work during the past year, and of the Church's increased liberality in its support.

They place on record their grateful appreciation of the important and valuable services rendered by Presbyterian Conveners, and their cordial recognition of the faithful and self-denying labours of the various Superintendents.

They desire to express, in the warmest terms, their gratitude to the Woman's Home Missionary Society, to the Women's Missionary Society of Montreal, to the Presbyterian Churches of the Old Land, to the congregation of the American Presbyterian Church, Montreal, and to the Students' Missionary Societies of the different Colleges, for the large measure of assistance they have given to the Home Mission enterprise.

They bespeak for the missionaries and for every department of Home Mission work a larger place in the sympathy and in the prayers, as well as in the liberality of the Church at large.

HOME MISSION REPORT, EASTERN SECTION.

The Assembly next called for the report of the Eastern Section, which was given in by Mr. John S. Sutherland, Convener, and which being printed and in the hands of members, he drew attention to in his address to the house. He concluded with moving the following resolution:

The General Assembly receives and adopts the report of the Home Mission Committee, Eastern Section; expresses satisfaction at the results that have followed the work of those in the employ of the Committee; notes with interest the efforts being made to reach the lumbermen of Nova Scotia and New Brunswick, as well as the foreign population in the industrial centres of Cape Breton; approves of the provisional appointment of an agent in Glasgow whose business it is to get in touch with intending Presbyterian emigrants to Canada; and cordially commends the work under the oversight of the Committee to the continued sympathy and support of the people of the Eastern Section of the Church.

The resolution was seconded by Mr. J. A. McGlashen, spoken to by Mr. James Ross, and carried.

The Assembly adjourned to meet again in this place to-morrow morning at ten o'clock, of which public intimation was given, and this sederunt was closed with the benediction by the Moderator.

FIFTH SEDERUNT.

At Ottawa, and within Knox Church there, the ninth day of June, one thousand nine hundred and eleven, at ten o'clock in the morning:

[1838]

The General Assembly of the Presbyterian Church in Canada met, as per adjournment, and was constituted, Mr. R. McQueen and Dr. J. F. Smith leading in prayer at the request of the Moderator.

APPROVAL OF MINUTES.

The minutes of the third and fourth sederunts were read and sustained.

COMMITTEE ON BILLS AND OVERTURES.

The Assembly called for the report of the Committee on Bills and Overtures, which was submitted by Mr. J. McDougall, Secretary to the Committee, who moved that it be received and its recommendations considered seriatim. The motion was seconded and agreed to.

Being considered, the recommendations were adopted as a whole, on motion of Mr. J. McDougall, duly seconded. The following is the report:

It is recommended that a Committee be appointed at this forenoon's sederunt to consider the national peril involved in the existence of the Mormon communities in the West, which peril was brought before the attention of the Assembly by the address of the Home Mission Secretary last evening.

That the readjustment of the boundaries of North Bay and Temiskaming Presbyteries, and the transfer of stations between the Synods of Montreal and Ottawa, and Toronto and Kingston, be dealt with by this Assembly.

That inasmuch as the action taken yesterday regarding Statistical forms fully covers the matter brought up by an Overture from the Presbytery of Brockville upon Statistical Returns, said Overture be dropped from the docket.

That an Overture from the Presbytery of Brockville concerning Academical Degrees be not now dealt with by the Assembly, but referred to a small committee to report to next Assembly.

That the Overture from the Presbytery of Orangeville regarding Procedure be not now considered by the Assembly but held in retentis by the Clerks, to be handed over to the next committee appointed to revise the Forms and Rules of Procedure, and that the same course be followed with regard to the Overture upon Obligation of Congregations, from the Synod of Manitoba.

That the Overture from the Presbytery of Winnipeg anent Immigrants be passed on to the Committee on Home Missions, East and West.

That the Overture from the Synod of Manitoba concerning Mission Superintendence be taken up by the Assembly for consideration, and that the same course be followed with those from the Presbytery of Rock Lake, dealing with the James Robertson Memorial, and from the Synod of Alberta in regard to the German Reformed Church.

That the Assembly issue instructions to its Presbyteries to see that in future, overtures are not sent to Assembly on matters already within the jurisdiction of Presbytery; and that all overtures be sent to the Clerks of Assembly at least twenty-one days before the meeting of Assembly.

REPORT OF COMMITTEE ON BUSINESS.

The Assembly called for the report of the Committee on Business, which was given

[1839]

in and read by Mr. A. Macgillivray, Secretary to the Committee, on whose motion, duly seconded, the report was received and adopted. It is as follows:

INTERIM REPORT ON THE ROLL.

Mr. J. R. MacLeod, Convener of the Committee on the Assembly Roll, asked leave to submit another interim report, recommending as follows:

Presbytery of Sydney:

1. That Mr. Murdoch Matheson, Grove's Point, C.B., take the place of Mr. E. L. MacKay, D.L., resigned.

Presbytery of St. John:

1. That Mr. W. C. Whittaker, Elder, take the place of Mr. Robert Scott, resigned.
 2. A telegram having been received from the Clerk of this Presbytery intimating that the following are now the Commissioners to the Assembly, viz.: Rev. D. MacOdum, Rev. A. A. Graham, and Rev. J. Ross, and thus removing Reverends G. Dickie, W. W. Rainie and L. B. Gibson.

[1840]

Presbytery of Winnipeg:

1. That the Rev. A. J. Hunter, M.D., be substituted for the Rev. C. H. Stewart, resigned.

Presbytery of Yorkton:

The Presbytery has now but twelve ministers on the roll, yet appointed three ministers. Rev. A. Murray, who was one of the three commissioners, is no longer in the Presbytery, therefore Mr. Murray's name is removed from the list of Commissioners; Mr. Alexander M. Fraser's name, an elder, is also removed.

Presbytery of Saskatoon:

Only six ministers are found on the printed roll of this Presbytery, yet two ministers have been appointed over the Clerk's signature; but commissioners who are present say that there are eight upon the roll. Your Committee, accepting the statement, recommend that the following be added as commissioners for this Presbytery, viz.: the Rev. M. F. Munro, and Mr. G. H. Clare, Elder.

Presbytery of Vermilion:

Your Committee have had no documents before them indicating that any commissioners have been appointed. It was represented, however, to your Committee, that commissioners had been appointed and the list forwarded to the Assembly. Your Committee recommend that Reverends G. R. Lang and F. A. Robinson, and James Elder (an elder) be placed on the roll of the Assembly.

NOTE.—Since the above arrangement was reached, a telegram has reached the Assembly intimating that Doctor Shearer has been appointed as a second elder.

He moved that the report be received and its recommendations considered. The motion was seconded and agreed to. Being so considered, the report was adopted, and the changes indicated were ordered accordingly.

REPORT OF QUEEN'S UNIVERSITY.

The Assembly proceeded to consider the report of Queen's University presented by Principal Gordon.

Before dealing with the report Principal Gordon moved that the report of the Assembly's Commission on the proposed changes in Queen's, which was referred to this Assembly by the Assembly of last year, be laid on the table, in order that it may be considered in connection with the report of the University. The motion was seconded and agreed to.

Principal Gordon concluded his address on the report of the University and on the changes proposed by a majority of the Board of Trustees, by offering the following resolution:

That the Assembly receive the report of the Trustees of Queen's University, and record its gratification at the growing number of students and the increased usefulness of the University;

That in regard to the Constitutional changes proposed by the Trustees, the Assembly resolve as follows:

[1841]

That the General Assembly, having before it the report of the Board of Trustees, with the resolution of the Board of date, April twenty-sixth, nineteen hundred and eleven, regarding proposed changes in the constitution of the University, and having regard to the report of the special Commission appointed to confer with the Trustees of the University, which was submitted to last Assembly, and having regard also to the concurrence by very large majorities not only of the Trustees and of the Senate, but also of the University Council and of the graduates concerning these changes, resolve:

That the Assembly approve of the proposed changes in the constitution of Queen's University, and appoint a Committee to co-operate with the Board of Trustees in procuring the necessary legislation to give effect to those changes;

That the Assembly direct attention to the benefit conferred upon the nation by the Presbyterian Church in the founding of Queen's seventy years ago, record its gratification at the prosperity and growing usefulness of the University and its deep and sympathetic interest in its continued welfare, and express the hope that, in becoming more national in constitution as in character, the University may not only retain the sympathy and support of the members of the Presbyterian Church, but may receive generous benefactions also from other sources, so that it may be enabled with ever increasing efficiency to promote the higher education of the nation.

The motion was seconded by Dr. D. M. Ramsay. While Dr. Ramsay was addressing the house, the order of the day arrived, the hour set apart for the visit of Mayor Hopewell, of Ottawa.

MAYOR'S VISIT.

Mayor Charles Hopewell was introduced to the Moderator by Dr. Herridge, and was asked to address the Assembly, which he accordingly did, extending to the members of Assembly a cordial welcome to the Capital, and expressing the hope that their stay in the city may be a pleasant one, and that the Assembly may be prospered in all its acts and deliberations.

The Moderator replied in fitting terms to the words of welcome addressed by Mayor Hopewell to the Assembly, and assured him that all the legitimate influence and efforts of the Church, represented by the Assembly, may be counted on to advance the welfare of the people at large, including their civil as well as their moral and spiritual interests.

Dr. Ramsay now resumed the discussion of Principal Gordon's motion *re* Queen's.

At this point, Mr. Alexander Macgillivray suggested that the motion be divided, separating that portion of it relating to the report of the University from that referring to the proposed changes in the constitution. To this suggestion Principal Gordon agreed and the Assembly resolved accordingly.

Mr. G. M. Macdonnell moved an amendment to Principal Gordon's motion, seconded by Mr. Alexander Macgillivray, as follows:

WHEREAS Queen's College was founded, in the words of its charter "for the education of youth in the principles of the Christian religion, and for their instruction in science and literature," and the ministers and members of this Church are constituted its corporators for the fulfilment of the said trust;

AND WHEREAS this Assembly is the largest and most representative body of corporators which can be assembled and is recognized as duly representing them;

RESOLVED that, realizing the charge resting on the corporators to maintain the Faculties of Arts and Theology in the said College for the purposes for which it was founded,

[1842]

that is to say,—"for the education of youth in the principles of the Christian religion and for their instruction in science and literature"—the Assembly cannot consent to any change in the constitution of the College, which would place beyond the control of the corporators the proper fulfilment of the trust upon which the said college is founded.

The hour of adjournment having arrived while Mr. Macdonnell was speaking to his amendment, the further consideration of the subject had to be postponed, it being understood that Mr. Macdonnell had the floor when the Assembly resumed the discussion of the subject.

The Assembly adjourned to meet again in this place, at half past two o'clock this afternoon, of which public intimation was given, and this sederunt was closed with the benediction by the Moderator.

SIXTH SEDERUNT.

At the same place, on the same day, at half past two o'clock in the afternoon;

The General Assembly of the Presbyterian Church in Canada met, as per adjournment, and was constituted, Dr. Moore leading in prayer at the request of the Moderator. The Minutes of the Fifth Sederunt were read and confirmed.

DISCUSSION OF PROPOSED CHANGES IN QUEEN'S COLLEGE.

The Assembly resumed the discussion of the proposed changes in the charter of Queen's University, Mr. Macdonnell continuing his address in support of his amendment. He was followed by Mr. Alexander Macgillivray, who seconded it.

The following motion in amendment to the amendment was offered by Dr. James Ross, seconded by Mr. Roderick McKay:

Whereas the duty of the State to provide for the higher education of its youth is now recognized;

And whereas Queen's University has done an increasingly important part of this national work and is now face to face with an imperative demand for larger support;

And whereas certain constitutional changes are being sought by the Board of Trustees with this end in view,

This Assembly, deeply solicitous for the future of the University, whose corporators are the ministers and members of the Presbyterian Church in Canada, is willing to accede to the request of the Board of Trustees, provided that satisfactory assurance of future maintenance is presented, and before sanctioning the proposed change appoints a committee to co-operate with the Board of Trustees in discussing with the Government of Ontario the future of the University, this Committee to report to the next General Assembly.

Discussion of the subject being continued by Mr. Hamilton Cassels, and Dr. Campbell, Principal Gordon was heard in reply.

As agreed upon, the first clause of Principal Gordon's motion was put separately to the Assembly, and was carried unanimously.

A vote being taken on the part of Principal Gordon's motion dealing with proposed changes in the charter of Queen's University, the second amendment against the first amendment, the latter carried, and when put against the original motion, the latter carried, and was affirmed as the judgment of the house.

[1843]

COMMITTEE ON LOYAL ADDRESSES.

As requested, the Moderator named the following a Committee on Loyal Addresses: President Forrest, Principal Patrick and Mr. Hamilton Cassels.

The nomination was approved.

SABBATH SERVICES.

The Moderator reported that the following arrangement for sabbath services had been made by the Committee charged with that duty:

1. Rev. W. H. Sedgwick, B.A., of Hamilton, to conduct divine service at 11 a.m., and Rev. George H. Ross, B.A., of Honan, at 7 p.m.
2. A communion service to be held in the Church at 4 p.m., at which the Moderator will preside.

The following elders to aid in the service:

Lieutenant-Governor Rogers, Charlottetown; Messrs. D. MacGillivray, Halifax; Dr. John Macmillan, Ottawa; James Muir, Quebec; Professor Matheson, Kingston; Henry Strong, Exeter; A. G. Browning, North Bay; K. J. Johnston, Winnipeg; Judge Farrell, Moosomin; President Murray, Saskatoon; T. H. Humphries, Calgary; John Petrie, Vancouver; D. McClure, Honan; Lieut.-Col. McCrae, Kootenay.

The report was received and adopted.

The Assembly adjourned to meet again in this place, this evening at a quarter to eight o'clock, of which public intimation was given, and this sederunt was closed with the benediction by the Moderator.

SEVENTH SEDERUNT.

At the same place, on the same day, at a quarter to eight o'clock in the evening;

The General Assembly of the Presbyterian Church in Canada met, as per adjournment, and was constituted by devotional exercises, Dr. Buchanan and Mr. P. Strang leading in prayer at the request of the Moderator.

The Minutes of the previous sederunt were read and sustained.

FOREIGN MISSIONS.

The Assembly called for the report of the Foreign Mission Committee, which was presented by Mr. D. McOdum, Convener of the Eastern Section, and which as printed and in the hands of the members, he called attention to in his remarks to the house. He was followed by Mr. A. E. Armstrong, Assistant Secretary to the Western Section, who, in the absence of the Convener, Dr. Martin, detained from the Assembly by serious illness, afforded a brief glimpse of the work carried on in so many fields under the superintendence of the Committee. He suggested that a message of sympathy should be sent by the Assembly to Dr. Martin, and the suggestion was acted on.

Mr. McOdum offered the following resolution, which was seconded by Mr. T. C. James:

[1844]

The Assembly receives the report, and for its good news, thanks God and takes courage. The Assembly notes with satisfaction the general advance in the scale of missionary giving, especially for the conversion of the "Balance" in the Funds of the Eastern Division; expresses its high appreciation of the splendid example set by women of the Church and for their generous co-operation and help through their Missionary Societies.

The Assembly, while joining in the world-wide sorrow and sympathy for the plague and famine stricken millions of a section of China, records its thankfulness for the partial abatement of the plague and for the improved prospects for the famine area.

The Assembly expresses sympathy with its missionaries in the difficulties and burdens of their work, especially with those who have been passing through sickness and bereavement, the death of Mrs. Clark, of Honan, being marked by circumstances of special sadness.

The Assembly commends anew to the liberality of the Church the great and growing work commanded by her Living Head—"Go ye into all the world and preach the gospel to every creature."

The resolution was spoken to by Dr. Buchanan, Amkhut, Central India, home on furlough, who presented to the Assembly the greetings of the Presbyterian Church of Central India, Mr. S. B. Rohold, Missionary to the Jews, Toronto; Dr. W. J. Jamieson, Princetown, Trinidad; Mr. R. A. Mitchell, Weihwei, Honan, home on furlough; Miss Margaret O'Hara, M.D., Dhar, Central India, home on furlough; Dr. William McClure, Weihwei, Honan, home on furlough; Dr. John Wilkie, Jhansi, Central India; Mr. W. W. McLaren, labouring among the Indians, Birtle, Manitoba; and Mr. A. F. Robb, Wonsan, Korea, home on furlough, were successively welcomed to the platform by the Moderator, and introduced to the Assembly, and addressed the house regarding the mission work carried on in the fields in which they are respectively labouring, details of which are given in the report as printed and in the hands of members.

Mr. D. A. Macdonald, B.A., Fort William, missionary designate to Korea, was presented by the Moderator to the Assembly.

The Assembly adjourned to meet again in this place, to-morrow morning at ten o'clock, of which public intimation was given, and this sederunt was closed with the benediction by the Moderator.

EIGHTH SEDERUNT.

At Ottawa, and within Knox Church there, the Tenth day of June, one thousand nine hundred and nine;

The General Assembly of the Presbyterian Church in Canada met, as per adjournment, and was constituted, Messrs. Hunter and Matheson leading in prayer at the request of the Moderator.

The Minutes of the Sixth and Seventh Sederunts were read and sustained.

COMMITTEE ON BUSINESS.

The Assembly called for the report of the Committee on Business, which was given in and read by Mr. Alexander Macgillivray, Secretary to the Committee, who moved

[1845]

that the report be received and adopted. The motion was seconded and carried, and the business of the day was ordered accordingly. The report is as follows:

CORONATION DAY SERVICES.

The subject of Coronation Day services having been brought to the attention of the Assembly in the report of the Committee on Business, it was resolved to recommend that a public service be held in every congregation, to mark the event, and to commend our Sovereign to the favour of Him by whom Kings reign and princes decree justice, on June twenty-second, it being understood that if it be not convenient to hold service on that date, some day as near as possible to that date be chosen for the purpose; and that where it is found most desirable to hold union services, the Assembly quite approves of them.

LOYAL ADDRESSES.

The Assembly agreed to instruct the Committee on Loyal Addresses to draft addresses not only to the King and the Governor-General, Earl Grey, but also one of welcome to His Royal Highness, the Duke of Connaught, when he enters upon office as Governor-General, and that the Moderator be requested to present such address as may be approved to His Royal Highness in person.

REPORT ON ROLL OF ASSEMBLY.

Mr. J. R. MacLeod, Convener of the Committee on the Assembly Roll, presented the final report of the Committee, and moved that it be received and adopted. The motion was agreed to. The report is as follows:

Presbytery of Alameda.

That Mr. A. R. Riddell, M.L.A., Oxbow, take the place of Mr. J. S. Riddell.

Presbytery of High River.

Mr. T. D. Fairfield, Collin's Bay, Ontario, writes that he has been appointed Commissioner to represent this Presbytery, and does not say in whose place. Your Com-

[1847]

mittee had no official documents and find themselves unable to make a recommendation. Your Committee would call attention to the fact that there are but five ministers on the printed roll of this Presbytery, yet two ministers and two elders have been appointed. This requires explanation.

On motion of the Clerk, their being no other elder present, Mr. Fairfield was accorded a seat in the Assembly on the understanding that the Clerk correspond with the Clerk of the Presbytery for the requisite explanation.

Your Committee find that Mr. G. R. Smith, elder, has been appointed for both the Presbytery of Truro and the Presbytery of Trinidad. Your Committee recommend that Mr. Smith sit for the Presbytery of Truro and that his name be removed from the Presbytery of Trinidad.

Your Committee also find that Mr. T. C. James has been appointed for the Presbytery of Vermilion and for the Presbytery of Prince Edward Island. A telegram from the Clerk of the Presbytery of Vermilion intimates that Dr. Shearer has been appointed elder for that Presbytery, and your Committee recommend that Mr. James sit for the Presbytery of Prince Edward Island.

Presbytery of Weyburn.

Your Committee find that no Ministerial Commissioners have been appointed for this Presbytery, but two elders have been appointed.

Mr. J. R. McLeod moved that the reports presented be adopted as a whole. The motion was seconded and agreed to.

The Moderator extended the thanks of the Assembly to the Committee on the Assembly Roll, and especially to the Convener, Mr. MacLeod.

The venerable father of the Presbyterian Church in Canada, Rev. Dr. Wardrope, was invited to a seat on the platform at the right of the Moderator.

REPORT ON MORAL AND SOCIAL REFORM AND EVANGELISM.

The Assembly called for the report of the Board of Moral and Social Reform and Evangelism, which was given in by Dr. Pidgeon, Joint Convener, and to the details of which, as printed and in the hands of members, he directed attention in addressing the house. He concluded with moving the reception of the report and the consideration of its recommendations. The motion was seconded by Mr. E. B. Horne, and spoken to by Dr. Grant. It was resolved to refer the item in the report dealing with the "Problem of the City" to a Committee consisting of the members of the Foreign Mission Committee, Home Mission Committee, and Board of Moral and Social Reform and Evangelism, who are members of Assembly, together with the following:

President Murray, Convener; Principal Scrimger, Professor Falconer, Dr. A. G. Sinclair, Messrs. W. L. H. Rowand, G. R. Fasken, Charles O. Main, Principal Patrick, R. Pogue, R. W. Dickie, Dr. Ramsay, *Ministers*; Messrs. Joseph Norwich, K. J. Johnston, Professor Matheson, George H. Richardson, J. J. Kelso, John Lowden, John R. Reid, James Gowanlock, C. Blackett Robinson, Walter Paul, *Elders*, with instructions to consider the matter and report a suitable finding for the acceptance of the Assembly.

[1848]

SUPPLY OF STUDENTS, MISSIONARIES AND MINISTERS.

The Assembly called for the report of the Committee on the supply of students, Missionaries and Ministers, which was given in by Dr. J. W. Macmillan, in the absence of the Convener, Dr. C. W. Gordon, and to the salient points of which he referred in his address to the house. He concluded with moving as follows, seconded by Mr. Edward Brown:

That the report be received and referred to the Senates and Boards of the Colleges and the Presbyteries for their consideration;

That the Committee be continued and that the names of Professors Falconer, D. J. Fraser, R. Laird, R. Davidson, G. C. Pidgeon, Principal Patrick, Principal Dyde and President Murray be added to it.

And that the Senates and Boards of the Colleges and the Presbyteries be instructed to report to this Committee before March first, one thousand nine hundred and twelve. The motion was carried.

HOME MISSION REPORT.

The Assembly took up the further consideration of the Home Mission Report, which was submitted at the fourth sederunt. After a brief reference to the report, Dr. E. D. McLaren, Convener, announced to the General Assembly his resignation of his office as General Secretary to the Committee, on the ground that he found the labours of the office too heavy for his strength.

Dr. Neil moved that the several recommendations of the report be considered seriatim. This was seconded and agreed to, Dr. Neil then offered the following resolution:

DR. E. D. McLAREN'S RESIGNATION.

In view of the resignation of Dr. McLaren, the Home Mission Committee recommend the following:

1. The General Assembly recognizing that Dr. McLaren's decision to resign is final, with great regret accept his resignation.
2. The General Assembly, in order that Dr. McLaren's wide experience and intimate knowledge of Home Mission work be utilized by the Church decide that he remain a member of the Home Mission Committee; that he be appointed Honorary Convener and that his name be retained on the roll of the Presbytery with which he is connected.
3. In view of the splendid service rendered to the Church by Dr. McLaren as Convener and General Secretary of the Home Mission Committee, the Assembly decide that his salary be continued until the end of the Home Mission year, March thirty-first, nineteen hundred and twelve.

That a Committee consisting of the members of the Home Mission Committee in attendance at the Assembly, together with others named by the Moderator, constitute a Committee to canvass the new situation created by the resignation of Dr. McLaren, outline a course of action and report to this Assembly.

The resolution was duly seconded and agreed to.

The Moderator named the following as the Committee asked for in the resolution just passed:

Dr. Duval, Principal Patrick, Messrs. W. L. Clay, Dr. Pidgeon, C. O. Main, A. M. Dallas, J. O. Cormie, D. R. Drummond, Robert Laird, Dr. Love, Dr. James Ross, Dr. W.

[1849]

J. Clark, *Ministers*; and Messrs. A. Philip, R. McQueen, D. J. McKenzie, Professor Oliver, A. G. Browning, Hamilton Cassels, *Elders*.

The nomination was approved.

Dr. Neil was appointed Convener of the Committee.

COMMITTEE ON THE MORMON QUESTION.

Dr. W. J. Clark, Convener, Messrs. D. Macodrum, Dr. J. W. Macmillan, Dr. E. D. McLaren, D. Currie, A. H. Drumm, G. R. Fasken, Dr. George H. Smith, E. W. Johnston, J. A. Cormie, Dr. J. A. Carmichael, Alexander Esler, W. L. Clay, Professor Oliver, Dr. William McClure, W. J. Scott, President W. C. Murray, P. Broadfoot, C. P. Hardy, W. J. Moffatt, Hamilton Cassels, Professor J. Matheson, James Rodger, Edward Brown.

RESOLUTION CONCERNING TREATY OF ARBITRATION BETWEEN GREAT BRITAIN AND THE UNITED STATES.

The following resolution moved by President Forrest, seconded by Principal Patrick, was carried unanimously by a standing vote:

The Assembly have heard with profound gratitude to God, and with admiration of the wisdom and courage of the authors of the movement, that a proposal has been made to settle all differences, of whatever kind between Great Britain and the United States by arbitration, and express the earnest hope that a measure so Christian, beneficial and fraught with promise will speedily pass into law.

The Assembly adjourned to meet again in this place on Monday morning, the twelfth day of June, of which public intimation was given and this sederunt was closed with the benediction by the Moderator.

NINTH SEDERUNT.

At Ottawa, and within Knox Church there, the twelfth day of June, one thousand nine hundred and eleven:

The General Assembly of the Presbyterian Church in Canada met, as per adjournment, and was constituted with devotional exercises, Dr. McLeod and Mr. A. MacMillan leading in prayer at the request of the Moderator.

The minutes of last sederunt were read and confirmed.

COMMITTEE ON BUSINESS.

The Assembly called for the report of the Committee on Business, which was given in by Mr. Alexander Macgillivray, Secretary to the Committee, on whose motion, duly seconded, it was received and adopted, and the business of the sederunt was ordered accordingly. The report is as follows:

That the Overture from the Synod of the Maritime Provinces *re* the reorganization of Committees be referred to a Committee of this Assembly to consider and report.

The motion was seconded by Judge Forbes, and agreed to.

FOREIGN MISSION REPORT.

The Assembly resumed the consideration of the Foreign Missions report, submitted at the seventh sederunt. It was agreed to consider the recommendations of the report *seriatim*. Being considered, they were adopted as a whole as follows:

The Foreign Mission Committee is limited to twenty-one members. The expansion of the foreign work, as well as the increased responsibility in cultivating the home field, make it desirable that the Committee should be enlarged. It is, therefore, recommended that the membership of the Foreign Mission Committee be increased to thirty-six. Agreed.

The following resolution was adopted by the Foreign Mission Committee: "In view of the importance of our missionary teachers engaged amongst the Indians being fully equipped for their work, and in consideration of the recent interesting spiritual results in our mission in Ahousaht, B.C., and of the Committee's confidence in the character and efficiency of Mr. John T. Ross, who is in charge of that mission, that application be made to the General Assembly, to grant authority to the Presbytery of Victoria to ordain Mr. Ross for administration of ordinances and celebration of marriage ceremonies amongst the Indians within the bounds of that Presbytery and so long as he is employed by the Committee."

Referred to Special Committee.

REPORT OF ALBERTA COLLEGE.

The Assembly called for the report of the Board of Management and Senate of the

[1852]

Presbyterian College, Alberta, which was given in and read by Dr. D. G. McQueen, Vice-Chairman of the Board of Management, on whose motion, duly seconded, it was resolved to receive it and consider its recommendations *seriatim*. Being considered they were adopted as a whole. The report is as follows:

REPORT OF PRESBYTERIAN COLLEGE, ALBERTA.

To the Venerable the General Assembly of the Presbyterian Church in Canada:

We, the Board of Management of the Presbyterian College, Alberta, beg to report as follows:

1. The Board of Management and the Senate of the College express their gratification at the very cordial reception given to the petition of the Synod of Alberta by the General Assembly in Halifax, June, nineteen hundred and ten, regarding the founding of the College.

2. The Board of Management and Senate appointed by the Assembly have been able to proceed some distance in the organization of the College, and fully expect to be in a position in the fall to begin regular class work in the first year in Theology.

APPOINTMENT OF PRINCIPAL DYDE.

3. At the joint-meeting of Board and Senate, provided for in the Assembly's resolutions of last year, it was unanimously decided, subject to the Assembly's approval, to offer the position of Principal to Professor S. W. Dyde, M.A., Sc.L.L.D., of Queen's University, who has accepted.

APPOINTMENT OF PROFESSOR MILLAR.

4. On the first day of June, nineteen hundred and eleven, the Board at a regular meeting considered that the state of the finances warranted the appointment of a professor in the English Bible, Homiletics and Pastoral Theology, and has been fortunate in securing for that position the Rev. J. M. Millar, M.A., B.D., of Knox Church, Strathcona.

The Board is pleased to present these two appointments to the General Assembly for its approval.

The Board further begs to request that it may in the fall proceed to the appointment of a third professor, either in Old Testament Literature, or in New Testament Literature, if the finances warrant the step, subject to the approval of the Assembly in nineteen hundred and twelve. Presbyteries are asked to make nominations to the Board of the College, of men suitable for the position.

ENDOWMENT.

The endowment of the College, although it has been proceeding for only a few weeks has already met with a very gratifying response. It was endorsed warmly by the Synod of Alberta at its recent meeting in Calgary. On April twenty-eighth, nineteen hundred and eleven, Knox Church, Calgary, agreed to be responsible for the salary of a professor. On May eighth, First Church, Edmonton, agreed to assume responsibility for the salary of the Principal, whose chair is to be known as the "D. G. McQueen Chair of Theology."

And on May eighteenth, Knox Church, Strathcona, generously agreed to provide half the salary of a professor. Robertson Church, Edmonton, and Westmister Church,

[1853]

Edmonton, have heartily resolved to support the College to the extent of their ability. The general action is preliminary to a canvass of these congregations during the summer and fall, for endowment subscriptions, which are meant to replace these obligations.

The Board feels that the extent of the response made to the opening appeal for assistance is already some vindication of the statement made at the last meeting of Assembly that the College would be not a new burden on the Church but a gift to the Church by the Presbytery of Alberta.

The Board of Management is now fairly organized. Rev. D. G. McQueen, D.D., has consented to act as Vice-chairman, and Mr. A. F. Ewing, B.A., Barrister, as Secretary-Treasurer. It expects to appoint a permanent Chairman this fall. For the present, the Board will meet twice a year, in Edmonton in the spring, and in Calgary in the fall.

CONTRIBUTIONS FROM CONGREGATIONS.

The Board desires to acknowledge the generous contributions of a large number of congregations not only within, but also beyond the boundaries of Alberta. As it is anxious to establish as soon as possible a travelling library for missionaries and ministers, these contributions will be exceedingly welcome.

The contributions are as follows:

Contributed by outside points.....	\$222 20
Contributed by congregations in Synod	631 20
Total.....	\$853 40

All of which is respectfully submitted.

Signed on behalf of the Board.

S. W. DYDE.

WESTMINSTER HALL.

The Assembly called for the report of the Westminster Hall, which was given in by Dr. G. C. Pidgeon, who called attention to its contents, as printed and in the hands of members, in his remarks to the Assembly. He moved the reception and adoption of the report. The motion was seconded by Mr. Alexander Philip and agreed to.

OTTAWA LADIES' COLLEGE.

The Assembly called for the report of the Ottawa Ladies' College, which was given in by the President, Dr. W. D. Armstrong, who drew the attention of the court not only to the intimate relations subsisting between the College and the Church, but also to the success which has attended its work during the past year.

Judge Forbes moved the reception and adoption of the report. The motion was seconded by Mr. Walter Paul and agreed to.

ST. ANDREW'S COLLEGE.

Dr. Neill presented a report of St. Andrew's College, Toronto, and asked that it be received. The motion was seconded and agreed to. The Assembly learns with satisfac-

[1854]

tion that the College continues to prosper, and is thankful that an institution for the training of boys, under such favourable auspices, exists, and commends it anew to the confidence and patronage of our people.

DEACONESS TRAINING HOME.

The Assembly called for the report of the Deaconess Training Home which was given in by Mr. C. S. McDonald, Chairman of the Board, who referred to its contents as printed and in the hands of members, and concluded with moving the reception of the report and the consideration of its recommendations. The motion was seconded by Dr. Duval and agreed to.

The recommendation is as follows:

That the Assembly authorize the membership of the Board being increased from twenty-one to twenty-four.

READING OF RULES *re* THEOLOGICAL STUDIES.

The Assembly called for the report of the Committee *re* the correct reading of rules for admission to the study of theology, which was presented by Dr. Somerville. The report was received. After discussion, it was agreed that the report be referred to the Principals of the theological colleges present as commissioners, together with Professor Falconer and Dr. Pidgeon.

The Moderator, as requested, named a Committee to deal with the application of Presbyteries to have names placed on their rolls, as follows:

Dr. E. A. McCurdy, Convener; Dr. R. Campbell, Dr. Ballantyne, Dr. MacRae, J. R. MacLeod, W. T. Wilkins, James Buchanan, Dr. D. D. McLeod, J. B. Fraser, Walter Paul, Hamilton Cassels, T. C. James.

COMMITTEE ON TRAVELLING EXPENSES.

The Moderator, as requested, named a Committee on the Travelling Expenses of Commissioners, as follows: Mr. W. R. Cruikshank, Convener; Dr. John Neil, Dr. J. W. Macmillan, Dr. J. B. Fraser, Messrs. W. Thomas Wilkins, D. R. Drummond, J. H. Edmison, James Farquharson, A. Henderson, Dr. D. G. McQueen, G. A. Wilson, D. MacRae, A. H. Foster, *Ministers*; Messrs. W. C. Whittaker, John R. Reid, John Lowden, R. Haddow, R. McQueen, A. Philip, Dr. Alexander McFarlane, Professor Matheson, M. Denholm, W. Clazie, *Elders*.

The nomination was approved.

REPORT ON RECORD.

The Assembly called for the report of the *Record*, which was presented by the Convener, Dr. R. Campbell, who moved that the report be received and adopted. The motion was duly seconded.

While the motion was under consideration, the order of the day arrived, the fixing of the time and place of next meeting of Assembly.

Dr. D. G. McQueen moved that the place of meeting be Edmonton, and within First Church there. The motion was seconded by Dr. R. Campbell.

[1855]

To this, it was moved in amendment by Mr. Alexander MacMillan, seconded by Mr. J. Lowden, that Knox Church, Toronto, be substituted for that of First Church, Edmonton.

It was moved in amendment to the amendment that the meeting be held in First Church, Edmonton, provided satisfactory travelling arrangements can be made by the Moderator and Clerks of Assembly; otherwise that the meeting be held in Knox Church, Toronto.

The second amendment carried successively over the first amendment, and the motion, and was affirmed as the judgment of the house.

The Assembly adjourned to meet again in this place, this afternoon, at half past two o'clock, of which public intimation was given, and this sederunt was closed with the benediction by the Moderator.

TENTH SEDERUNT.

At the same place, on the same day, at half past two o'clock in the afternoon:

The General Assembly of the Presbyterian Church in Canada met, as per adjournment, and was constituted with prayer.

The Minutes of the morning sederunt were read, corrected, and sustained.

THE PROBLEM OF THE CITY.

The Assembly called for the report of the Committee on the City Problem, which was given in and read by President Murray, on whose motion, duly seconded, it was received and adopted. It is as follows:

The Committee appointed by the Assembly to consider the auspices under which the work known as the Problem of the City, should be carried on, beg to report.

The Committee unanimously recommend that "The Problem of the City" be placed under the auspices of the Board of Social Service and Evangelism, provided that wherever the work comes into relation with work already being done by another Committee of the Assembly, the consent of the Committee be obtained.

REPORT ON MORMONISM.

The Assembly called for the report of the Committee on Mormonism, which was given in and read by Dr. W. J. Clark, Convener, on whose motion, seconded by Dr. E. D. McLaren, it was received and adopted. It is as follows:

The Assembly deems it advisable to call attention to the dangers that necessarily attach to the existence of Mormonism in any country, and to utter a warning against the insidious methods employed by Mormon missionaries.

While frankly acknowledging all that can fairly be urged in behalf of Mormons and Mormonism, the Assembly regards with deep regret and grave anxiety:

1. The detestable doctrines held and preached by the Mormon Church.

[1856]

2. The extravagant political ambitions cherished by the Mormons.

3. The absolute obedience to their religious leaders required of the members of the organization, not only in their religious but also in their material and political relationships.

The Assembly very cordially endorses the important work that is being carried on by the Home Mission Committee in the Mormon district, commends it most heartily to the sympathetic and prayerful interest of the whole Church, and requests that Committee to give special attention to this department of work, during the present year, and bring in such recommendations to the next General Assembly as they may deem wise.

THE PRESBYTERIAN RECORD.

The Assembly resumed consideration of the motion regarding the *Record*.
The motion was carried unanimously.

REPORT ON SABBATH SCHOOL PUBLICATIONS.

The Assembly called for the report of the Committee on Sabbath School Publications, which was presented by Mr. J. Lowden, Convener, who moved that the report be received and adopted. After Dr. R. D. Fraser was heard on the subject of the report, the motion was seconded and carried.

AMALGAMATION OF PUBLICATIONS.

Moved by Mr. R. Haddow, seconded by Judge Forbes:

That the Committee on *The Record* and the Committee on Publications be instructed to confer as to the possibility of transferring *The Record* to Toronto and amalgamating its publication with that of the other publications of the Church.

The motion was carried. Mr. J. Lowden was appointed Convener of the Joint Committee.

HYMNAL REPORT.

The Assembly called for the report of the Hymnal Committee, which was presented by Mr. Alexander Macmillan, a member of the Committee, who called attention to its contents, as printed and in the hands of members, and moved that the report be received and adopted. The motion was seconded by Dr. Herridge and agreed to.

PUBLIC WORSHIP AND AIDS TO DEVOTION.

The Assembly called for the report of the Committee on Public Worship and Aids to Devotion, which was presented by Mr. Hugh Matheson, who called attention to its salient features and concluded with moving its reception and adoption, with the addition of a recommendation that the Committee endeavour to secure a publisher for the book they recommend, on such terms as may secure the Church against loss in the publication, but may rather yield a royalty for the profit of the Church. The motion was seconded and agreed to.

PRESBYTERY OF TEMISKAMING.

With regard to the boundaries of the Presbytery of Temiskaming, which had been

[1857]

defined by previous Assemblies, the following amendment of the same was made, on motion of Mr. J. A. Donnell, seconded by Mr. A. E. Mitchener:

That the clause on page 79 of Minutes of Assembly for 1910, reading, "Lying North of the Southern Boundary of the Temiskaming Forest Reserve" be taken to mean "Lying north of the Southern boundary of the Temagami Forest Reserve."

MISSION FIELDS IN THE PRESBYTERY OF LANARK AND RENFREW.

It was agreed that the following missions be transferred from the Presbytery of Kingston to the Presbytery of Lanark and Renfrew: Poland, Clyde Forks, and Matawatchan, the Synods of Montreal and Ottawa and Toronto and Kingston being parties to the transaction, the arrangement to become effective on the first day of October next.

CHURCH AND MANSE BUILDING FUND.

The Assembly called for the report of the Church and Manse Building Fund, which was given in by Dr. James Farquharson, who emphasized its salient points as printed and in the hands of the members. He concluded with moving the reception and adoption of the report. The motion was seconded by Principal Patrick and carried.

Principal Patrick moved further, seconded by Mr. J. R. MacLeod:

That the Committee on Church and Manse Building Fund be authorized to purchase new sites when, in their judgment, it would be wise to do so.

PROTECTION OF CHURCH PROPERTY.

The Assembly called for the report of the Committee on Protection of Church Property which, in the absence of the Convener, was presented by Dr. Somerville. The report was received and adopted on motion of Principal Patrick, seconded by Principal Scrimger.

REPORT OF FINANCE, EASTERN SECTION.

The Assembly called for the report of the Finance Committee, which was given in and referred to, as printed and in the hands of the members, by Dr. McCurdy, who moved that it be received and adopted. The motion was seconded by Mr. A. Henderson and agreed to.

BOARD OF TRUSTEES.

The Assembly called for the report of the Board of Trustees, which was given in by Dr. Somerville, in the absence of the Chairman. Mr. J. Lowden moved the reception and adoption of the report with this addition:

That the Board of Trustees be instructed to find a site for Church buildings this year and report to next Assembly.

The motion was seconded by Dr. R. Campbell, and agreed to.

TREASURER'S REPORT.

The Assembly called for the report of the Treasurer, which was presented by himself, duly audited by the Church Auditor, and which, in printed form in the hands of members, he called attention to.

[1858]

On motion of Mr. Alexander Macgillivray, seconded by Mr. R. C. Jennings, the report was received and adopted.

EXPENSES OF COMMITTEES.

It was moved by Mr. James Rodger, seconded by Lieutenant-Governor Rogers:

That all payments for travelling and other expenses of members of Assembly Committees, heretofore made by the Church Treasurer, be hereby ratified and confirmed, and that all such expenses continue to be paid. The motion was carried.

THE *Ne Temere* DECREE.

Dr. Duval presented a resolution, which he requested should be sent to a Committee, dealing with the question of the "*Ne Temere* decree" which is so much occupying the public mind. His request was complied with and the Moderator named the following a Committee to consider the resolution and report thereon:

Dr. Duval, Convener; Principal Scrimger, Principal Gordon, Principal Patrick, Dr. Ramsay, Mr. Alexander Magillivray, Mr. F. H. Larkin and Judge Forbes.

The nomination was approved.

The Assembly adjourned to meet again in this place, at a quarter to eight o'clock this evening, of which public intimation was given, and this sederunt was closed with the benediction by the Moderator.

ELEVENTH SEDERUNT.

At the same place, on the same day, at a quarter to eight o'clock in the evening.

The General Assembly of the Presbyterian Church in Canada met, as per adjournment, and was constituted with devotional exercises, Dr. A. S. Grant leading in prayer at the request of the Moderator.

The minutes of the afternoon sederunt were held over to be read to-morrow morning.

YOUNG PEOPLE'S SOCIETIES.

The Assembly called for the report of the Young People's Societies, which was given in by Mr. W. R. McIntosh, Convener, who emphasized the salient points therein, as printed and in the hands of members, and closed his remarks with moving that the report be received and its recommendations considered seriatim.

The motion was seconded by Mr. W. A. Guy.

Being considered they were adopted. The following recommendation was passed in addition to those printed in the appendix:

At a joint conference of the Executives of the General Assembly's Committees on Sabbath Schools and Young People's Societies, held in St. James Square Church, Toronto, May ninth, nineteen hundred and eleven, careful consideration was given to the future relation of these Committees, and to the remits received from Presbyteries in regard to this question. It was agreed to report to General Assembly that we are unanimously

[1859]

in favour of amalgamation of these two Committees under proper conditions, conserving interests, and we would recommend that these Committees continue as they are this year, and meet for full conference during the year, and bring in a detailed plan for amalgamation at the next meeting of General Assembly.

The report was adopted as a whole, on motion of Mr. McIntosh, duly seconded.

SABBATH SCHOOLS.

The Assembly called for the report of the Committee on Sabbath Schools, which was presented by Mr. Alexander Macgillivray, Convener, who drew attention to the outstanding features of the same as printed and in the hands of members. Dr. Neil moved the reception of the report and the consideration of its recommendations seriatim. Mr. Macgillivray moved their adoption as found in the appendix together with the following resolution:

That the salary of the General Secretary, Mr. J. C. Robertson, B.D., be increased by one hundred and fifty dollars, to two thousand four hundred dollars per year.

The motion was seconded by Mr. J. Lowden and carried.

FRENCH EVANGELIZATION.

The Assembly called for the report of the Board of French Evangelization, which was presented by Dr. W. J. Clark, who succeeded the late Dr. Mowatt as Chairman of the Board, and who adverted to the salient features thereof, as printed and in the hands of members.

Principal Scrimger moved the reception and adoption of the report. The motion was seconded by Principal Brandt, spoken to by Professor Bieler, and adopted.

Principal Scrimger gave notice of motion as follows:

Whereas it is desirable to consolidate more fully the missionary efforts of the Church: That it be remitted to Presbyteries to consider the advisability of uniting all the general mission work in the Dominion (Home, Foreign, Indian, French Evangelization) under the control of one Committee and to report to the next Assembly.

The Assembly adjourned to meet again in this place, to-morrow morning at ten o'clock, of which public intimation was given, and this sederunt was closed with the benediction by the Moderator.

TWELFTH SEDERUNT.

At Ottawa, and within Knox Church there, the thirteenth day of June, one thousand nine hundred and eleven:

The General Assembly of the Presbyterian Church in Canada met, as per adjournment, and was constituted, Mr. Walter Paul and Mr. John Thomson leading in prayer at the request of the Moderator.

The Minutes of the tenth and eleventh sederunts were read and sustained.

[1860]

REPORT OF COMMITTEE ON BILLS AND OVERTURES.

The General Assembly called for the report of the Committee on Bills and Overtures, which was given in and read by Mr. J. Macdougall, Secretary of the Committee, on whose motion, duly seconded, it was received and adopted, and the Business Committee instructed to find a place for these new items. It is as follows:

TUESDAY, JUNE 13TH.

It was ordered that Notice of Motion, to be made in Assembly by Mr. G. M. Macdonnell, K.C., to the effect "that in view of the proposed constitutional changes in Queen's University, a Provisional Committee be appointed to take charge of the interests of the proposed Theological College and to represent the Church in regard to all legislation which may affect the Theological Faculty of the University," be transmitted to the Assembly.

It was ordered that a request from a respected elder of the Church who is also a Commissioner, to the effect that "The Church Property Committee be asked to make enquiry as to the system of Mutual Fire Insurance adopted by the United Free Church of Scotland, and also as to the working of Mutual Fire Insurance in Canada, and if so advised, to draw up a plan for the mutual fire insurance of our Church properties, and report to next Assembly," be transmitted.

It was also ordered that an Overture from the Synod of British Columbia upon Superintendence of Immigrants be transmitted, to be dealt with as were the other overtures concerning Immigrants, viz: to be handed over to the Home Mission Committees, East and West.

That an Overture from the Synod of Saskatchewan regarding the payment of Indian Missionaries in the North West, be transmitted, to be referred to the Foreign Mission Committee, West.

That an Overture from the Presbytery of Hamilton on Home Mission matters, be transmitted, to be sent to the Home Mission Committee, West.

That an Overture from the Synod of Montreal and Ottawa in regard to the Superintendence of Home Missions, Augmented Charges and Sabbath School work within the bounds of the Synod, be transmitted.

That an Overture from a number of Commissioners, both ministers and elders, upon the eligibility of Ruling Elders as Moderators, be transmitted and referred to the Committee on the Book of Forms.

It was recommended that due place be found for these Overtures on the Docket by the Committee on Business.

REPORT OF COMMITTEE ON BUSINESS.

The Assembly called for the report of the Committee on Business, which was given in and read by Mr. Alexander Macgillivray, Secretary to the Committee, who moved that it be received and adopted. The motion was duly seconded.

Dr. R. Campbell, the Clerk, took exception to one of the items of business set for the evening sederunt, namely, hearing a report from the Committee on Union.

The Assembly approved of the docket as reported by the Committee, which is as follows:

[1861]

Tuesday Evening:—

Systematic Beneficence.
 Union Committee.
 Special Committee on Church Remits.

Wednesday Evening:—

Moral Reform and Evangelism.
 Lord's Day Alliance.
Ne Temere Decree.

Tuesday, June 12th:—

Report of Special Committees.
 Augmentation, East and West.
 Aged and Infirm Ministers' Fund.
 Ministers' Widows' and Orphans' Fund.
 Report of Finances.
 James Robertson Memorial, with Overture.
 Home Mission Superintendents, with Overtures from Synod of Montreal and Ottawa,
 Manitoba and Saskatchewan.
 Home Mission, Unfinished Business.
 Correspondence with other Churches.
 Report of Presbyterian Alliance.
 Report of Committee on Applications for Mission Work.
 Overture *re* German Reformed Church.

That the Moderator be requested to name a Committee to watch legislation in the interests of the Theological faculty of Queen's University.

Dr. R. Campbell, the Clerk, craved leave to be allowed to enter his dissent to the finding of the Assembly in allowing to be placed in the docket the resolution on the Church Union question, of which Principal Patrick had given notice, as emanating from the former Committee on Church Union, which, in the judgment of the dissenter, ceased to exist at last General Assembly when its completed report was submitted to that court, and it was not reappointed.

The leave craved for was granted.

AGED AND INFIRM MINISTERS' FUND.

The Assembly called for the report of the Committee on the Aged and Infirm Ministers' Fund, which was given in by Mr. J. K. Macdonald, Convener, who drew attention to its salient features.

As he concluded, the order of the day having arrived, the time set apart for the reception of a delegation from the Montreal Conference of the Methodist Church in Canada, the further consideration of the subject was for the present deferred.

[1862]

DEPUTATION FROM THE METHODIST CHURCH IN CANADA.

There was presented by Dr. Duval to the Moderator, a delegation from the Montreal Conference of the Methodist Church in Canada, consisting of Rev. Charles S. Deeprose, ex-President of that Conference, along with Rev. George S. Clendinnen, and His Worship, Mayor Charles Hopewell, of Ottawa, deputed by the Conference to convey greetings to the General Assembly, whom the Moderator presented to the Assembly.

Mr. Deeprose, speaking for the delegation, extended to the Assembly the most cordial greetings of the Conference which he represented, and an expression of the hearty appreciation of the work carried on by the Presbyterian Church in Canada at home and abroad, as well as a wish that all good may attend the General Assembly in the prosecution of the good work with which it is charged.

The Moderator replied in fitting terms to the message brought by the deputation from the Methodist Church, reciprocating in the heartiest manner the good wishes of the Montreal Conference and the great Church which it stands for in desiring success to all the undertakings of the Assembly.

The deputation having withdrawn, the consideration of the report of the Aged and Infirm Ministers' Fund was resumed.

Dr. Herridge seconded Dr. McLeod's motion disposing of the report. It is as follows:

That the report of the Committee on the Aged and Infirm Ministers' Fund, and the supplementary report of the Convener, together with the several recommendations be and are hereby approved and adopted, and the thanks of the Assembly tendered to the Convener and Committee.

The Assembly expresses its deep regret at the very unfavourable condition of the Ordinary Fund in the Eastern branch, and earnestly presses upon congregations in that section the need for immediate and energetic action to place the revenue on a basis that will ensure a continuance of the annuities in full; and thus prevent what otherwise cannot fail to cause much discomfort and possible hardship to those servants of God, now drawing from the Fund, who in past years have done so much for the spiritual and material well being of the people.

The Assembly also heartily commends the proposed effort of the Committee looking to the increase of the Endowment in the Western Section, as well as to the deepening of interest in the Ordinary Fund in both sections.

The resolution was adopted.

OVERTURE FROM SYNOD OF MARITIME PROVINCES.

The Moderator, as requested, named a Committee to take into consideration the Overture from the Synod of the Maritime Provinces *re* restoration of the Committee on Church Life and Work, as follows: Dr. J. W. Macmillan, Convener; Messrs. J. H. Edmison, Dr. Shearer, Dr. J. Pringle, Principal Gandier, James Rodger, John Lowden, A. H. Foster, Joseph Henderson.

The nomination was approved.

COMMITTEE *re* THEOLOGICAL FACULTY OF QUEEN'S UNIVERSITY.

The Moderator, as requested, named a Committee to take charge of the interests of Queen's Theological College and to represent the Church in regard to all legislation

[1863]

which may affect the Theological Faculty of Queen's University, as follows:—Dr. Love, *Convener*; Dr. Armstrong, Dr. D. D. McLeod, Dr. R. Campbell, Mr. Robert Laird, Mr. Alexander Macgillivray, Mr. James Cumberland, Mr. J. H. Edmison, Mr. James Wallace, Mr. J. D. Byrnes, *Ministers*; Messrs. David G. Laidlaw, John Lowden, G. M. Macdonnell, R. Lees, *Elders*.

The nomination was approved.

The Assembly adjourned to meet again in this place, this afternoon, at half past two o'clock, of which public intimation was given and this sederunt was closed with the benediction by the Moderator.

THIRTEENTH SEDERUNT.

At the same place, on the same day, at half past two o'clock in the afternoon, the General Assembly of the Presbyterian Church in Canada met, as per adjournment, and was constituted, Dr. Jamieson and Judge Forbes leading in prayer at the request of the Moderator.

The minutes of the forenoon sederunt were read and sustained.

LEAVE TO LICENSE AND ORDAIN.

Dr. Moore, on behalf of the Committee appointed to consider the applications for leave to license and ordain reported, and his report with its recommendations was adopted as follows:

1. Presbytery of Pictou. Mr. W. G. Hartley. Agreed that he be received as a licentiate of this Church.

2. Presbytery of Kootenay. Mr. Alexander Wilson. The Presbytery of Kootenay was granted leave to ordain Mr. A. Wilson.

3. Presbytery of Sydney. Mr. J. W. Smith. It was agreed that the Presbytery be granted leave to confer special ordination upon Mr. Smith for the field in which he is labouring.

4. Presbytery of Alameda. Mr. Quentin Brooks. It was agreed that the application be held over until information is furnished regarding the work he has done during the five years not accounted for in the record of his case.

5. Foreign Mission Committee. Mr. John Ross. It was agreed that the Presbytery of Victoria be authorized to ordain Mr. Ross for administration of ordinances, and celebration of marriage ceremonies amongst the Indians within the bounds of the Presbytery so long as he is employed by the Committee.

REPORT ON HOME MISSION BUSINESS.

The Assembly called for the report of the Special Committee on the resignation of Dr. E. D. McLaren and other Home Mission matters referred to it, which was given in and read by Dr. Neil, *Convener*, on whose motion, duly seconded, it was resolved to receive the same and consider its recommendations *seriatim*.

Being so considered, they were adopted as a whole, as follows:

[1864]

1. That the Assembly authorize its Home Mission Committee to pay Home Mission grants monthly, through the various Synodical Committees, on their receiving monthly reports from all missionaries on schedules provided for this purpose.

2. That the Synodical Committees be empowered to provide the Synodical Superintendents with such secretarial and supervisory assistance as the necessities of the work demand.

3. That the General Superintendents and the Synodical Superintendents shall meet prior to the annual meeting of the Home Mission Committee for the purpose of defining the plan of operations for the ensuing year, and submitting it to the Committee for adoption or amendment; and that the General Superintendent shall render such assistance to the Synodical Superintendents as may be necessary.

Your Committee further prepared a set of regulations for the administration of Home Mission affairs in the various Synods, to be adopted tentatively by their Synodical Committees, and reported on as to their suitability to the Assembly's Committee at its next annual meeting.

RECOMMENDATIONS.

The Committee recommend that there should be a General Superintendent of Home Missions and also a Home Mission Secretary, and that their position and duties be defined as follows:

The General Superintendent shall be, *ex-officio*, *Convener* of the Assembly's Home Mission Committee, shall be the executive head of the whole Home Mission department of the Church's work. His duties shall be:

1. To take the general supervision and direction of the whole Home Mission work.
2. To carry out the plans that may be adopted by the Committee for securing the men and the money needed for the prosecution of the work.
3. To keep the Church fully informed of the progress and requirements of the work.

The Secretary shall carry on the necessary correspondence under the direction of the General Superintendent and render such further assistance in the presentation of the work of the Church at large as may be found practicable.

Your Committee would further recommend the following appointments:

1. That Rev. A. S. Grant, M.D., be appointed General Superintendent of Home Missions and *Convener* of the Assembly's Home Mission Committee at a salary of \$3,000 per annum, and travelling expenses.

2. That the appointment of a Secretary be remitted to the Executive of the Home Mission Committee, together with three persons to be named by the Assembly.

Also that Dr. Carmichael continue to be the Superintendent of Missions in the Synods of Manitoba and Saskatchewan and also of Ruthenian work throughout the Western Section of the Church; that his salary be increased to \$2,500 per annum. The Committee further recommend that an Assistant Superintendent be appointed for the said Synods at a salary of \$1,800; and that the Synodical Committee of the Synods of Manitoba and Saskatchewan be authorized to make the appointment.

Dr. Grant was called to the platform and presented to the Assembly, when he signified his acceptance of the office to which the Assembly so cordially called him.

It was moved by Rev. A. G. Wilson that the Presbytery of Westminster be instructed to place the name of Rev. A. S. Grant, M.D., General Superintendent of the Home Mission Committee, upon its constituent roll.

[1865]

The motion was seconded and agreed to.

Dr. E. D. McLaren submitted some additional matters relating to Home Missions sent up to the General Assembly for its consideration, and moved the following resolution, which was duly seconded and carried:

In view of the differences of opinion that have arisen as to the privileges and powers of students or catechists, ordained under the authority of the special legislation enacted by the General Assembly, in nineteen hundred and seven, the Home Mission Committee recommend the Assembly to adopt the following as an interpretation of the above mentioned legislation.

1. The ordination of a student or catechist is solely for the purpose of increasing his efficiency as a missionary of the Church and does not alter either his status or his remuneration.

2. In the event of a missionary thus ordained being transferred to a field in another Presbytery, he shall not exercise the functions of an ordained student or catechist unless authorized to do so by a formal resolution of the Presbytery.

COMMITTEE OF THREE TO ACT WITH HOME MISSION COMMITTEE.

The Moderator named the following Committee of three to act with the executive of the Home Mission Committee *re* appointment of Secretary: Messrs. D. R. Drummond, Dr. W. G. Wallace, John Lowden.

The nomination was approved.

SPECIAL REPORT ON FINANCE.

The Assembly called for the report of the Special Committee *re* Finances, which was given in and read by Mr. J. K. Macdonald, Convener, on whose motion it was received and its recommendations were considered *seriatim*. After discussion, it was moved by Rev. G. A. Wilson: That the report offered by Mr. J. K. Macdonald, Convener of the Committee appointed by the General Assembly to report on the finances of the Church, be referred to a Committee of Assembly, named by the Moderator, to report at a later sederunt.

The motion was seconded and agreed to.

COMMITTEE TO CO-OPERATE WITH THE BOARD OF QUEEN'S.

The following were named by the Moderator a Committee to co-operate with the Board of Trustees of Queen's University, in securing legislation: Rev. Dr. Ramsay, Rev. J. W. H. Milne, Rev. Daniel Strachan, Hon. E. H. Bronson, Sir George W. Ross, Judge Mactavish, William F. Nickle, M.P.P. The nomination was approved.

AUGMENTATION REPORT, WEST.

The Assembly called for the report of the Augmentation Committee, Western Section, which was given in by Mr. J. H. Edmison and which, printed and in the hands of members, he referred to in his remarks. He concluded with moving the reception and adoption of the report. The motion was seconded and agreed to.

[1866]

The Assembly adjourned to meet again in this place at a quarter to eight o'clock this evening, of which public intimation was given, and this sederunt was closed with the benediction by the Moderator.

FOURTEENTH SEDERUNT.

At the same place, on the same day, at a quarter to eight o'clock in the evening, the General Assembly of the Presbyterian Church in Canada met, as per adjournment, and was constituted, Mr. A. Blair leading in prayer at the request of the Moderator.

The Minutes of the thirteenth sederunt were read and sustained:

REPORT OF SPECIAL COMMITTEE ON CHURCH UNION.

The Assembly called for the report of the Special Committee appointed to consider the returns to the remit on Church Union and the several documents sent up to the Assembly bearing thereon, and to report a finding on the whole question for the acceptance of the Assembly, which was given in and read by Dr. Ballantyne, Convener of the Committee, who moved that it be received and its several recommendations considered *seriatim*.

The motion was seconded by Mr. Walter Paul and agreed to.

On motion of Dr. Ballantyne, duly seconded, Section One sub-sections one (1), two (2) and three (3) were unanimously approved. Sub-section four (4) "If not in favour of the proposed union are you in favour of the federation of the churches?" the adoption of which was moved by Mr. W. L. Clay, seconded by Dr. D. D. McLeod, after discussion, it was unanimously agreed to drop.

On motion of Dr. Ballantyne, duly seconded, section two was unanimously approved. It was agreed to add a sub-section thereto, on motion of President Murray, seconded by Lieutenant-Governor Rogers.

Section three, on motion of Dr. Ballantyne, duly seconded, was adopted unanimously, the two words "and adherents" being added after the word "members."

Sections four and five were also unanimously adopted, on motion of Dr. Ballantyne, duly seconded.

The report, as amended, was unanimously adopted on motion of Dr. Ballantyne, duly seconded, as follows:

Your Committee beg to report that they have held four sessions, and after long and careful consideration have agreed upon the following resolutions:

1. That whereas the Assembly has placed itself on record as in favour of Church Union, and whereas a majority of Presbyteries, under the Barrier Act, have expressed the same judgment, this Committee recommends the General Assembly to send the whole matter down to Sessions and Congregations, in the form of the three following questions:

1. Are you in favour of organic union with the Methodist and Congregational Churches?

[1867]

2. Do you approve of the proposed basis of union?

3. Have you any suggestions or alternatives to offer?

2. (1) That members of sessions and members of congregations, in full communion be recommended to vote separately on the first and second questions by ballot, and requested to report such separate vote, yea and nay, to the Clerk of Presbytery on or before the fifteenth day of March one thousand nine hundred and twelve.

(2) That adherents who are at least eighteen years of age be invited to express their concurrence or non-concurrence in the questions submitted to sessions and congregations, and that such be recorded separately.

4. That the sessions be instructed to make such arrangements as will secure a full vote of the members and adherents of the congregation.

5. That the overtures from Presbyteries on changes in the basis of union be transmitted to the Committee on Church Union.

6. That a common ballot be prepared and issued from the Church Offices, and available for sessions and congregations free of cost.

Dr. R. Campbell, the Clerk, moved that as one of the sections of the report just adopted "transmitted to the Committee on Church Union" "the Overtures from Presbyteries," a committee to be named by the Moderator, be appointed to select a Committee on Church Union and report to the Assembly. The motion was seconded.

A point of order being raised, the Moderator was asked to rule whether the motion was competent, when he decided in the negative.

The Assembly adjourned to meet again in this place, to-morrow morning at ten o'clock, of which public intimation was given, and this sederunt was closed with the benediction by the Moderator.

FIFTEENTH SEDERUNT.

At Ottawa, and within Knox Church there, the fourteenth day of June, one thousand nine hundred and eleven:

The General Assembly of the Presbyterian Church in Canada met, as per adjournment, and was constituted with devotional exercises, Dr. J. B. Fraser and Dr. Kelley leading in prayer at the request of the Moderator.

The minutes of the fourteenth sederunt were read and confirmed.

APPLICATIONS FOR MEMBERSHIP IN PRESBYTERIES.

The Assembly called for the report of the Committee on applications of Presbyteries to be allowed to place certain names on their rolls, which was given in and read by Dr. McCurdy, on whose motion, duly seconded, it was received and the recommendations were considered, amended and adopted, as follows:

The Committee appointed to consider the applications of Presbyteries to retain or place names of ministers on their rolls and to recommend the way in which these applications should be dealt with, beg leave to report:

That they have considered the applications of five Presbyteries as follows:

[1868]

1. The Presbytery of Montreal applies for leave to retain the name of the Rev. Dr. Barclay on its roll.

Dr. Barclay recently resigned his charge of St. Paul's Church, Montreal, and now occupies the position of Pastor Emeritus.

Your Committee recommend that the leave applied for be granted.

2. The Presbytery of Red Deer asks permission to place on its roll the name of Rev. N. D. Keith, M.A., B.D., Principal of the Alberta Ladies' College, Red Deer, as soon as his appointment to the Principalship has been ratified by the Supreme Court of the Church.

Your Committee recommend that the application be granted.

3. The Presbytery of Kingston makes application to the Assembly for leave to place the name of Professor H. T. Wallace, B.D., Ph.D., on its roll.

The Committee recommend that the application be not entertained at present.

4. The Presbytery of Westminster applies for leave to retain the names of Rev. J. A. Logan and Rev. J. Knox Wright on its roll.

The Committee recommend that in the case of Mr. Logan leave be granted.

5. With reference to the application of Mr. Wright it was agreed that, in view of decisions by former Assemblies in similar cases, the Committee does not see its way to recommend that this application be granted. The Assembly amended the report and allowed Mr. Wright's name to be placed upon the roll.

MINISTER-EVANGELISTS.

The Assembly called for the report of the Committee on the application of Minister-Evangelists, which was given in and read by Mr. D. R. Drummond, on whose motion, duly seconded, it was received and its recommendations were considered seriatim. Being so considered, they were adopted as follows:

Your Committee had before it the following applications:

1. From Presbytery of Winnipeg. That Mr. J. F. Douglas, minister-evangelist, be given full status.

Recommended—grant the application.

2. From Presbytery of Alameda. That Mr. W. P. Spooner, minister-evangelist, be granted full status.

Recommended—grant the application.

3. From Presbytery of North Bay. That Mr. William Alp, minister-evangelist, be given full status.

Recommend—grant the application.

4. From Presbytery of Yorkton. That Mr. T. C. Frampton, minister-evangelist, be given full status.

Recommend—grant the application.

5. Presbytery of Kingston. That Mr. H. G. Steers, minister-evangelist, be given full status.

Mr. Steers has served only two years, not four, as minister-evangelist, but, understanding that the regulation of a few years ago allowed two years additional study as an alternative to four years' active mission service, still held, has taken two full years of study in addition to two years of service. He is highly commended by the examiner of students in Kingston Presbytery. The one irregularity is that his two years were spent in Queen's University not in Manitoba.

[1869]

Your Committee recommend that the application be granted.

6. From the Presbytery of Battleford. That Mr. J. Davey, minister-evangelist, be given full status.

Your Committee was informed by Dr. Carmichael that when Mr. Davey was given standing as minister-evangelist he was also granted the standing of a man with two years probation.

Recommend—grant the application.

7. From the Presbytery of Regina:

(a) That Mr. R. A. Hanley, minister-evangelist, be given full status. Recommend—grant the application.

8. (b) That Mr. J. W. Robinson, minister-evangelist, be given full status. Recommend—grant the application.

9. (c) That Mr. R. J. Spratt be given status of minister-evangelist. Recommend that Mr. Spratt be given minister-evangelist standing if the Senate of Manitoba College is satisfied with the evidence of his academic qualifications.

Your Committee would draw the attention of Presbytery Clerks to the need of forwarding with all applications official extract minutes showing date of ordination of minister-evangelist, and proof of exact length of mission service, as well as certification from the Home Mission Committee as to character of service.

APPLICATIONS OF STUDENTS.

The Assembly called for the report of the Committee on the applications of students, which was given in and read by Principal Scrimger, on whose motion, duly seconded, it was received and its recommendations were considered seriatim. Being so considered, they were adopted as a whole as follows:

The Committee appointed to consider the applications on behalf of students beg leave to report that they have carefully examined the papers and heard parties and make the following recommendations:

1. That Mr. A. Sutherland be allowed to complete his course for licensure in three years more, including such subjects in Arts as may be prescribed by the Senate of the Presbyterian College, Halifax.

2. That Mr. G. Gallou be allowed to continue his course for the ministry in terms of the action of last Assembly.

3. That Mr. R. McCallum be allowed to complete his course of one further year in theology extra-murally in the Senate of the Presbyterian College, Montreal, the examination to take place earlier than March, nineteen hundred and twelve, and that on a favourable report the Presbytery of Orangeville be authorized to receive him as an ordained minister of the Church.

4. That Mr. James Falstead be allowed to take a course of reading covering two years, under the direction of the Senate of Knox College, and that the Presbytery of Algoma be authorized to ordain him as a minister-evangelist, on receiving a satisfactory report as to his examinations.

5. That Mr. D. Nicholson be allowed to take a course of five years—two in Arts and three in Theology, as may be arranged by the Faculty of the Presbyterian College, Halifax, to the satisfaction of the Presbytery of Lunenburg and Yarmouth.

[1870]

6. That Mr. Allan White be allowed to take a similar course, on the same conditions.

7. That Mr. Kennedy H. Palmer be given the standing of a first year theological student, with permission to be exempted from Hebrew and Greek.

8. That Mr. Harry Cox be granted the privilege of a special course of extra-mural study covering five years, under the supervision of the Presbytery of Qu'Appelle and the direction of the Senate of Alberta College.

9. That Mr. A. R. Gibson be allowed to complete his course for the ministry on taking one more year of study in one of the Colleges of the Church.

10. That Mr. W. G. Patterson be given an extra-mural course in Theology of two years under the care of Alberta College, provided the Presbytery first satisfy itself as to his academic standing.

11. That Mr. W. T. Cromb be granted the privilege of a four years' course extra-murally under the care of Alberta College.

All of which is respectfully submitted.

GREETINGS FROM FORMOSA.

Mr. D. McOdum, as representing the Foreign Mission Committee, communicated to the Assembly a message of greeting from the Presbytry of North Formosa, as follows: To the honourable members of the General Assembly of the Presbyterian Church in Canada, the Presbytery of North Formosa sends greetings:

While we cannot be with you in body, we shall be with you in spirit,—thanks be to God for the gift of thought which brings us together in sympathetic communion, though separated by thousands of miles.

On the fourteenth day of the second month of this year, the North Formosa Presbytery met and continued in session for three days. Many important questions were discussed; one of the most important being the question of the possibility of the North and South Formosa Presbyteries uniting to form a Synod.

At the date of writing, each Presbytery has appointed six commissioners to meet, discuss and draw up rules and regulations for a basis of union. These commissioners will report to their respective Presbyteries at their next regular meetings, and our hope is that union will be finally accomplished.

Our Presbytery next meets in the Bang-kah Church upon the invitation of that congregation.

Now, our beloved teachers, we beseech you that you will continually pray for us that God may increase the number of His servants in Formosa and that His Church here may continue to make progress.

Written by Sian-Hu-ki, Clerk.

Translated by J. T. Ferguson, Moderator.

Tamsui, Formosa, April 18th, 1911.

Mr. McOdum read the reply which he proposed the General Assembly should send to the Presbytery of North Formosa, as follows: The General Assembly of the Presbyterian Church in Canada, to the Presbytery of North Formosa, greeting:

[1871]

The General Assembly cordially receives this message of good will from the Presbytery of North Formosa; and rejoices in all the tokens of Divine favour bestowed upon the Church in that land.

The General Assembly earnestly prays that the Presbytery and members of the Church of Christ in Formosa may be guided by the Great Head of the Church in devising and executing such measures, as shall promote the Kingdom of God in Formosa and throughout all the earth.

The General Assembly assures the brethren of the Presbytery of North Formosa of continued remembrance of them and their work; and fervently seeks their co-operation in prayer and effort, that the whole world may speedily be brought to life in Christ.

GREETINGS FROM INDIA.

Dr. Buchanan presented the greetings of the General Assembly of the Presbyterian Church in India. The Assembly received the same with the greatest delight as indicating how wonderful an advance had been made in the progress of Christianity in that great land.

Principal Gandier moved in reply to the greetings from India, seconded by Dr. J. Fraser Smith, the following:

That the Assembly give expression to the great delight and the sincere gratitude to God with which they have received, through Rev. Dr. Buchanan, the greetings from the General Assembly of the Presbyterian Church in India. The very name,—General Assembly of the Presbyterian Church in India, suggests that a new day has dawned for the people of that great land. The Church of Christ is a realized fact in India to-day,—a centre of life and redemptive power, and against it the gates of death shall not prevail. In this age when the forces of nature have become obedient to man as never before and in this land of unparalleled material development, Foreign Mission effort has done more than aught else to keep alive within our home church the spirit of Christ's cross. Had we not lost some of our life to India and other Foreign Mission fields, we would not have found the life and power that is ours to-day for the evangelizing of our own rapidly growing Canada.

We pray that the conquering power of the risen Christ may be made manifest to all India through His body, the Church, and we ask that our brethren in India will continue their supplications for us in our no less difficult task of holding for Christ this new empire of the West.

LOYAL ADDRESSES.

The Assembly called for the report of the Committee on Loyal Addresses, which was given in and read by the Clerk, at the request of the Convener, President Forrest. On motion of Dr. R. Campbell, duly seconded, the report was received and adopted. The following are the addresses:

The Committee appointed to draft loyal addresses reported the following, which were received and adopted:

To the King's Most Excellent Majesty:

May it please Your Majesty,—We, the ministers and elders of the Presbyterian Church in Canada, convened in General Assembly, desire to express our loyal devotion to Your Majesty's person and throne.

[1872]

We unite with the rest of the Empire in the hope that your coronation about to be celebrated may be the augury of many years, during which you will rule over an empire distinguished by its love of justice, peace and righteousness.

We venture to assure Your Majesty that Canada cherishes a loyalty to Your Person and throne which is not surpassed even by that which is so truly characteristic of the mother country.

May the blessing of Almighty God rest upon Your Majesty, the Queen and the children of the royal family.

To His Excellency Earl Grey, Governor-General of Canada:

The General Assembly of the Presbyterian Church in Canada would express to Your Excellency, their high appreciation of your personal worth as well as their admiration of the efficient manner in which you have discharged the duties of the honourable office of Governor-General of this Dominion.

They regret to learn that Your Excellency is soon to leave Canada. They hope that you will carry away pleasant recollections of your stay among us.

Your Excellency must have noticed with great satisfaction the intense loyalty of the people of Canada. The Assembly would assure Your Excellency that they yield to none in their devotion to their King and to the Empire. Their earnest hope is that as the country advances in wealth and population, the ties which bind Canada to the mother country may grow stronger and stronger and that the Dominion may be increasingly helpful as an important member of the Empire.

They commend Your Excellency, the Countess Grey and all your family to the continued favour of Almighty God.

THE PEACE RESOLUTION.

President Forrest moved that the resolution passed at a former sederunt regarding the proposed treaty of arbitration between Britain and the United States be communicated to President Taft of the United States, and Sir Edward Grey, Foreign Secretary of Great Britain and Ireland. The motion was seconded and agreed to.

GREETINGS FROM THE CONGREGATIONAL UNION.

The hour of the day having arrived for receiving a deputation from the Congregational Union, Mr. Alexander MacGillivray introduced to the Moderator Rev. A. G. Sleep and Rev. G. Watt Smith. He received them accordingly as messengers from a branch of the Christian Church with which the Presbyterian Church in Canada had always maintained cordial relations, and asked them to address the Assembly. This they both did, expressing the pleasure it afforded them to be the bearers of cordial greetings from the Church which they represented, which holds so much in common with the Presbyterian Church, and which has been historically so closely connected with it.

The Moderator replied in suitable terms, and expressed the great delight the Assembly experienced in the visit of the deputation and asked them to convey in turn, to the Congregational Union, the warmest good wishes of the General Assembly for its prosperity and success in all its undertakings.

[1873]

REPORT *re* TRAVELLING EXPENSES OF COMMISSIONERS.

The Assembly called for the report of the Committee on the travelling expenses of commissioners, which was given in and read by Mr. W. R. Cruikshank, on whose motion, duly seconded, it was received and its recommendations were considered seriatim. Being so considered, they were, on Mr. Cruikshank's motion, duly seconded, adopted as a whole as follows:

Your Committee *re* Travelling Expenses of Commissioners beg to report that they met and maturely considered the matter, and would recommend:

That a special fund, to be known as the Assembly Travelling Expense Fund, be created on the following basis, viz.:

1. That a sum equivalent to ten cents per family be assigned to each Presbytery, each being at liberty to raise said amount as it may deem best. Each Presbytery shall forward to the Agent of the Church at Toronto its proportion of such fund on or before the first day of May. The travelling expenses of the commissioners from any Presbytery, not contributing its full quota, shall be paid only in proportion to the amount contributed by such Presbytery.

2. The fund thus created shall be disbursed as follows:

(a) The number of miles travelled by each commissioner, by the shortest practicable route, in going to the place of meeting, shall be a prime factor in determining the amount to be paid.

(b) A sum equal to three cents per mile travelled shall be paid from the fund to each commissioner to meet the whole amount of his travelling expenses over and above the five dollars (\$5.00) the deduction of which Presbyteries have recommended.

(c) Should the amount on hand in any year be found insufficient to pay in full the expenses of commissioners, the amount on hand shall be distributed by increasing the flat rate.

3. In order that the new scheme may be successfully launched and brought into practical operation, your Committee recommend that a Standing Committee of seven members of Assembly be appointed, and would suggest the following as the Committee for the first year, viz.: Mr. W. T. Wilkins, Trenton, Convener; Mr. W. R. Cruikshank, Montreal; Mr. Andrew Denholm, Blenheim; Dr. James Farquharson, Judge Farrell, Mr. R. C. Jennings and Mr. A. H. Foster.

AUGMENTATION REPORT.

The General Assembly called for the report of the Committee on Augmentation, Eastern Section, which was presented by Mr. W. H. Spencer, who called attention to its salient features as printed and in the hands of members, and offered the following motion:

That the Assembly receive the report of the Augmentation Committee, Eastern Section; express its pleasure in learning that the Fund is in a prosperous condition; sanction the supplementary and annual grants made, and give the Committee power to deal with any deferred or new applications. The motion was seconded by Dr. McCurdy and agreed to.

[1874]

PRINCIPAL A. A. GRAHAM.

At the instance of a representative of the Presbytery of Regina, the Assembly granted leave to the Presbytery of Regina to place on its roll the name of Mr. A. A. Graham as soon as he is installed as Principal of Saskatchewan College for Boys, and has presented his Presbyterian Certificate.

The Assembly adjourned to meet again in this place, this afternoon, at half past two o'clock, of which public intimation was given, and this sederunt was closed with the benediction by the Moderator.

SIXTEENTH SEDERUNT.

At the same place, on the same day, at half past two o'clock in the afternoon.

The General Assembly of the Presbyterian Church in Canada met, as per adjournment, and was constituted, Dr. Dickson and Mr. F. Rae leading in prayer at the request of the Moderator.

The Minutes of the morning sederunt were read and confirmed.

COMMUNICATION FROM QUEEN'S UNIVERSITY.

The Clerk read a letter from the Secretary of Queen's University, communicating the acknowledgment of the Board of Trustees of the receipt of a copy of the resolutions passed by the General Assembly affecting the constitution of the University, and thanking the Assembly for the interest taken in the institution.

OVERTURE *re* LIFE AND WORK COMMITTEE.

The Assembly called for the report of the Committee appointed to consider the overture presented to the General Assembly, suggesting the reviving of the Committee on the Life and Work of the Church, which was given in and read by Dr. J. W. Macmillan, Convener, who moved, seconded by Mr. A. H. Foster, as follows:

That the result aimed at in this overture will be sufficiently attained by the Assembly's Committee on Social Service and Evangelism sending down to sessions certain questions bearing upon the spiritual life of the Church. Further, we suggest that it would be sufficient for the Committees on Systematic Giving and Social Service and Evangelism to send down their questions to congregations in alternate years.

The resolution was carried.

REPORT ON APPLICATIONS OF MINISTERS.

The Assembly called for the report of the Committee on the applications of ministers of other Churches to be received into the ministry of this Church, which was given in and read by Dr. Ramsay, on whose motion, duly seconded, it was received and its recommend-

[1875]

ations were considered seriatim. Being so considered, they were adopted as a whole, as follows:

The Committee on the Reception of Ministers from other Churches begs leave to recommend as follows:

1. That the application of the Presbytery of St. John on behalf of the Rev. John Lennox of the United Baptist Church of the Maritime Provinces, be granted.
2. That the application of the Presbytery of Toronto, on behalf of the Rev. J. Waddell Black of the Presbyterian Church in England, be granted.
3. That the application of the Presbytery of St. John, on behalf of the Rev. Allan Lang, B.A., Ph.D., of the American Presbyterian Church North, be granted.
4. That the application of the Presbytery of Barrie on behalf of the Rev. A. B. Hubley, of the Reformed Episcopal Church in Canada, be granted.
5. That the application of the Presbytery of Sarnia, on behalf of the Rev. H. G. Rice, M.A., B.D., of the Congregational Church in Canada, be granted.
6. That the Presbytery of Owen Sound be allowed to withdraw its application on behalf of the Rev. William Gribble of the Church of the United Brethren in Christ.
7. That the application of the Presbytery of Alameda, on behalf of the Rev. W. H. McEwen, D.D., of the American Presbyterian Church (North), be granted.
8. That the application of the Presbytery of Hamilton, on behalf of the Rev. Charles M. Wyse, of the American Presbyterian Church (North), be granted.
9. That the application of the Presbytery of Superior, on behalf of the Rev. James McAdie of the Congregational Church in Canada, be granted.
10. That the application of the Presbytery of Toronto on behalf of the Rev. Thomas B. McCorkindale, M.A., of the Church of Scotland, be granted.
11. That the application of the Presbytery of Lindsay, on behalf of the Rev. James Fraser of the Baptist Church in Ontario, be granted.
12. That the application of the Presbytery of Edmonton, on behalf of the Rev. Maxime Zilizneak, of the Independent Greek Church, be granted.
13. In reference to the application of the Presbytery of Swift Current, on behalf of the Rev. Frank B. Forster, B.A., of the American Presbyterian Church (North), your Committee note that the application was not made by Presbytery until May 17th, and that the law of the Church in re circular letters to Presbyteries, was not complied with; Therefore, your Committee recommends that the Senate of Manitoba College be directed to prescribe an extra-mural course in theology of two years for Mr. Forster, and that the Presbytery of Swift Current be encouraged to renew the application on his behalf upon his satisfactorily passing the examinations in the same.
14. In reference to the application of the Presbytery of Montreal, on behalf of the Rev. Thomas Harrison, of the Christian Free Church of Ireland, your Committee recommends that the Senate of the Presbyterian College, Montreal, be directed to prescribe for him a course of study in theology, in the College, for one session, and that the Presbytery of Montreal be granted permission to receive him upon his satisfactorily passing the examinations in the same.
15. That the application of the Presbytery of Lindsay, on behalf of the Rev. John Ferry, of the American Presbyterian Church (North), be granted.
16. In reference to the application of the Presbytery of Battleford, on behalf of the Rev. George Jack, of the United Free Church of Scotland, which, at last Assembly, was

[1876]

deferred on account of insufficient information, your Committee recommends that action be further deferred on account of insufficient information and the failure of the applicant to appear in person.

REPORT OF COMMITTEE ON UNION WITH OTHER CHURCHES.

The Assembly called for the report of the Committee on Union with the Congregational and Methodist Churches, which was presented and read by Principal Patrick, Convener, on whose motion, seconded by Principal Scrimger, it was received and adopted. It is as follows:

The Committee adopt the resolution, and its three questions drawn up by the Special Committee of Assembly appointed to consider the returns from Presbyteries on the question of Church Union.

They recommend that the returns from Sessions and Congregations be returned to the Clerks of Assembly, and Secretary of the Union Committee, through their respective Presbyteries, not later than March fifteenth (15th).

They further recommend that the basis of Union be sent down to Presbyteries for suggestions, as to its improvement, and that these suggestions should be forwarded to the Clerks of Assembly and the Secretary of the Union Committee, not later than March fifteenth (15th).

That the Assembly add to the Committee the names of Lieutenant-Governor Rogers, Professor Ballantyne and Mr. R. W. Dickie, of Montreal, in place of the members removed by death.

MATTERS RELATING TO TAKING THE VOTE ON UNION.

It was moved by Mr. T. A. Roger, seconded by Dr. J. B. Fraser, and carried:

That the Convener of the Union Committee, its Secretary and the Moderator and Clerks of Assembly, be a Committee to prepare the documents on Union and send them down to the Church.

It was further resolved, on motion of Dr. J. B. Fraser, duly seconded, that Presbytery Clerks be enjoined to transmit returns of the votes of sessions and congregations, with any suggestions or alterations that may be reported, to the Clerk of Assembly not later than the twenty-fifth (25th) day of March, one thousand nine hundred and twelve.

REPORT OF STANDING COMMITTEES.

The Assembly called for the report of the Committee to Strike Standing Committees, which was presented by Mr. S. H. Eastman, Convener, on whose motion, duly seconded, it was received. It was agreed to take up the recommendations seriatim.

It was resolved to take up the consideration of the composition of the Home Mission Committee as the first item of business in the evening.

It was also agreed to consider the composition of the Foreign Mission Committee at the evening sederunt.

The Assembly proceeded to the consideration of the composition of the other Committees and Boards of the Church. When the Committee on the Hymnal was reached, the order of business was interrupted in order that the overture from the Synod of Montreal and Ottawa re the appointment of Mr. J. A. MacFarlane for work within the Synod bounds,

[1877]

along the lines of his work the previous year, may be taken up. Mr. J. R. MacLeod presented the overture and moved the adoption of the same. It was seconded by Mr. W. T. McKenzie and supported by several others.

The motion was carried.

On the question being raised as to salary, on motion of Mr. D. Currie, seconded by Mr. J. McDougall, the Court agreed that it be paid as in the former year.

SUPERVISION OF MR. J. A. MACFARLANE'S WORK.

It was moved by Mr. W. W. Peck, seconded by Mr. J. McDougall, and carried, that the question of the form and support of the work now carried on by Rev. J. A. MacFarlane, as Synodical Superintendent of Montreal and Ottawa, be referred to the Presbyteries of the Synod for consideration, they to report through the Synod to next General Assembly.

The Overture being disposed of, the Assembly resumed consideration of the report of the Committee on Standing Committees, until they were all considered.

CORRECT READING OF RULES FOR NEW THEOLOGICAL STUDENTS.

The Assembly called for the report of the Committee appointed to consider the answer given on the subject of the correct reading of the Rules for admission to the study of Theology, by the Committee appointed by last General Assembly, which was presented and read by Principal Gordon, Convener, on whose motion, duly seconded, the following resolution was passed:

The Assembly receive the report, thank the committee for its diligence, and accept their interpretation of sections 222-224 in the Book of Rules as correct, but change their recommendation concerning the Presbyterian College, Halifax, to the following effect, that no affiliated student be accepted as a regular third year student in theology till he has passed all the Arts subjects.

PROVISIONAL BOARD OF MANAGEMENT FOR QUEEN'S THEOLOGICAL DEPARTMENT.

It was moved by Mr. J. H. Edmison, seconded by Mr. G. M. Macdonnell and carried that in view of the legislation contemplated in behalf of Queen's University, which will provide for a separate incorporation of the theological faculty, it is desirable that a provisional Board of Management should be now appointed to assume the charge of the theological faculty upon its incorporation.

It is, therefore, referred to the Committee on Standing Committees to report such a Board to-night.

The Assembly adjourned to meet again in this place, this evening, at a quarter to eight o'clock, of which public intimation was given, and this sederunt was closed with the benediction by the Moderator.

SEVENTEENTH SEDERUNT.

At the same place, on the same day, at a quarter to eight o'clock in the evening:

The General Assembly of the Presbyterian Church in Canada met, as per adjournment, and was constituted, Mr. A. S. Robertson leading in prayer at the request of the Moderator.

[1878]

The Minutes of the Sixteenth Sederunt were read and confirmed.

PROVISIONAL BOARD FOR QUEEN'S THEOLOGICAL FACULTY.

The Moderator, as requested, named a Provisional Board for the Theological Faculty of Queen's University, as follows:

Principal Gordon, Dr. Macgillivray, Dr. W. S. McTavish, Messrs. G. M. Macdonnell, D. G. Laidlaw, W. T. Minnis, Professor Ross, Professor Laird, Rev. S. M. Gray, Rev. T. Crawford Brown, Hamilton Cassels, Hon. J. M. Gibson, Sir Thomas Taylor, Rev. D. R. Drummond, Rev. J. G. Stuart, C. R. Somerville (London), Rev. James Wallace, Rev. J. H. Edmison, Rev. J. W. Milne, Rev. J. H. Turnbull, Dr. Herridge, Rev. R. Bruce Taylor, Colonel McCrae, J. M. Gill, Alexander McFee.

The nomination was approved.

REPORT ON STANDING COMMITTEES.

The Assembly resumed consideration of the report of the Committee to strike Standing Committees. The composition of the Home and Foreign Missions, East and West, being agreed upon, the report as a whole, was adopted, on motion of Mr. S. H. Eastman duly seconded, and is as follows:

The Committee appointed to nominate Standing Committees begs to recommend that the Committees be composed as follows:

(The Standing Committees have been arranged in accordance with the rules to be found on page 61 of the Minutes of the Assembly of 1909).

The Committee agreed to call attention of members of Presbytery to the new rules governing the appointment of Standing Committees, as found in the Assembly Minutes of 1909, pages 606-62, and especially to the Section III, 3, viz.: (a) "That Conveners of Standing Committees which meet between Assemblies, keep a record of attendance, and forward it year by year to the Convener of this Committee, and that failure to attend meetings, unless satisfactorily explained, forfeits membership.

(b) That Conveners of Standing Committees which do their work by correspondence also report to the Convener of this Committee, and that failure to answer communications, unless satisfactorily explained, forfeits membership.

The Committee would also emphasize the importance of having all the Synods of the Church represented on the Committee appointed to nominate Standing Committees. Respectfully submitted.

S. H. EASTMAN,

Convener.

LAYMEN'S MISSIONARY MOVEMENT.

It was agreed to hear Mr. F. W. Anderson, Secretary to the Laymen's Missionary Movement. He gave a brief account of the progress of the work with which that organization charges itself, and testimony was borne to the great impulse given to the liberality of the membership of our Church through the influence and efforts of the movement. Mr. Walter Paul offered the following resolution, which was seconded by Lieutenant-Colonel McCrae, and carried:

That having heard with pleasure from the Secretary of the Laymen's Missionary Movement the announcement that Sir Andrew Fraser, formerly Moderator of the General Assembly of the Presbyterian Church in India, has promised to visit Canada in the autumn of this year to take part in a series of Provincial Missionary Conventions, this Assembly give hearty endorsement to the conventions referred to and urge congregations to take the fullest possible advantage of the opportunity to be represented at the convention nearest of access to them.

REPORT ON MORAL AND SOCIAL REFORM AND EVANGELISM.

The Assembly called for the report of the Committee on Moral and Social Reform and Evangelism, which was presented by Dr. Pidgeon, who called attention to its prominent features, as printed and in the hands of members. He moved that it be received and its recommendations considered. The motion was seconded and agreed to.

Mr. F. A. Robinson, Assistant Secretary, who succeeded Dr. Patterson in taking charge of the work of Evangelism, gave a graphic account of the several Evangelistic campaigns which had been carried on under the auspices of the Committee. Testimony as to the fruits of these campaigns in the districts in which they resided and co-operated, was borne by Mr. Reid, Sault Ste. Marie, Mr. James Gowanlock, of Fort William, and Mr. C. O. Main, Kootenay.

Dr. Shearer was also heard in connection with items in the report.

While the discussion of the report was in progress, Dr. Grenfell, C.M.G., of the Labrador Mission was introduced by Principal Patrick to the Moderator and was invited to address the house, which he did briefly, referring specially to the report under consideration.

Recommendation 5 was omitted.

Recommendation 9 was omitted, and 8 and 9 take its place.

8. In view of the moral dangers to which unchaperoned young women are exposed on immigrant ships and trains; and in view of the fact that the appointment of Immigrant Inspectors, both male and female, on ships sailing to American ports has driven those engaged in the White Slave trade to ships sailing to Canadian ports, thus increasing the dangers to immigrants coming to Canada;

Therefore resolved that the General Assembly appeal to the Government of Canada to appoint similar Inspectors upon all ships sailing to Canadian ports.

And also that the Board be instructed to interview the Government in support of this request.

9. The Assembly regrets that amendments to the criminal code aiming at the more effectual suppression of Social Vice and Immoral Literature and the reclaiming of criminals, previously asked for, have not yet been enacted, and earnestly appeals to the Domin-

[1892]

ion Government to take such action as will ensure the enactment of this much-needed legislation before the end of the present session of Parliament;

And that a copy of this resolution be sent to the Prime Minister and the Minister of Justice.

The resolution relating to opium was referred back to the Committee, and the Assembly deferred further action on the report.

RESOLUTION ON THE MARRIAGE QUESTION.

The Assembly called for the report of the Committee appointed to consider the resolution of which notice was given at a former sederunt on the marriage question, which was given in and read by Dr. Duval. The resolution, as amended, by the Committee was adopted, on motion of Dr. Duval, seconded by Principal Scrimger.

It is as follows:

Resolved:

That the General Assembly of the Presbyterian Church in Canada:

1. Recognizes union between one man and one woman in marriage as primarily consistent with the law of God in creation, and as necessary to the highest welfare of the race.

2. That such union in marriage has the sacred sanction of Revelation in the Old and New Testament.

3. That they unite in the highest ideals of the Hebrew and Christian world for maintaining the permanence of the marriage bond as necessary for the highest good of society.

4. That inasmuch as marriage involves both social and property rights, which can be enforced only by the Civil Government, it is necessary that the contract be entered into under the full sanction and security of the Civil Government.

5. That they are profoundly grateful that the Civil Government is pleased to authorize marriage according to the rites and ceremonies of the various religious denominations and to maintain the validity of the same in law.

6. That while recognizing the right of any Church to make regulations for the discipline of its members, it is desirable that marriage unions once formed should not be annulled for any but the weightiest ethical reasons,—that the legislatures of the various Provinces be urged to remove, as far as possible, all ambiguities in the law affecting the validity of marriages, and provide that the legal hindrances to marriage should be defined by the Civil Law, and not by any Church or other body whose rules do not apply to the whole community.

7. And that because the peace and harmony of our Canadian life has been greatly disturbed and the civil rights of the people greatly interfered with by the publication and attempted enforcement in Canada of the "*Ne Temere*" decree by the Church of Rome, the General Assembly in the common bonds of fraternity so long and happily enjoyed in this beloved land, record their respectful protest against the enforcement of that decree in Canada, and call all good citizens to resist the same, and our legislators to render it impossible by law.

8. But as long as the "*Ne Temere*" decree is attempted to be enforced in Canada, and so long as the Roman Catholic Church assumes the authority to interfere with and destroy the peace of those who contract mixed marriages, while deeply regretting the

[1893]

necessity of suffering any cloud to rest upon the social harmony that should exist among all Christians in this Dominion, the General Assembly is compelled, until the cause of this disharmony is removed by the Church of Rome, to warn all our people to abstain from entering into the marriage tie with those who give their allegiance to the Roman Catholic authority.

The General Assembly adjourned to meet again in this place to-morrow morning at ten o'clock, of which public intimation was given, and this Sederunt was closed with the benediction by the Moderator.

EIGHTEENTH SEDERUNT.

At Ottawa, and within Knox Church there, the fifteenth day of June, one thousand nine hundred and eleven.

The General Assembly of the Presbyterian Church in Canada met, as per adjournment, and was constituted, Rev. F. W. Pritchard and Mr. G. M. Macdonnell leading in prayer at the request of the Moderator.

The Minutes of the Seventeenth Sederunt were read and sustained.

REPORTS ON ASSEMBLY AND SYNOD RECORDS.

The Assembly called for the reports of the committees appointed to revise the Records of the Assembly and the several Synods, which were presented by Dr. Somerville.

On motion of Dr. R. Campbell, seconded by Mr. W. R. Cruikshank, the Assembly ordered that the records of Assembly for year nineteen hundred and ten, and Synods of Maritime Provinces, Montreal and Ottawa, Toronto and Kingston, Hamilton and London, Manitoba, Saskatchewan and British Columbia, be attested as carefully and correctly kept, and that the Clerk of the Synod of Alberta be instructed to present his record for nineteen hundred and ten, to next Assembly with explanation of the reason why it was not presented this year.

REPORT *re* FINANCES.

Your Committee appointed to consider Report of Committee *re* Finances, begs to report that it approves of the adoption of Section 1;

That Section 2 be adopted with the following addition, viz.:

That the Committee recommends that the section be sent down to Presbyteries, and that they be requested to record their judgment upon the following questions, and report to the Convener of the Committee, Mr. J. K. Macdonald, Confederation Life Building, Toronto, before fifteenth January, one thousand nine hundred and twelve.

What sum should constitute the minimum salary within their bounds for:

- (a) Students,
- (b) Catechists,
- (c) Ordained Missionaries,
- (d) Ministers of Augmented charges.

[1894]

3. In place of Section 3, the following be substituted: (a) Inasmuch as the salaries of ministers of augmented charges are guaranteed now (part pledged by the congregation and part by the Augmentation Committee) this Committee recommends that no change be made in the administration of the Augmentation Fund.

All appointments to Home Mission fields being made under the authority of the General Assembly's Home Mission Committee, that Committee must guarantee that every missionary shall receive in full the salary he is entitled to, so long as he remains in the service of the Church.

To this end Presbyteries are enjoined, in accordance with the regulations of the Assembly's Committee, to report to Synodical Committees, and, if necessary, to the Assembly's Committee, any deficits that may exist in the salaries of the missionaries within their bounds, after having used effort to secure from the fields the fullest possible measure of financial support.

Section 4. Committee recommends the adoption of Section 4, and suggests that the following names be added: Rev. A. S. Grant, D.D., Rev. J. H. Edmison, and Mr. Thomas Bradshaw.

REPORT OF COMMITTEE ON BUSINESS.

The resolution of the Presbytery of Hamilton *re* Home Mission Problems was referred, on report of the Business Committee, to the Home Mission Committee.

The Overture from Synod of Saskatchewan, *re* Missionaries to Indians, was referred, on report of the Business Committee, to the Foreign Mission Committee.

REPORT ON SYSTEMATIC GIVING.

The Assembly called for the report of the Committee on Systematic Giving, which was presented by Principal Gandier, Convener, on whose motion, duly seconded, the report was received and its recommendations were considered *seriatim*.

Being considered, they were adopted as a whole, on motion of Principal Gandier, seconded by Dr. J. B. Fraser, as follows:

1. That this Assembly, while recommending, as on former occasions, the weekly offering by envelope on the Lord's Day, and especially the Duplex Envelope, as the method most likely to develop liberality and increase missionary offerings, would call the attention of sessions and missionary committees to the comparative uselessness of introducing this method of giving, apart from a quickening of missionary interest and a thorough canvass of the congregation.

2. That instead of each separate committee allocating an amount to Synods, Presbyteries and congregations, the Assembly's Committee, on estimates and systematic giving, allocate the whole amount required for all the schemes of the Church to Synods, that each Synod allocate the amount required from that Synod among the Presbyteries of the Synod, that each Presbytery allocate the amount required from that Presbytery among the congregations of the Presbytery, and that each congregation be urged to accept and provide its allocated share as a matter of congregational honour and to apportion its givings among the different schemes according to the percentages set forth in the estimates of the Assembly's Committee.

3. That Presbytery's Committees on systematic giving be urged not to cease their efforts until each congregation has undertaken to provide its allocated share of the whole

[1895]

budget, and to that end a thorough personal canvass of the congregation has been made by a Committee of interested men.

4. The Assembly, while confirming the estimates set forth in this report as the amount needed in order to the present maintenance of the Church's missionary enterprises and educational institutions, again reminds Presbyteries and congregations of the need for immediate expansion, and that any standard of giving less than an average of ten cents per week per communicant, or twenty-five cents a week per family, is discreditable even to the weaker congregations.

5. The Assembly would remind those Church members to whom has come something more than an ordinary share of the country's wealth, of their responsibility to give a larger proportion of their income to the work of the Church at this critical period in the history of Canada, and this decisive hour of Christian missions.

6. The Assembly would call the attention of ministers and people to the fact that the amount received by the Treasurer for the schemes of the Church is so small, when compared with the whole amount contributed by our people for missionary and benevolent purposes, as to suggest that many have not recognized their primary responsibility for the work of our own Church.

7. That the Assembly's Committee on systematic giving be empowered to prepare estimates in advance for the succeeding year and send them down to Presbyteries and congregations in time to be placed in the congregational estimates at their annual meetings in January.

8. That our ministers be urged to recognize their responsibility for leadership, so that they will not only give instruction regarding stewardship and information as to the needs of the work, but they will endeavour to secure the introduction of modern methods of finance and train men to promote the same.

RESOLUTION *re* OPIUM TRAFFIC.

The Committee on Moral and Social Reform reported the following resolution on the opium traffic, which had been referred back to them. The resolution was unanimously adopted, as follows:

Whereas the British Parliament has from time to time expressed and furthered the desire of the British people that the Opium Treaties with China should be abrogated;

And whereas the National Assembly of China took action a few months ago earnestly asking the British Government to abrogate the treaty which compelled China to receive opium from India.

And whereas the people of China have, by respectful petition, implored King George to abrogate those treaties, pleading their own earnest desire to be delivered from the vice of opium, which is impossible, so long as these treaties remain in force;

And whereas the British Government has recently made a treaty with China, agreeing to lower the export of opium from India into China by a stated amount each year, terminating the whole traffic in nineteen hundred and seventeen, and earlier if China terminated its production in her own territory.

Resolved that the General Assembly express its gratification at this great forward step taken by the Imperial Government, and earnestly appeal to that Government to hasten the termination of this traffic in every way open to it.

[1896]

Resolved also that we request the International Conference for the Suppression of the Opium Evil, which is to meet in October at the Hague, to secure international action prohibiting the traffic in opium throughout the world except for medicinal purposes and under the most careful restrictions.

Resolved also that this petition be forwarded through the proper officials to the Imperial Parliament, and to the Hague Conference.

Thereupon the report of the Committee as thus amended was adopted as a whole.

MINISTERS' WIDOWS' AND ORPHANS' FUNDS.

The Assembly called for the Ministers' Widows' and Orphan's Funds reports, East and West, which were presented by Dr. McCurdy and Dr. Somerville, respectively, and which as printed and in the hands of the members, they referred to in their remarks to the house. On motion, duly seconded, the two reports were received and adopted.

CHURCH OF SCOTLAND WIDOWS' AND ORPHANS' FUND.

The Assembly called for the report of the Ministers' Widows' and Orphan's Fund, Church of Scotland Section, which was presented on behalf of the chairman by Dr. R. Campbell, on whose motion, seconded by Principal Scrimger, it was received and adopted.

OVERTURE *re* GERMAN REFORMED CHURCH.

There was presented and read an overture from the Synod of Alberta regarding the relation of the German Reformed Church of the United States to Mission work among German Protestants in the Western Provinces. Dr. McQueen was heard regarding the terms of the overture, and moved as follows:

Express satisfaction at the interest taken in our work by the German Reformed Church, and remit the whole question referred to in the overture to the Assembly's Home Mission Committee for consideration, to bring a recommendation to next Assembly.

IMMIGRANTS IN BRITISH COLUMBIA.

There was presented and read an Overture from the Synod of British Columbia, suggesting the advisability of establishing homes for immigrants in the chief centres of distribution in the Dominion.

Mr. George A. Wilson was heard in support of the Overture, and concluded with moving:

That the Overture be received and referred to the Assembly's Home Mission Committee with power to take such action as may be deemed necessary.

The motion was seconded and agreed to.

LOYAL ADDRESS.

The Moderator and Dr. Somerville, Clerk, were appointed a committee to draft an address to His Royal Highness, the Duke of Connaught, on his entering upon his office of Governor-General of the Dominion, the Moderator to present it to His Excellency in person.

[1897]

CORRESPONDENCE WITH OTHER CHURCHES.

The Assembly called for the report of the Committee on Correspondence with other Churches, which was presented by the Convener, Dr. Robert Campbell, who briefly referred to it as printed, and in the hands of members, and moved that it be received and adopted. The motion was seconded and agreed to.

THE WINNIPEG OFFICE.

The Assembly called for the report of the Winnipeg Office, which was given in by Dr. James Farquharson, agent, on whose motion, duly seconded, it was received and adopted.

THE *Ne Temere* DECREE.

The following resolution was offered by Mr. Geo. A. Wilson, seconded by Dr. Duval: Resolved, that in view of the action being taken by the various Protestant denominations of Canada, and the resolution passed by this Assembly respecting the *Ne Temere* decree, the Assembly appoints a small committee to act in conjunction with any similar Committee appointed by other denominations, to give effect to the sentiments expressed by the various denominations, by presenting to the different Legislative Assemblies of Canada, their united convictions, of the rights of the common citizenship in relation to the marriage law.

The resolution was adopted, and the following were appointed such Committee: the Moderator, Convener, Dr. Duval, Principal Scrimger, Judge MacTavish, and Mr. Henry Aylwin, K. C.

ALLIANCE OF REFORMED CHURCHES.

Principal Scrimger gave a brief statement of the work being done by the alliance of the reformed Churches, Western Section, during the past year, and moved, seconded by Dr. R. Campbell:

That the report be received, that the Assembly express its appreciation of the value of the Council of the alliance of Reformed Churches, and authorize the usual grant towards its annual expenses.

The motion was agreed to.

HOME MISSION SECRETARYSHIP.

Dr. Farquharson moved, seconded by Dr. Ramsay:

That in the event of Mr. Edmison accepting the appointment to be secretary of the Assembly's Home Mission Committee, the Assembly direct the Presbytery of Maitland to release him from his present charge; that the Assembly appoint Dr. Grant to represent it in this regard before the said Presbytery; and that, further, it direct the Presbytery of Toronto to place the name of Mr. Edmison upon its roll of members.

The motion was carried.

Dr. Ramsay then offered the following motion:

That in the event of Mr. Edmison's declining the Assembly's offer of the position of Secretary to the Home Mission Committee, authority be given to the executive of that

[1898]

Committee to make an appointment and to take all the steps that may be necessary in connection therewith.

The motion was seconded and agreed to.

CHURCH SITE PURCHASES IN BRITISH COLUMBIA.

There was presented and read an Overture which had been before the Synod of British Columbia, and which has been forwarded for the approval of the General Assembly, after adoption by the Synod.

Mr. George A. Wilson was heard in explanation of the Overture, and moved as follows: seconded by Dr. MacRae:

The General Assembly, having heard of the action taken by the Synod of British Columbia to raise a fund for the purpose of purchasing sites for Church property and assisting weak congregations to provide the necessary equipment, thus saving much expense at the initial stages of mission work, records its approval thereof and commends the fund to the liberality of the Synod of British Columbia.

The resolution was adopted.

LORD'S DAY ALLIANCE.

Mr. W. M. Rochester, Secretary to the Lord's Day Alliance, was heard in relation to the operations of that important society during the past year.

It was resolved, on motion of Dr. McQueen, seconded by Principal Scrimger,

That this Assembly place on record its appreciation of the work of the Lord's Day Alliance in its labour on behalf of the preservation of the Lord's Day, and very heartily commend the organization to the sympathy and support of the members and adherents of the Church throughout the Dominion.

DR. HOWIE'S ADDRESS.

Dr. J. Coulson Howie, M. A., of Glasgow, Scotland, an elder in the United Free Church of Scotland, was introduced to the Moderator and was asked to address the house, which he did briefly, tendering the warm greetings of the mother Church to the General Assembly, and giving some particulars of the work they were trying to do in Scotland.

LIBRARIAN IN WESTMINSTER HALL.

On motion of Mr. George A. Wilson, duly seconded, the Assembly approved of the appointment of Mr. J. A. Logan, M.A., as librarian of Westminster Hall, Vancouver.

LETTER FROM ASSOCIATION OF PROTESTANT PRENTICE BOYS.

A communication addressed to the Assembly, approving of the action taken relative to the *Ne Temere* decree, was read from the Convention of the Protestant Prentice Boys' Association now in session in this city, and the Clerk was instructed to acknowledge receipt thereof, and to thank the Society for their kind words of appreciation.

[1899]

COLLECTIONS.

On motion of Dr. J. B. Fraser, duly seconded, the Assembly resolved that the stated collections for the schemes of the Church in congregations in which there are no missionary associations, be made as follows:

1. French Evangelization, on the fourth Sabbath of July.
2. Assembly Fund, on the third Sabbath of August.
3. Colleges, on the fourth Sabbath of September.
4. Sabbath Schools, on Children's Day.
5. Home Missions: Thanksgiving service, on the third Sabbath of October.
6. Minister's Widows' and Orphan's Fund, on the fourth Sabbath of November.
7. Manitoba College, on third Sabbath of December.
8. Augmentation Fund, on the third Sabbath of January, 1911.
9. Aged and Infirm Ministers' Fund, on the third Sabbath of February, 1911.
10. Foreign Missions, on the second Sabbath of March, 1911.
11. Social Service and Evangelism. Not later than July 1st.

Ordered also, that all congregations and mission stations be enjoined to contribute to the schemes of the Church.

Further, that contributions be sent to the Treasurer of the Church in even dollars as soon as possible after the collections are taken.

VOTES OF THANKS.

Rev. George A. Wilson moved votes of thanks as follows:

To Dr. Ramsay and the session and managers of Knox Church for the use of their church for the meeting of the General Assembly; to the Knox Church Choir for their efficient help in leading the praises in the evenings; to the chairman and members of the local Committee for the arrangements made for the reception and entertainment of commissioners; to the people of Ottawa for their bountiful hospitality to members of Assembly; to the street car company; to the Hon. the Minister of Agriculture; the Eddy Manufacturing Company; and Dr. W. F. King, for the invitations given the members of Assembly to visit the Experimental Farm, the Paper and Match Factory, and the Observatory, respectively; to the Y. M. C. A. authorities for placing their committee rooms at the disposal of the Assembly; to the daily papers for their full and accurate reports of the proceedings of Assembly; to the transportation companies for special rates granted to the commissioners and families, and to the various officials of the same for their courteous attention.

The motion was seconded by Dr. Duval and agreed to.

THANKS TO THE MODERATOR.

Mr. W. B. McCallum at this point begged to offer a motion, seconded by Dr. J. B. Fraser,

That the Assembly record their appreciation of the able and courteous manner in which the Moderator had presided over the deliberations of the Assembly securing that, while business matters were furthered by the deftness of his ruling, the devotional spirit of the Assembly was maintained.

The motion was put to the house by the Clerk, and carried unanimously.

[1900]

MINUTES.

It was agreed to hold the minutes of this Sederunt as read and sustained.

CLOSED.

The business being finished, the Moderator addressed the Assembly, briefly reviewing the proceedings, and after prayer, asked the Assembly to join in singing the four hundred and sixtieth hymn, which having been sung, he said:

In the name of the Lord Jesus Christ, only King and Head of the Church, and by authority of the Assembly, I now dissolve this Assembly and order another General Assembly of the Presbyterian Church in Canada to meet in the City of Edmonton, and within the First Presbyterian Church there, or in the city of Toronto, and within Knox Church there, as may be determined hereafter, on the first Wednesday in June, one thousand nine hundred and twelve, at eight o'clock in the evening.

The Moderator then closed the session with the Apostolic benediction.

[1901]

APPENDICES

REPORT OF THE HOME MISSION COMMITTEE, (WESTERN SECTION) 1910-1911.

To the Venerable, the General Assembly:—

Your Committee on Home Mission work in the Western Section of the Church beg to submit the following report:—

A YEAR'S GROWTH.

Last year the number of fields reported to the General Assembly was 674. During the year 129 new fields have been opened, and 5, which had been raised to the status of Augmented Charges, were returned to the care of the Home Mission Committee. Forty-eight fields were closed, merged in other fields or ceded to the Methodist Church in exchange for fields from which that Church agreed to withdraw; 26 were handed over to the care of the Augmentation Committee, and 3 became self-sustaining without requiring assistance from the Augmentation Fund. The net result of the year's operations is, therefore, an increase of 57, and the total number of fields this year is 731.

Of these fields, 168 are in Ontario and Quebec, 108 in Manitoba, 245 in Saskatchewan, 130 in Alberta, and 80 in British Columbia.

FUTURE EXPANSION.

For a number of years, the country has been advancing with rapid strides, and there seems no reason for doubting that this progress will continue for a lengthened period. Our agricultural and mineral resources are so vast—to say nothing of the wealth of our forests and our fisheries—that for years to come we can hardly fail to receive from other lands large accessions to our population. The immigration to Canada during 1910 numbered 303,091, and it is expected that the immigration for the present year will show an advance of at least 50,000. Of last year's immigrants, 112,638 came from the British Isles, 124,602 from the United States, and 65,851 from other countries.

Looking out along any of the many lines of possible national development, Canadians would seem to be justified in saying, "To-morrow shall be as this day and much more abundant". Nothing could be more calamitous than that we should use such words as these in a spirit of irreligious boastfulness. Material prosperity must be accompanied by a deep sense of the solemn responsibility that opportunity always involves, and the hundreds of thousands of new Canadian citizens must feel the inspiring influence of lofty sentiments and the transforming power of vital godliness, if national expansion is not to become the prelude to irretrievable national disaster.

INCOME AND EXPENDITURE.

A year ago, your Committee estimated that the expenditure for the year would be \$248,000. On account of the impossibility of securing a sufficient number of missionaries to occupy all the fields, especially during the winter months, the actual expenditure was only \$226,700. The total revenue was \$220,156, leaving a deficit of \$6,544, which was covered by transferring this amount from the Reserve Fund. Even this small deficit would not have occurred if all the contributions that had been promised (and that were actually paid before the annual meeting of the Committee on the 21st of March), had been sent forward, as they should have been, before the 28th of February. Although

this delay in forwarding contributions reduced the total receipts by nearly \$7,000, the amount actually received was still fully \$12,000 in advance of the high water mark of the receipts of the previous year.

In the judgment of your Committee, the Church's response to the appeal in behalf of Home Missions is exceedingly gratifying, and ought to occasion the deepest thankfulness.

CO-OPERATION IN HOME MISSION WORK.

Perhaps the most important event of the Home Mission year was the preparation, by a Committee representing the Presbyterian, Methodist and Congregational Churches, of a plan of co-operation, which, if loyally carried out, will put a stop to the unnecessary duplication of missionary effort and the appearance of unseemly rivalry in religious work, by the Churches concerned. Many conferences were held by the Joint Committee and all aspects of the question were very carefully considered. The result of their deliberations is herewith submitted.

"The Joint Committee on Co-operation in Home Mission work, duly constituted under the authority of the Supreme Courts of the Presbyterian, Methodist, and Congregational Churches, having carefully considered the whole situation in the interests of the Kingdom of God in Canada, beg to submit the result of their deliberations to the prayerful and sympathetic consideration of the Churches concerned, and to recommend the cordial adoption of the following plan of co-operation, and the immediate appointment, by the local authorities of the various Churches, of the Committees necessary to render it effective.

"Cases of overlapping, in localities where the organization called for in this plan of co-operation does not already exist and cannot be immediately created, may be referred for adjudication to this General Committee.

"The Committee record their gratification with the progress already made along the lines laid down in the following plan by representatives of the Presbyterian and Methodist Churches in the Province of British Columbia, and to a much fuller extent in the Province of Alberta.

"The Committee are profoundly thankful for the spirit of unity that has characterized their deliberations, and has made it possible for them to agree unanimously upon a plan of co-operation; and they express their earnest conviction that the loyal working out of this plan will do much to put a stop to unseemly rivalry, and to increase the effectiveness of the Co-operating Churches, in undertaking their share of the stupendous task of claiming and holding Canada for Christ.

HISTORICAL SKETCH OF THE MOVEMENT FOR CO-OPERATION.

"In March, 1908, the Home Mission Committee of the Presbyterian Church in Canada recommended the General Assembly to appoint a Committee to act with similar Committees of other Churches, for the purpose of considering co-operation in Home Mission work, the work of this Joint Committee to be:—

- "1. To define the policy to be followed in regard to comity and co-operation.
- "2. To adjudicate upon special cases which may be referred to them, where fields may be re-arranged to prevent overlapping.

"Knowledge of the action taken by the Presbyterian Church was, by the Convener of their Committee, communicated to the authorities of the Anglican, Baptist, Congregational and Methodist Churches. In response to this communication, the Congregational Church in 1908, and the Methodist Church, at their Quadrennial Conference in 1910, appointed similar Committees, assigning to them the same duty that had been assigned

to the Committee of the Presbyterian Church. The Committees appointed were as follows:—

"*Presbyterian*.—Dr. McLaren, Convener; Dr. Somerville, Dr. Gilray and Dr. Neil, Ministers; Messrs. A. S. Grant, J. A. Paterson, W. K. George and Lieut.-Col. McCrae, with Messrs. Alexander Laird, M. Parkinson, Thos. Findlay, and Lieut.-Col. Davidson as Alternates.

"*Methodist*.—Rev. Dr. Carman, Rev. Dr. Chown, Rev. Jas. Allen, Rev. Dr. Woodsworth, Rev. Dr. Heartz, and Rev. Dr. Ryckman; Mr. H. H. Fudger, Hon. Justice McLaren, Mr. N. W. Rowell.

"*Congregational*.—Rev. W. T. Gunn, Rev. J. K. Unsworth, Rev. J. W. Pedley, Rev. J. L. Gordon, and Messrs. Geo. H. Wilson and H. O'Hara.

"The Secretary of the Missionary Society of the Church of England in Canada, in reply to the communication sent to him, stated that, in the Church of England in Canada, the work in each Diocese is entirely under the control of the Bishop of the Diocese. This Joint Committee, therefore, decided to forward to each Bishop of the Church of England a copy of the plan of co-operation agreed upon, and to extend to him a very cordial invitation to participate with the Joint Committee in his Diocese in this co-operation.

The Home Mission Board of the Baptist Convention of Ontario and Quebec appointed a Committee to meet with the Committees of the Sister Churches; but the members of that Committee, after a lengthened consideration of the scope of the proposed co-operation, stated frankly that, while their policy has always been to discourage the opening of new fields, unless there was a reasonable prospect of the fields early becoming self-supporting, they could not, consistently with their principles, enter into any scheme of co-operation except among the non-English-speaking settlers.

NECESSITY FOR CO-OPERATION.

"This Joint Committee, representing the Presbyterian, Methodist and Congregational Churches, hereby record their conviction that, while there is not as much overlapping in the Home Mission field on the part of their respective Churches as many people suppose, there are yet more cases of the unnecessary multiplication of religious effort than are creditable either to the Christian spirit or to the good judgment of the Churches concerned.

ORGANIZATION.

"In order to secure the co-operation desired, they recommend:—

"I. That Committees on co-operation, empowered to deal with the matters hereafter set forth and designated 'Co-operating Committees,' be appointed in the various Synods, Annual Conferences, or Associations, wherever this has not already been done. These Co-operating Committees shall meet at least once a year.

"II. That these Co-operating Committees define the local districts and appoint Local committees in the various districts of the Synod, Conference, or Association, Home Mission Superintendents, Chairmen of Districts, Conveners of Presbyteries, and officers of like rank in the Congregational Church, to be ex-officio, members of these local committees.

"III. That the principles of co-operation be applied:—

- "(1) In the adjustment of overlapping in existing fields
- "(2) In the arranging of religious work in absolutely new districts.
- "(3) In the work to be done amongst the foreign nationalities.

OVERLAPPING IN EXISTING FIELDS.

"IV. That the Local Committee look carefully into all the circumstances in any locality in which, in their judgment, or as instructed by the Co-operating Committee, or by this General Committee, or at the request of the Synod, Conference, or Association, co-operation ought to be attempted, with a view of recommending to the Co-operating Committee that the locality in question be left in the care of one of the co-operating Churches; the results of their investigations and deliberations to be reported both to the Co-operating Committee and to this General Committee, on printed forms that will be provided for this purpose. No new work shall be undertaken in an existing field by any of the co-operating denominations other than those already in the field, without the approval of the Local Committee. By 'field' is understood the territory in the charge of a single missionary or minister.

"V. That, in recommending to which of the Co-operating Churches the task of ministering to any particular field shall be entrusted, Local Committees give due weight to the following consideration:—Priority of occupation of the field; the relative number of members and adherents belonging to the different denominations; the relative amounts contributed by the people of the different denominations for the support of ordinances among themselves; and the readiness of the respective denominations to minister to the field promptly and effectively.

"In any case in which a district majority of all the people express a preference for the ministrations of a particular Church, that preference shall have special consideration, even though the Church selected should not be the strongest in other respects.

"It shall be competent for any congregation of the Congregational and Presbyterian Churches, and for a Quarterly Official Board of the Methodist Church, to appoint not more than three persons to state their case before a Local Committee, a Co-operating Committee, or this General Committee. This refers to fields where a change may be contemplated.

"VI. That, while seeking to unify the people of each community dealt with in a local Church under one of the co-operating denominations, the following principles be recognized and acted on:—

"(1) Connection with such Church need not imply abandonment of denominational preferences and affiliations.

"(2) It is supposed that members of the local affiliating Churches will become full members of the denomination to whose ministration the field is left; but members who prefer to retain their own denominational connection, either by enrolment in an adjoining congregation or by the depositing of their certificates with the proper denominational authorities, shall, as far as possible, enjoy all the rights and privileges of membership in the local Church. Such persons shall be known as Associate members of the congregation concerned.

"(3) These Associate members shall be expected to bear their fair share of the local expenses of the congregation they are associated with; but they shall be permitted, if they desire to do so, to devote their contributions for missionary and other connexional funds to their own denominations.

"Note.—Wherever, in the carrying out of this plan of co-operation, any existing church property may not be necessary for the purposes of the united congregation, such property can only be disposed of according to the regulations of the denomination in whose name it is held; and the proper denominational Court must determine the purpose to which the proceeds shall be applied.

ORIGINATING WORK IN NEW TERRITORY.

"VII. That the Co-operating Committees at their Annual Meetings consider the plans proposed by the several denominations for work in new territory for the ensuing year, as reported by their Home Mission Superintendents. They shall also review such new work as may have been initiated by the Local Committees or Missionary Superintendents since the last meeting.

"1. When anyone of the Co-operating Churches is ready to undertake work in a new unoccupied field, the proposal shall be submitted by the Superintendent of Missions of the Church undertaking the work, to the Local Committee of the district in which the field lies, with full information regarding the field, including the numerical strength of the several Protestant denominations in the community, and the location and distance of adjacent missions. The Local Committee so consulted shall, without delay, send reply to the Superintendent, mailing also a copy of that reply to the Secretary of the Co-operating Committee having jurisdiction.

"2. The Home Mission Superintendents of the respective denominations shall, as far as possible, consult with one another before undertaking work in any unoccupied territory.

"3. In any case, however, in which such consultation would unnecessarily delay ministration to the needs of a new community, the initiation of work by any denomination may be undertaken as at present; the initiation of such work, along with full information regarding the field as provided above, to be reported immediately to the Chairman of the nearest Local Committee, and to be subject to the provision contained in the following paragraph.

"4. Work so initiated, after the 1st of April, 1911, shall be subject to the review of the Co-operating Committee; and in all such cases, priority of occupation shall have no weight in determining the particular denomination to which the field should be assigned.

"5. Regard shall be had to the disadvantage under which any of the denominations may be placed in putting a stop to overlapping in existing fields, and also to the number contributed by such denomination to the sister denominations in fields where its membership is not sufficiently numerous to justify a separate Church, by assigning to that denomination in certain cases that may be agreed upon a specified district as its sphere of labor.

WORK AMONGST THE NON-ENGLISH-SPEAKING RACES.

"VIII. That, in the work among the non-English-speaking part of our population, certain districts or nationalities be assigned to the different denominations; but that, if preferred, in any locality, there be a combination of resources for the prosecution of a united work.

"Note.—The following is a general statement of the nationalities of foreign speech amongst whom the co-operating denominations are at present carrying on work:—

"Presbyterian.—Ruthenians, Hungarians, Finns, Bohemians, Bulgarians, and Italians. The Foreign Mission Committee has charge of work among Jews, Chinese, and Indians.

"Methodist.—Under the Home Department, work among Austrians, Italians, Scandinavians, Poles, and Syrians. Under the Foreign Department, in Canada, among Indians, Japanese, and Chinese.

"Congregational.—Swedish, German, and Welsh.

REVISION.

"IX. Any of the co-operating Churches may, at any meeting of a Co-operating Committee, give notice through its Missionary Superintendent of its desire for a reconsideration of the decision arrived at in regard to any field or district. Such reconsideration shall be given at the next meeting of the Committee, or at a special meeting which may be called at the request of any three members of the Committee.

"X. Modifications of the plan of co-operation above set forth may be adopted by this General Committee from time to time as experience may prove to be desirable. Local and Co-operating Committees are invited to submit to this Committee such modifications as they consider necessary."

While these negotiations were in progress for the adoption of a general policy applicable to the whole country, a Local Committee of Presbyterians and Methodists in the Province of Alberta were earnestly endeavouring to put the principle of co-operation into effect within the bounds of that Province. Your Committee are delighted to be able to report that, as a result of the efforts put forth, overlapping in Home Mission work in Alberta has practically ceased. The success thus achieved is an indication of what may be expected should the plan of co-operation above set forth be cordially adopted in the other Provinces.

DEACONESS WORK.

In last year's report it was stated that, at the request of your Committee, the Women's Home Missionary Society had agreed to support Deaconesses "to labour in districts where, in the judgment of the Committee, there is need for the work of trained Christian women." In pursuance of this policy, two Deaconesses were appointed during the year, one in Prince Rupert and the other in Winnipeg; and the work accomplished by them is the best justification of the wisdom of appointing them. The Deaconess at Prince Rupert has given special attention to the work amongst women who have gone astray, and the Assembly will be very glad to learn that, through her instrumentality, at least one young Canadian woman has been induced to abandon a life of shame and return to her home.

At their annual meeting in March, there was submitted to your Committee a formal application from the Presbytery of Kootenay for the appointment of a Deaconess to assist the Missionaries of the Presbytery in their work among the foreigners, and amongst the victims of "the Social Evil". The request was forwarded to the Board of the Women's Home Missionary Society with the Committee's heartiest endorsement, and will doubtless be acted upon as soon as a suitable worker can be secured.

THE "DOWN TOWN" PROBLEM.

"Among the many evidences of our having passed beyond the stage of national childhood is the significant and disquieting rapidity with which the conditions that prevail in the cities of the Old World are reproducing themselves in the cities of Canada. As the old residences of a former generation disappear before the encroachments of industry and commerce, or are converted into the squalid abodes of the poor and the foreign born, Churches are tempted to follow their members and adherents to other and more desirable localities. Every thoughtful Christian must recognize how disastrous it would be to leave the densely populated districts in the heart of a city without the restraining and sanctifying influence of evangelical Christianity. It is manifest, however, that individual congregations, especially when they have been decimated by removals, cannot be expected to do, single-handed, the work of the Church at large."

Not only for the sake of our national well-being, which is seriously threatened by the conditions that are so rapidly developing, but also for the sake of her own spiritual life, which is weakened by every neglect of the opportunity of self-denying service, the

Church must fulfil her mission to the ignorant, the destitute and the fallen. The best way of fulfilling that mission; the most practical and effective method of encouraging and assisting the congregations on the fighting line to perform the all important work that lies directly in front of them, is a question to which the Assembly must give immediate and most earnest consideration.

Besides assisting to maintain the ordinary Home Mission fields which Presbyteries have considered it necessary to establish in different cities, your Committee have been carrying on Mission work in Toronto, Hamilton and Winnipeg, amongst Finlanders, Bulgarians, Ruthenians and Italians. The Foreign Committee are working amongst the Jews and Chinese. In view of the intimate connection between distinctively religious work and the improvement of moral, social and economic conditions, the aggressive work that is so imperatively called for in our large cities stands related also to the work of the Board of Moral and Social Reform.

Your Committee, after careful consideration of the whole question, decided to recommend that this down town work be referred to a Special Committee, consisting of representatives of the Home Mission Committee, the Foreign Mission Committee and the of the Board of Moral and Social Reform.

AMENDMENT OF REGULATIONS.

Last year it was found possible to increase the salaries of ordained missionaries, student missionaries and Approved Catechists; but no addition was made to the salaries of intending students, who have not yet entered college, or of men who have no intention of taking a college course. Your Committee decided to increase the remuneration of "intending students" to \$8 per week and board and to make the salary of an approved unmarried Catechist \$650 per annum. They also resolved to change the phraseology of the regulation dealing with these classes of workers so as to remove a misunderstanding as to its meaning which had been brought to the attention of the Committee. The regulation in its amended form is:—

"Labourers from the Old Country, and Canadians, intending to study for the ministry, who have not yet entered college, \$8 per week and board during either winter or summer. After taking one session in the regular university course, in the Minister-Evangelist course, or in any special literary course authorized by the General Assembly, these labourers shall be entitled to the remuneration of students." (This amendment, which is to go into effect on the 1st of April, 1911, is not to apply to any who may already have been accorded the status of student missionaries.)

"In the case of unmarried men of recognized ability and lengthened experience in mission work, but who cannot be expected to pursue any course of study, the remuneration shall be at the rate of \$650 per annum."

CHANGE OF CONSTITUTION.

Last year, the Assembly decided that the principle of Synodical instead of Presbyterial representation on the Home Mission Committee should be made applicable to the three Eastern Synods; and the question of the necessary change in the composition of the Committee, together with a memorial sent forward by the Synodical Committee of Manitoba and Saskatchewan, was referred to a large Sub-Committee. The finding of that Sub-Committee, which was adopted by the full Committee, is herewith submitted for the consideration of the General Assembly.

"(1) Constitution of the Assembly's Home Mission Committee. Your Committee recommends—

1. That the General Assembly's Committee consist of Thirty-eight members, to represent the Synods in the following proportions:—

Montreal and Ottawa	6
Toronto and Kingston	10
Hamilton and London	7
Manitoba	4
Saskatchewan	3
Alberta	3
British Columbia	3

"2. That, amongst the representatives from the various Synods, there shall be included the General Secretaries (ex-officiis), the Superintendents, Synodical Conveners, the Treasurer of the Church (Western Section), the Western Treasurer, and the Convener of the Augmentation Committee.

"3. That each of the Synods shall nominate for appointment by the General Assembly not more than three members, one of whom, at least, shall be a layman.

"4. That the remaining members of the Committee shall be appointed directly by the General Assembly.

"(2) Memorial from the Synodical Committee of Manitoba and Saskatchewan—

"1. As an alternative to the prayer of the Memorial the Committee recommends that Dr. Carmichael be appointed Associate Secretary with Dr. McLaren, that he shall reside in Winnipeg; but his services are to be at the disposal of the whole Western Section of the Church; that he shall have special regard to the raising of money, securing men for the field and the oversight of the Galician work.

"2. That two Superintendents be appointed for Manitoba and Saskatchewan, and that their territories be defined by the Home Mission Committee of the Synods of Manitoba and Saskatchewan."

WOMEN'S HOME MISSIONARY SOCIETY.

The continued success of this Society is a source of deep satisfaction, and your Committee desire to make their grateful acknowledgment of the valuable service it has rendered to the cause of Home Missions. The members of the Board are indefatigable in their efforts to extend its influence and increase its efficiency, and the various departments of its work are carried on with an earnestness of purpose and soundness of judgment of which it would be difficult to speak too highly.

One hundred and twenty-five new Auxiliaries and Mission Bands were organized during the past year, and the total number of Auxiliaries and Bands is now 540. The year's income was \$30,784, an advance upon the previous year of \$7,152, and the estimated expenditure for the current year is \$40,458.

WOMEN'S MISSIONARY SOCIETY OF MONTREAL.

Besides continuing to support eight mission fields at a cost of \$2,000, this Society made a special contribution of \$400 to a field in Alberta to assist the people in the erection of a Church. The cordial thanks of the Committee are due to the members of the Society for their warm-hearted sympathy and their practical assistance.

GRANTS FROM THE BRITISH CHURCHES.

The Churches of Great Britain and Ireland, recognizing the large increase in the financial burdens of the Church that is necessitated by the efforts to provide the ordinances of religion for those who have emigrated to Canada, are still extending to your Committee assistance that is very gratefully appreciated. The contributions received from the British Churches during the year amounted to \$5,276.

AMERICAN PRESBYTERIAN CHURCH, MONTREAL.

Special mention has always to be made in the Home Mission Report of the munificent contributions of the American Presbyterian Church in the City of Montreal. Although ecclesiastically identified with the Presbyterian Church in the United States, the generous hearted members of this congregation have, for years, been enthusiastically loyal in their support of Canadian Home Missions. Their contributions for the past year amounted to \$5,250!

PRESBYTERIAL CONVENERS.

Your Committee again request the General Assembly, and the whole membership of the Church to recognize with appreciative gratitude the large amount of self-denying, painstaking work performed by the Home Mission Conveners in the larger Home Mission Presbyteries. The Church's indebtedness to these men is far greater than is generally realized.

STUDENTS' MISSIONARIES SOCIETIES.

Knox College Missionary Society is again taking charge of 40 fields; 7 are being supported by Queen's Missionary Association, and 6 by the Montreal College Missionary Society. The number supported by the Manitoba College Society has not yet been reported.

The work that these Societies are accomplishing is equivalent to a contribution to the Home Mission Fund of nine or ten thousand dollars per annum, and the members of the Societies are to be commended for their energy and congratulated on their success.

RECOMMENDATIONS.

Your Committee recommend:—

(1) That the whole question of religious and associated work in the down-town districts of large cities be put under the supervision of a special Committee, consisting of representatives of the Home Mission Committee, the Foreign Mission Committee, and the Board of Social and Moral Reform.

(2) That the Rev. Dr. Carmichael be appointed Associate General Secretary, and that two Superintendents be appointed; one for Manitoba and the other for Saskatchewan.

(3) That Sabbath, the 22nd day of October, 1911, be appointed Home Mission Day, and that ministers and missionaries be instructed, either on that day, or at some other time that may be judged more suitable, to call attention to the claims of the Home Mission enterprise on the prayerful sympathy and active assistance of all the members and adherents of the Church.

(4) That the Assembly express approval of the proposed expenditure by the Committee of \$267,000 during the current year, and express the earnest hope that the Committee's revenue will be amply sufficient to meet this proposed expenditure.

All of which is respectfully submitted,

E. D. McLAREN,
Convener.

REPORTS FROM SUPERINTENDENTS.

REPORT OF THE SUPERINTENDENT OF MISSIONS FOR THE SYNODS OF MANITOBA AND SASKATCHEWAN.

Since the last meeting of the Assembly large districts of the vacant land in these two Synods have been settled. This is especially true of the Synod of Saskatchewan. Into many of the new districts railways have been built, into others they are in the course of construction; roads are being surveyed through others, and to the remainder of these districts, transportation, at a very early date, is promised. The Government has a vigorous Public School policy, and is forming school sections in these new settlements and, to meet immediately their educational needs, schools are being built and qualified teachers employed. These new districts are being rapidly given most of the advantages of older places. The hardships of the Pioneer are being greatly reduced. Your Committee has endeavoured to keep pace with the religious needs of these districts without neglecting fields already occupied. Its efforts have met with a fair measure of success in both planting new missions and caring for them. In nearly every district where our Church should be represented, our missionaries hold service.

In these Synods there are 358 Mission Fields, 54 Augmented Charge, 25 Ruthenian Missions, 4 Medical Missionaries to the Ruthenians, with 3 Hospitals, 2 Nursing Homes and 2 Schools. During the year, 58 Mission Fields have been added, 25 Churches and 17 Manses built; 6 Mission Fields—Union Point, Gull Lake, Petrel, Kinistino, Melfort, Strassburg—have become self-supporting at salaries ranging from the minimum, with a Manse, to \$1,200. Five Missions have been transferred to the Augmentation Fund and seven of the Fields on the Augmentation Fund require aid no longer from it. About \$33,000.00 were raised for the Home Mission Fund, the Synods are undertaking \$60,000.00 for the same fund this year, and hope, by beginning earlier, with better organization, if it is a fairly good year, to succeed.

During the past 9 years, 85 Mission Fields have reached self-support, an average of over 9 a year; 120 have reached the status of congregation, an average of over 13 a year, and 320 new missions have been formed, an average of over 36 a year. During the last two years over 100 Mission Fields have been added.

From the result of this year's growth, if the Fields were grouped, a new Presbytery could be formed with 13 self-supporting congregations, 5 Augmented Charges, 58 new Missions, 25 new Churches and 17 Manses.

TWO NEW PRESBYTERIES.

During the year two new Presbyteries were formed—Weyburn and Swift Current—covering the country south and west of Moose Jaw, practically from the Saskatchewan River to the International Boundary, and west to Alberta. Weyburn Presbytery was organized with two self-supporting congregations and 15 Mission Fields. Three of these missions were in charge of ordained men, and at the spring meeting eight new fields were added. The land in this Presbytery has, during the past few years, been eagerly sought after by speculators, homeseekers and homesteaders. At present it is poorly provided with railways, most of the people being at great distance from them. The C.P.R. from Weyburn to Lethbridge is making its way rapidly through the centre of this Presbytery, and will be supplemented by three other roads before autumn, which will be ample for present needs. Inside of 18 months the isolation of the settlers will be wiped out, new towns and villages will spring up as if by magic, and

thousands of immigrants will dot these prairies with comfortable homes. Such was the faith of the W. F. M. S. in this new Presbytery—with scarcely enough members to form a quorum, enough Mission Fields so located as to almost need the full time of a Superintendent and requiring a supplement of about \$6,000.00—in the quality of the settlers and the prosperity awaiting them, that at its first meeting they organized a W. F. M. S. Presbyterial.

The twin Presbytery, Swift Current, also began with two self-supporting congregations, but with 17 missions, four of these being occupied by ordained men. At its first meeting it added nine Fields to its list. The territory covered by this Presbytery extends from the International Boundary north to the Saskatchewan River and from Range 5 west of 3rd, to Alberta. It contains 700 townships. Were all the land good—and most of it is—there could be supported on it half a million people—as many as there are in the whole Province. The only railroad it has is the main line of the C.P.R. Other roads are promised, and some of them are under construction. This whole district will be settled as soon as it is provided with railways—which will be in a very short time. This Presbytery, with its twin sister, which was lately an unimportant part of the Presbytery of Regina, will then require as many ministers and missionaries as there are at present in the whole Province.

The rapid settlement of vacant lands, the steady progress of older districts, the schedule of work that railway companies are mapping out for themselves, the land hunger and the tremendous stretch of unoccupied land in the West, clearly indicate that we are entering upon a stage of unparalleled expansion. The four great railway companies at work in the West have the most abounding confidence in its future, and, though working to the full limits of their vast resources, are not able to keep pace with the requirements of the country. Settlements are preceding them everywhere. These settlements are impatient for their delays. For lack of transportation they cannot utilize their farms or take advantage of their opportunities, but are losing their time holding down homesteads.

Does the Church realize the meaning of these new settlements, provided with 1,800 miles of railway in one year, on which 200 towns and villages will spring up and 400 mission fields where 400 missionaries will be needed. All classes of manufacturers are trying to spell, pronounce and find out the meaning of this expansion and to take advantage of it in their own interest. They are getting ready for abundant sowing in new fields—for a larger investment of men and means. Has the Church the same keen appreciation of what is happening? Is she securing and training an adequate number of efficient men and making provision for their employment? Does the reward of the harvest from the field she is called to cultivate arouse in her the enthusiasm and the eagerness (to invest), found in other corporations?

The year before last, special efforts were put forth to secure men, yet last year the following Fields in these two Synods were without supply: Sioux, Lookout, Nepigon, Una Creek, Battle Creek, Swift Current Landing, Mira River, Rosetown, Whiteshore Lake, Wilbur and Macklin. Last year the effort was renewed and extended, with a result that better winter supply was secured than during any previous year, where possibly, two missions were joined and put under one man, the less important fields being left without supply. The best use was made of the men we had, but the best interests of the fields were not always secured. Many of the fields grouped required the entire services of a missionary. The vacant fields should have been grouped and supply provided. I asked a man in one of these vacant fields how he spent the winter. His reply was "It was a very dark winter without the services of the Church." The effort to get men was more or less vigorously sustained throughout the year. Yet, after all were appointed, and as late as April 18th, in these Synods there were 9 fields without missionaries.

The effort to get men has not yet resulted in securing an adequate number. There are about 225 students employed this summer in the mission fields of these two Synods. Last fall 115 left for College. This fall we at least ought to expect 150 to leave their

fields to pursue their studies, and an equal number from the fields in the other Synods. At least 300 men, not now at work, will be required, if all our fields are to be worked during the winter. Are we putting forth the effort to get this number? Faith that we have the men and that they will be ready for work when needed, without the necessary effort to secure them, will produce no better results for missions than in any other department of work.

QUALIFICATIONS OF MISSIONARIES.

Many of the men employed were not qualified for their work, either by experience or education. About 20 of them should have taken a session in college before being put in charge of a mission. The work they did, however, was altogether better than their preparation for it. These men have to continue a year in the work before getting the opportunity of qualifying for it. It would be much better for the men and for the work if this order were reversed, every missionary being required to have one session of preparation before being employed. The course of a week's instruction was given in Manitoba College last fall to those appointed for the West, who were inexperienced and who did not know Western conditions. It was well attended. The aim of this course was to give the men an idea of how to organize their fields and work them, to prepare sermons and addresses, to do Pastoral work and to study the English Bible.

SUPERVISION.

Special attention has been given to the supervision of missions, to the undertaking of new territory and to the guidance of inexperienced missionaries, so as to secure the greatest efficiency and the largest measure of success. Some conveners have visited all their fields, adding to their own work, the work of supervising pastor, as in the cases of Abernethy and Saskatoon. Others have visited the majority of their fields, as in Yorkton and Battleford. The rapid extension of the work, the growing importance of the congregations ministered to by the conveners, demanding practically all their time and thought, the frequent changes of conveners and the number of inexperienced men employed, demands more help in supervising the work if all interests are to be served and the best results secured. The conveners deserve great credit for their efficient, constant and self-sacrificing work.

WORK AMONG FOREIGN POPULATION.

Very great progress has been made during the year in our Hungarian Missions. Three new Churches have been built, a new mission opened in Touchwood Hills with 18 Hungarian and 14 English families, worshipping together under the Hungarian missionary. Another Hungarian Mission will be opened this year at Plunkett, where over 100 homesteads and farms have been secured by Hungarians with a view to settlement. Mr. P. ———, at Wakaw, attended theological classes in Manitoba College last session. Rev. Colman Kovassi, of Bekevar, has been appointed to Otthon and Plainview. Rev. John Kovach, missionary at Otthon last year, is called to Bekevar, where he will be inducted on the 26th May. He will be the first Hungarian minister inducted into an Hungarian congregation in the West, possibly the first and the only one in our Church. The congregation of Winnipeg are asking for the status of a congregation with a view to a call and becoming self-supporting. There are about 40,000 Hungarians in the Dominion. 17,000 of these are west of the lakes and about one-third of them are Presbyterians.

WORK AMONG THE RUTHENIANS.

The Ruthenian Colonies, as a sphere of missionary effort, are attracting the attention of other churches very much more than when our Church began work among them. The people are more accessible; many of the barriers against missionary effort are broken down, and many of the suspicions of unworthy motives have been allayed. In every colony there are people ready to listen to the accredited representative of any

church commanding their confidence. They are eager to hear the message, if not always ready to accept and obey it. This change in attitude is almost entirely the result of the work of the Independent Greek Church. To this, also, our medical missions, with their schools, have made valuable contributions.

The importance of the work of the Independent Greek Church is showing itself in many ways. It has opened the door for other churches to begin mission work among the Ruthenians, which they have done, to some extent, by institutional effort, care of the sick, Y.M.C.A. work, English missionaries speaking through interpreters and Ruthenian Missionaries. The success of the work is apparent from the zeal it has inspired in the Roman Catholic Church, who have discovered that the effort, which has opened the door to other missionaries, is closing it against them and prescribing their sphere of effort. Their attention is devoted to the Independent Greek Church, as the results of efforts of other churches at the present time are comparatively insignificant. There could be no better evidence of the hold that the Independent Greek Church has on the Ruthenian people, and its possibility of future conquest, than the alarm sounded by some of the representatives of the Roman Catholic Church.

The ministers of the Independent Greek Church are instructing the people, mainly with regard to Christ, what is prophesied regarding Him in the Old Testament, what is said of Him in the New, and what He Himself said, explaining to them His personality and work, the character of His claims, the attitude of life to Him that brings Salvation, and also the attitude to him that excludes from Salvation.

The people are seeing that the Roman Catholic Church puts the Church where the Bible puts the Saviour, and that the Independent Greek Church is putting the Saviour where the Roman Catholic puts the Church. The difference between the two churches is vital and clear, the one teaching Union with the Church and obedience to it, as the condition of Salvation; the other, Union to Christ and obedience to him as the condition of Salvation. The people are being taught that in Christ dwells the fullness of the Godhead bodily, and that fullness is available for them through a faith that unites them to Him. They are beginning to see the error of transferring faith from a personal Saviour to an organization, and the folly of expecting the same results. Faith, as a vital union with Christ, was a new conception of the condition of Salvation to them.

They are appreciating the difference between resting on the Church and resting on the Saviour for their deliverance from the Guilt and the Power of Sin. It is this growing attitude towards the false claims of the Church to administer Salvation as an organization and an increasing faith in the Saviour, the Giver of Life that has aroused the Roman Catholic Church. The students of Manitoba College as teachers, and in other occupations, have increased the fear of the Roman Catholic Church and extended the Independent Movement. The teaching of the Independent Greek Church has, more or less, permeated all the Colonies. Those who have not yet accepted the doctrines or identified themselves with the movement are seeking information regarding it.

The preaching of the Independent Greek Church has excited great interest in religious questions throughout the Colonies. The Ruthenian school teachers are known to have attended Manitoba College where the missionaries were also trained, and are regarded as knowing the Principles of the Independent Greek Church. They require of them as to these Doctrines, and the difference as to teaching and Government between the Roman Catholics and the Independent Greek Church. Without any intention of proselytizing the Roman Catholics or securing adherents for the Independent Greek Church they answered these questions purely as a matter of information.

They tell the people the Doctrines that the Independent Greek Church proclaims and quote the Scriptures upon which they are based. The people have the scriptures and verify their quotations, and are pleased to find that the new Doctrines of the Independent Greek Church are the old doctrines of the Scriptures. As a result, the people are taking a new interest both in the doctrines of the Independent Greek Church and the Scriptures upon which they are based, and are anxious to know more about both.

These young men have explained the doctrines of the Roman Catholic Church to these people, more clearly than they have had them explained by their own Priests. Unintentionally, therefore, they have introduced the leaven of the Gospel where the missionary could not have gone. This work of the students was quite accidental, and is regarded by the Roman Catholic Church as more injurious to her cause than the direct effort of the Independent Greek Church to evangelize the Ruthenians.

Another indication of the influence of the Independent Greek Church over its adherents, is the measure of financial support the movement is receiving from the free contributions of the people. The previous training of these people made the exercise of the grace of liberality difficult, and difficult to present to them without arousing suspicion and giving offence. Giving to the support of the Gospel without regard to special services for themselves, individually, is a new and not a welcome idea. The reward of giving, as laid down in the Scriptures, does not appeal to them. They regard it far more blessed to get than to give; to have their missionaries supported for them than to support them themselves. This is not to be wondered at when their training is considered. In the old country their churches and manse were built and paid for without their assistance. In addition to a manse, every Priest has at least 50 acres of land which he cultivates and from which he obtains a revenue. The Priests are officials of the Government and are paid from \$500.00 to \$1,000.00 per year out of its treasury. They are free from taxes, the people pay them for the services they render them individually: \$5.00 for blessing a house; from \$5.00 to \$100.00 for a funeral; \$1.00 for saying and \$2.00 for singing a mass; \$1.00 for a baptism, and \$10.00 for a marriage. In this way, only, did they directly support their church. It will take time and definite teaching with infinite tact to develop in these people the grace of liberality. A good beginning has, however, been made. Three of the churches last year gave \$250.00, others from \$100.00 to \$150.00, to the support of their ministers apart from what they gave for baptisms, weddings and funerals. The movement will have to make considerable progress before it will receive anything like adequate support from the free will offerings of the people.

RITUAL.

Another evidence of the spiritual character of the progress is the demand for an expurgated ritual by the ministers and the more advanced of the people in all the colonies. The young Ruthenians who have lived among the Canadian Protestants of the West are looking to their church for a clearer presentation of the Gospel and a better interpretation of the life and mission of Christ than was given them in the Old Country. They regard the Ritual, with its intoned services, as an obscuring of what is most vital in the Gospel, and have asked that it be brought into harmony with the present teaching of the Independent Church. The fathers and mothers are much more conservative. Although approving of the new teaching and seeing clearly the need of a radical change in the church services, yet, they are reluctant to abandon a form of worship made sacred through long association. They seem to need it; it appeals to their senses, and they find worship difficult without it. What in the Ritual is an offence to the young people seems helpful to the old. The necessary reformation that the young people are demanding is a very delicate piece of work, but must be proceeded with. The Edmonton church, which is composed of possibly the finest class of Ruthenians in the West, have completely reformed their church service. The attitude of the Edmonton people towards the Ritual is fairly representative of nearly all the Colonies, both in Alberta and Saskatchewan. The congregations in Manitoba are ready to accept the new Ritual as soon as it is issued. The Teulon congregation is already using an expurgated form of worship, everything in the church and in the service being in harmony with the New Testament. The Winnipeg Congregation is being constantly decimated by its families moving to the country and continually recruited by emigrants. This keeps up the agitation between the old and the new and makes the congregations most difficult to minister to. The congregation, however, has completely reformed the service. The new-comers will be intro-

duced at once in Winnipeg to this new order of worship. If they do not like it they will have the privilege of worshipping elsewhere, but not of interfering with the form of worship. The change which has been called for is being introduced and has come to stay. Very soon there will be no opposition to the expurgated form of ritual in the congregations of the Independent Greek Church. The new movement is significant and clearly marks a stage of progress.

MENTAL QUICKENING.

The work of the Independent Greek Church has been the cause of very great mental quickening among its members and adherents. This is shown by the intelligent interest they take in political, social and industrial questions. The leaders in all public questions are the ministers of the Independent Greek Church with their more advanced laymen. They shape the policy of the people and carry it out. The leaders of the people have the utmost confidence in the missionaries and join heartily with them in every measure which is in the interest of the people and for which they are ready. No effect of their work is more clearly seen than in the growing desire of their best young men for a liberal education and the sacrifices they are willing to make to obtain it. They are ambitious to be the teachers of the public Ruthenian schools and the Spiritual guides of their people. The Ruthenians in attendance at Manitoba College and the Government training schools in Manitoba and Saskatchewan, with one or two exceptions, are members or adherents of the Independent Greek Church. There were over forty of these students in Manitoba College last winter, ten or eleven of them supporting themselves in whole or in part, about thirty receiving loans of about \$16.00 per month, and, in a few cases, a little more to maintain themselves in College during the season. These students have been diligent in their studies, gentlemanly in their deportment and consistent in their lives. The future of the Galicians depends very largely on the personality of these men and the quality of their training.

ASSIMILATION.

Another and quite remarkable result of this church is the more rapid assimilation of their people to our social and national standards, as well as to our religious ideals. The ministers, through the training given them, in this short session in Manitoba College and by their association with the ministers of our Church and our people, have accepted our standards and are assimilating our ideals. Their aim for their people is that they become thoroughly Canadian, bringing into Canadian citizenship what is best in their history and character, so that the Ruthenian Canadians shall make a valuable contribution to our common citizenship. The students trained in Manitoba College have largely absorbed the same ideals and are exerting, wherever they go, a very great and healthy Canadian influence on their people. Our highest standards and ideals are being embodied in these students, who are the unconscious teachers of them to their people. In the Provinces of Manitoba and Saskatchewan 60 of these students were teaching public Ruthenian schools last summer. They gave very great satisfaction, were exemplary in their conduct, and, in every way, worthy of the position they occupied. A large number of them are at present teaching or qualifying to enter the teaching profession.

These young men are held in very high repute in their school sections for their personal worth as well as for their work. People consult them on all kinds of problems and ask information on a great variety of subjects. They are the interpreters of newspaper articles, the policies of the Government, the requirements of the Canadian Laws and Customs. The assimilation of the Ruthenians, through the worship and teaching of the Independent Greek Church and through the influence of the Public School, and association with these teachers, was taking place so rapidly as to alarm the Nationalists among them. They saw their young countrymen throwing aside time-honored customs and adopting the customs of this country, forgetting the characteristics of the national

life they left behind and absorbed in the life of the country to which they have come, and identifying themselves with it, and have undertaken to stop it.

The stronghold of this class is the City of Winnipeg, where the people are dominated largely by the spirit of the Old Country. This is scarcely to be wondered at as the majority of the Ruthenians connected with the Independent Greek Church in Winnipeg, at any time, are largely recruits from the Old Land. The condition of the Ruthenians in Winnipeg is indicative of the condition of things in Galicia rather than the Colonies. The pronounced nationalists are in the city and are mostly recent recruits. The National leaders, under whose influence the Ruthenians in Winnipeg largely are, some time ago started a weekly paper, the "Ukrainian Voice." It has a comparatively large circulation and is ably edited. Its policy is to keep before its readers what is best in Ruthenian art, literature, architecture, social and national life—the best achievements of the Ruthenian people—for the purpose of mainly preventing the assimilation of this people to our national standard. The leaders in this movement are pronouncedly socialistic and their opposition to and criticism of the Independent Greek Church are not on account of its religious views, but on account of its liberalizing tendencies and its denationalizing power over their countrymen. Better testimonies to the success of this work in assimilating the people to our national life could not be had than the alarm of the nationalists and the publishing of the "Ukrainian Voice" to arrest it. This movement has already shown signs of decay. It has reached high tide and has begun to ebb. In a few months it is thought its policy will be changed. The paper will likely continue, and the information given will likely be very much the same, but its aim will be different. The clearest minds see that a little Galicia in the West is neither desirable nor possible.

According to the best information obtainable there are about 51 missionaries of all kinds working among the Ruthenians—3 of these are English-speaking and who know no Ruthenian, 4 are English medical missionaries with sufficient knowledge of the language for medical work, 6 are Uniat Priests, 3 French Priests, 4 Baptist missionaries, and 25 missionaries of the Independent Greek Church. Four students were ordained this spring by the Independent Greek Church, and appointed to mission fields, and there are still 16 fields that have made application for missionaries yet unprovided for. There were three other students who signified their willingness to undertake mission work, but it was thought best to delay their ordination for another year.

The Independent Greek Church has not been able to hold all the ground it captured on account of the lack of a sufficient number of efficient workers. This is true in the vicinity of two of our hospitals, Teulon and Sifton; also of the Gimli and Stuartburn Districts. To each of these fields able men have been sent, and we hope to recover, very soon the ground we have lost.

LITERATURE.

When the Independent movement was started, though the Bible had been printed in Ruthenian, copies of it were not available for our work. Now there is a Bible or Testament in almost every Ruthenian house. The "Pilgrims Progress" has been translated by the Rev. John Bodrug, and published by the American Tract Society. It was issued since the New Year and is selling rapidly in both the United States and here. The Ruthinians regard it as a book of wonder and read it with great eagerness. Arrangements are being made for lectures on it, with stereoptican views. These lectures will be first given in the Winnipeg Church and if they prove to be as popular and helpful as expected, the experiment will be tried in all the missions.

The 5,000 copies of the Christian Catechism, published a little over six years ago, are nearly all distributed. Carson's Catechism has just been published and 5,000 copies are now available for distribution and Sunday Schools. It can scarcely be said that Sunday Schools have been started in these missions. It will require great effort to organize them and keep them going. This work will be vigorously undertaken during the summer by all the missionaries.

A Hymn Book was published containing 65 hymns translated from English and 55 from the Greek Church, with such changes as were necessary to bring them into harmony with the New Testament teaching. The Rev. John Bodrug is now translating the "Sky Pilot," which, he thinks, will be eagerly read and very helpful to his people.

RANOK.

The paper was published as a monthly for about two years, then changed for a semi-monthly and published for four years. Last year it was very much enlarged, published in the United States and circulated with the Sogouz, the American Presbyterian-Ruthenian paper. It is now proposed to make this a weekly paper, publish it in Winnipeg and raise the price from 50 cents per copy to \$1.50. The Ruthenian ministers and laymen have undertaken at least to secure a thousand paying subscribers. They are determined to make it superior to the "Ukrainian Voice." In its new form it will have four departments—Current News; The Farm, Garden and Hygiene; Social and Moral Reform; and Religion. This paper has been a valuable medium through which the new movement was presented to the people. It also acquainted them with the best features of our national life; it was the advocate of the importance of national schools as against the separate schools of the Roman Catholic Church. It has a circulation of about 1,500.

SHORT COLLEGE SESSION.

The Ruthenian ministers were invited this year, as in other years, to attend a 10-day session in Manitoba College. They were given four hours' teaching a day with several conferences. They gave the closest attention to the lectures and listened with open minds to what was taught. A special prayer meeting was held every other night. They returned to their work, cheered and hopeful. Their regret was the shortness of the session, which, while helpful and stimulating them for better effort, revealed to them how poorly they were equipped for their work. They are unanimous in their desire for a session next year, extending over a much longer period.

The new feature of the work this year will be the introduction of the expurgate ritual into all the missions, the organization of Sunday Schools and lectures on "Pilgrims Progress," with stereoptican views.

The work among the Ruthenians is more hopeful now than at any time during the past; the missionaries more clearly apprehend the Gospel and have more faith in its power; the missions are better organized and the people are more eager to know the truth and more interested in the success of their cause.

HOME MISSION REPORT FOR SYNOD OF BRITISH COLUMBIA.

The work of the Church under the care of the Home Mission Committee within the bounds of the Synod of British Columbia has made very satisfactory progress during the past year. The progress has not been uniform nor has it been steady. The general social and industrial conditions prevailing throughout the Synod not only make the Mission work at all times difficult, but often exceedingly discouraging. Frequently, after months of patient, persevering toil on the part of the Missionaries, and when success seems in sight, an industrial depression, caused by lowering of market prices or a strike, will sweep away all signs of progress in church work and the Missionary must again face work at the bottom of the hill. These industrial depressions necessitate the people moving into other localities and when conditions have settled down, the

Missionary finds his Church organization practically annihilated, and his faithful band of workers gone. It speaks much for the Missionary who ploddingly and resolutely begins again to replace his damaged equipment, and for the Church's power to resuscitate its life when a new organization is affected for the maintenance of religious work. The members of the Church at large will never know how much they owe to the unselfish labour of their Missionaries, who work under most trying and discouraging conditions to establish the Church in a new land. The sacrifice of treasure on their part, however great it may be, cannot equal the sacrifices made by these heroic men. The very least the Church can do is to make it possible for her representatives in these trying circumstances, to do their work assured of adequate maintenance. Such assurance would brighten many a dark hour and inspire the discouraged with new life.

Nowhere else, perhaps, is there a greater variety of social conditions than in this Synod, consequently there is greater variety in mission work and greater need for a ministry of varied accomplishments. Variety, not uniformity, must be the rule. To meet these ever-changing conditions is the task given to the Committee. Much has been done, but with a more adequate equipment much more could be done.

It is our sad duty to report the loss sustained by the Church through the death of three of the Church's zealous Missionaries, all occurring within a few weeks prior to the closing of the Church year.

On December 25th, after a brief illness, the Rev. Alex. Kenmure was called to his reward. Mr. Kenmure had spent nearly twenty-five years in the Orient as the Agent of the British and Foreign Bible Society. Failing health on the part of his wife required his withdrawal from the work, and shortly afterward he came to Canada to engage in Mission work. He entered upon his new duties with characteristic courage and cheerfulness. After a year's service in the Kootenay Presbytery, he was transferred to Westminster Presbytery, and was appointed to St. Paul's Church, Vancouver. Full of zeal and evangelical fervour, he gave the Church splendid proof of his ministry, and his work in both Presbyteries will be long and gratefully remembered.

Early in February of this year, Rev. J. C. Sidey, labouring in the Clinton Field, in the Kamloops Presbytery, was stricken down with pneumonia, and died after a few days' illness.

Mr. Sidey was a member of the Methodist Conference, and bore letters of recommendation of a high order, one of which from Dr. Grenfell, of the Labrador Mission, with whom he had at one time been associated, was specially noteworthy. No Missionary had made greater progress on this difficult field, and his death was deeply regretted. Mr. Sidey had signified his wish to enter the ministry of the Presbyterian Church.

Particularly sad was the death by drowning of Mr. J. W. Burns, of Sooke, in the Victoria Presbytery. Mr. Burns was an Elder of the Church in Ontario, and came West a number of years ago to take up work as a catechist. After a term of energetic labour in the Kootenay Presbytery, he was transferred to the Victoria Presbytery, where, for four years, he gave valued service to the Church. He and Mrs. Burns had been in Victoria attending the wedding of their son, and were returning to Sooke on the steamer Sechelt when it capsized, and all on board were drowned. Mr. Burns was returning to preach his farewell sermon at Sooke before entering upon his work at Pender Island to which he had been appointed. The Church had no more conscientious Ministers than the three who have been called to their reward.

"Blessed are the dead which die in the Lord: their works do follow them."

LAYMEN VISIT MISSION FIELDS.

An interesting feature of the year's work was the visiting of a number of Mission Fields in the Kamloops and Kootenay Presbyteries, by Mr. G. F. Gibson and Capt. J. J. Logan, of Vancouver. These Laymen gave two weeks of their time, and at their own

expense accompanied the Superintendent in his work. Each night a station was visited, addresses given, and Missionary and people encouraged. A greater stimulus was given to the work, and at the Conference held with Boards of Management, much helpful aid was given. Their visits will long be remembered as they were much appreciated. On their return to their homes they were able to give realistic addresses to various congregations, placing before them the work of Home Missions from a Layman's point of view.

In response to the appeal made last spring for Laymen of the Church to spend a winter in some Mission Field, where otherwise, there would be no services, Mr. Neil McKinnon, an Elder of Bank Street Church, Ottawa, volunteered his services, and he was appointed to Midway, in the Kootenay Presbytery. Here he laboured until the spring, carrying on all the work of the congregation without cost to the Committee or congregation. Are there not others who will follow Mr. McKinnon's fine example?"

The initial expense involved in Mission work is a tremendous handicap; buying a site, erecting a very temporary building and contributing even a small amount towards ordinary revenue, frequently are a greater burden at the beginning of our work than any succeeding financial obligation, however large, that the congregation may assume. This is a universal difficulty. One notable exception was made at Ft. George, where Mr. G. J. Hammond, a Layman of Vancouver, generously offered to become responsible for the salary of the minister, build a Manse and erect a Hall for worship. These things have all been done, and for the coming year, this offer has been supplemented by a contribution of \$200.00 per month for the support of work in Bulkly Valley and on the Skeena River.

For the special help given by these Laymen the thanks of the Committee are due.

DEACONESS' WORK.

Another interesting feature of the year's work was the institution of Deaconess' work under the care of the Home Mission Committee. To the session of Prince Rupert the credit is due for making this a practical question. In the summer of 1909, they addressed an appeal to the W. H. M. S., through the Presbytery of Westminster, asking for the appointment of a Deaconess. The Presbytery approved of this application, and the matter came before the W. H. M. S., who referred the question to the Assembly's H. M. Committee, which recommended the W. H. M. S. to take the whole question of Deaconess' work into consideration. The result was the adoption of Deaconess' work by the W. H. M. S. under the direction of the Assembly's Committee. The appointment of a Deaconess to Prince Rupert followed, and the following paragraph from a letter received from the minister will indicate the nature of her work and its success:—

"In regard to the Deaconess, I am pleased with her work in the segregated district. At Christmas and New Year's special efforts were made here. She distributed about fifty personal letters among them, and in many houses read the Christian message. One girl was leaving last night to return to her home in S."

The social evil has always constituted a problem with which the Committee has had to deal. Not a Home Missionary in the Synod but has found his work hampered beyond all computation by the plague. The story of the conflicts which have been waged against this traffic would form an interesting but sorry story of the Church's work. A new phase of the struggle has been entered upon by the Committee, and the application of the Kootenay Presbytery for a Deaconess to labour in their territory, was sanctioned by the Assembly's Committee and agreed to by the W. H. M. S., by whom two Deaconesses have been appointed. The earnest prayers of the whole Church are asked that a blessing may rest upon their work.

CAMP WORK.

As the limited agricultural area and the vast timber and mineral resources of the

Province would indicate, there is less home life outside the cities and more camp life than in other Provinces where agricultural pursuits predominate. It is a conservative estimate which places the number of men who live in bunk-houses at from fifteen to eighteen thousand. The Provincial Government has passed legislation looking towards the inspection of all camps and the general improvement of conditions, and none too soon. As far as the limited means at our disposal warrant, those who live in the camps are looked after by our Missionaries. Very much more should be done. The Mission to the Loggers along the Coasts of the Gulf of Georgia, where, for a distance of 150 miles in the S.S. "Naiad" Rev. A. McAulay visits the logging camps on the Mainland and Vancouver Island, has been carried on during the year with success. In order that this work may be made more effective, the working force and equipment require to be greatly increased.

Most successful work has been carried on at construction camps in Westminster Presbytery. At Powell River, where a Pulp and Paper Mill is being constructed requiring the employment of more than one thousand men, the work was specially interesting. The work carried on is along the line of Institutional work, with but a limited equipment; the only buildings available being cook houses and a small tent which is used as a reading room. Besides the Sunday evening services, a successful Saturday evening concert has been held, and attended at times by over 800 men. On Wednesday night a debating society, with an attendance of 100, serves to stimulate interest in the intellectual world.

It is proposed to build an Institutional Church where work can be carried on permanently on similar lines among the men who will be employed in manufacturing pulp and paper.

At Stave Falls work of a similar character has been undertaken by a student of the College. The work thus carried on must have a beneficial effect upon the men.

NUMBER OF FIELDS.

There were sixty-nine Fields on the list at the beginning of last year. During the year this number has been increased by fourteen new Fields. Three went up to Augmentation:—Duncans in the Victoria Presbytery, Dundas Street, Westminster Presbytery and Arrowhead, in the Kamloops Presbytery, leaving eighty Fields for the current year.

CHURCHES AND MANSE.

Considerable activity has been manifested in the erection of Churches "giving visibility and permanency" to the work.

Churches were built at Port Renfrew in Victoria Presbytery, Lynn Valley, North Lonsdale and Albion, in Westminster Presbytery. North Hill and Shuswap in the Kamloops Presbytery and Bridesville in the Kootenay, making seven in all. Mansees were erected at Abbotsford, Fort George, North Lonsdale, Shuswap and Creston. In three of these places this has been possible because of the help given by the Home Mission Committee, in the payment of interest on borrowed capital. The erection of these Mansees has done a great deal to consolidate the work of the Fields, and has added much to the comfort of the Missionary.

The increase in salary granted by the Assembly last year has helped to relieve the financial burden of many Missionaries. The scale of salary is still too low, and it is hoped that the request of the Kootenay Presbytery, based upon a close and careful investigation of the cost of living, will prevail, and the minimum salary be \$1,200 and Manse.

During the summer of 1910, I made a trip along the proposed route of the G.T.P. from Prince Rupert to Fort George, a distance of approximately 500 miles, with a two-

fold purpose in view, namely, to visit the Missions already established, and to form some estimate of our future undertakings. The information gathered will be most useful in planning for the work yet to be done. Throughout the entire journey there were evidences of great riches, wide agricultural areas to be settled, mineral and coal mines to be developed, all unmistakably pointing to the fact that within the measure of a few months there would be a large number of people scattered over a wide district in settlements which are already in prospect, to be ministered to by the Church. There were evidences in plenty that forces were at work, laying snares to trap the unwary, and that unless the Christian people pre-empt the land for righteousness, a heavy toll must be paid from the purest womanhood and the strongest manhood of our people, as the price for the settlement of the land.

SUMMARY OF PRESBYTERIES.

Victoria Presbytery.

In Victoria Presbytery there are nine Mission Fields, two new ones being added to the list, namely, Saanich and Campbell River, where there are large timber industries and a largely patronized tourist resort. One Field was raised to the status of Augmentation.

In two Fields, the Bible Class of St. Andrew's congregation, Victoria, rendered splendid service. A gasoline launch was purchased by them for Barclay Sound, enabling the Missionary to more readily visit the settlements situated on the Sound. A number of the class visited the Field at Port Renfrew, interesting the lumbermen in the services to such an extent that not only did they attend the services, but they also built a Church, one firm contributing the logs, the second sawing them into lumber, while the men erected the Church by voluntary labour. What the Missionary was unable to do single-handed was easily done by these special visits.

Westminster Presbytery.

Here there are thirty-seven Fields. Ten new Fields have been opened. The great development of the lower mainland in the vicinity of Vancouver, and the opening of Northern British Columbia, being responsible for so many new Fields. The interesting feature of the work here, aside from the great development, the camp work and the work at Fort George, of which mention has already been made, are the purchase of sites in a number of Fields upon which Churches will soon be built, and the gift by two Laymen in North Vancouver of Church property upon which they erected a neat Church and Manse, and deeded the property to the congregation at North Lonsdale, free of cost.

Kamloops and the Kootenay Presbyteries have not yet felt the new movement which is going on in other parts of the Province, but the early construction of the C. N. R. and G. T. P. through Kamloops Presbytery, will increase the Church's obligation materially.

In the former there are seventeen Fields. Some of the older stations are gradually increasing in strength and taking on a larger obligation of self-support.

In the Kootenay Presbytery the work of looking after the Mission Fields, subject to so many local changes in so wide a territory, has been found too great for one man, and for the purpose of Presbyterial oversight, the Presbytery has been divided and two conveners will hereafter attend to this work. Much regret is felt that the burden of work, the convener'ship involved, together with heavy pastoral duties, caused the breaking down in health of the Rev. Dr. Ferguson, of Nelson, necessitating his resignation. Only those intimately associated with him know what valuable service, rendered with singular devotion, he gave the Church. Our earnest prayer is that he may be restored to health and enter again the active work of the Church for which the high order of his talents so eminently fit him.

Yukon Territory.

The Yukon is giving place to Northern British Columbia in interest and importance. On the retirement of Rev. Geo. Pringle, who did such valiant work on the frontier for ten years, his Mission Field at Hunker has been closed. After a summer's vacancy, Atlin has again been re-opened, and our nurses there have the support and encouragement necessary to carry on their work most efficiently.

THE TASK BEFORE US.

No one can doubt that the task immediately before us is of tremendous magnitude. That we are on the eve of great territorial and industrial expansion is evident to all.

The stakes of two transcontinental railways have been driven all the way across the Province. The ends of the rails are on our eastern border, and the armies of builders are in possession. Hundreds of thousands of acres of land have been either pre-empted or purchased with a view to settlement. Land values have enormously increased. The caravan of the settlers from the border States has become a familiar sight as they trek north. Industries are projected, capitalized at millions of dollars. The primeval forest is being cleared for scores of future towns and cities. Interest in lumbering, mining and fishing industries is unprecedented. These are the signs of progress, the outcome of which no man can foresee. They constitute the problems of the Church—in solving them, where is our place, at the rear or on the frontier?

GEO. A. WILSON.

HOME MISSION REPORT FOR NORTHERN ONTARIO.

In his first and only report to the General Assembly our late superintendent made reference to the break in the work caused by the death of Dr. Findlay, who for so many years gave the best of heart and brain to the mission fields of Northern Ontario. It is now our sad duty to record the sense of the deep loss sustained by the Church in the tragic death of the Rev. Stephen Childerhose. His knowledge of and consecration to the work made him not only the outstanding man of the North, but one of the strong leaders of the Church. A life so clean and noble can never die; consequently, his spirit shall live and move in thousands of hearts throughout this great Northland.

THE WORK.

As there has been only one report from this country since 1908, we give a few indications of the expansion of the work during the last five years.

In what is now the Presbytery of Temiskaming, five years ago, the Rev. F. E. Pitts and three students ministered to the whole country: to-day there are ten ordained men and eleven students preaching in more than sixty places in that rapidly developing district. Five years ago, there were four churches and one manse, with a total value of nine thousand dollars, to-day there are sixteen churches and three manses, valued at fifty-three thousand dollars. In the same length of time the total givings for the support of ordinances have increased from three to twenty thousand dollars.

The development, however, has not been restricted to Temiskaming, for, during the same period, in the Presbytery of Algoma, nine new churches have been built and as many more enlarged or renovated, while the givings of the people have increased one hundred per cent. and the value of Church property has more than doubled. Substantial progress has likewise been made in the Presbyteries of North Bay and Barrie.

During the year just closed the work has been well sustained. Our fields have been better manned than in any previous year and encouraging reports come from almost every missionary.

In Algoma, the Evangelistic campaign did excellent service in a number of centres. There has also been considerable activity in the vicinity of Sudbury, for, in addition to the splendid growth, at Sellwood, work has been opened up at both Sellwood and Gowganda junctions on the C.N.R.; also a new field organized at the Garson and Whissell mines and, since the meeting of the Committee, we have had to put in an extra man at Comeston, where from fifteen hundred to two thousand men are employed installing a two million dollar plant.

A more aggressive effort has been put forth in connection with the French work. A bi-linguist has been placed in charge of Larchwood and Cartier, and a student from Pointe-aux-Trembles secured to teach and preach in an outlying French settlement.

Temiskaming.—The same microbe that sent men over the Dawson trail in ninety-eight is now alluring them by the thousand into Porcupine. The first service conducted in this camp by any denomination was on March 3rd, 1910, when Mr. J. H. Burry was sent in from Matheson. As a result of his report, Mr. A. P. Menzies, M.A., was appointed for the summer and regular services were conducted in a tent. The tent was also used as a reading-room and rendezvous for the boys. In August, the convener and myself went in over the trail and secured a lot in one of the townsites on condition that we have a building erected by February, 1911. Mr. Menzies cleared the lot, but we were unable to do anything at the building before his return to college. In December, we secured the services of a layman, Mr. C. C. McInnis, who left a situation paying double the salary in order that the Church might be represented in Porcupine. Being familiar with camp life he soon built a little church, doing most of the work himself and hauling the lumber with his team of dogs, and, on January the twenty-second, the first church of any denomination was opened in Porcupine. During the winter, Mr. McInnis travelled over eleven hundred miles, visiting the camps or helping men on the trail. To make the message effective in a mining camp, you must live and help, as well as preach and pray, and only he who does so makes good on the Church's far flung battle line. Here, the expansion has been so great that an ordained man must be secured for Porcupine proper and a new field opened farther on at Pearl Lake.

Railroad construction work is being vigorously pushed by the T. & N. O. on their Porcupine branch, by the G.T.P., the C.N.R. and the Algoma Central. Last summer, on the G.T.P., there was a student at Cochrane and one at Ground Hog River; this summer the Rev. N. R. D. Sinclair, B.D., until recently convener of Home Missions in Algoma, is settled at Cochrane, while a student is to have headquarters at Madwaika, one hundred miles west, and another at Whitefish River, ninety miles east of Cochrane.

An honest effort has likewise been put forth to minister to the lumbermen, particularly in the Presbytery of North Bay. In the vicinity of Mattawa and Brulé Lake regular services have been conducted in many of the camps. During the Christmas holidays two students of Knox College made a tour of the Temagami camps, while other camps have been visited by the ministers in their locality and all with gratifying results. Throughout the district about two hundred and fifty services have been thus conducted.

May we here express our appreciation of the splendid service rendered the Home Mission Committee and the Church by the conveners and ministers in their respective presbyteries, who, often, at great personal sacrifice, have helped to consolidate or establish the work, thus encouraging the missionary on the weaker field. The missionaries, too, as a rule, have been exceptionally true to the trust of carrying the Master's message to the people committed to their care in the doing of which many of them have had "to endure hardness as a good soldier of Jesus Christ."

THE OUTLOOK.

Starting at Sault Ste. Marie, settlers are going along the Algoma Central, which is opening up an entirely new country. Coming down the "Soo line" of the C.P.R. we find much promise for many of the centres along that route. In the vicinity of Sudbury and north along the C.N.R. towards Gowganda, large activities are pending in the development of the rich iron deposits of that district. Travelling the T. & N. O. into the Cobalt country, we find a camp producing over fifteen million dollars worth of silver yearly, and paying nine millions of this in dividends. Then there is Porcupine, which gives reasonable promise of being one of the richest gold camps yet discovered. All of which points to the fact that no man can estimate the untold wealth hidden in those everlasting hills or determine the outcome when transportation and modern methods of ore treatment will make possible the extensive working of Larder Lake and Lorraine, Gowganda and Shining Tree, or, indeed, the whole country from Cobalt to Kenora.

There are many, however, who believe that the future of Northern Ontario does not necessarily depend upon its wooden hills and moneyed mountains, but upon the agricultural possibilities of its great clay belts. Already, settlements and towns are established along the T. & N. O. to Cochrane. Land is also being rapidly taken up on the G.T.P., which, for hundreds of miles, passes through what is said to be one of the richest valleys in the Dominion. Again, the C.N.R., in the connecting link of its transcontinental line, opens up the valley of the Sturgeon and enters the clay belt running many miles south, but paralleling the G.T.P. to Port Arthur.

What does it mean to have these roads running through the country, opening up mineral belts and agricultural valleys? What does it mean to have this country brought, as it is being brought by private investors and confederated boards of trade, into the limelight of public enterprise? It means that in a few years there shall be no break in settlement between the East and the West. It means more than that; it means, if the Church is to keep pace with the problem of ministering to the million of every tribe and nation who will yet call this country home, she must have such an aggressive missionary policy as will make ample provision, of men and money, for the vigorous prosecution of her work, so that along every transcontinental line and in every community, town and city the songs of Zion shall be sung, without a break, from the Atlantic to the Pacific.

J. D. BYRNES.

REPORT OF THE SUPERINTENDENT FOR THE SYNOD OF MONTREAL AND OTTAWA.

The Synod of Montreal and Ottawa covers the Province of Quebec and that part of Ontario that lies eastward from Brockville, on the St. Lawrence, and Pembroke, on the Ottawa river. The new territory that has been added to the Province of Quebec gives it an area of 740,000 square miles. However, the part of the Synod requiring supervision at present extends over only about 400,000 square miles.

Since appointment last June the Superintendent has visited within a territory 700 miles east and west by 400 miles north and south. Owing to the very unjust land-laws (the Parochial system) which Romanism has forced upon us, extending it in defiance of the terms of the B.N.A., English-speaking Protestantism has been for years rapidly pushed out of the Province. However, the development of manufacturing on the great water powers of the Province of Quebec may yet bring back a large English population into these centres. The Laurentide mountains for 1,000 miles run east and west, and are the hill-edge of a vast table land north of them. The water powers formed by the streams that drain this north country and pour over the face of these

mountains are estimated at over 17,000,000 horse power, being three-fourths of all the water power of Canada between British Columbia and the Atlantic. These powers are destined yet to play an important part in Canada's future. Twenty-five pulp mills and twenty paper mills on these streams are just the beginnings of their development.

The work committed to the Superintendent was, "to supervise the Augmented and Home Mission Fields of the Synod; to aid in the perfecting of Sunday School work, and to bring the scattered and isolated families into touch with the Church."

To search out the scattered and unknown families over a territory the size of this Synod is a task of great magnitude, and if pursued as a consecutive task would involve great expense. The Superintendent, consequently, divided the territory so as to cover the ground in about three years. This past year sixteen days were spent with horse and rig in the Laurentide mountains, a month on the famous "North Shore" (the north shore of the St. Lawrence eastward from Quebec City), and three weeks on the south shore. The intention is to cover the Transcontinental Railway line this summer, with shorter inland journeys, chiefly between the south shore and the United States border.

No neglected families were found in that part of the Laurentides, within proximity to the fields of Rev. James Taylor, of Chelsea, whose vigilance is beyond praise. But westward through Pontiac County quite a few were discovered. Their names were given to the pastor at Campbell's Bay, with the request that he visit them at least once a month. This he promised to do, as they are mostly within twenty-five miles of his home.

Little groups of isolated Protestants on the "North Shore" are at Bersimis, May Island, Clark's City, Seven Islands and the Moisie River.

The Superintendent was the first Evangelical minister ever to visit the pulp-mill industry of Clark's City in the five years since the construction of the mills there. Forty-two Protestants were found, eight being children. Twelve persons were found at Seven Islands. When the Superintendent rose from prayer in one home, the woman said, "In the thirty-eight years since I came here, you are the second minister of my own Church who has crossed my threshold." Arrangements have been made to give them three visits of a clergyman each summer, without expense to the Church beyond the travelling expenses of the minister.

At Montmagny on the south shore, thirty-seven persons were found. They had been two years without a visit from a minister. A monthly service on a week-day has been arranged for. A Sunday School library was given to them by the Presbyterian Women's Home Missionary Society of Ottawa, who were also the donors of one to Chaudiere.

At Coteau Junction, 40 miles from Montreal, on the borders of Ontario, seventy-seven persons were found, grouped in seventeen families. They had no service, no Sunday School, and no day school. A student has been sent in, a Sunday School started, and a day school will be established after the holidays. Through the courtesy of the Assembly's Sunday School Committee in Toronto they have been well supplied with Sunday School literature and a few Sunday School books. One of the Hamilton Presbyterian Churches also donated a library of thirty-five books.

AUGMENTED AND HOME MISSION FIELD WORK.

One of the most startling discoveries made by the Superintendent in following up his work amongst the Augmented and Home Mission Congregations was the number of Lapsed Families to be found in almost every part of the Province of Quebec. At D_____ these were found to constitute 33 per cent. of the English-speaking population; at S_____ they were 40 per cent.; and the place where there was not 10 to 25 per cent. lapsed was rare.

This is largely due to the long vacancies that too often occur in some of these fields, with the weak settlements that follow and the deadening spiritual influences that flow from a surrounding mass of Romanism, where, after Mass, the Lord's Day is a day of sport and pleasure. Where their boys play baseball or lacrosse all Sunday afternoon, ours are disposed to join them. Where their people horse race and dance on Sundays, our people, to a great extent, lose the Sabbath and religious sentiment.

The method pursued to redeem the situation is to get together the Minister, the Elders, the Managers, the Sunday School Teachers, and where there is a Young People's Society, its Officers, for a heart to heart talk over the Lord's work in their district. The names of all lapsed families are got; Minister and Elders are pledged to look after them pastorally; the Managers are requested to ask them to help financially with the Church's work; and the Sunday School Teachers are pledged to see that there is not a child left without instruction, either in Sunday School or through the Home Department. The success of this enterprise depends on the ability and character of the Minister and his co-workers. In some places the results are excellent. Others will require much personal effort by the Superintendent. Upwards of sixty stations have received visits along this line.

The law-suit that threatened the ownership of our property at Grand Metis was, in December, decided by the Court of Appeal in our favor, thus terminating a case that had lasted two years, and given the congregation and the Superintendent much worry and labor.

SYSTEMATIC GIVING.

Much attention has to be given to finances, and how they are raised. Practically every field the Superintendent visits consents to adopt the Weekly Envelope System, even where they cannot be induced to try the Duplex Envelope. The Superintendent has tried to equalize givings by bringing up those who are not doing their duty. For instance, in the same Mission Field he has found two farmers equally situated, one giving \$12 per annum, the other \$3. Again, the givings of certain congregations are low in proportion to their means as compared with another congregation in the same Presbytery. And still again the givings in a whole Presbytery may be in need of uplift, as compared with an adjoining Presbytery.

In this Synod the contributions per Presbytery, counting Sustentation and Missions, were as follows, in the Augmented and Home Mission fields:—

Augmented Fields.—Presbytery of Ottawa, \$12 per family; Quebec and Brockville, \$14 each; Lanark and Renfrew, \$15; Glengarry, \$16; Montreal, \$20.

Home Mission Fields.—Montreal, \$6; Ottawa, \$10; Lanark and Renfrew, \$11; Quebec and Brockville, each, \$12; Glengarry, \$15.

It will be seen that there is a large educative work to be done along these equalizing lines, according to the means of the people.

SPECIAL FINANCIAL EFFORTS.

As it is recognized that the financial demands of our Mission work must increase annually, the Superintendent is planning to have a number of special contributors, giving largely, year by year, to aid our Church schemes. For this Synod he is aiming at getting as many wealthy Presbyterians as possible, to make a special yearly contribution over and above the regular contributions, to meet the increasing needs of our country's religious situation.

SUNDAY SCHOOL WORK.

As the work done by the Superintendent is embodied in Reports elsewhere, it will be sufficient to say that the Sunday School work is carried on chiefly along three lines.

1. Visits to schools in session, where the lesson is taught, the school addressed, and the needs of the school looked into, and suggestion made. Twenty have been thus visited.

2. Special meetings with Sunday School teachers apart from a visit to the school.

On these occasions an effort is made to rouse the teachers to their best in Bible Study, and in Preparation of the Lessons, and in seeing that not a single child within the area of their school influence is left untaught. Twenty-two such meetings have been held.

3. Conventions and Institutes.

Five of these have been attended, with as many as five addresses by the Superintendent at one Convention. Through these gatherings the teachers of about 130 schools have been addressed in addition to those referred to above. In these three ways the Superintendent has touched the work of about 170 schools out of the nearly 370 in the Synod.

PROTESTANT EDUCATION.

The Superintendent does not think it would be right to close his Report without this summary on a topic in which he feels the keenest interest, though in a sense it lies outside of his specific duties. He feels that the Church ought at least to be informed by him of the situation, even though he does not outline what he thinks is the remedy. I refer to Protestant Elementary Education in the Province of Quebec. The conditions are:

1. There are about 1,200 Elementary Teachers in the Province of Quebec.

2. More than 400 of these have never taken a certificate, and many of them are ill-qualified for their work.

3. Some of the schools are open but eight months in the year; many only six, and, unfortunately, not a few but four months.

4. In many places there is no English school at all, and the children must attend the French Roman Catholic School.

5. About 1,500 of our English Protestant children in Quebec are in Roman Catholic schools. Eastern Ontario, in spite of Ontario's law, is perhaps as bad, in the matter of the education received.

6. Romish schools are increasingly becoming "Clerical," or "Religious," schools, upwards of 5,000 of the Quebec Roman Catholic teachers being priests, "brothers," or nuns,—a condition of affairs that is so destructive to real education and the spirit of free institutions that Roman Catholic Europe is rousing itself against it in indignation. It flourishes in Quebec and is deeply rooted in Ontario.

7. The law regulating the taxes of Joint Stock Companies in the Province of Quebec is increasingly working disaster to our Protestant schools, many thousands of dollars of taxes properly Protestant being thus annually given to Roman Catholic schools.

The Conditions then are: Scattered families dependent on Romanizing schools; 400 weak districts with very inferior teaching; salaries so small that young people

dare not look to teaching as a profession, and hardly as a stepping stone, consequently a dearth of good teachers. Thus in our school life we are giving away what in our Church life we are paying so much to conserve. Of our children we may say, "Except these abide in the ship we cannot be saved."

Yet the remedy is simple and effective when our Church rises up to do what our men of wealth are so easily able to do. May God speed the hour.

J. A. MACFARLANE.

REPORT OF MONTREAL COLLEGE STUDENTS' SOCIETY.

Throughout the summer of 1910 the above Society manned seven mission fields,—one in Saskatchewan, two in New Ontario, and four in Alberta. These fields were, with one exception, practically pioneer, and consequently called for more and harder travelling, and contributed less financial support than older and better organized stations. Notwithstanding these difficulties the reports of our representatives were highly gratifying in every way.

During the past winter the Society has been engaged in its usual programme of city mission work.

We are indebted to Rev. W. D. Reid, Rev. Prof. R. E. Welsh and Rev. Principal McKay, of Westminster Hall, for the very stimulating addresses they delivered before the Society in the course of the past session.

We take this opportunity of thanking those individuals and congregations, together with their affiliated societies, whose hearty response to our appeal for financial support made it possible for us to carry on our work.

Further information *re* this Society can be had by writing to the undersigned. Any one desiring to contribute to its support will please send the amount to Mr. D. McLeod, Presbyterian College, Montreal.

JAS. A. MACKENZIE,
President.

The work of the Society is not confined to the Mission field. During the winter season the usual city mission work was conducted. Services were held in the Jail, Central Prison, House of Industry, Aged Women's Home, and Sick Children's Hospital.

In addition to the above an effort was made to do educational work along Home Mission lines. Regular fortnightly meetings were held among the students at which topics of Home and Foreign Mission work were considered.

The public attended two open meetings held in November and February respectively. The first meeting was presided over by Rev. Prof. R. Law, B.D. Addresses were delivered by Mr. J. A. Paterson, K.C., and Mr. D. R. McLean, B.A. At the second the Hon. W. A. Charlton was Chairman, and addresses, illustrated by lantern views, were delivered by D. J. Lane, B.A., and Wm. Fingland.

A wider educational work was done among various congregations and church organizations throughout the province. The students gave their services gratis in some three hundred addresses delivered upon the Home Mission situation. This delegate work was augmented by a three weeks' campaign carried on during the Christmas vacation by two students, who delivered illustrated lectures upon various phases of the work.

Also the Christmas vacation was spent by two students in the lumber camps of the Temagami District, singing Gospel hymns, and, where possible, delivering addresses.

During the past summer upwards of three hundred maps were sent out to contri-

butors, showing the location of the various mission fields. Also some six hundred personal letters were written by the missionaries to supporters, and a wider constituency was reached through a series of letters specially written for *East and West*.

The year's work has entailed heavy financial obligations. These have been accentuated through the crop shortage in many parts of the West, and correspondingly small returns from many fields. Yet we look forward to the future with hope and confidence.

As the financial year closes on October 31st, the following summary is the statement for the year ending October 31st, 1910:—

REPORT OF THE HOME MISSION COMMITTEE EASTERN SECTION 1910-11

To the Venerable the General Assembly:

The great hindrance reported last year in the way of successful work under the auspices of your Committee still continues. While there is ample room in our numerous and widely scattered fields and insistent calls from all of them for labourers, the number of missionaries and catechists has been far too small. During the greater part of the year there have been upwards of thirty vacant congregations within the bounds of the Synod, and though many of those which were vacant a year ago, have since obtained pastors, it has been almost invariably at the expense of other congregations which have been left vacant in consequence of the settlement of those which have passed off the list of vacancies. The difficulty of obtaining settled pastors, however, has scarcely exceeded that which has been experienced in securing the needed number of Ordained Missionaries and Catechists.

ORDAINED MISSIONARIES.

Your Committee has had ten ordained missionaries in the field for the whole or part of the past year, curiously enough, exactly the same number as during each of the two preceding years, though only about half as many as during some of the years which preceded them.

Within a few months two of our Home Mission Fields,—McLellan's Mountain in the Presbytery of Pictou, and Port Hood in the Presbytery of Inverness, have been raised to the status of Augmented Charges and now have settled pastors.

A new and very promising field has been established at Grand Falls, Newfoundland, which has become the centre of remarkable industrial activity during the last few years in consequence of the establishment there of an immense paper manufacturing plant, employing no fewer than 500 men. A church has been erected. Handsome subscriptions have been given by the residents of the place, and these have been supplemented by generous contributions from others, secured mainly by the energy of Rev. J. M. Allan, who sought to encourage the movement by every means in his power. In November last the Presbytery of Halifax appointed Rev. Wm. McPherson as ordained missionary for a year, and his work is going on prosperously.

In the 10 fields from which reports have been received there are 21 preaching stations with an average attendance of 1348, containing 552 families and 110 single persons not connected with families, with 836 communicants, 54 of whom were added during the year, and 670 young people in their Sabbath Schools.

These missionary congregations paid no less than \$3,670.97 towards the support of their missionaries, while they received from the Home Mission Fund grants to the amount of \$2,273.02.

They also contributed to the Schemes of the Church \$1,030.88, of which \$202.04 was for Home Missions.

CATECHISTS.

The number of catechists employed this year has been 56, an increase of six over the preceding year. The number of preaching stations supplied has been 147, with an average attendance of 6,572: of families served, 2,362; and of communicants 2,077, of whom

194 were added during the year. The amount paid by the fields for the services of their catechists was 10,052.45; that contributed for the Schemes was \$582.88 of which \$287.34 was for the Home Mission Fund. The amount which has been paid from the Home Mission Fund for the services of these catechists has been \$4,161.55. That it may be easily apparent how this year compares with the preceding it may be noted that the preaching stations last year numbered 125, their families 1,986, and the communicants 1,813. The amount paid by the fields for their catechists' salaries was \$8,905.80; that contributed to the Schemes of the Church \$1,092.45, almost double as much as has been contributed this year, and the amount granted from the Home Mission Fund on account of salaries of catechists was \$2,738.83.

CATECHISTS' FIELDS.

Presbytery of Pictou:

Pictou Island.—The sum of \$225.00 was contributed during the summer by this little congregation towards the building of a new church. The church has been completed at a cost of \$2,000.00 and opened on October 14th with a total debt of not more than \$400.00.

Presbytery of Halifax:

Grand Falls, Newfoundland.—There was no Presbyterian Church in the field when I went there and in Grand Falls the preaching was done once in five weeks in a large hall to all the Protestant denominations, while in Millertown there was a "company owned" church in which we were privileged to have our turn every fifth Sunday. There were, besides, three small places where I occasionally went to visit, and whenever and wherever I could, to preach. Now they have built a new \$3,000.000 church at Grand Falls, and have organized a regular congregation.

Presbytery of St. John:

Brockway, etc.—More was raised this year than for any one year in its history. Good work was done by the Sunday School. In Brockway steps were taken to repair the church. Some hope soon to be able to support the catechist without help from the Home Mission Committee.

Presbytery of Miramichi:

New Bandon.—This is, I believe, the first time this field has paid in full, but I think it could be made an augmented charge.

IMMIGRATION.

The work of looking after the immigrants who are coming into our country in such large numbers is steadily increasing from year to year.

Details will be found in the embodied report of the Superintendents.

REPORT OF THE SUPERINTENDENT OF HOME MISSIONS FOR THE SYNOD OF THE MARITIME PROVINCES.

Home Mission work in the Maritime Synod has been prosecuted during the year on the usual lines. No large development has occurred, as population remains stationary on the countryside for the most part. There is some increase at manufacturing centres. Where the land is barren and the timber is cut away the families move out and the con-

gregations shrink. Our people have had their eyes directed and their attention drawn to the marvellous development of the great North West for such a length of time, that they have become unconscious of the advantages and opportunities which are at their hand, by their own doors. It is to be hoped that a reaction will set in and a more optimistic feeling will prevail and the tendency to remain on the old farm will be manifest to an increasing degree.

Immigration to the Maritime Provinces is a mere rivulet, but the local authorities are making some effort to secure a thrifty class of farmers and agricultural labourers to enter upon the numerous vacant farms. Some little success has attended their attempts in this direction, and there is some prospect that more vigorous action will produce larger results.

Our immigration chaplains at St. John and Halifax have felt keenly the inadequacy of their efforts to deal with the Church interests of people to whom only a few moments can be devoted in the rush from the steamer to the railway train. Large numbers of Presbyterians are arriving from year to year. It is true that some of these people are not only intelligent but religious, and will connect themselves with our Church in the community in which they locate, but a very large proportion of them belong to the class who have lapsed from the Presbyterian Church and have no connection with this or any other Church. In numerous instances there is manifest hostility to Christian institutions—no loud protest, but a quiet, covert suspicion that the Christian world has no deep interest in the welfare of the great masses that are in constant struggle for a mere existence. Many thousands of such people are landing on our shores every year with the set purpose of securing a share of our material blessings, but with little or no anxiety to obtain a share of the everlasting riches.

The Committee have given the whole question of immigration serious thought. The question has been discussed and conferred about for two or three years. Diligent enquiry has been made in many directions in order to secure data to guide missionary effort along this line to a successful issue, and after careful deliberation it was decided to appoint a chaplain at the port of Glasgow, as by far the greater number of Presbyterians embark in the steamers sailing from the Clyde. Rev. Hunter Boyd was given charge of this work, and entered on his duties in December last. Before crossing the Atlantic Mr. Boyd endeavoured to familiarize himself with immigration operations in Canada, and conferred with and interviewed the heads of departments in Halifax, St. John, Ottawa and Washington. Mr. Boyd is something more than a chaplain and something less than an immigration agent, and the Committee deemed it necessary to prevent misunderstandings arising to designate his appointment as "Secretary of Information of Immigration Bureau of the Presbyterian Church in Canada," in the meantime, Eastern Section. It is too soon to pass judgment, sufficient time has not elapsed to warrant definite conclusions, but this much can be said, at this early date, that the sphere of operations has developed in a most surprising and remarkable manner and will, we have no doubt, lead to surprising and remarkable results. All the authorities, both of Church and state, committees, Presbyteries, Colleges, agents of immigration, steamship companies have been impressed most favourably with the enterprise of our Church in this matter, and have shown a readiness to facilitate our plans in every way possible. For example, a free pass has been issued for Mr. Boyd to Greenock and Londonderry by one of the leading steamship lines. Circulars, time tables, pamphlets, books and information on numerous subjects have been furnished by the immigration authorities. As to results accomplished, the church has in Scotland ministers, committees, associations, secretaries, agents and others, now for the first time are made aware of the fact that there is an office and secretary in Glasgow, where they can secure reliable information and prompt replies to innumerable inquiries. Literature is being secured for third class passengers, in the ocean voyage. Ministers and students coming to Canada appreciate highly the facility which our Church affords them through Mr. Boyd. On this and that side is heard, "This is something which we needed," "We had confused ideas," "There was little tangible evidence hitherto which we could secure," "How we should do and where we should go when we arrived in Canada was all a tangle and a maze," "Now we have a man to whom to talk with and he knows

the country and the Church, and explains conditions and we have confidence in his statements for we know he is not a boomer who hides some of the facts."

Further, Mr. Boyd has sent forward by the fast mail steamers a list of third class passengers to Halifax and St. John. Our chaplains are thus enabled to call the names of the passengers as they come up into the immigration buildings. The newcomer on his arrival in Canada, has the fact announced within his hearing that there is only one Presbyterian Church in Canada and that Church knows his name. This is a source of wonder as well as pleasure to the immigrant. "The Church does care as much as the steamship companies and railroads care on account of dividends—which care for our money or as much as they can get out of us."

The great duty of the Church is along the lines of the moral and spiritual well being of all men whom it is possible to influence and direct. The material resources of our Dominion have been advertised in every possible manner. The minds of our own people are filled with the idea of size, area, millions, horses, cattle, land, fish, iron, coal, wheat, gold. They think and speak in the terms of values, profits, investments, dividends and premiums. The situation is fraught with peril to morals and religions, to the highest and best interests of the old settler and the new. Let first things be placed first. "Seek first the kingdom of God." The hope of the future lies in the faithful discharge of duty in the present. God will own and bless every effort, on the part of our Church, to advise and encourage the men and women who have serious difficulties and temptations to encounter, heavy burdens to bear, and great and lonely sorrows in long hours of anguish."

The harvests have been unusually abundant, with the exception of the fruit crop. Prices have ruled high for the most part and farmers as a class have good reason to possess a thankful spirit. The fisheries would be much more profitable if the industry were protected and fostered to a reasonable degree. The harvest of the sea explains the existence of so many prosperous villages which dot our rocky shores. Slaughter should cease and education begin—education of the herring, mackerel and codfish, education should not be confined to the lobster alone.

Our mining towns are creating a problem which it is the duty and privilege for Home Missions to solve. In Cape Breton there is eight to ten thousand of a foreign population—Syrians, Jews, Poles, Slavs, Hungarians, etc. Some of these are attached to their own church and are carefully shepherded, but there is a large number who have a loose connection, and many who have no connection with any Church organization. There is a scattering among the foreign element of Protestants. The duty of our Church in the premises is plain. There is a large work to be done and the situation is fraught with peril to the social and religious life of the community, and an active campaign must, of necessity, be inaugurated without delay.

Some attempt has been made during the past year to reach the lumber camps. Four missionaries were employed for a portion of the year. Hitherto there was no strong young man offering for this more than ordinary service, and the committee's efforts in this direction were fruitless. However, a beginning has been made and the need and necessity are so manifest that some earnest labourers can be persuaded to carry the gospel message to many of our young men who have not the privileges which the great majority of our people enjoy. It is estimated that fifteen to twenty thousand men are employed in the lumber camps during the winter months in the Maritime Provinces. There has been little systematic effort upon the part of any denomination to overtake this work. Efforts in this direction have been irregular and spasmodic. There are many difficulties in the way of any one denomination—as all Churches are represented in the lumber camps, and the Presbyterian can not claim exclusive control. Missionaries are sometimes chasing each other on the same trail, while some camps have numerous services, others have none. There is opportunity for co-operation on the part of all Christian denominations, and if territory could be assigned to each, the results would be much more satisfactory than has been the case in the past.

Last year we reported large activity in church repairing and church building, so that

this year the number of new churches is less. We note, however, that the Church on Pictou Island has been finished, a new church has been erected at Grand Falls, Newfoundland, and Nicholsville is also moving in the same direction.

In Miramichi, Russelville and Bartebogue and Sellersville will build churches.

In St. John Presbytery, Norton has carried out its obligations and has finished a beautiful church building; Campbell Settlement has repaired and made as good as new the old church and no debt reported.

Prince Edward Island Presbytery has distinguished itself in Home Missions during the year and opened a very promising mission station with forty families. A new church is now in order, and the people are entering on this work enthusiastically.

Our Catechists' reports for the summer were all of a satisfactory character. For the winter six labourers were secured, and some of our more important missions had supply, but there was a large number of vacancies. Vacancy means leanness, coldness, numbness. There should be no vacancies, that is vacancies where all the churches are closed for six or eight months in the year. Wherein lies the remedy. The remedy lies in one direction, viz., a sufficient number of sanctified young men who will undertake the work of the Christian ministry. The Synod as a whole must awaken to the need of a sufficient ministry. The West is constantly calling for ministers and Catechists. Our supply does not meet the demand at our doors. Our church has a duty to discharge in this respect. Our young men offer for every other profession in large numbers, but the ministry must go a begging. This ought not to be so. There is need—crying need of earnest gospel preachers. Our country can not be good and great unless the gospel is preached, in the east and west, in the north and south. Can we continue to pray, "Thy kingdom come" and stand idly in the market place, seeing that we are asked "Go labour in my vineyard." There is boundless opportunity to preach the gospel of salvation. May the spirit of God fall upon a great host of young men in our Provinces who will go forth to gather in the sheaves in the great white harvest fields of the world.

Respectfully submitted.

JAMES ROSS.

FINANCES.

The receipts for Home Missions, East and West, during the past year, excluding the Credit Balance of \$5,766.33 on March 1st, 1910, were \$17,508.51, being \$1,375.21 less than during the previous year. This amount was insufficient to meet the expenditure of the year by \$2,035.17, so that after adding \$4,000.00 of the credit balance of last year to the Reserve Fund, this extra expenditure swept away the rest of our credit balance of a year ago and left us with a debit balance of \$268.84. It should be noted that the cost of our work this year in several important particulars has been considerably greater than during the preceding year. The remuneration of catechists was increased by the last Assembly so that there has been paid in grants to this class of workers \$1,422.72 more than during the year before. Ordained missionaries have received \$324.49 more. Probationers and catechists, for short terms in vacancies, have been paid \$798.30 more. The salary of the Superintendent of Missions has been increased from \$1,700.00 to \$2,000.00 as from the first of July last.

It is pleasant to be able to report that there has been a slight increase in the amount which has been contributed to Home Missions, North West, and your Committee would gladly see it increased much more largely.

The following comparative statement shows the amounts and sources of your Committee's receipts for three successive years, as well as the way in which their funds have been expended.

REPORT OF THE AUGMENTATION FUND
COMMITTEE (WESTERN SECTION)

To the Venerable the General Assembly:

Through God's grace to His people enabling and inclining them to help the weak, your Committee was able to give to all on the Augmented List the minimum of \$850. This gratifying result is, in a great measure, due to the faithful work of Presbyteries. A few Presbyteries have fallen far below what it was in their power to do for this important Fund. Some Presbyteries are taking far too much out of the Fund; the same, as a rule, are sadly behind in their support of Augmentation. Why should these Presbyteries act so selfishly? Why not bear their fair share of the burden?

If the Church next year will give \$63,000 for Augmentation, then all Augmented Charges will be paid \$900, the sum set by the Assembly. This cannot be done till all Presbyteries do their duty. If the \$63,000 is not raised, and ministers on Augmented Charges get less than \$900, the Church ought to be told the reason of the failure. A few Presbyteries, indeed, a good number, have done well; a few badly.

During the year sixteen Augmented Charges have become self-sustaining; and twenty-three Mission Stations have been placed on the Augmented list. From this you will see how the burden grows annually, and the urgent need of a more liberal support. From what is transpiring in the West and in the East, Augmentation is to be a more important factor in the development of the Church than in the past. The down town problem cannot be solved without aid from Augmentation.

The following lists show the changes in Augmentation work during the year.

Your Committee has adjusted the standard of payment and, in the attempt to get a more equitable basis, has placed North Bay, Algoma and Temiskaming Presbyteries in the same class as Manitoba, Saskatchewan and Alberta.

Most respectfully your Committee would ask the Assembly to grant the following requests:

1. That the Church be asked for \$63,000 for Augmentation.
2. That the Assembly appoint Dr. Ramsay as convener in the place of Dr. Lyle, who is resigning.
3. That the Assembly appoint Dr. Lyle an honorary (or associate) member of the Committee on Augmentation.
4. That the convener and the secretary of Augmentation be appointed, ex-officio, members of the Home Mission Committee.

The two following reports will give some idea of the work of Augmentation in the West:

SYNODS OF MANITOBA AND SASKATCHEWAN.

The past year has been one of considerable growth in most of our Augmented Charges. Nearly all of them have settled pastors, a few have appointments with a view to a call. It is only in rare cases that these charges, when vacant, hear candidates. The great majority of the men in these charges are satisfied with the opportunities they offer for work, and are doing splendid work in them. The salaries are not yet quite adequate to the maintenance of these men, as they should be maintained in the position they are asked to fill and the work required of them. Whatever is borne by them in this regard is silently, and apparently cheerfully, borne.

The increase in the minimum salary has been more than justified in these two Synods by the response of the Augmented congregation in increasing their contributions to self-support. Most of these congregations are capable of being stimulated to still greater liberality. Seven have become self supporting. Two without aid from the fund, five have reached the new minimum and reduced their grants, twenty-one have reached the new minimum without increase in their grants, fourteen have had to apply to the fund for the increase to reach the new salary.

In the majority of these fields there are temporary difficulties which explain their inability to increase their contributions to self support, but in many cases these will pass away this year.

SUPERIOR PRESBYTERY.

Fort Francis has become strong enough to assume self support from the first of July. This present condition is not the result of emigration but of the excellent work done on material which has been in the bounds of the congregation for years.

First Church, Fort William has become self supporting.

Rainy River will require same grant as last year, it therefore provides for the increase of salary without additional help from the Fund.

GLENBORO PRESBYTERY.

Elm Creek has not been able to, so far, increase its measure of self support, and will require the additional grant which it has been receiving during the present year to be continued till October, it will then be able to reach the new minimum on the same grant as last year. This congregation has the material for self support but it will take time and effort to work it up to this grade.

Fairfax has reached the new minimum and reduces its grant \$25.00.

PORTAGE LA PRAIRIE PRESBYTERY.

Austin has undertaken the new minimum with the same grant as last year. Rev Mr. McGowan is appointed, with a view to a call.

DAUPHIN PRESBYTERY.

Grandview is coming up to the new minimum, at the same time it is cutting its grant in two.

Swan River is given the privilege of a call and will be put on the fund as soon as one is given, a grant of about \$300.00 will then be necessary.

AUGMENTED CHARGES.

WINNIPEG PRESBYTERY.

Dominion City. This charge has not had a very satisfactory year. Through the stand taken by the minister on the Local Veto question a couple of years ago, a very serious falling off in the attendance at Arnaud, the associated station, took place. The matter was reported to Presbytery and a commission was appointed to visit the field. No settlement was secured, and since last autumn Arnaud has been without service. The increase in salary is being provided for by an increase in the grant.

Dugald. The charge of Dugald is in a very flourishing condition. However, owing to the position of the three stations constituting the field relative to one another and also to the stations on the Sunnyside Mission, it is felt that a redistribution would be an improvement. The increase in salary has been made by increasing the grant.

Little Britain. Since the resignation of Rev. Mr. Lee in October this field has been vacant.

Oakville. Oakville has not been settled since the resignation of Rev. J. Inglis a year ago. During last summer it was supplied by a minister evangelist, and since October by another, Mr. Birnie. The present supply is asking for three months leave of absence that he may visit the Old Country.

Springfield. Springfield, consisting of three charges or stations, has been reorganized during the year. North Springfield has been detached and associated with Birdhill. The new town of Transcona being added and assuming the share of stipend formerly provided by N. Springfield. Not until the National Transcontinental Railway is taken over by the Government and regularly operated will there be much further development in Transcona, but when that is done the congregation there should soon become a self sustaining charge. The new minimum has been reached and the grant decreased \$50.00.

Home St. This charge has undertaken to provide a rented house for the minister, and hopes to materially reduce the grant this year.

Riverview has developed steadily, enlarged and improved their church, and are reducing the grant by \$100.00 this year.

MINNEDOSA PRESBYTERY.

Rosburn is asking the Committee to make up the increase in salary. A substantial reduction of this grant should be made next year.

BRANDON PRESBYTERY.

Hargrave has reached the new minimum without increasing the grant.

Petrel rose from the position of a Home Mission Field to a self supported congregation at a salary of \$1,000.00 per year, and built a Manse during the summer at a cost of \$2,000.00.

YORKTON PRESBYTERY.

Kamsack has met half of the rise in salary and is asking the Fund to supply the balance. Splendid work is being done in this congregation; most of its territory is new.

Rockeby is put back on the Home Mission Fund, the development expected when the field was given the status of a congregation has not been realized. Its prospects of growth are not very bright.

Theodore is given the privilege of calling a minister, and as soon as a call is given the congregation will be put on the Augmentation Fund, with a grant of \$325.00.

Dunleith has called and has asked a grant of \$300.00. Gaelic and English are required in this field.

ARCOLA PRESBYTERY.

Manner is reaching the new minimum without increasing its grant. It has no Manse. Since the resignation of its last minister it has been continuously supplied by Rev. Mr. Anderson. It is still vacant. Should a married man be called, the present grant would require to be increased by the amount paid for the rent of a house.

Redvers, with a grant of \$200.00, has paid its minister a salary of \$950.00, out of which he has had to pay \$175.00 for house rent, leaving \$725.00 to live on—not the salary of a married catechist. It is scarcely necessary to say that his resignation is before the Presbytery, and he will leave the field in April.

Alameda has asked an increase of \$50.00 in the grant to reach the new minimum. Good work has been done there during the year. A floating debt has been paid and the debt on the church has been reduced, but it has no Manse.

Gainsboro has not had a prosperous year, it is at present vacant and supplied by a catechist. In the event of a call being given, a grant of \$150.00 will be necessary.

Glenewen has been reduced to a mission field.

Holbrite has suffered from removals and it is struggling to meet the increase in salary without any additional help from the Fund.

ABERNETHY PRESBYTERY.

Belcarris and Longlaketon have become self supporting.

Tentallon is coming up to the new minimum without additional help from the Fund.

Wellwyn has reached the new minimum and has reduced its grant \$150.00.

Strassburg has stepped from a Mission Field over the Augmentation Fund to a self supporting congregation, giving a salary of \$1,200.00 per annum and a manse.

QU'APPELLE PRESBYTERY.

Flemming is asking for an increase of \$50.00 to meet the new minimum. This congregation has suffered greatly from removals.

Sintaluta is vacant and is being supplied by an appointment with a view to a call. It is not making any increase of grant. This congregation is greatly reduced by removals.

Winthorst is reaching its new minimum and reducing its grant \$75.00.

THE NEW FIELDS.

Fairmead is coming on the Fund, asking a grant of ———. This congregation is in a very old district. It is to be feared that its liberality has not kept pace with its prosperity.

Bekevar is the first Hungarian congregation formed in the West. It has called Rev. John Kovacs and promises a salary of \$525.00 and asks for a grant of \$425.00. It is

expected that substantial reductions will be made from this grant from year to year. The reasons for the large grant are two.

1. It is the first congregation of its kind in our Church.

2. The mission had been divided on the question of spiritualism. Both parties have united in the call to the present minister, and it was considered of great importance to the colony and to our work to have this call sustained, and to have the minister of their choice placed over them.

REGINA PRESBYTERY.

Belgony asks an increase of \$50.00 to meet the new minimum. This congregation is surrounded by a large German Settlement, ministered to by the Roman Catholics and Lutherans. It is important that we should have a strong cause well maintained to exert the influence and do the work required in the best interests of this town and district.

Davidson will require the grant of last year with an increase at the rate of \$50.00 per annum till October. It will then be self supporting.

Drinkwater will reach the new minimum with the same grant as last year. It has contributed largely to the Augmentation Fund. The outside appointment has had some difficulty with regard to the selection of a site for a church, which has affected its growth and liberality.

Pasque will reach the new minimum with the same grant as last year.

Rouleau will require the same grant as last year. It has given very largely this year to Home Missions.

Stony Beach and St. Paul's, Moose Jaw will reach the new minimum without increasing the grant. St. Paul's, Moose Jaw, has to face the problem of a new church. It is expected that very soon it will be a strong self supporting congregation.

Trugaske has built a church this year costing about \$7,000.00. It requires a grant of \$300.00. This grant will be reduced year by year.

Wilcox is vacant at present and will require to have the grant increased to \$300.00 to reach the new minimum. It has no Manse.

SASKATOON PRESBYTERY.

Hanley has suffered through the character of last summer's supply. It is now happily settled. Its prospects are brightening. It requires an increase in the grant of \$50.00 to reach the new minimum. A reduction in this grant should be expected next year.

Watrous has suffered through the supply given last year. A portion of the people have organized themselves into an independent congregation. The field has had to be reduced to a Mission Station. They have good hopes that there will be better things to report next year.

There are many Home Mission fields in these Synods prepared for Augmentation, and whose growth would be more assured under a pastorate, but which hesitate to ask for this new status. Under the Home Mission Committee they are sure of the best available supply. As Augmented Charges, they fear long vacancies, in which the result of many years of effort would be threatened, and possibly seriously interfered with. The candidate system in Augmented Charges has almost completely broken down. Appointments for a year to these vacant congregations with a view to a call at the same salary as when called may not solve the problem, but there would be a great improvement on the present method of securing settlements.

The policy of the Committee, as far as grants are concerned, was adopted with towns and rural districts in view, and admirably meets the needs of these, but is altogether inadequate for carrying out extension work in the new cities of the West. It links on naturally

to the policy of the Home Mission Committee, which is also a policy for towns and country places. Because of the lack of an adequate policy, our Church is sustaining great losses in our growing cities, and we stand to lose in cities as long as we pursue our present methods. No more important problem could engage the attention of both Committees than the framing of an adequate policy for beginning and sustaining the work of Church extension in our new and rapidly growing cities.

AUGMENTATION REPORT FOR THE SYNOD OF BRITISH COLUMBIA.

Not much has happened in connection with Augmentation in the Synod of British Columbia to call for an extended report. Nineteen congregations received aid from the Fund, and it is believed the congregations have been in most cases strengthened during the year.

There have been a number of vacancies during the year which has interfered with the progress of the work. It is with satisfaction that your Committee is able to report a settlement at Quesnel in Kamloops Presbytery. Rev. W. Scott, a graduate of Queen's has taken hold of the work in a splendid fashion, and his settlement in January, necessitating a stage journey on the part of the convener of Presbytery of 450 miles, with the thermometer 40 degrees below zero, was effected with great satisfaction to the congregation.

Haney, in Westminster Presbytery, became self-sustaining. It is interesting to note that two of the stations built churches costing \$1,500. and \$1,000. respectively and opened them free of debt.

Two new congregations have been placed on the list—Arrowhead in the Presbytery of Kamloops, and Duncans in the Presbytery of Victoria, both of these congregations taking this step under the leadership of members of the first graduation class of Westminster Hall.

Twenty congregations remain on the Fund for the year 1911-12.

All of which is respectfully submitted.

GEO. A. WILSON.

In the hope that Augmentation may have the place in the hearts of our people; that our congregations may give liberally so that the good work may grow; and that the blessing of God may be on all Augmented Charges, is the earnest prayer of your Committee. And if I may be permitted to add a personal note I would wish to thank the Assembly for the privilege it has given me of serving the Church as convener of Augmentation for so many years; to thank the many Committees that have served under me so loyally, and done so much for the Church of our affections; to thank especially those Presbyteries that made it possible to pay the full minimum during these years, and to raise it \$100, and to hope that my successor may be soon able to add \$150 to the income of those doing so much and paid so little.

All of which is respectfully submitted.

SAMUEL LYLE.

FORM OF BEQUEST.

I give and bequeath to the Treasurer, for the time being, of the Committee on the Augmentation of Stipends of the Presbyterian Church in Canada (Western Section) in trust for the said Committee, the sum of..... to be paid out of my personal estate without any deduction whatever; and I direct that the receipt for the said sum of the Treasurer of the above named Committee shall constitute and be sufficient discharge therefor.

REPORT OF AUGMENTATION COMMITTEE (EASTERN SECTION) 1910-11

To the Venerable the General Assembly:

Your Committee submit the following report for the year ended February 28, 1911.

The revenue during the year amounted to \$10,466.03, made up as follows: from congregations, \$9,903.20; interest, \$532.83; donations, \$30.00; to which revenue is to be added \$2,371.88, the credit balance on March 1, 1910, making a total of \$12,837.91 at the disposal of the Committee.

The disbursements were as follows: to 52 aid-receiving congregations, \$10,595.82; travelling expenses of the Committee, \$123.70; printing, \$51.14; proportion of office expenses, \$260.59, making a total expenditure of \$11,031.25, and leaving a balance in the treasury on March 1, 1911, of \$1,806.66.

A few particulars may be noted here. First:—That congregations gave only \$48.98 less than the preceding year speaks well for the popularity of the Augmentation Fund in view of the pressure upon the Church in favour of the Foreign Mission Committee in its embarrassment, and of the Church's knowledge of the fact that the Augmentation Committee was running on a substantial credit balance, while the Foreign Mission Committee was so burdened with debt, as also in view of the introduction of the principle of Allocation in the other several Schemes. We had feared that this shortage would be much more serious, and under the circumstances are hopefully encouraged.

Second:—Our credit balance all the same has been reduced to the extent of \$565.22. This is clearly due to (1) the lighter income from congregations by \$48.98 and from interest by \$63.24; (2) there being no bequests as also no repayments this year as against \$160.00 the preceding year; (3) the amount paid in grants to congregations being \$246.01, the cost of printing being \$7.06, and the expenses of the Committee being \$5.15 greater than those of the previous year.

At our Synod meeting last October, additional grants were made for the year ending February 28, 1911, in whole or in part, at the following rates: Broughton \$300.00 in the Presbytery of Sydney; Mulgrave \$300.00 in the Presbytery of Inverness; McLellan's Mountain \$120.00, and West Branch River John, \$150.00 in the Presbytery of Pictou; Bridgetown \$300 and Annapolis \$300.00 in the Presbytery of Halifax; Greenfield \$250.00 and Hampton \$250.00 in the Presbytery of St. John. The Committee asks the Assembly to approve of these.

At the Committee's annual meeting on the 26th of April last applications from 42 congregations seeking aid for the current year were received. These were carefully considered and now the Assembly's approval is asked for grants to 41 congregations amounting to \$8,886, as follows:

Presbytery of Sydney—Broughton, \$300; Gabarus, \$300; Little Bras d'Or, \$200; St. Ann's, \$275; St. Mark's, \$11.54 for two Sabbaths; St. Peters, \$200.

Presbytery of Inverness—Baddeck Forks, \$275; Lake Ainslee, \$250; Margaree, \$300; Mabou, \$100; Mulgrave, \$300; Port Hood, \$300.

Presbytery of Pictou—Cape John and Caribou, \$150; McLellan's Mountain, \$150; West Branch, River John, \$150.

Presbytery of Wallace—New Annan, \$300; North Port and Linden, \$300; Thompson, \$300.

Presbytery of Halifax—Annapolis, \$300; Bedford, \$175; Bridgetown, \$300; Middleton, \$250; St. Croix, \$200; Sheet Harbour, \$200; Waterville and Lakeville, \$250.

Presbytery of Lunenburg and Yarmouth—Shelburne, \$200.

Presbytery of St. John—Dorchester and Sackville, \$250; Glassville, \$150; Greetfield, \$250; Fairville, \$100 for six months; Hampton, \$250; Kincardine, \$225; St. George and Bocabec, \$200; St. James, Milltown, \$125 for 6 months; St. Matthews, St. John, \$100 for 6 months.

Presbytery of Miramichi—Bass and Nicholas Rivers, \$200; Harcourt, \$250.

Presbytery of P.E.I.—Dundas, \$100; Marshfield, \$150; West River, \$250; Woodville \$100; Richmond Bay East, \$50 for 2 months.

In these 42 congregations applying there are 2,688 families under pastoral oversight, of which 2,359 contribute to stipend, thus leaving 329 non-contributing, which means on an average per congregation, 64 families under oversight, 56 contributing and 8 non-contributing. Of the 42 congregations there are 6 with 100 or more families each.

The total number of communicants is 3,897, averaging 92 per congregation.

The stipend given by the 42, totals \$24,130, an average of \$574 per congregation, \$10.22 per family contributing and \$6.19 per communicant. 5 congregations report more subscribed than they promised to stipend. 13 report the same net amount subscribed as promised, and 20 report less subscribed than promised. 3 leave the subscription column blank, and 1 says they have "no list." The reported increases to stipend total \$270 from 9 congregations.

Of these 42 congregations, 30 have a manse, 4 provide a rented house, 1 gives \$50.00 in lieu thereof, and 7 do not provide a manse or house.

These congregations gave last year \$1,002 to the Augmentation Fund, and \$4,474 to the other Schemes, a total of \$5,476 to the Schemes, averaging \$130.38 per congregation, \$2.31 per family, and \$1.39 per communicant. The total amount given to stipend and Schemes is \$29,606, an average of \$704.90 per congregation, \$12.55 per family, and \$7.58 per communicant.

During the past year one congregation rose to self sustenance, viz., Musquodoboit Harbour in Presbytery of Halifax, making a grand total of 62 thus raised to independence.

We report progress as regards methods of finance. Of the 42 seeking aid, 25 have the Weekly Envelope System, and of the 17 remaining, 14 collect and pay the minister quarterly, 1 monthly, 1 half yearly, 1 makes no report, 27 report their system faithfully practised, and 10 fairly so. That 4 report "No" in this particular calls for attention.

The Maritime Synod at its meeting last October took action upon the reference from the General Assembly in re the raising of the minimum stipend to \$850.00 and a manse, and issued instructions to Presbyteries to have the necessary increase made where required so soon as practicable, and at the same time authorized the Committee to continue the present grant, where need be, to congregations where such increases are made.

It must be understood that under present conditions, the Committee is not in a position financially to make increased grants in order to reach such minimum.

Your Committee approves of the suggestion of Synod's Committee on Systematic Giving to the effect that the several Committees in the East furnish that Committee with an estimate of their total annual requirements so soon after the meeting of Synod as possible and that the several allocations to the Presbyteries be left to this Committee on Systematic Giving, and agrees to so furnish its estimate provided the Synod approve of the Scheme.

Your Committee further agrees to bear its proportionate share of the expenses of the Committee on Systematic Giving, provided the consent of the Assembly and Synod be obtained to the proposal that these expenses be borne by the other several Committees.

W. H. SPENCER,
Convener.

E. A. McCURDY,
Secretary.

REPORT OF THE BOARD OF FRENCH EVANGELIZATION

To the Venerable the General Assembly:

In presenting its report for the past year, the Board of French Evangelization would make sorrowful mention of the great loss it has been called upon to suffer by the death of the Rev. A. J. Mowatt, D.D., who, for upwards of nineteen years, had been one of its most faithful members and for the past eight years its honoured chairman, and always took a deep interest and active share in every department of its work. His memory is blessed and is an abiding inspiration to all who were privileged to know him and to work by his side.

The work has been faithfully prosecuted during the year, and not without fruitful results, notwithstanding a shortage of workers in the fields and an active and determined opposition which fears nothing so much as the Gospel of Jesus in the hands of the people. The agencies made use of are colporteurs, teachers, missionaries, pastors, literature, *L'Aurore*, a weekly interdenominational paper of which the Rev. S. Rondeau is Editor, and *Le Rayon de Soleil*, a French monthly published under the auspices of the Sabbath School Publication Committee of our Church.

MISSION FIELDS.

ALBERTA.

The Rev. A. J. Langlois was sent at the request of the Presbytery of Edmonton to undertake bi-lingual work within the bounds last summer. Later he was transferred to the Presbytery of Macleod, with Blairmore as headquarters. Mr. Langlois writes: "The field consists of coal mining camps in which there are many French-speaking Belgians. I went to Coleman once and visited a dozen families and had an attendance of 22 at an evening meeting. They are inimical to the R. C. Church, and although not very religiously inclined, offer an opportunity for evangelistic work." The Board pays one-third of the supplement and the H. M. C. the balance.

SASKATCHEWAN, PRESBYTERY OF REGINA.

The Rev. S. P. Rondeau continues bi-lingual work in the S.W. section of the Presbytery. He spent part of the winter imparting information regarding his compatriots to congregations in Manitoba and with good results. He mentions growing French settlements at Lafleche, Meyroum, Gravelbourg, Gravesborough, Notre Dame d'Auvergne and Lac Labiche as visited by him and adds, "my field is so large that it has been utterly impossible to do little more than glance at it. However, organization is on the way and the seed of truth has been planted in a few hearts, and some of our French people stirred religiously. I have made many acquaintances among them and been received in a friendly way."

ONTARIO, PRESBYTERY OF ALGOMA.

The only work done among the French speaking people within the bounds during the last year has been by Mr. H. Dumouchel, who was in charge of the Home Mission field of Larchwood and Cartier. There are a number of French Protestants living in the vicinity of Chelmsford who are very desirous of having a Mission School opened there for their

children, for which they would provide a building and \$10.00 per month. The teacher would be able to do missionary work in the district.

The Church of Rome, ever watchful, is taking full advantage of the Ontario School Act and of the practical indifference of the Protestant Church to have her religion taught in Public Schools. This, together with her organized system of colonization, is going to give her control of Northern Ontario unless Protestants wake up. Our Church should lose no time in establishing schools like those at Pointe-aux-Trembles in this region.

E. S. LOGIE, *Convener*.

PRESBYTERY OF HURON.

We are happy to report the past year as one of the most prosperous in the history of our congregations. Last year we did away with the Augmentation grant and this year our people are making up their minds to do away with the French grant for 1911. In our French mission we received into full communion of our Church six new members, all from the Church of Rome. The largest addition made at one time in the history of the mission. Besides this, the liberality of our French people has also grown and is commendable.

S. A. CARRIERE, *Convener*.

PRESBYTERY OF GLENGARRY.

During the past year the French work for this Presbytery has been confined largely to the town of Cornwall. Services have been held regularly in the chapel by the missionary, Rev. I. P. Bruneau. The little congregation last year adopted the duplex envelope for contributions and are adhering to the method. The attendance at services has been very steady, and they are encouraged in their work. The missionary has distributed many gospel tracts and a few Testaments. He has also held cottage prayer meetings and generally some of the Roman Catholic faith were present. Some interest has been awakened by open air meetings during the summer month. Scores gathered to hear the missionary tell the simple way of life through faith in Christ alone. The gathering in of fruit is slow, but where such faithful work is done the Word will not be lost.

R. HARKNESS, *Convener*.

QUEBEC, PRESBYTERY OF OTTAWA.

Ottawa and Hull. A good deal of activity is manifest. A Young People's Society has been organized which has proved to be very helpful. There have been several converts from Romanism received, and the pastor, Mr. Vessot, has access to many homes. Mr. Gallou, student, did good work as colporteur in Hull and vicinity. The School in Hull has been resumed by Miss A. Cruchet, and is prosperous.

Angers and Perkins. The work here is in charge of the Rev. C. F. Cruchon, and presents no features of special interest beyond that of quiet progress.

Masham and Otter Lake. The Rev. A. F. Rivard covers an extensive field and does much house to house work, holding cottage meetings which he finds to be very helpful in reaching many who would not venture into the church or meeting held on Sunday.

Monte Bello, Ripon, etc. Mr. E. Rivard, student, occupied this field during the summer and during the winter Mr. Cruchon has given occasional supply. Mr. Rivard will return in the spring as missionary for the students' Missionary Society of the Montreal College.

Namur and Grand Lac. The Rev. J. Rey was removed to Montreal last summer and his place here taken by Rev. H. Dubois, B.D. Mr. Dubois studied in Geneva and Glasgow. Both he and his accomplished wife promise to be a valuable acquisition to our missionary forces. There are three day schools in this field.

The isolation of some of our missionaries in conditions where work is the only distraction should evoke our sympathy and keep us mindful of them at the throne of grace that they may receive abundantly of its treasures.

MISSIONARY CONVENTION.

The fifth annual convention of the French Presbyterian missionaries was held in Ottawa last May, and was entertained by the Presbytery at a banquet in Bank Street Church provided by the Presbyterian ladies of the city and presided over by the Moderator. Addresses were given by members of Presbytery and of the French Board and by the missionaries present. Much interest has been aroused in the work and a fresh stimulus given to its friends and the workers.

JAMES TAYLOR, *Convener*.

PRESBYTERY OF MONTREAL.

The Presbytery has 16 fields under its care in which French missionary work is done. Nine of these are distinctively French: St. John's, Lacroix, Maisonneuve and Tetreaultville, St. Jean Baptiste, Belle Riviere and Lachute, Valleyfield and Chambly. The bi-lingual fields are: Arundel, Grenville, Joliette, New Glasgow, Point St. Charles, St. Gabriel de Brandon and St. Hyacinthe. We have also five day schools and the Pointe-aux-Trembles schools. To these must be added the Italian Mission with its day and evening schools. In Montreal there have been some changes. The Rev. I. P. Bruneau has removed to Cornwall and the Rev. R. P. Duclos, after long years of service, has withdrawn from Lacroix Church and been replaced by the Rev. J. Rey, who has taken hold of the work vigorously. St. Jean Baptiste has been without a stated missionary since the departure of Mr. Bruneau. During the winter Prof. Bieler has charge of the Mission and with the assistance of his students, carries on the work. Both Presbytery and Board are indebted to the Professor for this efficient and generous assistance. St. John's Church, under Rev. T. S. Aubin reports a goodly number of additions, many being from the Roman Catholic Church, and increased financial results. Our veteran missionary, the Rev. C. A. Doudiet, has intimated his intention to withdraw from the work of St. Charles Street in the near future. Belle Riviere and Lachute have been under the care of the Rev. P. E. St. Germain. The removal by death of an esteemed elder, the late P. Piche, has been keenly felt by the Mission. Valleyfield, under the care of Mr. G. Peck, a Pointe-aux-Trembles teacher, during the summer made encouraging progress. In the fields of Arundel, New Glasgow, and Grenville the work has been vigorously prosecuted. Joliette has had an increase of about 20 families, of whom there are three French. Notable financial progress has been made. Contributions for stipend have gone up from \$200 to \$800, with equal increase for missions. Self support is in sight. In this the convener desires to acknowledge the self sacrificing and valuable help of Mr. J. W. Kilgour, of Beauharnois. The chapel at St. Gabriel has been finished. The Mission is indebted to the Misses McLaurin for an organ. A dissentient school has been organized and but for the school law regulating the taxes of joint stock companies, would about meet all expenses. \$125 of Protestant taxes go to the R. C. schools. Mr. A. Gouin is in charge of the mission.

Mr. J. Magnan laboured as colporteur-evangelist in the Chambly field. The Italian Mission is progressing under the intelligent care and direction of the Rev. E. Rivoire. Forty families are connected with it. Thirteen new members were added and all from the Church of Rome. A property has been purchased on St. Elizabeth Street which will be the head quarters of the Mission. There is an active Y.M.C.A. belonging to it, also a day-school and an evening school, the last conducted by Mr. Rivoire and voluntary helpers.

Owing to change of time of meeting, the French Presbyterian Convention was held in February in St. John's Church, Montreal, and lasted for two days. The discussions were on practical subjects bearing directly on the work and helpful in every way. The evening sessions were given up to the discussion of two subjects of great significance for the future: "The role of French Protestants in the political life of the country," and "Are the extraordinary privileges of the Church of Rome irrevocable?" They were ably

treated by business men and lawyers and aroused intense interest. The addresses on the latter subject are to be printed for general distribution.

C. E. AMARON, *Convener*.

PRESBYTERY OF QUEBEC.

Our work in this Presbytery has had many encouraging features during the past year. A spirit of enquiry is abroad and increasing numbers are seeking for the truth as it is in Christ Jesus. Unfortunately several of our missions have been vacant during the winter months for want of men. For services rendered in vacant fields we are indebted to Profs. Bieler and Morin and Principal Brandt and the Secretary of the Board.

Ham Nord, Ste. Sophie, St. Adrian, St. Philippe, have been under the care of Rev. G. C. Mousseau and given him much encouragement. Three Mission Schools have been conducted in this wide field. Mr. Mousseau supplied Ditchfield monthly after the departure of Mr. A. Bocquel, student, who was also in charge of the school. This field has suffered from removals.

St. Valier and Morigeau were worked by Mr. J. E. Boucher, student, during the summer, and since have had occasional supply.

St. Damase, Ste. Louise and St. Perpetue have given much encouragement to the Rev. J. E. Menancon, who looks forward to steady increase in numbers being added to the Church. A good school is maintained in this field.

River du Loup, Cacouna and Ste. Blandine. The Rev. A. G. Rondeau entered upon work here with much appreciation and encouragement, but after a few months was forced to abandon it owing to sickness. Since then only occasional supply has been given.

Port-au-Persil and Pointe-aux-Boulaux were occupied by the Rev. L. Abram of the Pointe-aux-Staff during the summer, but unfortunately, this isolated group of French Protestants have had no supply since. Mr. A. is expected to resume work here in the spring. A school was carried on in this field for part of the year.

Quebec City and Lorette. Mr. R. E. David, on his return from a year's study in France last spring, was ordained and appointed to this Mission. Our cause here has advanced somewhat. We sold the property on St. John Street at a good price and bought another suitable one on which to erect a more suitable edifice in the near future. The Rev. Dr. Amaron has been asked to take charge of the work, and much interest is awakened.

Brompton is a new field in charge of Mr. T. Levesque, and has already given splendid results. A promising day school has been opened and taught by him.

The St. Francis District has been covered as far as possible by Mr. G. Andre, colporteur. He is supported by the W.M.S. of Montreal and has done excellent work.

Chicoutimi and Lac St. Jean were occupied by Mr. A. S. Bruneau, student, whose work was much appreciated.

A. T. LOVE, *Convener*.

NEW BRUNSWICK.

Edmundston and Ste. Agatha. Mr. E. Bruneau was in charge of this bi-lingual field. Owing to irregularity of supply, apart from a few months in summer, little progress has been made in this district, although Mr. Bruneau was much encouraged wherever he went.

THE WOMAN'S MISSIONARY SOCIETY.

The French work has been carried on, as formerly, without any variation in its methods.

Madame Cote reports a year of undiminished effort in helping the many who apply

to her for sympathy and assistance. Clothing was distributed to 59 families; \$106 disbursed among 62 families, and 735 visits made.

The work of our colporteur has been faithfully done. 2,204 Roman Catholic and 107 Protestant families were visited through the year. Bibles, Testaments, Gospels, and Tracts were sold amounting in value to \$30.93. Monsieur Andree having regained his health, and returned to the work, was reinstated for us in April, Monsieur Dubuc having filled the position during his prolonged absence.

A complete report of the twenty-three pupils, supported by our Society in the Pointe-aux-Trembles Schools has been received from Principal Brandt; also a letter of appreciation and thanks from each pupil.

For our French fellow-citizens we pray that all that is being done to enlighten them may be owned of God and blest, that the superstition and ignorance in which the vast majority of them are held may, in some living manner, be lifted by the preaching of the Gospel. We have heard of quite a large number of the pupils at the Pointe-aux-Trembles Schools receiving the truth in its fulness, and making profession of faith in Christ by sitting at the Communion table. May many more, before the close of the school year, find rest and peace in Him.

ELLIOT BUSTEED,

Recording Secretary, W.M.S.

SOME SIGNIFICANT SIGNS.

These reports convey a very imperfect notion of the work that is being done for the country by these and other similar agencies. French Protestantism has its honoured representatives in almost every walk of life. It is not to be wondered at therefore if it is becoming sensitive as to its social and national responsibility. This is apparent from the subjects discussed at recent conventions. It was evident also at the last meeting of the Pointe-aux-Trembles Association (representative of all creeds) when its president, a clever young lawyer and former pupil and convert from Romanism, made a stirring appeal to the members to rally to the support of the Evangelical institutions that were making for the intellectual and personal liberty of their compatriots. It was noticeable in the addresses at one of the most remarkable gatherings in the history of French Canadian Protestantism held in St. John's Church, Montreal, in honour of Rev. L. Rivard, one of the pioneer missionaries and first teachers at Pointe-aux-Trembles and founder of *L'Aurore*. The feeling is begotten of the conviction that only instruction in the Gospel for both old and young and an education based upon it, can meet the needs of the people who once having imbibed its spirit of freedom, must rise and cast off the yoke of ecclesiastical domination and wipe from the Statute Book everything infringing upon equal rights and justice to all.

SOME OTHER SIGNS.

The great Eucharistic Congress has passed into history. Its results in the estimation of many devout Roman Catholics have been disappointing. Instead of confounding heretics and bringing about their conversion it has set them to examine the grounds of their faith and confirmed them in it and given rise to ugly questionings in the minds of many Roman Catholics and become the occasion for the outbreak of racial strife and embittered feeling, setting ecclesiastical leaders by the ears.

It has long been an acknowledged fact that thousands of thoughtful men are Roman Catholic only in name and for social or family reasons. They are religiously indifferent and often practically infidel, confounding Romanism with Christianity.

The Church is now openly confronted with another class who, failing to distinguish between religion and the Church, are avowedly anti-clerical. It is well organized and active in its propagandism, counting in its ranks thousands of the labour and industrial army and some of its most distinguished leaders.

The Ultramontanes of Quebec hold fast the ideal of a French and wholly Roman Catholic nationality for the realization of which they are working to segregate the race by the exercise of an arrogant supremacy repugnant to every fair-minded Roman Catholic and Protestant Canadian.

THE POINTE-AUX-TREMBLES, MISSION SCHOOLS.

The Schools are situated on the north shore of the St. Lawrence River, nine miles east of Montreal. They were founded in 1846 by the French Canadian Missionary Society, and were purchased by the General Assembly of our Church in 1880, and since enlarged. There is accommodation for 190 boys and 80 girls. Upwards of 6,000 French-Canadians have been educated here. Many of these now occupy positions of trust and influence as ministers, teachers, physicians, lawyers, farmers, mechanics, etc. Pupils are admitted between the ages of thirteen and twenty-five, the average age last year being about fifteen. A preference is given to the sons and daughters of French Roman Catholic parents, and to the children of recent converts from Rome, living in parishes where there are no Protestant schools. The session begins in October each year and continues for seven months. The pupils reside in the buildings and thus enjoy the advantages of a Christian home, under the supervision of earnest, devoted Christian teachers. They all take their share of housework. The day's duties are thus laid out:—Rise at 5.30 a.m.; all are in the class room studying privately from six to seven; breakfast at seven; house and out-door work from 7.30 to 8.30; family worship, when all assemble together, boys and girls. School begins at nine, the first hour being given to Bible study, and continues till twelve. Then dinner, followed by recreation to 1.30. Classes resume till four; recreation from four to five; classes from five to six; tea at six; recreation at seven; family worship; studying privately in the class-room till nine, and all in bed and lights out at 9.30 p.m. Eleven teachers reside in the building.

Special prominence is given to the religious instruction of the pupils, and to the teaching of God's word on the points of difference between Protestants and Roman Catholics. It is no exaggeration to state that comparatively few, if any, of our English-speaking young men and women are better acquainted with their Bibles, or are better able to give a reason for the hope that is in them, than are the pupils of Pointe-aux-Trembles Mission Schools.

Great care is exercised in the selection of pupils from the increasingly large number of French-Canadians applying for admission. The schools are visited and examined monthly by a Committee of the Board. In January and at the end of the session, written examinations are held in all the subjects taught. The work of the past session on the part of both pupils and teachers was very satisfactory.

When the Board acquired the property in 1880, it was resolved to admit no pupils gratuitously, except Roman Catholics whose parents were unable or unwilling to contribute; all others are required to pay something, in proportion to their ability, towards board and tuition. The amount received in this way during the past session was \$5,046. A considerable portion of this amount was money earned by the pupils themselves during the preceding summer. After deducting these fees, the average cost to the Church of each pupil is \$50 per session. The Board desires that the institution should be supported by means of scholarships of \$50 each, guaranteed by private individuals, Sabbath Schools and Young People's Associations. A particular pupil is assigned to the donor of a scholarship, to whom reports as to the progress made are forwarded from time to time. In this way a Sabbath School contributing a scholarship is put directly in correspondence with the Mission Schools, and the letters, if read publicly to the Sabbath School, tend to keep up interest in the work. It is hoped, therefore, that many more Sabbath Schools and Young People's Societies will assume the support of pupils. From those unable to do so a contribution is earnestly asked. The Board has no hesitation in warmly commending the schools as worthy of public confidence, assured that no means are likely, by the blessing of God, to be more efficacious in the work of French-Canadian evangelization, and in advancing the cause of Christ in the Province of Quebec.

The teaching staff is composed of trained and experienced teachers, whose Christian character and missionary zeal give them special fitness for the work.

TEACHERS AT POINTE-AUX-TREMBLES—Rev. E. H. Brandt, Principal; Rev. L. Abram, Rev. C. R. Lapointe, Mr. J. Bassett, B.A., Mr. G. Peck, Mr. E. Raguin, Miss J. Carmichael, M.A., Miss A. Belle Isle, Miss L. Fruitier, Miss B. Beaulieu, Mrs. L. Abram, Mrs. J. J. Bourgoin, Matron.

THE PRINCIPAL'S REPORT.

No diminution in the work at Pointe-aux-Trembles can be noted. The number of pupils, their interest in their work, and the evangelical fervor of the institution are as strong as ever. The history of the Schools cannot show as great a number in attendance as the past session, with 275 in all. The number of applications was 350, and while 305 were received, the inevitable number dropped off, leaving a steady attendance to the last of 275. Fifty per cent. came from the influence of Roman Catholic homes and priestly rule, while the remainder consisted of the children of our own converts.

The object for which the Schools stands pre-eminently has been kept in view, that of evangelization by the simplicity of Gospel teaching. Each day's work is heralded by the Bible Class, where young and old imbibe the blessed truths which never fade. The fruit of this is seen in the 38 who joined the Church this session, receiving baptism and communion. And while this may seem a small percentage of the number of Catholics, yet the main fact cannot be overlooked, that the ground has been broken for the others to think and act according to conscience's dictate uninfluenced by poisonous dogma. "By their fruits ye shall know them" in the future history of Quebec.

The Board's Committee visited the classes monthly, accompanied by some of the pastors of the churches in Montreal, and their remarks concerning the progress of pupils who came to the Schools almost bereft of elementary knowledge in common subjects, were encouraging and sympathetic. Nothing seems to justify the existence of the Schools more than the class of young men and young women from the benighted parts of the province who are struggling courageously against enormous difficulties to learn at Pointe-aux-Trembles something useful to equip them for the battle of life.

Several of our girls took charge of mission schools in the country and of our young men several assisted in the missionary work in the province as missionaries and colporteurs according to their ability. The amount of fees raised from the pupils is increasing, totalling \$5,046, an increase on the previous year.

What might be called the practical side of the Schools shows progress and power. The monthly paper, *La Feuille de Trembles*, printed at the institution by the pupils, and sold at an annual subscription of 25 cents, still brings its welcome message to homes scattered widely. Its newsy gossip about the Schools is refreshing and interesting to old pupils who are thus bound closer to their Alma Mater.

The musical band has now become so proficient and welcome that many wonder how the Schools ever existed without it. Its sweet strains add to many of the regular social functions and give the pupils a taste for the beautiful in things musical. Marching at the head of the Cadet Corps, which flourishes under a Government instructor, an imposing array is witnessed. The manual training is appreciated and taken advantage of by the boys to such an extent that special prizes were awarded for proficiency in that subject. The clever artistic work of the pupils in exhibition at the annual closing of the Schools called forth admiration from many English visitors. Its practical side is seen in the repairing and general upkeep of the buildings done by the pupils weekly.

The University preparation classes, established a few years ago, have proved a splendid success. Existing for the purpose of preparing pupils to entrance to the University, the dual languages present great difficulties, yet last year five passed their entrance examination to McGill University and four the preliminary subjects and their standard reached in several subjects drew forth a comment of praise from the Principal of the Uni-

versity at a meeting of the Council. The main object is to provide Protestant teachers for our schools well qualified. As a result there are now two young men from Pointe-aux-Trembles in Queen's University, two in McGill, and one girl in Macdonald College.

The collection at the Sabbath services amounted to \$125, which was distributed among the Schemes of the Church.

An interesting and unprecedented feature is seen this year in the movement among the old pupils to accept responsibility for a scholarship and to show their gratitude for what the College has done for them. This year two old pupils, one a lawyer and the other a nurse, have pledged themselves to support one pupil annually.

This work, begun so small and now so potent and successful could never have been, were it not for the prayers and aid of its many old and new friends to whom we offer our thanks and gratitude.

E. H. BRANDT,
Principal.

All contributions should be forwarded to Rev. John Somerville, D.D., Confederation Life Building, Toronto, Ont.

RESUME.

The average attendance in forty-four mission fields and colportage districts of persons over ten years of age was 1,970, representing 880 Protestant families. The communicants number 1,367, of whom 135 were added during the year: 1,109 scholars attended Sunday School; 582 scholars were enrolled in the 16 mission schools, of whom 235 were Roman Catholic; 85 Protestants were lost by removals; 103 Roman Catholics became Protestants; 2,100 copies of the Scriptures (whole or in part) and 30,280 tracts and booklets were sold and distributed, and the gospel offered in 9,970 Roman Catholic homes. The fields contributed \$7,350, and the schools \$5,449, a total of \$12,799.

FINANCE.

Owing to a large legacy the total receipts for the year exceeded those of the preceding year. Nevertheless, the Board has to report a deficit of \$6,659.08 in the ordinary French Evangelization and Ordinary Pointe-aux-Trembles Funds.

The amount required to meet the estimated expenditure for the current year is \$55,674, being \$31,512 and \$24,162, for the Ordinary French Evangelization and Ordinary Pointe-aux-Trembles Funds respectively.

UNIFICATION OF MISSIONARY WORK.

At its annual meeting in March the Board resolved to instruct its Executive, in view of the Assembly's change in the administration of Home Mission work, dividing it into Synodical sections, to confer with the Executive of the Home Mission Committee and with the Presbyteries in which French work is being carried on as to the advisability of uniting the French and Home Mission work of our church and to report to the next annual meeting of the Board.

The Board thankfully recognizes the co-operation and assistance of Congregations, Sabbath Schools, the Woman's Missionary Society, the Young People's and other Missionary Associations, the Montreal Auxiliary Bible Society, the National Bible Society of Scotland, and the many individual contributors.

Respectfully submitted.

REPORT OF THE FOREIGN MISSION COMMITTEE, EASTERN SECTION, 1910-11.

To the Venerable the General Assembly:

The Foreign Mission Committee presents its Report with thankful acknowledgment of the Divine goodness. The missionaries' lives have been spared; good health has prevailed in all the fields; the peoples ministered unto are receptive, and an awakening interest at home cheers the workers.

The question of the future relation of our Canadian Church to the New Hebrides Mission, remitted by the Committee to the last General Assembly, was, as suggested by the Committee, remitted by the Assembly to the Maritime Synod with power to deal with the same. After earnest consideration it was found that: "The Synod, in view of the reasons recorded in its Resolution of 1893, and others that might be submitted, are convinced that it would tend more for the advancement of the kingdom of Christ in the world that it should make no further appointment to that field after the removal of our present representatives by death or otherwise, so as to enable us to extend our operations elsewhere; and that the Synod of the New Hebrides be informed accordingly."

In all the other fields under the Committee's care generous expansion is an immediate necessity. The East Indian population of Trinidad and Demerara, our fellow citizens, is rapidly increasing and the coming years promise a still larger immigration. Our converts must be saved from being submerged in the flood of heathenism. The native church is advancing towards self support as rapidly as can reasonably be expected. Meanwhile its need, our loyalty to our Lord and the generous policy of the Government towards our educational projects demand an aggressive policy on our part. In Korea, the doors of an unparalleled opportunity stand wide open. As pants the hart for the water brooks so pants this people's stricken heart for the knowledge of God in the gospel of His Son. Moreover, those who have accepted the Christian faith must be instructed lest deadly heresies arise, and the last state prove worse than the first. It is very earnestly hoped that the membership of the Church, under the leadership of the Ministry, will consider the situation.

The Trinidad Mission Staff was greatly weakened by the departure of the Rev. A. W. Thompson and his estimable wife after twenty years of most devoted and successful service. The vacancy, however, has been worthily filled by the appointment of Rev. W. I. Green, B.A., formerly of the Prince Edward Island Presbytery.

The approaching jubilee of the Rev. John Morton, D.D., our first missionary to Trinidad, is a call to gratitude to the Head of the Church, who has so long spared this eminently useful worker and his devoted wife to the service of the mission.

FINANCES.

The heavy burden of debt under which the Eastern Section of the Committee so long labored has at last been lifted. The year opened with a debt of \$10,963.67, almost entirely incurred on the operations of the preceding year. The prospect of so large an annual deficit naturally caused anxiety, and it was feared that permanent retrenchment might become imperative. But so graciously did God bless our people that they provided for the year's expenditure, paid the debt and placed \$2,648.66 on the right side of the account.

The following comparative statement indicates the sources of our revenue and the relative amounts from those sources:—

Dr. Balance, March 1st	19,251 75	10,963 67
	\$82,918 45	\$68,466 40

* Of this amount nearly \$19,000.00 was the result of a special effort for the payment of debt.

An examination of the above Financial Statement reveals interesting and encouraging features. Though the revenue for 1909-10 includes nearly \$20,000 raised by special effort for the reduction of debt, still the revenue for 1910-11 is only \$800 less; and the advance may reasonably be regarded, to some considerable extent, as permanent. The steadily increasing prosperity of the W.F. & H.M.S. is cause for profound gratitude. The increase in Donations and Legacies indicates a growing consecration of means. Congregations, also, are awakening to the privilege of being represented in the foreign field by their own missionary.

All of which is respectfully submitted,

April 5th, 1911.

DONALD MacODRUM, Convener.

PERSONAL REPORTS

NEW HEBRIDES.

EFATE.

REV. J. W. McKENZIE, D.D.

The time has arrived for us to send in our report for another year of mission work. Notwithstanding that we had not been home long from the bracing climate of New Zealand, we found the three earlier months of the year the most enervating and trying in our experience here. In fact we were so prostrated by the heat that we felt it would not be advisable to spend many more "hot seasons" in the group. We have nothing of a very unusual nature to report, either in the way of gratifying results or of trials and discouragements. I must say that we are somewhat disappointed in our expectations of the benefit to be derived from the proclamation of the Convention. It is now three years since the Condominunn was established with pomp and ceremony. I regret to say that the drink curse goes on unchecked, much as before this event took place. The French only are the violaters of the law in this wretched traffic. Seldom are they convicted, and when they are they either refuse to pay the fine or it is so trifling as to have no deterrent effect.

The French are very jealous of the influence of the missionaries. At present the feeling against them is very bitter, as the missionaries have been exposing their illegal recruiting, and are accused of preventing natives from leaving their homes. Then, as to preventing immorality among our natives, matters are much worse than previously. At one time there were native courts at the different villages, which either inflicted a fine on the guilty ones, or compelled them to do a certain amount of manual labour. Cases of immorality do not come under Convention articles, so no notice is taken of them. Should the native courts act as formerly they may get into trouble with the Government. Some months ago a woman ran away from her village, and went to live with a heathen native from another island, employed by a miserable, low Frenchman. I spoke to the chief of Erakor about sending some of his men to bring her away, as the chief of her own village was powerless to do so. The Erakor men went and brought her away, but unfortunately they took their muskets with them. When brought before the Government officials for this they explained that they had carried their muskets to shoot pigeons or wild pigs in the bush. No matter, along with their chief, who was quite innocent, they were sent to the lockup for a month. This has emboldened other women to disregard the native courts.

But, notwithstanding these annoyances, the work holds on its way. My brother missionaries have often expressed surprise to us, that in the midst of such evil surroundings, and in the face of such a tide of bad influence, our people should for the most part remain steadfast. It shows plainly that the work is not of man, but of God. We are very much gratified that a successor to Dr. Bolton has been found. The Foreign Mission Committee of the Presbyterian Church of Victoria has transferred Dr. Crombie from Wala Malekula to Vila. Dr. Crombie is well qualified for the position. He is tactful, clever and energetic. His hospital, the John G. Paton Memorial, a fine large building, is approaching completion.

Some weeks ago the Joint Land Court was formally opened. Two war ships, one British, the other French, were in the harbour for the occasion. The president, a Spanish gentleman, unfortunately cannot speak English. There will be many knotty questions before the Court, as land in so many cases is claimed by both British and French. The Mission Land at Erakor is to be surveyed in a few days. We have asked

Mr. Woolecot, the solicitor employed on behalf of the Mission, to take charge of the case. The Sacrament of the Lord's Supper was dispensed twice. On these occasions the collections amounted to £23 7s. Eleven names were added to the roll of church membership. Teachers and assistants in the different districts have been supported by the villages in which they are located. The amount raised for this was £70. The proceeds of arrowroot amounted to £27 10s. 9d. Amount expended on the station, including a dingy, was £25 18s. 2d.

Number of adults added to roll of church membership, 11; number of children baptized, 13; number of births, 15; number of deaths, 11; number of marriages celebrated, 15.

SANTO.

REV. J. ANNAND, D.D.

Nineteen hundred and ten was a year of unremitting toil which yielded a normal quantity of fruit.

The Training Institution was in session forty-five weeks in all. The first term opened on the 19th January and closed on the 3rd of June. The four weeks between the terms were spent in attending Synod meeting on Tanna. The second term began June 30th and ended December 23rd.

Thirteen new students came in and fourteen went out. Ten of them completed their course, and of the other four, two died here, and two left us on account of ill health. There are now 82 men and 17 women attending classes.

Class work averages about five hours a day, and manual labour, under our guidance, about two and a half hours. Besides the above labours the students cultivate their own vegetable food.

The progress made in their studies varies greatly according to the ability and diligence of the students. Some of them come to us poorly prepared, so they are handicapped by their ignorance of the English language. However, upon the whole the advance made was highly commendable.

The regularity of attendance on classes was this year particularly marked. Seven students did not miss a single roll call out of 665, while thirteen others were absent only from one to three times, the latter being equivalent to one whole day. This, in a land of fever and other ills, is certainly a good record.

Mr. and Mrs. Bowie left us on furlough on the 8th of October, expecting to be away eighteen or twenty months. Mr. and Mrs. George M. C. Thomson arrived on the 26th November, and entered upon the duties of Assistants in the Institution.

In the interim between the Bowies leaving and the Thomsons coming, Mr. Boyd and Mr. Gillan's two daughters came over from Malekula to our assistance.

On the 9th November we had a terrific earthquake here which did much damage, and gave a few months' extra manual labour. Fortunately no casualties occurred.

The health of your missionaries continues fairly satisfactory.

In concluding I must say, brethren, pray for the outpouring of the Spirit upon us here. In this Institution lies a mighty influence for the evangelization of these islands, but it must come from on high.

TRINIDAD.

GENERAL REPORT FOR 1910.

The year 1910 has been one of much anxiety and unusual strain upon your missionaries owing largely to the reduction of funds from Canada throughout the year. Not only did this reduction prevent expansion of the work, which was in many cases very pressing, but in some instances led to the abandonment of long established work at some points, and the weakening of the forces at others.

At no time in the history of our Mission were opportunities for service greater or the outlook for substantial progress more hopeful. The East Indian population in the Colony is rapidly increasing and becoming yearly a larger and more important element of the population. General intelligence and material prosperity are on the increase, and the opportunities for aggressive missionary work growing year by year.

In the face of such facts any backward movement necessarily causes pain and discouragement to those directly connected with the work and anxious to spread the Gospel of the Kingdom. We trust that this burden, owing to retrenchment, will soon be lifted and that more adequate support may be forthcoming to effectively carry forward the work.

Staff Changes.

In April Dr. and Mrs. Morton returned from furlough to enter upon their 43rd year in connection with the Mission. The history of missions furnishes few instances of such long, devoted, and successful services as that furnished by our pioneer missionaries.

At the close of the year Rev. A. W. Thomson, M.A., retired from the Couva Field, and Rev. W. I. Green, B.A., who arrived in December, becomes his successor. We part with Mr. Thomson with feelings of sincere regret. Owing to circumstances which he considers beyond his control he has felt compelled to retire from the work. For twenty years he has laboured with great zeal and energy and with conspicuous success. Our prayer is that his labours in the home field may be abundantly blessed.

In July, Miss Archibald, after a strenuous period of five years' work, left for Canada on furlough. During her absence her place has been filled by Miss Jamieson, late of the Central India Mission. We wish to express our most hearty thanks to the ladies, East and West, who made it possible to secure the services of Miss Jamieson.

Educational Work.

A.—Primary Education—

The number of schools in the Mission is the same as reported last year, but the average attendance has considerably increased. This has brought about the necessity in several schools of appointing assistant teachers. This means a greater demand for teachers than at present we can supply.

The Revised Educational Code has made provision for the introduction of new studies of a practical character, but at present our schools are not fully equipped to develop this work. Effort in this direction will be made as soon as possible.

B.—Ière Girl's Home—

The action of the W.F.M.S. in assuming fuller responsibility for the Home has been most gratifying. The work during the year has been encouraging and good progress has been made. The coming of Miss Jamieson was most opportune and her presence during Miss Archibald's absence has been of much service.

The work of the Home is destined to tell powerfully for good on the whole life of the Mission, and if fuller equipment could be provided, much still might be accomplished in the further training of Bible women and female assistants for our day schools.

C.—Secondary Education—

The attendance at the Training School and Naparima College has been the highest in the history of these institutions, and the work in general satisfactory in a high degree.

Much thought has been given to the need of enlarging the scope of work done in these schools, thus bringing them more in line with similar institutions at home. In some respects our Secondary Education is quite equal to that of the home land, but lacks in several lines of study now regarded as imperative for the best preparation for life. We hope in the near future that some way may be found by which these defects may be remedied and our educational work in general be made to profit by this advance.

D.—Religious Education—

Religious instruction continues to receive the large share of attention given in former years. At the annual examinations of the Trinidad and Tobago S.S. Association, the pupils of many of our schools took a prominent place, and in the senior department led the Colony.

Presbyterian College—

The College was in operation during eight months of the year. Fifteen students attended the regular classes and about one hundred and twenty were enrolled in the several classes of the Teacher Training work.

The work has been encouraging and the men manifest a growing interest in their studies. The aim of the Teacher Training classes is partly to serve as a preparatory work for the regular work of the College. If well equipped and earnest, efficient workers are to be forthcoming in the future we think that only such may be looked for as the result of this careful, prayerful endeavour to cultivate the minds and hearts of those now in the earlier stages of service.

Evangelistic Work.

Few changes have been made in the methods of work during the year. The reduction of "Income from Canada" fell most heavily on this department of work. In some cases this led to dismissal of agents and the abandonment of ground occupied.

In all fifty men are reported as catechists. This is rather misleading at first thought as almost half of this number are school teachers who devote what time they can, outside their arduous work in the schoolroom, to evangelistic work. The work cannot expand in this way and the whole question of more adequate provision for preachers and native pastors is most pressing.

The contributions of the native church for 1910 exceeded those of last year by nearly one thousand dollars. This, in view of the fact that business during part of the year was in a depressed condition, is very encouraging, and gives hope for continuous increase in the future.

The Government of the Colony continues to aid in educational work. Of our total income for the year less than one-fourth came from the Church in Canada.

Judging by statistics considerable progress has been made. A careful study of the reports of the different fields of the Mission seems to emphasize the fact that not many adults are being received from the non-Christian community. This state of things will of necessity continue until an adequate number of evangelists can be set free to labour among the non-Christians. At the present time the efforts of the native workers must be largely given to the oversight and training of the Christian communities.

Our thanks are extended to all the friends who by their prayers and contributions have assisted in our work.

Respectfully submitted,

F. J. COFFIN,
Secretary Mission Council.

BRITISH GUIANA.

GENERAL REPORT FOR THE YEAR 1910.

The Report of the Royal Commission on Emigration from India to these Colonies was issued during the year. Of very great importance to this Colony generally, it indirectly affects our own Mission work. The Colony and the conditions under which the East Indian is introduced are favourably reported on; so that as far as the authorities are concerned the continuance of the system is assured, and to the Church also is continued—and, indeed, enlarged—the opportunity of ministering in the West to these children of the East, brought to her doors in this providential way.

But, while opportunities are thus continued and enlarged, it is with sadness and regret that we view our failure to embrace them. The past year has told a sad tale in this respect. Mr. McKenzie's enforced retirement in January through continued ill-health put a serious check to most promising work. Arriving in April, 1908, he set himself whole-heartedly to his work; but before he had been many weeks in the Colony, and while on a visit to Essequibo, he was seized with an attack of fever, which the doctors pronounced "yellow fever." From this he happily recovered; but malaria fever subsequently took hold of him, and was persistent in its attacks. The following year he spent a few months at the sea-side in Barbados in the hope of shaking off this fever. This hope, however, was not realized, and he was advised that a change to a colder climate was necessary. He accordingly left the Colony in January of last year, fully intending to return in six months. His medical advisers, however, held out such small hopes of his being able to return and do effective work in the tropics, that he felt compelled to resign at the end of July. His heart was set on his work, and he laboured most faithfully. He endeared himself to his people, and won the admiration and esteem of his colleagues. His loss to the work has been a severe one, in more ways than one. We eagerly await news of his successor.

The financial straits to which we were reduced last year, through the stoppage of so large a part of our expected "supplies" from home, was another cause of our failure to adequately embrace our opportunities. The Grant asked for was \$10,394.00, but of this amount only \$8,296.15 was received, a reduction of \$2,093.85, or about 20 per cent. This blow came just at the time when a forward move was being made. To disappoint expectant communities; to abandon positions won at great cost; to dismiss agents whose services are needed, and who have committed no fault meriting dismissal; to upset plans and dislocate the whole economy of the work is a painful task. And to stop work already begun only means to lose so much money and effort; for much will have to be done over again when the work is resumed. Prestige and the reputation for holding one's own count for as much in the Mission Field as they do in the fields of politics and war. Realizing all this and much more, every effort was strained to meet the unprecedented situation created by the stoppage of supplies. It was deeply gratifying, and the cause of much thankfulness to God, that the improvement in matters financial at home enabled the Foreign Mission Committee later in the year to come to our aid in a modified degree. The stand taken by the men on the ground was thus justified, and the faith they exercised in the God of Missions was proved to have not been misplaced. But they had to bear a heavy burden of anxiety and financial distress, and, in spite of the assistance above referred to, closed the year oppressed by deficits amounting to \$1,243.85, incurred on their own responsibility in an earnest attempt to maintain the work during this time of crisis. And, in spite of every effort and sacrifice, the work has received a check, and a consequent set-back, which it will require redoubled effort in the future to overcome.

Notwithstanding, however, the adverse conditions under which work was carried on, the contributions from the Native Church show a pleasing increase over those of the previous year, amounting to \$668.75, as against \$550.16 in 1909. This is gratifying and makes the missionaries feel more keenly their inability to lead the Native Church to more rapid expansion.

We cannot too strongly urge the claims of the Day Schools as an indispensable adjunct to the more strictly evangelistic side of the work. Indeed, much of the work that is classed and paid for as "School work" is, in the truest sense of the word, *Evangelistic*. For five days in each week children are taught Christian truth, who could be reached in no other way; for their parents refuse to allow many of them to attend the Sabbath School. Besides, the teachers in these schools are the teachers in the Sabbath Schools. In the case of the Government-aided Schools no question arises, as they are maintained free of cost to the Mission. In the case of schools maintained at the cost of the Mission—existing schools, that is,—it is felt that, under the circumstances, the money is wisely spent, in the best interests of the Mission. It is admitted that we should by all means reach and influence the children and young people. In

many cases this can only be done by means of the so-called "Day Schools." And at what cost are they maintained? In the case of two in the Berbice and East Demerara district, the staff consists of a single teacher—a female—who is paid \$3.00 per month! In several other cases the sole teacher—a male—in receipt of \$8.00 per month, might be more correctly styled "Assistant Catechist," viewing his work from the stand-point of its importance as an evangelistic agency. During the year one of this class of schools—*Bohemia, East Coast, Berbice*—was accepted by the Government, and listed for a grant-in-aid, and there are three others—one in Demerara and two in Essequibo—which should in all fairness be so treated to-day. Any one conversant with the growth of the admittedly-successful Trinidad Mission is aware in how great a measure that success is due to the planting of these little schools in the early days, and generally, too, to the *Educational* policy of the Mission Council there. And we cannot repeat too often that

"There is a tide in the affairs of (missions as well as of) men,
Which, taken at the flood, leads on to fortune,
Omitted, all the voyage of their life
Is bound in shallows, and in miseries."

A board of education was created by statute and brought into active existence towards the end of the year. Official recognition of this board has been secured for the Mission, and Mr. Cropper has been nominated representative. In local educational circles much stress is laid on the creation of this new board; and it probably means a great deal to the Mission that it has a representative thereon. The measure of representation has been based on the school strength of the various denominations.

A parish minister of the Church of Scotland in Berbice, unable to maintain at the standard required by Government, in regard to numbers and efficiency, one of his schools, situated in an outlying section of his parish, sought our aid, and transferred the institution to the Mission. The efforts of the Missionary and his Catechist have been instrumental in gathering in the children, and the transfer has been successful in saving the school from extinction.

We have no great increase in the number of communicants in our Native Church to report this year, owing chiefly to the nomadic habits of the people, and especially those on or near the Sugar Estates. As soon as their term of indenture has expired, many of them leave the neighbourhood, and settle in other parts, where as yet we have no cause. To conserve and build up our work we shall have to follow these people, as they settle along the banks of the great rivers and their numerous tributaries, and in the interior of the Colony. "There is much land yet to be possessed" for our Master in this great country; and none of the Church's Missions is more likely to repay her efforts with abundant success than is this one planted on the shores of "the Neglected Continent," if only those efforts can be systematically followed up with increased endeavour, as the Finger of Providence directs.

Space here for details of the work in each field is not available, but these will be found in the individual reports of each missionary. We earnestly bespeak for these the careful and prayerful attention of all.

For "the sinews of war," wherewith we have been supplied from "the Home Church," it is again our duty to tender, on behalf of ourselves and of all our fellow-workers, our sincere and grateful thanks. Especially would we return thanks to the many kind friends and Mission Bands, who have sent us Boxes of Mission Goods, Clothing, Blankets, Picture Rolls, Toys and Cards. For this new year, we earnestly crave a continuation of such favours. Our wants are greater than ever before; and, could the kind donors but see the joy and comfort their presents give, they would surely feel abundantly repaid.

Throughout the year, "by the good hand of our God upon us," all our workers have been spared, and given a fair measure of health and vigour. We go forth into the New Year, with its daily increasing burden of anxieties and responsibilities, cheered

by the thought of the prayers of God's people in our behalf, and relying on the unfailing support and guidance of Him, Who has said, "Lo! I am with you all the days,—even unto the end!"

All of which is respectfully submitted, together with Annual Statistics, hereunto attached.

R. GIBSON FISHER,
Secretary, B. G. Mission Council.

Wonsan is a growing city and increasing in importance. Many of the people are not permanent residents, but come, stay a few months or years and go again. During their sojourn with us they often hear the Word of Life and not a few have believed. After they have gone we often hear of them settling in some part of the country, where they remain faithful and sometimes become leaders in their groups.

The new Seoul-Wonsan railroad, now under construction, will attract numbers of people, many of whom will be Christians. Our Church must increase its accommodation and have a larger staff of workers to meet the new and important responsibility. For this work God is preparing some strong Christian men and women who are qualified leaders. Never before were so many calls to duty or opportunities for service.

In each home in the station there is a vacant chair—both of them small ones;—one was occupied by John Sprott Foote, who was born at Wonsan on the 10th of January, 1902, and died at Middle Musquodoboit, N.S., on the 28th of August, 1909, and one by Marion Robb, who was born at Wonsan on Christmas Day, 1904, and died on the 14th of March, 1910. The years they spent with us bringing joy to our homes will always be a cherished memory. They were born in the same city and were playmates. Their spirits have returned to God who gave them and their little bodies rest, one beside his maternal ancestors in Nova Scotia, and one on the crest of a hill overlooking the beautiful harbour of Wonsan.

There are forty-seven congregations in this station, besides several places where the people meet for Sunday and Wednesday evening services, while attending a central church for the Sunday morning service. Two congregations have a session each, and two others elected elders during the year. The missionaries in the care of these churches are assisted by leaders and evangelists.

Nearly all the congregations have been visited at least once during the year by a missionary and many of them several times. The progress, which has been general, may be indicated, among other ways, by the fact that two hundred and forty-seven catechumens were enrolled, and two hundred and seventeen persons were baptized during the year.

In addition to above our station worked a section of Yong Heung county, the statistics of which will appear in the Ham Heung Station report, as its connection with that station has not yet been formally severed. If they were given here the total number of baptisms in the station for the year would be two hundred and forty-four, a larger number than ever reported before, and the number of catechumens two hundred and eighty-five.

The Wonsan congregation with three hundred and sixty communicants, one hundred and forty catechumens, and seven hundred and fourteen members and adherents, is the largest in the station, and Yok Chi with one hundred and forty-four communicants, ninety-four catechumens, and a total of four hundred and seventy-two members and adherents comes next.

The former, besides providing the running expenses and helping with the schemes of the church, contributes towards the expenses of the girls' school and boys' academy and supports two school teachers, a Biblewoman and an evangelist. The man who has been church evangelist for some years has completed his Theological studies, and the congregation is ready to call him to be co-pastor with the missionaries.

A prayer meeting for the boys and young men of the church, which was started this year, is much appreciated by the young people, and cannot help but result in much good.

The new church which was started in a neglected part of the city does good work, and separate evening and Sunday afternoon services are conducted there.

There have been twenty-three schools, five of which are for girls, in operation throughout the year, with a total enrollment of three hundred and four boys and one hundred and twenty-six girls. The teachers are better than we had a few years ago and on account of the academies we hope for a continual improvement.

The academy has passed successfully through the third year of its existence. Seventy-four students were in attendance, three of whom completed the full course. Mr. Robb and Mr. Foote gave as much time to teaching as their other work would allow, but Mrs. Foote and Mrs. Robb also taught regular classes.

All the students are professing Christians and several are to be commended for the help they gave nearby congregations by going out on Sabbath mornings and conducting the services.

During the summer holidays some of the students have done splendid service in their own villages by teaching school, helping on Sundays, and by assisting the leaders with the Summer classes.

The F. M. Committee being unable on account of the debt, to grant the estimate asked for academy work, the burden of its support for the year fell on two of the missionaries to the extent of two hundred and ninety-three dollars. To close this school would be to cut the nerve of our work and we trust the F. M. Committee will be able to pay us this balance. If, however, any of the friends in the home church would feel it a privilege to aid us in this work it would be a decided relief to the missionaries as well as relieve the F. M. Committee.

Mr. Foote went to Pyeng Yang early in March to teach in the Theological seminary, but was called home on account of illness in his family. There were one hundred and forty-seven students in attendance, twenty-seven of whom completed the course and were granted diplomas. Two of these were Wonsan men who probably will soon be in the active work of the ministry and will be heard from in our reports from year to year.

A system of Bible classes, by which nearly every congregation was reached, was carried on, the men's and women's classes being held at different times—the missionaries conducting those in the larger centres, and the helpers those held in the small groups. The classes lasted from seven to fifteen days and were well attended and profitable.

In several places night schools were conducted for the benefit of working boys and young men who wished to study, but could not attend day school. These schools were so popular and helpful that they will probably be reported in increased numbers next year.

At all classes for Bible study held during the year the thought that we must do our share towards winning the "million souls" for Christ was given a very prominent place, and many were the promises made to strive by prayer and personal effort to win some souls for Jesus. We cannot tabulate results, but we know that many have been brought into the Kingdom of God because of the incentive to earnest service given by the grand watchword "a million souls for Jesus."

Our thanks are due the Toronto Prayer Circle for generously continuing the support of the teacher of our Wonsan girls' school, and a Biblewoman, and to the other friends who have helped us, among whom, two in Nova Scotia have supported Elder Kim, one of our evangelists.

During the year one hundred and seventy-eight General Assembly diplomas, certificates and seals were given for correctly reciting the Shorter Catechism and Scripture.

We again urge the sending of another doctor.

We would invite contributions for the following:—Five hundred dollars for a girls' school building and equipment; forty dollars to aid a needy student who wishes to complete his academic studies so as to fit himself for teaching or for the ministry.

Ham Heung, our central district, has been touched as every other part of our field, and of Korea, by the rapid progress of the Gospel, changing the aspect of our work, bringing new conditions and countless needs with accompanying problems and responsibilities.

The Million Souls' Movement has deeply stirred us; names have come in by the score of persons desiring to become Christians and we must turn from the financial burden of church debt to the greater one of shepherding souls.

The city church has added fifty-two members and ninety-seven catechumens during the year, and great numbers have become interested through special efforts of preaching, notably, the visit of Yi Fong Hui, Dr. Grierson's helper and apostle of the north. Contributions of the city church for every purpose for this year have reached \$1,625.

Mr. McRae's central country district lying to the south, with its ten church buildings, twenty places of worship, a membership of 179 and attendance of 778 is a rich vineyard.

Mr. Young's circuit in the north has some large centres as Puk Chong and Hong Won, and from everywhere comes the cry for more evangelists. All that we can get funds for or that the churches can support are out, but these are by far too few.

Mr. George Rae, our Calgary friend, has recently sent out sufficient to support a native substitute for himself, for one year. In some places whole schools together with the committees in charge have accepted the Gospel, the school buildings being temporarily used as places of worship.

In these northern countries 40 adults and 18 infants were baptized and the catechumenate roll increased from 59 to 215. Contributions rose to \$695.

Teaching and training women grows ever more absorbing and speedy results cheer the heart. Seven Bible women are employed throughout the district, evangelizing in their simple fashion and selling copies of the Scripture.

A missionary in Korea said recently of these—"If you want me to develop a new group of believers, let me send them a trusty Bible woman."

The three who devoted their time to city work have visited homes, exhorted to belief in Jesus, destroyed fetishes and led many women to attend church. With a few other native women, who are able to teach classes, the missionary women have a fair Sunday School staff.

Mrs. Young has held a weekly teachers' meeting to prepare them with the Sunday lessons. District workers to cover all parts of the city are gathered also in weekly classes for Bible study and to report on their visitations. These have been under Miss L. H. McCully's care, while Dr. McMillan has conducted a class for catechumens, many of whom received baptism at the last Communion Service.

Evangelistic work for their sisters is done entirely by the native women. In places where a good number have believed through their word, the missionary may be able to follow and spend a day or two while on an itinerating trip; or the stronger believers may be called to attend a two or three weeks' annual class in the city, and absorb, like the camel, enough refreshment to last for a long time to come.

Union classes for women from the three stations have been tried, but are now to be superseded by a permanent Bible School, as in no other way can sufficient training be given to the earnest but ignorant souls who would fain enlighten others and whose zeal, love and untiring energy and endurance must meanwhile make up for lack of knowledge.

Besides the travelling Bible Society women, who must sell books while they preach, a native woman teacher in every little church is our present ideal and our necessity, as the outside work is so rapidly outgrowing the missionary's powers.

A strong plea came in March for Hannah, our well-known Bible woman, to be sent to aid the Korean church in Vladivostok, where our ordained native Moksa (pastor) has been in charge for some months. We made the sacrifice and parted with Hannah for six months, but her great success in winning new believers is likely to prolong her stay for the other six, and we can only rejoice.

The Korean branch of W.F.M.S. in Ham Heung has kept a woman evangelist constantly at work in this wide district, has made special efforts for the city church and taken a share in sending Hannah to Russia. Their funds for a little over a year aggregated 200 yen (\$100).

Medical work re-opened last November when Dr. Kate McMillan returned from furlough and from some weeks' stay in Wonsan. A small building used previously for the primary school was fitted up for a dispensary and is quite neat and pretty, with its tiled roof and grey-painted walls. Partitions were put in to make two small waiting-rooms, drug-room and treatment-room; but a house or rooms outside where a few patients could be accommodated is sadly needed for cases coming in from the country.

Our medical work is still new in Ham Heung and has been much interrupted by building, making it difficult to keep statistics, but its effects are telling. Not only are diseased bodies being treated and healed, but the Doctor's faithful staff are doing constant evangelizing as they give the Gospel to patients in the waiting-rooms and in their homes.

In about a year and a half our first medical student expects to graduate and should be a valuable aid. If the work is to improve or even continue we need many things—better equipment for the treatment-room, a trained nurse from Canada and some Korean women to train as nurses, besides a room for the sick already mentioned.

We are grateful to the friends at home who have sent during the past year, special gifts for the support of two of the medical staff and we pray for continued interest.

Expenditure of almost \$500, receipts of \$75 from the fifty pupils in attendance, \$50 from our good friend, George Rae, of Calgary, together with small amounts from others, leaving us in spite of every effort with a debt of about \$200, is the financial story of the Ham Heung Academy for the past year.

With the exception of finances the year was abundantly successful with course of study improved to compare well with home schools and fine results from terminal

examinations. This is largely through the splendid work of Mr. Kim, mentioned in last year's report, whose services we are most anxious to retain.

We have a fine teaching staff and fifty as promising Christian young men as ever entered an academy, with many more who expect to come.

Here is the material for the trained native ministry necessary for the development of our church in Korea, and for this we ask only the small amount needed to equip and maintain one good mission school. We need it, we must have it. Our local churches cannot support academies, but it is our policy that they shall care for our ten or twelve primary boys' schools, which they strive to do.

The Girls' School in the city is increasing in attendance and now enrolls about fifty pupils. The building is overcrowded and no longer able to give breathing space to so many, yet beyond gifts from the Campbellton W.F.M. Society and the First Church, New Glasgow, we have no funds.

Expenses are heavy, making the duties of manager onerous, but there is joy in the progress of the pupils and especially in their interest in memorizing Scripture and Catechism. This year sixty diplomas, certificates and seals were won—with sixteen certificates for Shorter Catechism.

Connected with country churches are six smaller girls' schools, though here the quality of the work as yet is very inferior being conducted entirely by Koreans who are wholly untrained.

REQUESTS.

We would invite contributions for the following:—

Six hundred dollars for an academy building.
Two hundred dollars for building an addition to the girls' school.
Three hundred dollars for addition to dispensary building.
One hundred dollars for instruments.
Ninety dollars for dispensary evangelist.
Forty dollars for a Korean nurse.
Fifty dollars for a Biblewoman.

HOW GOD HAS BUILT.

Our field has grown, not in boundaries, which remain the same; but by a constant stream of immigration, into Kando especially.

Our Christian communities have increased. In the eleven months since our last annual meeting there is an increase of 102 congregations. How many ministers at home would thank God for the addition of 102 individuals to their communion roll. Are we not blessed in His adding to us in this one field, 102 not communicants but communities.

The Lord has been building churches for us—seventeen new ones this year.

Communicants are the golden coin in which men of God count their wealth. See

the addition here—161 new communicants, also 539 new names on our catechumen's roll, giving plenty of raw material for building in the coming year.

The zeal of our native Christians is shown by the number who preach voluntarily in Song Chin and the surrounding villages. A number of our colporteurs and evangelists are working in the territory to be occupied by the Western Board, besides one evangelist employed by them.

With regard to this territory, we would mention briefly the increase since the apportionment was made. The groups then numbered sixteen, now they are forty-six. The extent of the territory includes eight countries in Korea proper and all Kando with a population increased by many thousands, now numbering 500,000.

We thank God for large increase in woman's work. As the new groups form, our woman's work grows apace. The Thursday evening class for Bible-study and recitation at Song Chin grows in interest and importance as well as in numbers.

Two of our women have completed the course of study of the Presbyterian Church in Canada, as far as translated, and several others are studying it.

Together with Wonsan and Ham Heung stations, we have succeeded in sending a much-needed Bible-woman to Vladivostok, supported by the women of the churches; and Mrs. Grierson was able to spend several weeks there teaching the women. Mrs. Grierson also itinerated in the Kilju and Yong Dong districts, and in the southern part of the field. All feel the call of the women of these churches and long to do more.

Miss Robb was able to give a few weeks of her precious time, and Miss L. H. McCully assisted in the Woman's Class and itinerated in the northern part of the field.

God blesses our work by sending us good Bible women. Esther does faithful work in the city; Kim Miriam travels in cold and heat over the whole field, and a Mrs. Pak, a new Bible woman, proves an inspiration to all in preaching and Bible selling. All sincere thanks are due the Toronto Prayer Circle, the Sunshine Circle of Sharon Church, Stellarton, who have promised the support of a Bible woman, and to a friend in Halifax for a monthly gift for use in the work.

"The stone which the builders rejected, the same has become the head of the corner," or in other words the work for which the home church granted no estimates last year, has become the most outstanding feature of our work. The Academy roll has increased from nine last year to sixty-two this year. This includes a number who are taking a special one-year course in Scripture and some modern subjects to fit them to become leaders in their home churches.

Of course the missionaries have had to shoulder the extra financial burden, except for the renewed help of Rev. J. D. McGillivray, but we expect much from these young men, and they in the homeland who help this work will reap a rich reward in spiritual dividend.

Our local girls' school has improved in many ways. By the kindness of a dear friend they are now in a nicely tiled house with seats and desks, instead of sitting on the floor, and we have been able to provide a good teacher transferred from the boys' school. The welcome gift of \$4.00 a month still comes from the Toronto Prayer Circle to assist us in paying this teacher.

We once again thank Rev. J. D. McGillivray and Mr. W. H. Marshall for continued aid in educational work, and the several other friends who have aided in financing the purchase of the school campus. We would invite gifts for laboratory and equipment for our academy and school which now have but bare walls.

We pray the Lord of the harvest to send forth labourers into His harvest.

WESTERN SECTION

NORTH FORMOSA

To the Venerable the General Assembly:

This year has been one of normal development in the Mission. There have been no features of the work that exhibit extraordinary growth. At the same time in all departments there has been distinct progress and much cause for encouragement and gratitude to God.

EVANGELISTIC.

The work of this Mission has been, from its inception, primarily evangelistic, and this we report first. In the evangelistic department, as in years past, the most distinctive feature has been the chapel located in each of the outstations, with its resident evangelist and his family. He conducts services every Sunday, instructs believers in the essentials of doctrine, teaches them to read the Scriptures, and is expected to seek in every way he can to impart the good news to any or all who wish to hear it. This method is an approved one and is, when the evangelist is faithful, one of the best means for the propagation of the truth. This year the number of Chinese pastors, preachers and student evangelists thus employed in evangelistic work in chapels throughout the year was 52. In addition, one was employed in evangelistic work in the Mission Hospital, and one was appointed in the middle of the year as assistant tutor in the College.

On the whole, however, the work of the native evangelistic staff this year has been characterized by much that is a source of encouragement. While we have felt discouraged at apparent lack of earnest endeavour on the part of some, we have been cheered and encouraged by the faithfulness and activity of others, even in the midst of adverse circumstances, and surrounded by hostile heathen influences.

SALARIES.

Salaries paid to our Chinese assistants in evangelistic work are too small to free the mind of the individual from worry. A salary more adequate to meet the requirements of the increased cost of living would, we believe, conduce to greater efficiency and whole-heartedness in the work. Yet we are reluctant to ask the Canadian Church to contribute more towards increasing their salaries.

AUGMENTATION FUND.

It is the aim of the Mission to induce the Chinese Church to realize more fully its responsibility for the support of all its pastors and evangelists. To this end an Augmentation Fund has been started this year, and special measures are being taken also to induce those congregations not yet self-supporting to contribute a larger share to the support of their own evangelists. There is now a total number of seven congregations entirely supported by native contributions. This year the amount contributed towards payment of preachers' and pastors' salaries amounted to yen 2,373.95. The total contributions by the native church for all purposes amounted to yen 6,318.54, an increase of nearly one thousand yen over the amount contributed last year. A part of this increase is due to a special effort on the part of the Formosa Christians to raise a fund to help the widows and orphans of Chinese pastors and evangelists.

STREET PREACHING.

This year more stress has been laid on open-air and street-chapel preaching than was possible in recent years. Mr. MacLeod, having now acquired considerable facility in the

language, was able to devote considerable attention to this work. One of the street-chapels opened might be especially noted. This was in Twa-tiu-tia, the largest centre of Chinese population in the Mission. A building with a seating capacity of about 200 was secured in one of the main thoroughfares. In this building preaching services were conducted two nights every week, the evangelists from neighbouring chapels being invited to assist. The results have been very encouraging, several people having been brought in through hearing the Gospel for the first time in the street-chapel. The street-chapel opened in Tamsui last year also continues to have a fair attendance. The interest shown in the meetings at these chapels and also in other places, leads to the conclusion pointed out by the Edinburgh Conference, that the time is favourable for a more comprehensive scheme of evangelization for the whole Island, with a view to reaching all classes. To secure this will require more workers, both native and foreign, able to devote themselves wholly to evangelistic work.

INCREASE.

At the beginning of the year, as in the previous year, the outstations that are not under the supervision of any Chinese pastor, were divided into three districts and Messrs. Gauld, MacLeod and Jack were each assigned a district for pastoral supervision. The total number of communicants added to the Church during the year, apart from those by certificate, was 127. Of these, 84 were adult baptisms and 43 on profession of faith of members baptized in infancy. In quite a number of the outstations a good many new hearers or catechumens as they are called in some missions, have been registered.

SABBATH SCHOOL.

With regard to Sabbath School work, the interest continues to grow in the Church. This work is very important and merits more attention and supervision than the missionaries are at present able to give it.

THEOLOGICAL COLLEGE.

A department of evangelistic work of the highest importance, because on it depends the supply of native evangelists, is the Theological College. The number of the students during the first half year was seventeen, during the latter half twenty-three. Three students were graduated in June. During the first half year the teachers were:—Mr. Gauld and Mr. Jack, assisted by a teacher of Chinese, Mr. Tiun and Mr. Arakawa, teacher of Japanese. Owing to the expressed wish of the Foreign Mission Committee, Mr. Gauld was appointed to prepare plans and oversee the erection of the new mission hospital and residence at Taipeh. Consequently he was released from teaching in the Theological College for the session 1910-1911. Owing to the want of a secondary school for boys, and the creation of a preparatory course to supply this lack, the number of classes has greatly increased. Hence, it was deemed advisable to call in one of the evangelists to assist in the training of students in the Preparatory Course. Mr. Keh Tsui-leng, an evangelist of more than average ability and trustworthiness, was invited to accept this position. Mr. Arakawa having resigned, the services of Mr. Yasui of Tokyo were secured to teach Japanese. He is a Christian of strong conviction and is proving a valuable assistant. In addition to the two assistants above named, the services of another Chinese were secured to teach Chinese character, Mr. Tiun having resigned. Mr. Jack taught the Theological Class, and Mrs. Jack conducted classes in singing, mathematics, and writing, and a course of Bible Study for the men in the preparatory division. In the Theological Classes the subjects taught throughout the year included Old and New Testament, Church History, Systematic Theology and Homiletics.

MIDDLE SCHOOL.

We cannot emphasize too strongly the urgency of making provision for this preparatory work in schools apart from the Theological College. While the Theological School has to combine both elementary and secondary school work, along with Theological instruc-

tion, it is practically impossible to give the amount of attention to instruction in Bible and Theological subjects that is necessary for efficient work. The result is that men in Theological Classes are receiving only ten, to twelve hours a week of instruction in Theological subjects, who ought to be receiving at least twenty hours. The men who enter the Theological School in the future should have a thorough elementary training in Mission preparatory schools to fit them for theological studies. It is further our opinion that at least two missionaries should devote the greater part of their time to instructing the students in theology, in order to furnish more efficient evangelists to meet the growing requirements of the work.

During the year all students, with the exception of those in the first year preparatory course, took turns with the mission assistants and missionaries, in supplying the Tamsui street-chapel, thus getting a certain amount of experience in practical preaching.

In Dr. Ferguson's report will be found a detailed account of the medical work of the mission. Pressure of work, the difficulty of securing permission from the Government to hold land as a Mission body, and other causes, have hindered the erection of the new mission hospital and residence in Taipeh. Preparations are being made, however, with a view to beginning work early in 1911. We hope also that before the end of 1911 the new Theological College and an additional residence will be begun.

BOOK-ROOM.

There was a considerable increase in the issues of literature during the year. The total sales, including Bibles sold for the British and Foreign Society, amounted to yen 779.42, representing considerably more than half a million pages of reading matter. The

literature sold for the most part is of a religious nature, such as commentaries, Bible helps, tracts, etc., and is generally sold at cost price, or slightly below cost price. One form of literature only is given away or sold at prices considerably below cost, namely literature used in purely evangelistic work, in order to facilitate the spread of the Gospel.

CONFERENCE ON UNION.

During the year delegates were appointed from this Mission to confer with delegates from the South Formosa Mission, to consider in what respects the two Missions could unite in carrying on their work. The delegates met in Shoka in Central Formosa in December. Union was recommended in the two following departments of mission work.

(1) A Union Anglo-Japanese College to be founded for the training in some higher branches of learning of the young men of the Formosa Church and others who might thus be brought under the influences of Christianity.

(2) A union course of language study for missionaries and a union Board of Examiners.

The Joint Committee further recommended that a Union Conference of the members of the two missions be held in 1911 for the discussion of mission problems and the deepening of spiritual life.

Among other subjects discussed was the question of a Union Theological College, which was deemed impracticable. Union work for the Hill tribes and a Union Bible Training School were also dealt with and referred to the respective Councils for more mature consideration. Certain phases of Union medical work were advised, especially with a view to enlisting the services of the Christian graduates of the Taipeh Medical School and other Chinese Christian doctors in active Christian work.

While we have been gratified by the two new appointments for Women's Work, it has been a source of disappointment that it has been found impossible to appoint the three missionaries asked for to increase the staff in the men's department. We trust that the way will be divinely opened up to make all these appointments as early as possible in 1911.

The Mission Council wishes to express its appreciation of the sympathetic way in which the Foreign Mission Committee has co-operated in dealing with the various problems that have affected the work of the Mission. Such sympathetic co-operation does much to strengthen our hands and nerve our hearts.

In conclusion, we desire to place on record our gratitude to Almighty God for His unfailing goodness during the year. Through His divine providence, the missionaries have all been kept in comparatively good health throughout the year. What little we have been able to accomplish as a mission during the year has been only with the aid of the Spirit of Him who is the great Head of the Church. Our prayer is that His Spirit may be present in still fuller measure in the work of the mission in years to come.

MEDICAL.

The following is the report of the work done in Mackay Hospital, Tamsui, Formosa, during the year 1910.

In-patients	426
Out-patients	4,894
Total number patients	5,320
Returns for same or other diseases	23,176
Total number of treatments	28,496

OPERATIONS.

Under anæsthetic (Local and General)	192
Without anæsthetic	148
Teeth extracted	237
Total	577

About 250 visits were made to patients in their homes, a number of whom also came to the hospital and are included in the statistics given above. This does not include visits to the Mission schools. Besides this, while on country trips over 300 more received treatment.

During the year, with the assistance of a native graduate of the Japanese Medical School, who proved very satisfactory, we were able to see more patients, perform more operations, and in general to do our work more thoroughly than formerly.

The medical cases were of the usual type met with in the East. We are glad to report freedom from any epidemic of plague this year. During the spring we were visited by smallpox, but with the exception of one septic case, those we had to deal with were very mild.

Compared with last year, only about one-third the number of opium patients were treated. This was due largely to the fact that no extra accommodation was provided for them as in other years. They were put with other patients in the hospital wards, and from inquiries made, we think the result proves it more satisfactory than utilizing a separate building not on the hospital grounds. They are close at hand and can get more help and encouragement from the doctor and assistants, as well as better supervision.

As already stated, we were able to do more surgical work this year. A better surgical technique was maintained throughout which made it possible for us to do a number of major operations.

TOURING.

Two trips were made into the country, one for two weeks to the East Coast and one to the south part of the field. On both occasions medicines were dispensed in the form of tabloids which had been presented to the Hospital by Messrs. Burroughs Welcome &

Co., London, England. Both trips were very enjoyable, but in the East, where constant use of the microscope and similar appliances are necessary to insure correct diagnosis, compared with that done in the Hospital, one finds medical work on tours very superficial. It could be made profitable by establishing small dispensaries, with native Christian doctors in charge, at different points in the field. These dispensaries, the medical missionary could visit periodically. The running expenses of these institutions I think, would be borne by the district in which they are placed. The native doctor, as well as being a graduate of the Japanese Medical School, should have post-graduate training in a mission hospital. We have one man at present taking this training and hope to have another during 1911.

EVANGELISTIC.

Our evangelist did his work this year with his wonted faithfulness. Services were held on five mornings of the week for out-patients, and daily instruction was given to in-patients. It was part of his duty also to keep the evangelists on the field informed as to what patients came from their several districts. Through pressure of work, however, it was not always possible to do this at once, but a complete list of those treated in the hospital with exact addresses was forwarded to the evangelists at the end of the year.

For several months of the year we had a good Bible woman, but in the autumn she was needed as matron for the Girls' School. Her place is now filled by the wife of our Tamsui evangelist. Owing to the scarcity of room in the hospital, a great many who come from a distance remain in the inns until a bed is vacant and are taken in in turn. While in the inns they are allowed to come at a different hour from the regular out-patients, thus the evangelist and Bible-woman have an opportunity to become better acquainted with them.

The Sunday morning Bible Class for young men was continued throughout the year. There was a slight increase in attendance over last year. The work attempted in this class is to help those who can read Chinese Character to interpret the Word, and those who can not read to learn the Romanized Colloquial. In this way we get readers of the Bible in homes where there is opposition to Christianity. One young man who has learned to read well this year belongs to a household of eighty people, the great majority of whom are not only indifferent to, but are enemies of Christian teaching. To use his own words, "They hate it."

We hope that when the time for writing our report for 1911 comes round, "Mackay Memorial Hospital" will be almost complete. We are endeavouring to train enough assistants for that institution. There is one need, however, which can only be supplied by the home Church, i.e., for a foreign nurse to train native women. The value of the services of a foreign nurse in mission hospitals was indicated by the medical section of the Edinburgh Conference, so there is no need reiterating it here. Personally, we know of no department of women's work which affords greater opportunities of service for the Master, and we would strongly recommend that a thoroughly trained nurse be sent out as soon as possible.

In closing our report we wish to record our humble thanks to our loving Heavenly Father for His blessings freely bestowed, including that of health and strength to carry on our interesting work, and pray that what has been done in His name and Spirit may be owned and blessed of Him, and that the results of our mistakes and failures may be overruled by His wise Providence.

WOMEN'S WORK.

GIRLS' BOARDING SCHOOL.

In October of 1907, the Girls' School in Tamsui was opened with an enrolment of 25 pupils; in 1908 the number increased to 36, and since the beginning of 1909 the school has been filled. There is now an enrolment of 44.

When admitted, the girls agree to stay for a term of three years, and in June this year.

the end of the first term, fourteen of the girls left not to return. The vacancies were filled by a new class coming in September.

Early in the year, two aborigines of the Atayai tribe, were brought to us, and they remained until June, when they were allowed to return to their mountain homes. In the fall only one of them was able to come back to us, the other one being detained through illness, but a new one was sent in her place. They are happy and making good progress in their studies, which are not easy, as they have to study both the Chinese and Japanese languages.

The Japanese language is a compulsory subject in the school, and a number of the girls also take English and instrumental music, for which an extra fee is charged. The regular subjects taught are:—Reading and writing of Romanized Colloquial Bible, Singing, Arithmetic, Drawing, Reading and Writing of Chinese Character, Composition, Hygiene, Geography, and in the higher grades, World's History.

The Chinese are beginning to cut the queue and adopt foreign clothing, and in many cases where the father has not yet done this, he wishes his child to have the foreign dress. So this year, the fifth grade girls have been taught to make dresses and aprons and little boys' suits. These are being sold for a few cents over cost price of materials.

Four girls of the fifth grade are acting as pupil teachers this year. Two teach the junior classes in Arithmetic, one teaches Japanese in the Women's School, and one helps the beginners in instrumental music. The older girls take turns in conducting the Wednesday evening and Sunday evening prayer meetings in the School, and two of them assist in the Church Sunday School.

During the year nine girls united with the Church, making in all 21 in full church membership. The prize of a Bible for those in the higher grades repeating Scripture verses, was continued and 5 girls received Bibles. The Canadian General Assembly's Bible Memory Verses were studied, and at the public examination in June, 22 received diplomas, 5 received red seals, and 5 gilt seals.

In the autumn our Japanese teacher, Miss Nishimori, who had been with us for three years, was suddenly called to her home in Japan, and another young lady, who had been trained in a Christian school in Tokyo, was secured to fill the position.

WOMEN'S BOARDING SCHOOL.

During the summer a new Women's School building was erected in Tamsui, on the lot adjoining the Girls' School. Before the time for opening, more than twenty women had applied for admittance, but as we could only accommodate 16, some of them were asked to wait over for the next term.

On the 19th September, the school was opened with an enrolment of fifteen, one being hindered from coming, as her husband decided he could not manage the cooking, etc., without her.

The Matron in charge had served for three years in the Girls' School, so was able to take a good share of responsibility.

The year's work is divided into two terms, the first term commencing in September and ending at Chinese New Year, which comes about the end of January or the beginning of February, and the second term commencing at Chinese New Year and ending in June. New pupils are admitted at the beginning of each term. The subjects taught are, Bible, Singing, Reading and Writing Romanized, Arithmetic, Geography, Hygiene, Chinese Character, Japanese and Sewing.

To Mrs. Ferguson and Mrs. Jack we are greatly indebted for their assistance in teaching. Mrs. Ferguson gives three hours a week to instruction in Old Testament, and Mrs. Jack one hour a day in New Testament.

Mrs. Koa takes worship with the women twice a week and also teaches the reading and writing of the Romanized Colloquial. One of the fifth year school girls teaches Japanese for one hour a day, and the younger women take Chinese Character in the Girls' School.

The women take turns in preparing the meals, sweeping and dusting the class-rooms. They also keep the dormitories in order and wash their own clothes. They did good, faithful work during the term and we are glad to know that some of them who were not able to come for a second term are doing good work helping in their home churches and Sunday Schools.

WORK FOR WOMEN.

The missionaries' wives and Mrs. Koa, together with the unmarried ladies, assist in the Sabbath School and other children's services held in the church in Tamsui, in the street-chapel, and in the Hospital.

Mrs. Jack conducts a Bible Class for women who can read, every Sunday afternoon in the Hospital Chapel. During the year they have studied Acts and a part of First Corinthians. Five of the women have received diplomas for repeating the Canadian General Assembly's Bible Memory Verses, and three have received red seals. The attendance has averaged about 22.

The women's prayer-meeting was continued as in former years with an average attendance of about 30. The Christian women take turns in leading the meetings and following the prayer-meeting, some of the women go out to visit in the homes, to call on any who have grown lax in coming, and also to teach in any heathen homes into which they can obtain entrance.

ITINERATING.

Early in the year short visits were made to Sin-tek, San-kakeng, Lung-a-teng, Pak-tau, Keelung, Pang-kyo and Tsui-tng-kha. In most of these places classes had already been organized and the women were meeting weekly for prayer and study. Since the opening of the school term in September, this work has been dropped, as our time is fully occupied with the two schools.

GENERAL.

We were pleased to welcome Miss Clazie in November. She soon commenced the study of the language and promises to be a valuable helper.

At the time of writing, our staff has been further increased by Miss Adair coming, so the prospect is that we shall soon have helpers for school and country work.

Here we would recommend that another young woman with nurse's training be sent. The hospital to be the highest success should have female nurses. The Japanese Hospitals employ many. Some Chinese girls and women enter their hospitals for the training. How much better if they could be trained in a Christian institution! This requires a foreign nurse at the head to train them. She at the same time would have abundant opportunity for teaching the Gospel to those for whom she was caring.

This request does not conflict with the request already made for a lady doctor. She will be especially necessary when the present hospital work is moved to the city of Taipeh, if the schools are retained in Tamsui.

In conclusion, we would express our gratitude to our Heavenly Father for His guidance and care throughout the year, for the health and strength we have enjoyed, and for the many encouragements in the work, and pray that we may be more and more used to help the needy ones round about us.

CENTRAL INDIA

A field comprising 17,000 towns and villages, having three and a half millions of souls, constitutes the problem of the Central India staff. In addition to the extent of the field, adverse climatic conditions and the comparatively small staff, render the task an extremely difficult one. Because of tropical heat and rains, touring is confined to five months in the year. Yet nothing is impossible to him that believeth. However difficult and disparaging, the results are sure.

There are eight central stations occupied and from these centres surrounding districts are visited. In general features, the work in all these stations is practically the same.

1. EVANGELISTIC.

In some cases villages are rapidly visited by the evangelist, who remains but a short period of time in each. At other times, when indications are hopeful, the missionary remains a longer time, but at the expense of other villages who get no bread. Many villages have never yet been visited. These are being undertaken as rapidly as possible.

NEW STATIONS.

The following are the central stations at present occupied: Mhow, Indore, Ujjain, Rutlam, Alote, Neemuch, Dhar and Amkhut. There are other points commanding large districts, that should be occupied as soon as possible.

SUB-STATIONS.

Within each district sub-stations are established and these manned by native preachers. There are four such stations in the Mhow district. In the Rutlam district a new centre is being opened at *Kharwa*, known as the *Alote* district, which is easy of access, on a good road, and the people sympathetic and accessible. The purpose is ever in view to multiply such centres as rapidly as native workers can be secured, and the expectation is that the number of workers will increase more and more rapidly as time passes.

2. EDUCATIONAL.

Since the days of Dr. Duff, education has bulked largely in mission work in India

(1) THEOLOGICAL SEMINARY, INDORE.

This is one of our very youngest institutions, and gives promise of being one of the most useful. It prepares students for the ministry by taking them through a four years' course. Students enter every second year thus reducing the number of classes. There were ten students in the third year class and eleven in the first year.

Subjects taught correspond to the course in our own Theological Colleges. Dr. W. A. Wilson is Principal and is supported by two native teachers. Messrs. Taylor and Sharrard aided in special courses. Students take an active part in bazaar and congregational preaching. They also take a special course in "First Aid to the Injured," taught by a surgeon of the Government Hospital.

(2) MISSION COLLEGE, INDORE, REV. R. A. KING, D.D., PRINCIPAL.

This College has won for itself the distinction of standing first as to successful examinations amongst the scores of colleges affiliated with the Allahabad University. There were one hundred students enrolled, being twenty less than the attendance of the previous year. This decrease was due to a rise in the High School standard of matriculation examinations, resulting in the failure of a larger number of candidates to pass.

The graduating class numbered twenty-five. Two young ladies attending the classes, is a new departure in India. In none of the other affiliated Colleges is that true. Co-education in India is a remarkable evidence of a changed atmosphere.

The Rev. R. Schofield, who joined the staff during the year, devotes his time almost exclusively to Bible teaching and personal work.

There is need of internal equipment, but especially of boarding-school accommodation for the students. At present thirty Christian students are living in eight small rooms—absurdly inadequate. The better class will send their boys elsewhere rather than to such quarters, and we cannot afford to lose our best boys.

(3) HIGH SCHOOL, INDORE.

This school, formerly domiciled under the same roof with the College, has now a separate building, as required by the Educational Department. There are 397 enrolled, 45 being in the matriculation class.

(4) GIRLS' HIGH SCHOOL, INDORE.

In 1908 the School became affiliated with the Allahabad University, and thus reached the status of a High School. For the past three years girls have written on what corresponds to the High School entrance, with gratifying results. Thrice the school headed the list of candidates and captured five scholarships.

The enrolment is 132, of whom 15 are day pupils.

(5) MHOW

The control of the Cantonment public school in Mhow has been placed under the care of our Mission. The present enrolment is 405, with twelve teachers. It is proposed to raise this to the status of a High School, which will be done if suitable financial guarantees are forthcoming.

(6) NEEMUCH.

Proposals have been made that the Mission take over the care of the public schools in Neemuch, as in Mhow. The present enrolment, numbering 300, can be largely increased. This will probably be done, of course, on the receipt of proper financial guarantees.

The fact that in the neighbouring state of Gwalior obstacles have been put in the way of Mission Schools, makes this spirit of liberality the more noticeable.

(7) PRIMARY SCHOOLS.

Lower grade instruction is given in the schools named, but besides these there are others, properly primary Schools.

(a) *Indore*. "Camp School," having two departments, Hindi Marathi, and "Marathi School." These are schools for girls and have been in operation for many years. They naturally have opened the door to many a Zenana.

(b) *Widows' Industrial Home, Indore*. A most interesting and pathetic school where relief has come to many of India's greatest sufferers.

(c) *Mhow*. Besides the Cantonment school referred to above, Miss Clearihue has charge of a Girls' School of 125 high and low caste girls; although in the work of the school no recognition is given to such distinctions.

(d) *Dhar*. A school confined to the children of Christians, due to the fact that the State seeks to bring all education under State control.

(e) *Christian Boys' School, Rasalpara*, formerly known as the Boys' Orphanage

In this there is a combined Literary, Biblical and Industrial Training, and is a Boarding School for all Christian boys of the Mission who care to come. It is thus a feeder to the Indore High School and Theological Seminary, as well as to the Industrial School in Rasulpura.

Its chief aim is the preparation of evangelistic teachers, medical helpers and leaders in industries. Already results have come, twelve evangelists being from that school, and others in preparation.

(f) *Amkhut*. Special attention is paid to Bible teaching in order to raise up Catechists among the Bhils. These classes have been conducted for a number of years.

(g) *Sunday Schools*. These are held in all the schools, and, as well as the fact that the Bible has its place in the curriculum of every other school,—even in the Government Cantonment Schools, the Bible is taught although attendance in these is voluntary. This option, however, makes but little difference.

3. ORPHANAGE WORK.

This has proved blessed work. There are very many Christian homes in India to-day, through the famines of 1897 and 1900. The children were gathered in, of all ages and conditions, and cared for. An effort was made to concentrate the boys at Rasulpura, which is a suburb of Mhow, and the girls at Neemuch. At these two points the bulk of the children are cared for, there being at the present time 136 boys in Rasulpura and 132 girls in Neemuch. Concentration, however, is not complete for there are 49 girls at Dhar and 37 at Rutlam; 8 boys at Amkhut and 20 boys at Dhar.

Whilst in each institution a good education is given, the main industrial work is centred at the two principal centres named,—Neemuch and Rasulpura.

4. INDUSTRIAL WORK.

The feeling has grown and is still growing that the evangelization of India demands a large community of wage-earning self-supporting Christians. At present the great majority of Christians are untrained and unfitted by their former manner of life for self-support, which condition is aggravated by the inevitable boycott after they have become Christian.

Hitherto industrial effort was confined almost altogether to orphan children, but it is now felt that it should be broadened to embrace all the children of Christian families who will avail themselves of it.

Amongst the girls, time is given to training in needle work, butter making, knitting, weaving, laundry-work, gardening, etc. In Amkhut attention is given to agriculture, whilst in Rutlam the printing press has been an industrial training as well as an agency for the distribution of Christian literature.

The Dhar workshops are now taken to Rasulpura, where carpentry, weaving, tailoring, etc., are profitably cultivated. They only need capital to develop this department indefinitely and make it a large contribution to the evangelization of India.

5. MEDICAL WORK.

At Dhar, Indore and Neemuch there are hospitals for women, but there is no hospital for men in the Mission so far.

UJJAIN.

Dr. Nugent does dispensary work at Ujjain, and during the cold season tours the district with tent, drugs and catechists. He thus gets into touch with the people, who come to appreciate the purpose of his message. Men who would not come near his tent a few years ago are now frequent visitors.

RUTLAM.

Dr. Waters is in charge of dispensary work, but they have only two small rooms; the one a waiting-room and the other for consultation and dispensary. During the year there was an outbreak of plague, but the Christian community, having been inoculated, there was but one case, a little girl who recovered.

Dr. Waters writes: "Our equipment here is largely made up of 'needs.' Our dispensary consists of two small rooms and nine trees! The larger room is used as a waiting room where the preaching services are held for the patients. In the other room all the patients are seen and the medicines dispensed, while the shade of the nine trees provides our operating and dressing room! If one large, central hospital were erected in a central place such as Rutlam, it would be a very decided advantage to our work, as well as a very great boon to our patients.

AMKHUT.

In Dr. Buchanan's absence Dr. McPhedran was in charge. The Bhils, amongst the most interesting of India's varied populations, are coming more and more to respond to kindness.

DHAR.

Miss O'Hara opened medical work here in 1895, and has been continuously in charge except when away on furlough. Both dispensary and hospital, just outside the city wall, are beehives of activity. Plague has frequently visited Dhar and last year was no exception, but inoculation has protected our Christian community.

LEPERS.

The Leper Mission, a few miles out from the city is of pathetic interest. Nearly all the patients have lost fingers and toes, yet many of these lepers are happy, joyful Christians, appreciating what is being done for them.

Whilst the financial end of the leper work is borne by the "Mission to Lepers in India and the East," yet the care of them is in the hands of missionaries where the Asylums are found.

INDORE.

A good hospital for women of 35 beds. Besides the main building, there is a dispensary for out-patients, a ward for European patients, and suitable rooms for the staff.

During the last twenty years an average of over three hundred in-patients have been cared for. These patients come from all parts of Central India, and when they return carry with them grateful memories and cause doors to open hitherto closed.

Young women are trained as nurses, and compounders and thus the medical staff is being multiplied in India.

NEEMUCH.

A new hospital for women is in course of erection, which will be of great advantage. Besides patients in the hospital, 1,354 visits were paid by Dr. McKellar to patients in the villages, 600 of whom were plague patients.

In all, our medical missionaries have given during the year, 130,000 treatments to some 36,000 of India's afflicted children. Surely this is acceptable to Him who said "Inasmuch as ye did it unto one of the least of these, ye did it unto Me."

QUALITY OF WORK.

The final test is not numbers, but character. How do Christians in India compare with Christians in Canada? Generally speaking, the standard of life is quite as high, judged by attendance on ordinances, proportionate giving or aggressiveness in promoting the Kingdom of God in their own land amongst their own people.

Yet there is room for enlargement and growth in India as elsewhere.

HONAN

CHANG TE.

The field comprises the seven counties of the Chang te Prefecture, with the addition of two counties in Chihli.

EVANGELISTIC.

MEN'S.

Chang te congregation has supported three evangelists again this year. Encouraging work has been carried on in the City Chapel and on the streets during the year, and during the great Fair in February. Many discouragements were met with in the country work during the first part of the year, but all the pastors felt that the close of the year saw an advance in all sections, and we praise God for the same. Increased diligence in Bible Study is to be noted especially. Special efforts have been made during the fall to reach all parts of the field in a systematic evangelistic campaign. Three of the pastors spent ten days in the spring distributing famine relief. Two great fairs, at T'ang Wang Chiao and Wu An have received special attention. Two country churches have been built and one meeting place given to Christians for use. 111 have been recorded and 99 adults and 16 children baptized during the year.

WOMEN'S.

One station class, largely attended, was held at Chang Te, and several in the country. Four regular Bible-women have assisted the lady missionaries. Three Christian women supported by Chinese funds have also worked at the outstations during part of the year.

EDUCATIONAL.

Work in the Boys' Boarding School has gone on as usual. Mr. Ch'en, in charge of this school from its inception, was transferred to the High and Normal School, necessitating the appointment of a new principal, Wang Ch'iu Hsien. The attendance has been 51.

The attendance at the Girls' Boarding School has been 55. The two girl students who attended the Women's Union College, Peking, were taken into the school as pupil teachers in August. Four country schools have been in operation, two of which have received financial aid.

MEDICAL.

The Men's Hospital was closed for one month during the summer. A ten days' clinic was held at She Hsien city early in the year when 347 patients received treatment. The total number of patients treated during the year at the Men's hospital was 2,198; total number of treatments 13,933.

The Women's Hospital was closed for one month in the autumn.

WEI HUI.

The year 1910 shows a continued progress in all departments of our work. During the year the country has been blessed with copious rains, seasonable weather and abundant crops.

EVANGELISTIC.—The work has been carried on in country districts and at Central stations, including dispensary chapel. Changes in staff necessitated, especially toward the end of the year, less frequent visits to the country districts by the pastors than was desired. As the result of consistent and regular preaching and teaching, never has greater

interest been shown by heathen audiences in the message of life we bring to them. The time seems to have come in those parts of our field where the good seed has been so carefully sown, when by much prayer and waiting upon God, not only on the part of the missionaries directly concerned, but by the whole Church at home, many precious souls may be gathered into the Kingdom.

The growth of the church has been constant and steady. 70 adults and 5 infants have been baptized, and 165 persons recorded at catechumens, including a Buddhist priest.

Four study-classes for men were taught at the station and at three outside centres. Three women's classes were taught at the station and at two other centres.

The Sacrament of the Lord's Supper was dispensed four times at Wei Hui and eleven times in the country.

Weekly Sunday services have been conducted regularly at the station and at four out-stations. Special evangelistic services were conducted at Wei Hui November 10-13, and at Hwoa Chia Nov. 17-20, without the assistance of any outside speakers and were fully attended by appreciative audiences.

Two elders and four deacons were ordained, during the year. These, together with those ordained to office last year, have rendered valuable assistance in shepherding the flock.

The three evangelists with the probationary evangelists have been faithful and diligent.

The Theological Class was taught at Wei Hui June 20-August 20, with an attendance of over 40, of whom 22 passed the examination successfully. The general diligence in study and the enthusiasm and cordial spirit pervading the class surpassed that of any previous year.

Two probationary evangelists have been supported by the Chinese congregation at Wei Hui.

The Sunday School has been well attended during the year, sometimes over 300 being present.

During the autumn an extended evangelistic campaign, rendered possible by the generosity of Mr. W. L. Innes, of Simcoe, Ont., has been systematically carried on. This made use of the services of over 60 men divided into 10 bands under the leadership of the evangelists and probationary evangelists by whom the Gospe! has been preached at many fairs and in more than 300 towns and villages. Great interest has been manifested in many quarters where formerly none existed.

Students of the High and Normal School have assisted on Sunday afternoons preaching in the city street and in the surrounding villages.

The sales of Bibles and Christian literature during the year has amounted to—gold, \$45.43.

After holding special evangelistic services in Shantung during twelve weeks at six places, Mr. Goforth reports not only large and eager audiences, but a great deal of searching and revival of hearts.

WOMEN'S WORK.—Work for women has been carried on throughout the year in dispensary, city and country round about. Special opportunity has attended work in the city where frequent visits were made in the homes of influential families and a small evangelistic day-school of twelve little girls kept open regularly.

A new departure in country work is enthusiastically reported by one lady who utilized a river houseboat in a short tour of part of the field for twelve days in the fall.

EDUCATIONAL.—A fairly successful year is reported from the three schools at Wei Hui.

The High and Normal School reopened in March in the large new buildings, the gift of Mrs. M. A. Maxwell. At the beginning of the fall term Mr. Lohead took Mr. Mitchell's place in the principal's chair. The first assistant, Mr. Ch'en, has rendered invaluable aid as teacher and friend to the pupils under his care. The average attendance has been 23, exclusively Christian. Football field and running track have contributed largely towards the health of pupils.

In the Boys' Primary School the average attendance has been 38, and in the Girls' Primary School 30, Miss McLennan taking charge of the latter at the beginning of the fall term.

MEDICAL.—Work was closed during the holidays at Chinese New Year and again, upon Dr. McClure's departure in May, for the summer months; again resumed at the beginning of September in charge of four assistants.

The assistants have been faithful in their work.

The total number of treatments in the year have been 15,168. 4,424 were to women. New patients were 2,052. 299 operations were performed, in 72 of which chloroform was used.

HEALTH OF STAFF, ETC.—We deeply regret to report the death in January of Mr. and Mrs. Grant's youngest son; also Mrs. H. M. Clark of smallpox in December within a few days of her arrival in Honan. A rigid quarantine for nearly three weeks of all at the ladies' house necessarily interfered somewhat with the work, but we can but express our gratitude to the Almighty in that we were spared any further suffering from the disease.

Miss Isabel McIntosh in January, Dr. and Mrs. McClure and family in May, Mr. and Mrs. Mitchell and family in June left on regular furlough. Dr. McMurtry was absent from the field from May to October on special furlough. Mr. and Mrs. Goforth and family took up their residence in Wei Hui at the end of September on their return from furlough, Mr. Goforth leaving shortly afterward for special work in Shantung.

We are glad to report the arrival of the following new members: Miss M. Macdonald in January, Mr. Hugh Mackenzie (since transferred to Chang te) in March, Dr. and Mrs. Auld and Mrs. McMurtry in the fall.

About an acre of new land was bought to the north of the compound and the new school for missionaries' children (the gift of friends at home) built thereon. This school is to be opened shortly. Additional buildings put up are new Boys' Primary School, a storeroom for missionaries' effects, a gate house and small storehouse in the church compound.

All the members of the staff took vacation. Dr. and Mrs. Leslie returned from furlough in November. Miss McLennan removed from Chang te to Wei Hui and Mr. Hugh MacKenzie from Wei Hui to Chang te in the fall. Dr. Leslie delivered a course of lectures on Hygiene and Public Health in the Union Medical College, Peking, in December.

HWAIKING.

Hwaiking comprises six counties, all but one of which are on a fertile plain lying to the southwest of Wei Hui, supporting a population of approximately two millions of people.

The Evangelistic work began under somewhat of a cloud as the country was disturbed owing to false rumours regarding partition of China. The feeling of unrest rapidly passed away however, and the year has proven itself to have been a year of special opportunity. In some sections this was more noticeable than in others. In the Eastern section of the field two elders have been appointed, and at the central station two elders and two deacons, were elected. Sacrament of the Lord's Supper was dispensed four times at the central station and twice in the out stations.

Large contributions were made to the Chinese Church in Chi Yuan county, but so far no property has been found suitable to their purpose. Temporary quarters at present in use are most unsatisfactory.

A large Conference was held in the autumn at the central station and the Christians from all parts of our field attended. A number went from the meeting with Christian literature to spread among the villages they passed through on their return. Mr. Li, one of our elders, has given some months of his time free to preaching in different parts of the field and his work has been wonderfully blessed.

Students from the Government schools have continued to come to the compound and have again drawn our attention to the opportunity of doing something in a special way for them. Quarters have been rented and furnished and a probationary evangelist set aside to carry on what may be termed a Young Men's Guild.

The ordinary evangelistic services have been conducted as usual both at the compound of the central station and in the city. During the year 42 have been recorded and 39 baptized, including 6 infants. There are at present 115 communicants and 121 catechumens on the roll.

The medical work has gone on uninterruptedly except for one month in the summer. An increasing number of opium patients have come for treatment. Some of them have been won to Christ. We were called upon to mourn the loss of one of our newly elected elders and second medical assistant, Wang Wu Cheng. Two young graduates of the Chang te School have been appointed to help in the dispensary. Dr. Menzies has been spending part of each morning training them in the elementary branches of the medical science.

The Boy's School has been kept open with an average attendance of 22. Mr. Ch'ai, of Chang te, has been put in charge and has given general satisfaction.

Work among women has been carried on by Miss McGill and the married ladies of the staff. Tours have been conducted in the surrounding country and an Industrial School has been kept open with 70 names on the roll.

Mr. Ross left in the early summer on regular furlough, and Mr. Slimmon returned from furlough in the autumn. We are pleased to welcome Mr. J. M. Menzies and Miss Gay to our station. They, in company with Miss O'Neill, are engaged in language study.

TAO K'OU.

The work at this station has suffered to some extent on account of the absence for so long a time of the staff. Mr. Clark was absent on furlough for most of the year, and Mr. Thomson for six months (May 23 to Nov. 15) at Wei Hui, in charge of building operations.

Mr. and Mrs. Thomson have been living in mortgaged premises in the city. During the year several offers of land were received, but no action was taken.

In February a study class was held at Tao K'ou with an average attendance of thirty-five.

The Sacrament of the Lord's Supper was dispensed twice at Tao K'ou and twice at Hsun Hsien. Twenty-three have been recorded as catechumens and nine were baptized.

At the Hsun Hsien fair we were able to obtain quarters in the South suburb, and this enabled us to reach a larger number of people than in former years. The number of those who assisted the preaching was about fifty.

In company with the other stations of our mission we mourn the loss by death of Mrs. H. M. Clark at Wei Hui Fu, December the 10th. We had looked forward with anticipation to our small numbers being augmented by Mrs. Clark's coming to Tao K'ou, but she was called home before she had reached her station.

WORK AMONG WOMEN.—At the beginning of the year a considerable number of women was received by Mrs. Thomson, but the attendance of visitors greatly fell off owing to the circulation of malicious anti-foreign rumours. Mrs. Thomson conducted two study classes in the country, for women.

WU AN.

Eight acres of land were bought in June at a cost of \$221. Two wells have been sunk and building materials purchased.

SHANGHAI

ANNUAL REPORT OF DR. MACGILLIVRAY FOR 1910.

During Dr. Richard's absence in England it devolved upon me to act in his place as General Secretary of the Society, and as such I drafted the Annual Report which was presented at the Annual Meeting in December.

YEAR BOOK.

In addition to various duties which were referred to in last year's Report, and which were continued this year, our Society began the publication of the China Mission "Year Book" and asked me to edit and compile it. The book for 1910 comprises thirty chapters, with 431 pages, as well as Appendices of 43 pages, and a Missionary Directory of 74 pages. It is the most comprehensive survey of all departments of Mission work in the Empire ever published. The missionaries in Japan have had such a volume now for eight years, and the welcome extended to the China Mission Year Book of 1910 is sufficient proof that it meets a great need. Flattering commendations of the book have been received from various quarters and the Society is encouraged to continue the series year by year.

I have again edited the book for 1911, which has not yet, however, (March 3) gone to press. The book for 1911 will be quite different from the book for 1910, many new and interesting features being added. Probably a survey of mission work in all branches such as appeared in the 1910 book will be necessary only once every five years, but the Year Book is designed to faithfully reflect the progress that is being made towards a new China. But the series is designed to be interrelated in such a way as to avoid repetition.

EXHIBITION.

In October I spent six days at Nanking by special invitation of the Nanking Christian Headquarters' Committee to help Christian work carried on at the Exhibition under their auspices. I spoke ten times in the chapel, but the specially interesting part of my work was a lecture on "Evolution," delivered in the public hall in the centre of the Exhibition Grounds. This hall was erected for the purpose of public functions, concerts and popular lectures, etc., by the Exhibition authorities. Hitherto the Christians had not had the use of it, but now for the first time they courteously granted us the use of it for one evening. So I had the privilege of being the first Christian to speak in it. The subject was announced beforehand in the Exhibition Daily Papers, being first submitted to the authorities, so that it was impossible to have a directly Christian topic, but I took up the theory of evolution as a divine process of creation and human progress and made several references to Jesus Christ. I spoke for one hour to an immense audience, chiefly of students, and especially during the first part of the lecture there was frequent applause. The General Manager of the Exhibition, H. E. Chen, occupied the platform and appointed Mr. Chang Po-ling of Tientsin to the chair. Mr. Chang is perhaps the highest Chinese official who ever became a Christian. He was brought in a year ago through the Y.M.C.A. He is a splendid speaker and great things are hoped from him. The Exhibition Band rendered several selections while the students of the Methodist College sang some pieces. The proceedings were concluded by the singing of the Chinese Christian National Anthem.

The daily papers next day reported that 3,000 were present, but I hardly think there were so many. They also gave a flattering account of the lecture, but said that the general trend of it was contrary to evolution. By that, of course, they meant the materialistic evolution which is so popular with the Chinese students because it agrees so well with atheistic Confucianism. I have just prepared a booklet on the question, but unfortunately it was not off the press in time to allow of its being distributed at the close of the meeting.

HALLEY'S COMET.

As one result of my visit to Honan referred to in last year's Report, a wide spread poster propaganda was set on foot to prepare the people's minds for the coming of Halley's Comet. As a result the C. L. S. circulated 115,000 copies, and other Societies 162,000. The Tract was posted up at some 3,500 Post-Offices and Telegraph Offices throughout the empire, and also in many schools. These and other facts concerning the effort were detailed by me in an article published in the *Contemporary Review* for October, 1910.

At midsummer the sudden breakdown of Mr. Cornaby necessitated my taking up the editorship of the *Ta Tung Pao* for a period of two months, while I have edited the *Chinese Christian Review* during the whole year.

BOOKS PREPARED.

1. METHODS OF BIBLE STUDY, being lectures on the Nanking Bible Institute.
2. Revision of HELPS TO BIBLE STUDY.
3. Student Volunteer Mission Study Book on CHINA, for the use of Chinese volunteers
4. EVOLUTION AND CHRISTIANITY.
5. PAULINE THEOLOGY, by Dr. Patterson.
6. Stalker's ETHICS OF JESUS.
7. Henry C. King's SERMON ON THE MOUNT.
8. KOREA FOR CHRIST.
9. Lord Roseberry's PITT.

Mrs. MacGillivray this year translated THE WIDE WIDE WORLD, the well known story for girls. The Religious Tract Society of London assisted in the expenses.

The severe famine in North Kiangsu and North Anhwei resulted in the formation of a Committee in Shanghai of which I became Honorary Secretary. Our appeals have been up to the present well responded to, Canadian friends liberally contributing as well as the people of the United States. As I write, the famine is at its height and much remains to be done, and the full story must be held over for a future report.

I need scarcely say that without the painstaking assistance of Miss M. Verne McNeely, much of my work would have been impossible. During my approaching furlough she will remain in Honan studying the language. She has literary gifts of a high order and will render splendid service in the translation and preparation of literature when she has learned the language.

MACAO, SOUTH CHINA

The missionaries write:—"With all our failures, God blessed our labours. There is ground for faith, hope, gratitude. We continually see people confessing their faith in Christ, and seeking entrance into His church. In spite of all obstacles, the work is expanding and new doors continually opening. Native Christians are grasping more and more the true meaning of the Gospel."

EVANGELISTIC.

Last year eleven preaching places were reported—this year fourteen, thirteen of them having chapels and the other only a dwelling house in which to hold services. Two more

new chapels will be opened at other points in the near future. Two of the above chapels are in the city of Kong Moon. The work in these chapels is generally encouraging, although sometimes native preachers disappoint. The chapel services frequently take the form of conference which induces freedom of expression on the part of many.

Libraries placed in the chapels by the London Tract Society have been of great service to the preachers. Sabbath School lesson leaflets purchased in Shanghai have also proved valuable aids in Bible study. Fifty-one have been baptized during the year, thirty-one adults and twenty children. The adults varied in years from seventeen to sixty-five.

HEUNG SHAN DISTRICT.

Shek Ki is the capital of Heung Shan, itself a city of 200,000 and in the midst of a dense population. Knox Church—our first church—is there and prospering. The missionaries have been trying hard to secure land in Shek Ki, but, so far, have been unsuccessful. Prices are exorbitant. They are still hopeful. Mr. Duncanson is in charge of the whole Heung Shan District.

SAN UI.

Within San Ui District and lying west of Heung Shan, is San Ui city, which is to be connected by rail with Kong Moon Port, where Mission headquarters are. There is there a prosperous church and successful Girls' School.

CHINESE RETURNING HOME.

1. A young man of twenty-five years returned to Shek Ki from Portland, Ore. Through his influence, a sister and two younger brothers came to the Chapel. Later his mother and elder brother began to attend and now all the family—mother, daughter and three brothers—confessed Christ and have been baptized. Through this family others are being led to the light.

2. In the Chapel at Pei Tez, Mr. Yip, a returned Christian from America, has laboured faithfully for several years, at his own expense. Two young men were baptized in December through his ministry.

3. Two others from Montreal—Harry Shung and T'an Yan—have opened the way for the Gospel to their own villages.

4. John Lee, who with his wife had been very useful in Toronto, returned and he is now in training in Canton preparatory to taking up regular mission work.

5. Mr. Chin Kin Pui, who returned from Calgary is now in charge of a new Chapel at Ha Low, which Chapel was built through the liberality of the Chinese in New York.

6. Thos. Yuenshing has recently left Toronto "to tell the people in my homeland," he says, "of the Saviour you have taught me and whose I am and whom I serve."

These instances are interesting and encouraging to workers in Canada who seek to do something for the Chinese who are here for a while.

EDUCATIONAL.

There are four girls' schools reported—at Shek ki, Pei Tez, Kong Moon and Kong Moon Port. These schools in Miss Dickson's care have a total attendance of 97. Another reported last year at Ha Low has been temporarily closed for want of a teacher. The Shek Ki school has fifty-seven pupils and would be larger if there were accommodation. Twenty-three of the fifty-seven pupils are from Christian homes, and six are members of the Church. A new school at San Ui in Miss McLean's care, has 45 pupils, mostly from heathen homes. The lady missionaries besides having charge of the schools, visit homes of the people.

No boy's schools are reported, but it is intended to open three boys' schools Santa Ui, Shek ki and Ha Low.

MEDICAL.

Dr. Macdonald's work was interrupted during the year by prolonged illness requiring absence from the field for five months. During the remaining months of the year the attendance of patients was in excess of the previous year.

The hospital, so long and eagerly awaited for, has not yet been built, but will be, it is hoped, this year. Work has been carried on at four points.

Dr. Jessie MacBean, in addition to work at three dispensaries, has been taking part in work amongst the girls. She, with others, laments the fact that the lack of a hospital has made it necessary to turn away many surgical cases that might have been helped. It is hoped that the hospital will be completed before the close of the current year.

NATIVE HELPERS.

Four young men have been helped financially in the American Presbyterian Training School at Canton. There are also two girls and one woman in training and two other girls and one woman expected to enter the training school.

Securing native workers is difficult, and yet it is in native workers the hope of the Church lies. Would that in China, converts were as ready for service as in Korea! All missionaries would gladly welcome such an accession of consecrated members to their working staff. Such Bible Women, Teachers and Catechists as are employed render excellent service but many more are wanted—of course only such as God can use.

KOREA.

In no other country—Christian countries not excepted—is the gospel making such progress as in Korea. More marvellous is the rapidity with which the Kingdom is extending in that land that has been chronicled concerning any other land in the world in any age. More wonderful has the Word of God spread over there than ever it did even in Uganda or Manchuria or the South Sea Islands. The Acts of the Apostles does not contain such a remarkable record of the growth of the Christian Church as is being told to-day concerning Korea. Its very name seems significant. Korea now belongs to Japan and is called by the Japanese the Province of "Chosen;" is it not indeed a chosen land and its people chosen of God in these days when all Asia, of which Korea is the geographical centre, is awakening from the sleep of milleniums and throbbing with new life? The following summary of a speech by a Korean Christian gentleman at the World Missionary Conference (see Conference Reports, Vol. I, page 410) is worth quoting:

"Hon. T. H. Yun (Songdo, Korea) spoke of Korea as a microscopic mission field. For the last twenty-five years noble men and women from Europe and America had been preaching the Gospel of Jesus Christ in Korea, and now the day of the harvest had come. It was a matter of fact that to-day more converts were being gathered in Korea than in any other mission field. Twenty-five years ago there was not a single missionary and not a single Christian; to-day there were nearly two hundred thousand Christians in Korea. Different from the missionary work in Japan, the work in Korea had been started among the common people, and as in the days of the Lord, the common people of Korea had received the word gladly. Upon the shoulders of the common people rests the future of any country. To-day the Bible was the most well read, the most widely read book in that land. He took this opportunity to thank the British Bible Society for the great work they had been doing in that country. There were, however, great dangers. One was in the revivification of Buddhism and Confucianism, and there were also the introduction of the philosophies of the West which have been made in some lecture rooms of Europe which needed more fresh air rather than philosophy. The rapid conversion of the people

was another danger. If they had a sufficient number of missionaries to take hold of the situation the rapid increase of the converts would not mean so much danger, but when they had so few missionaries and so few trained native missionaries, there was a danger that the converts might not be taught so thoroughly as was necessary in order to lay wide and deep the foundation of the Church of the future. He pled for an adequate number of men and women to teach and train up that little country in the Christian religion."

Our own Church shares in the work of evangelizing Korea. The Eastern Section has been at work since 1898. The Western Section, acceding to the request of the Eastern Section, has undertaken to help evangelize over one million people. Our field lies in the East Coast north of Songchin and known as Kando. It reaches into Russia and Manchuria where several hundred thousand Koreans are migrating. One missionary, Rev. J. M. MacLeod, was sent in the fall of 1909. Rev. A. H. Barker and Dr. Thos. D. Mansfield with their wives, joined Mr. MacLeod early this year. Seven more will probably be all the staff required for the evangelization of our share of the field.

God has richly blessed the work which He has given our Church to do in Korea. Mr. Foote, (E.D.) states that there were 535 baptisms during the year ending August, 1910. The total number of baptized adults at that date was 1691, and the adherents numbered 9,379. Truly a marvellous ingathering! "The number of meeting places has doubled during the year and now stands at 282." 82 churches were reported and several have since been opened.

In that part of the field which has been undertaken by the Western Section of the Foreign Mission Committee the 16 churches of 1909 multiplied to 64 in 1910. Messrs. McRae, Young and Foote were generously given by the Mission Council to assist our Mr. MacLeod and the Korean preachers. Mr. MacLeod writes:—"There is no doubt regarding the greatness of our heritage in the north and the work is growing at so fast a pace that my own honest belief is that we must have a good staff there if we are to keep up with the demand which that work is certainly going to make upon us." The following extract from a letter written in November, 1910, by Mr. MacLeod, indicates the sanguine outlook as based upon present rapid expansion of the Kingdom. "I shall now speak of the work in our field. When Mr. Foote and I left, our intention was to hold classes in Kando, Hoiryung and Kyung-Sung, seeing that we were bringing with us the native pastor who could hold examinations for baptism and catechumens. This, however, was not popular with our evangelists and colporteurs. They wanted us to visit the churches because that would be more of an inspiration to the different groups at present than holding a class at any given point; and also because all the people had not finished harvesting. We complied with their wishes and visited all our ten groups in Kando but one, which was too far out of the way. We received 35 for baptism, 147 for catechumens (higher grade), 205 for catechumen (lower grade). Dividing the catechumens into two grades is a new step taken by Presbytery this year. Into the higher grade we admit those who have been believers for six months or more and whose lives and answers are satisfactory. Into the lower grade we admit new believers. In every place we visited we met with a good deal of ignorance due to the fact that these groups had not any one to teach them. What I mean by this can be better explained by an illustration or two. Being asked where would she go after death, one woman answered, "They say I will go to heaven with my husband." Again one good brother who had been a Christian for two or three years was asked, "Why was Christ coming to earth again?" "To see the brethren." To help matters, I am sending each group a copy of Moody's "Bible Questions and Answers for Children" for the older Christians, and Mrs. Nevius' "Christian Catechism" for new believers and children. The new pastor also, by means of classes, will be able to lead them out to a clearer conception of the truths of Christianity and the first steps in the Christian life.

I noticed also that school-work is in a bad way. Only three groups have schools and these teach only the boys. The main reasons for this state of affairs are (1) our Christians are too poor and few in most places to support a teacher, (2) they have not yet got rid of the heathenish idea that women is inferior to man. At a certain place where we received 10 catechumens (higher) and 42 catechumens (lower) there were 10-15 children of school age for whom nothing was practically done. On inquiry we were told that they

felt they could not support a teacher. All they were able to do was to feed him. Mr. Foote then told me that he thought he could get a man who could do elementary school work well, was a strong Christian, was anxious to go to Kando and would be content with food and clothing. I am sending him. Around that group are other villages, still heathen, and I am hoping that this man will be able to win them. The New Testament is his fort. He had two years' training in our Academy, Wonsan, and his wife is a graduate of our Girls' School, Wonsan, so that while he can teach the men and boys and preach to the heathen, his wife can look after the women and girls. I have no doubt but that they shall be able to look after his full support next year. I am going to meet with many cases of this kind all over our work and in my opinion it would be a wise step on the part of the Board to grant \$200.00 to be distributed among needy groups in sums of \$5.00 or \$10.00 for the purpose of giving them a start in school work. I am convinced it would be an excellent investment." The \$200.00 was granted by the Foreign Mission Committee.

A campaign has been started by the Korean Christians to visit every house in the country (nearly twice the population of Canada), preach the Gospel to every family and leave a portion of the Scriptures in every home. Already some sections have been canvassed. Nothing like this personal house-to-house visitation has ever been attempted in Canada. But the Korean Church is thoroughly missionary. *Korean Christians love their Bible*. It is the most popular and most widely-read book in Korea. They walk scores of miles to attend Bible Classes lasting two or three weeks. *They love to converse about their Lord* and what He is doing for them. "Christian" and "missionary" are synonyms in the Korean Christian's language. *They love to give*. A farmer will sell his rice and live on millet—giving the difference to help extend His Master's Kingdom. *They love to pray*. It is their "native air." They rise early to pray for the day's work. They believe in prayer as the primary method of work and the motive power for service. Surely they are worth winning for they exhibit more than any church in any Christian land the virtues and excellences of the Christian faith. They are the most advanced type of Christians because they are the New Testament type. Shall we not learn more about our Christ and our Christian religion as we enter more fully with Him into the work of winning these splendid Korean folk and as we thereby see His marvellous power working? Not only the Koreans, but we also shall be immeasurably benefited by sharing with them our glorious faith. Let us seize the opportunity while it is with us for opportunities "come to pass" not to abide.

INDIAN MISSIONS IN THE SYNODS OF MANITOBA AND SASKATCHEWAN.

REPORT OF THE SYNODICAL COMMITTEE.

To the Foreign Mission Committee:

The Foreign Mission Committee of the Synods of Manitoba and Saskatchewan, in presenting its report, beg to express its gratitude to the Giver of every good gift and perfect gift for the good health which has generally prevailed among our labourers among the Indians and among the Indians themselves. Nor is the Committee less thankful for health at one time threatened but now restored as in the case of Miss Gilmour, so long and so honourably connected with the Crowstand School, and for the partial restoration of Miss Cunningham, whose too strenuous life at File Hills, threatened to result in a breakdown; and Mrs. McKay, who has for many years rendered the Church service at Round Lake only second to that of her husband, Dr. Hugh McKay, whom the whole church honours and loves. It is the Committee's desire and prayer that all of these may be completely restored to health and strength, and that many a year of even better service than already rendered lies before them.

Our labourers among the Indians are but a little band and their work, generally in out-of-the-way places, attracts not the attention of the multitude; but take them all

in all there is no more devoted band of labourers, either in the great Home Mission Field which lies all around them or in the equally great Foreign Mission Field away far beyond our borders. They are God's gift to the Church.

Work among Indians has been slow from the very first. Little doubt the fact that the missionaries belong to the conquering race tells against the success of their work among our own Indians as well as among the Indians of the East. The old Indian clings to his pagan notions. Time and again after these seem to be completely destroyed they reassert themselves till it seems as if the whole work had to be done over again. Now it is the sun dance that brings about the recrudescence of the ancient customs and ancient methods of thought till, as in the case of Mr. Bailey, our missionary at Lizard Point who had been carrying on work with every appearance of success till suddenly the forward movement stopped, many turned back and rushed on to the excesses of heathenism. For a time Mr. Bailey had neither interpreter nor audience. But it was only for a time.

In addition to this, the temptations the white man spreads around the Indian, temptations often new to him, speedily gain the mastery and leave him a wreck. Chief of these has been the intoxicating cup. This evil has still a place in the reports of the missionaries, but one less prominent than it occupied two or three years ago. Does this mean that the victory over the evil is being won, slowly but surely.

EVANGELISTIC.

The evangelistic services conducted by our missionaries on reserves and in schools did much not only to gather numbers into the membership of the Church but also to raise the whole moral and spiritual tone of the bands. Statistical reports are very imperfect; but such as they are they tell of a Church membership of eight or ten at the Lake of the Woods Mission where, until recently, there were none. Even the Swan Lake Reserve, which has been one of the most backward, has one or two that are looking favourably on Christianity. Of the older missions there is scarcely one that does not report some increase to the membership. There is much, too, in other lines to indicate the missionary's growing influence over these people.

What a change there is between the wigwam, all but full of filth, and the well kept log house neat and clean. There are not a few of these younger Indian women who can set a table that would do credit to any of her pale faced sisters. Whose influence brought this about? It was largely the work of the missionary and the mission school.

SCHOOLS.

Naturally the missionary looks chiefly to the young to benefit by his instructions. Much has been done for them. Many of them had a Christian home for years in one of these boarding schools. They learned to join in the Christian hymns of praise to a true God evening and morning in the home and daily in the school. Every school has its Sabbath School and its Sabbath service. Nay, the exercises of every week day is as much instruction in some phase of our religion as are the Sabbath services; for there is the effort to connect all instruction to Christian instruction, to show all instruction to be an avenue leading up to Christ.

There is also good work being done in the schools. The change of the Indians' attitude towards them is very marked. Two or three years ago the chief complaint at every school was the difficulty of securing pupils. That difficulty is now seldom mentioned. Mr. Dodds, principal of the Cecelia Jeffrey School, believes that if he were to let it be known that he would receive twenty additional pupils into the school the addition would be made before midsummer; and further that, if accommodation were provided, in five years the attendance, which is now about 40, would be doubled. Mr. Graham, Inspector of Indian Agencies for Southern Saskatchewan, believes that the large new school erected by the Department of Indian Affairs at File Hills will be filled. Mr. McWhinney is confident that the attendance at Crowstand will be maintained and Dr. McKay and Mr. McLaren are equally sanguine about the Round Lake and Birtle Schools.

Further it looks as if the Day School which was regarded as a failure among the Indians, were about to occupy an important place in their education. Our own school at Mistawasis gets credit for being one of the best. For years a dinner was provided at this school for the children and during the winter they were boarded at the school from Monday till Saturday night. Recently two teams have been employed by the Department of Indian Affairs to take the children to and from the school, with the result that every child on the Reserve is in attendance daily. For years the attendance at the Moose Mountain School, also under the care of our Church, has been excellent, largely because of the co-operation of the Indian Agent and the teacher, Miss Armstrong. There the Indians living at a distance from the school, no doubt prompted by the Agent and the teacher, got out logs and rough lumber, built a boarding house for the children, the Indian Department supplying windows, doors and shingles, and employed an Indian and his wife to keep the boarding house. The attendance is about 28. The agent believes that this school is doing better work than either Industrial or Boarding Schools.

Doubtless our labourers will have still to face many new difficulties which will try their patience, their strength and their faith; but a time has come when the Church may well raise her Ebenezer and say "Hitherto hath the Lord helped us."

NEW REGULATIONS.

Recently there have been many changes in the methods of the Department of Indian Affairs, some of which will certainly make the work easier. The grant of the Department to all the teachers of our Day Schools save one, has been raised from \$300 a year to \$400, the per capita grant to Boarding Schools from \$72.00 a year to \$100.00, and where the school building reaches a certain standard, to \$125.00. There is, however, the difficulty that in order to get a higher per capita grant, 500 cubic feet of air space has to be provided for each pupil, both in the school room and in the dormitories. In order to provide this space for the number of pupils, your Committee would like to see enrolled the size of most of the buildings would have to be almost doubled. There are other conditions also to meet which would require a considerable expenditure; but the requirement of extra space is by far the most costly. It will take some time for the Department and the Committees in charge of the Church's work to finally arrange these matters, but your Committee are confident that a satisfactory arrangement will be reached and the Indians greatly benefitted.

All of which is respectfully submitted.

THOMAS HART, *Convener.*

JAMES FARQUHARSON, *Secretary.*

INDIANS IN BRITISH COLUMBIA.

Our Church has two large Indian Boarding Schools on Vancouver Island; one at Alberni and another at Ahousaht. They have each a full staff, and the work was never more satisfactory, nor in better condition than at present. The buildings have been greatly improved during the year. The Bible and Catechism are taught to all the pupils, in addition to secular education. Splendid progress is being made in industrial work, both inside and outside. There are fifty-four pupils at the former school, and thirty-six at the latter, bright, intelligent and healthy. Ten were baptized on profession of faith, and received into Church fellowship.

The Day School at Ucluelet is also in excellent condition and well attended. The nomadic habits of the Indians militate against the education of their children in day schools, for when they go from home, they take their children with them.

The health of the tribes under the care of our Church has much improved during the last few years, and the betterment in health conditions must be attributed to better sanitation, better dwellings and the spread of education and missionary work.

CHINESE IN CANADA.

VANCOUVER ISLAND.

The Chinese Mission work at both Victoria and Cumberland is very satisfactory. Not many conversions are reported, yet the leaven is working. The Gospel is in greater favor than ever before, not only by those who attend the Mission services, but also by outside Chinese. The number who attend the classes in Victoria is about double that of any previous year, and taxes the Mission Hall to its utmost, and more would attend if they could be accommodated. The Chinese number about 4,000.

The Missionary, Mr. L. W. Hall is very popular in Chinatown. In Victoria there is a regularly organized congregation of bright, intelligent, devoted young men who observe the Sacrament of the Lord's Supper quarterly. Mr. Ma Seung is still laboring at Cumberland.

VANCOUVER.

There are about 12,000 Chinese in and around Vancouver. Numbers of them are highly educated, and the present need is that a well-educated Chinaman should be secured to work among this class. An effort is being made to secure such a man in our South China Mission. The Churches are contributing to the work both workers and money, St. Andrew's providing practically the entire sum required for maintenance. Mr. Ng Mon Hing continues to render faithful and efficient service. The Chinese who are of Presbyterian inclination have organized a congregation and have asked to be under the wing of our Church.

CALGARY.

We have no missionary at this point, but there is carried on an interdenominational work which was started by Presbyterians through the late Dr. Herdman and carried on under the care of Knox Church Session, with Mr. Wm. Porterfield as Superintendent. The Chinese population is about 500. A missionary is at work, supported by gifts of Chinese and friends, school fees, and rent of rooms above the hall. There have been four baptisms during the past six months. The report states: "We see that the example of Western Christianity is often a blighting influence, while the general spirit of the West, never helpful to any, becomes a veritable forcing-ground for the materialistic tendencies of the Chinese and Japanese" (about 25). In this connection it may be appropriate to quote a statement of the World Missionary Conference (Vol. I, p. 22): "Whenever an Eastern and Western nation impinge upon each other the contact, in some mysterious way, tends to bring out the worst there is in each." "The increasing number of travellers from non-Christian nations has, in countless cases, resulted in exposing these more enterprising representatives of the non-Christian world to the materialistic anti-Christian and demoralizing sides of the life of the Western nations." A new building is planned for the work in this city.

WINNIPEG.

There are about 900 Chinese in Winnipeg. Our missionary, Mr. C. A. Colman, is unflinching in his zeal. That he is wholly devoted to the work is seen in his generously purchasing, with his own savings, a building to be used as a Mission hall. He and his family will live above the hall. The work is progressing slowly, but ground has been broken and good work in seed-sowing is going forward. Newcomers are friendly. There are not enough teachers to help, but with the better accommodation it is hoped that the churches of the city will take a larger interest in the work and supply workers. There is a number of baptized Christians among the Chinese as a result of work in places from which they come. Mr. Colman hopes that two will give themselves to Christian work among their countrymen.

TORONTO.

The report of the Secretary of the "Toronto Chinese Mission," which exercises oversight of our work, may be presented in full as being a splendid statement of the situation in this city. Mr. Jno. A. McMillan says: "The Chinese population of Toronto has advanced very little in numbers during the past year, and stands, probably, a little in excess of 1,400. Of these, not more than 300 are reached in all our schools. Surely, there rests upon us an urgent call to reach out in some more definite way to the other 1,100 heathen, who, within our very borders, are practically untouched. The number of women has increased by two, making a total of 19. For these, too, since the departure of Mrs. John Lee, very little has been done. There are between 50 and 60 children, of whom about 20 are attending the Public Schools.

Baptisms.—Six men have made confession of their faith in Christ since our last report. The number is not large, but it has been the aim to receive none hastily, and we trust that good fruit may be borne in the lives of these new disciples during the coming year.

Classes.—The number of classes has increased by one, High Park Presbyterian Church being the largest addition to our ranks. This makes a total of ten schools, the largest number in the history of our Mission. Besides these, four schools, in connection with other denominations, are doing similar work, and these were federated with our Mission, in an organization known as the "Associated Chinese Classes of Toronto." The value of organization will be more readily comprehended, when it is realized that the trouble of a year and a half ago, resulted in the disorganization of more than half the classes outside our ranks; while, of those affiliated, none were disbanded, but, on the contrary, two new classes were added.

Preaching.—The removal of Rev. Ng Mon Hing, by the Foreign Mission Committee to Vancouver, was generally regretted. Mr. Ng left, however, in Toronto, one who had been a son in the faith to him, and who, a few months later, was appointed his successor. Mr. Ma Wou has won the entire confidence of our Mission, and of the Chinese. With notable earnestness and zeal, he has combined much tact, and has secured the most hearty co-operation of the Christian Chinese. In addition to his work of visitation, of the classes, and preaching morning and evening at the Association rooms, he has opened what he calls a Personal Workers' Class at 10 o'clock on Sabbath mornings, where the young men are trained in Bible exposition and speaking. He also visits at intervals Hamilton, Brantford, Guelph, and other places where openings occur.

The Chinese Christian Association.—An important event in connection with the C. C. A. was the removal to more central premises in October. This has involved considerable expense, as the former building, through the liberality of Knox Church, had been rent free. The financial needs, however, are met by the Chinese themselves, supplemented by a grant of \$20 per month, from the Toronto Chinese Mission. The establishment of this place of meeting has been abundantly justified. The Christian men, with the opportunity of fellowship thus given, have become more firmly established in their knowledge and practical Christian experience. They speak with more confidence and are more self-reliant.

General.—An incident of interest was the liberal contribution of the local Chinese to the Famine Fund. With commendable and sympathetic zeal, and entirely of their own volition, they subscribed \$759 for their suffering countrymen, forwarding this amount through the hands of our worthy President.

The Standing of the Chinese is gradually improving, and this is the result largely of the work of our classes. It is but natural that the bringing of these men into contact with our Christian manhood and womanhood, the treating of them with respect and courtesy, the impartation of truth, both religious and secular, should inspire them with self respect and confidence. They are being lifted, and the fact is noticeable to all who have eyes to see.

The Effect of the Work on the Home Districts.—We have been thankful to hear, from time to time, of the value to the Mission Work of the testimony of the Christian Chinese who have returned. We should pray for and expect an increase of this from year to year. Little by little, we are contributing our share to the forces which are making for order, and upbuilding, and the Kingdom of our Lord, in that great nation.

The Lessons of the Year to ourselves are: (a) *We are on the right track.* God has shown us marked signs of His favour, and is continuing to bless us. (b) *We should be on the alert to improve our methods.* While criticism and opposition may not dishearten us, they call us to self-examination. In our teachers, in our teaching, we must be not only beyond reproach, but up-to-date. (c) *We should be zealous to impart Christian truth.* Our efforts fail, if they come short of this. (d) *We should take a broader outlook.* The welfare of the Chinese should lie upon our hearts. Insofar as we have given ourselves to the work among them, we are as truly missionaries as are those who have crossed the sea. And as upon the foreign missionaries rests, to no small degree, the burden of the social and moral uplift of the countries in which they labor, so must we, as a Mission, be ready by any means in our power, to secure better conditions for, and to resist injustice to those on whose behalf we have been chosen to stand. (d) *We must be more faithful and insistent in prayer.* Something has been done. But how much remains undone, and how much more might have been accomplished by a little more faithfulness in the duty which, of all others, is most important—pray ye!”

MONTREAL—POPULATION ABOUT 1,300.

“We have in Montreal our largest work, where there are 18 Sunday Schools, conducted in different churches and under the superintendence of Dr. Thomson. These Sunday Schools are conducted by voluntary members of these congregations and the effort is always to have a teacher for each pupil. There is often discouragement in that the teachers are not forthcoming, and sometimes discouragement in that when there are teachers the pupils are not forthcoming, but the work generally has progressed along these lines. Besides the Sunday Schools there are four Bible Classes and a Chinese Christian Association. There are about 500 Chinese enrolled in these various activities, and 400 volunteer officers and teachers. Nine were baptized in Montreal last year, making in all the accessions to Knox Church, which has been the focus of the work, 114 with 14 children baptized. About 168 have become members of the Chinese Christian Association, and the faith and zeal of some of them is an inspiration to Christians who have had greater privileges. We have always been endeavoring to get these Chinese to be interested in our Mission in South China, called “The Macao Mission,” although its centre is now in Kongmun. The Chinese of Canada contributed last year \$3,734 to that Mission in their own homeland and in the interests of their own people.

NOTES.

Attention is directed to the section of the Committee's report dealing with Macao, South China. There it is reported that several Chinese who became Christians in Canada or the United States have returned and entered Christian service in our Mission. Too much importance can hardly be attached to this practical result of our Chinese Mission work in this country.

The Chinese Christians in this country contributed last year, \$3,734 to our work among their fellow-countrymen in South China—“The Macao Mission.”

In the Maritime Provinces there are upwards of 250 Chinese, over half of whom are under instruction. They are scattered among 25 or more centres.

It is felt in many quarters that the Dominion Government should be urged to use a large portion of the \$500 per capita tax in educating the 20,000 Chinese in our country through the establishment of Night Schools. Inasmuch as the purpose of the tax is to bar the entrance of undesirable Chinese, not to increase the Government's revenue, there seems no sufficient reason for continuing to leave entirely to the Churches the task of making into good citizens our Oriental immigrants.

JEWISH WORK.

Though not a part of the Foreign Mission work of our Church, yet the efforts of our Church in seeking to Christianize and Canadianize the Jews, is placed under the Foreign Mission Committee.

The third anniversary of the inauguration of the Jewish Mission has just passed. The history of these three years abundantly justifies the wisdom of the General Assembly in establishing a mission to the Hebrew people in Canada. This kind of work, which is never easy, and is sometimes disappointing, has, in Toronto, met with unusual success. The Jewish population in Canada is growing rapidly. They find their homes, for the most part, in the cities and large towns of our country. Over 40,000 are in Montreal, 17,000 in Toronto, and, perhaps, 11,000 in Winnipeg. Congregating, as they usually do, in certain quarters of the city, they soon develop features of their social, business, and religious life that make them a people distinct and apart from the rest of our population. A fact of some significance is that the enrollment of certain of the large Public Schools in Toronto is made up almost altogether of Jewish children. Very interesting, too, is the fact that in the City of Montreal, where our Church as yet has no Mission, fully 40 per cent. of the children attending the non-Catholic schools are Jews.

With the increase in numbers, comes by degrees the realization on their part that they are not an unimportant factor of our population; and with this, the consequent disposition to assert themselves in the problems and movements of the city-life. They come to the front rapidly in every walk of life. Their native cleverness has unhindered opportunity, and many of them succeed amazingly.

From time to time, there have been outbursts of opposition to our work from the Jews. There is no particular discouragement in this. It is a means of testing Jewish Christians, it advertises the work, and moreover, it evidences the validity and progressiveness of our Mission.

DEPARTMENTS OF WORK.

1. *Reading Room.*—This is open every night except Monday and Wednesday. It has been well patronized throughout the whole year. It has been well supplied with literature attractive to the Jews, including newspapers and periodicals in Yiddish, Hebrew, German and English. It is always in charge of a Christian Jew. It has been kept open for 222 nights in the year. The average attendance was fourteen Jews.

2. *The Night School.*—An interesting group of learners gather in this School, all of whom are eager to learn the English language. Missionaries and faithful voluntary helpers have manned this department throughout the year. Jews from every country in South Europe are represented in these classes. Some interesting cases of conversion are traceable to the contact of teacher and pupil in this night school. The number of school sessions was 195. The average attendance was 19.

3. *Evening Bible Class.*—Each evening, after the night school, men and women come together for Bible study. There has been much to encourage in this work throughout the year, while it is true the Jews are less eager for Bible study than for secular study. These classes met 242 times during the year, with an average attendance of 16.

4. *Seekers After Truth.*—Great interest attaches to this department of the work. It has been highly gratifying, and is indicative of a new spirit among the Jews that so many young men, in the face of the synagogue's opposition, have joined this class of enquirers. The class meets every Sunday afternoon for an hour and a half; the study and discussion usually relates to the question of the Christian faith. This class has met 52 times during the past year, and has had an average attendance of 57.

5. *Saturday and Sunday Gospel Services.*—These are accounted among the most important gatherings of the week. Addresses are given in Yiddish. It is made the occasion to preach in faithful manner the message of the gospel. The attendance has

been large and well sustained throughout the year. The lantern illustrations used at these meetings continue to be an effective method of illustrating the gospel message. The meetings held have been 92, the average attendance, 69.

6. *The Sunday School.*—The school is open every Sunday, the average attendance for the year being 45. The periodical outbursts of opposition, instigated usually from the synagogue, has shown itself in fluctuation in the school attendance. A patient and aggressive work has been done throughout the year. The Mission owes much to Mr. T. C. Wilmott for his faithful superintendence and management of the school.

7. *Sewing Class for Girls, and Club for Boys.*—These are among the attractive meetings for the boys and girls who come to the Mission. In these classes, sewing and other useful arts are taught those who come. The attendance throughout the year has been good. There was, of course, the visible falling away of children during two or three periods of active opposition from the Jews. The average attendance of girls was 45, and of boys, 19.

8. *Mothers' Meetings and Nursery.*—This is held on Wednesday afternoon, from 3 to 5 o'clock. The mothers meet to sew, in association with competent helpers; and, at the same time, in another part of the building, the little children are cared for. In gatherings such as these, as in the home visitation, our lady workers have accomplished much in reaching Jewish women with the gospel.

9. *Visitation.*—The work of visitation in the homes of the Jews is accounted one of the most important departments of our work. Visiting that is unhurried and earnest has produced the best results. The work of the missionaries is planned so as to secure a goodly portion of time for visiting. During the year, the members of our staff made visits to homes and shops and hospitals.

10. *Free Dispensary.*—This department continues to be a fine agency for good. The work has grown rapidly, and the handicap of poor accommodation has been increasingly felt. Tuesdays and Saturdays are given to general diseases; Fridays to diseases of the eye and ear, nose and throat; and Thursdays to women only. The total number of cases treated was 3,325. Visits to homes numbered 258, of which 56 were maternity cases.

11. *Tract Distribution.*—Persistent and wise distribution of selected Christian literature has good results. Much of this work was overtaken this past year. The increasing interest and liberality of the Jews is noted from the fact of a large number of sales of the Scriptures during the year. The proceeds of such sales total \$517.45. In addition there were given away 5,533 Yiddish tracts, 362 Hebrew tracts, 340 Yiddish New Testaments, 215 Hebrew New Testaments, 132 Hebrew and Yiddish Bibles, and, in addition, a goodly amount of similar literature was sent for distribution in other Jewish communities in Canada.

12. *Open-air Services.*—These are most interesting gatherings, and, whether out of real interest, or from the spirit of opposition, large crowds of Jews gather in the street to hear the preacher. It would sometimes be difficult to succeed apart from sympathetic aid of the police.

13. *Personal Interviews.*—This work falls chiefly to our Superintendent, to whom many come on the errand of earnest enquiry as to the truths of the Christian faith. The record shows that fully 1,664 interviews were given to Jews who came for this purpose, and many of them secretly.

14. *Poor Relief.*—The handicap of insufficient money to adequately and wisely meet the class needing relief was much felt this past winter. None are helped except the most deserving, and many who were very deserving, we were not in a position to help, through lack of funds available for this purpose. In this ministry, however, 595 persons received help; 53 were helped into employment; and through the aid of our missionaries, 49 persons were admitted to the city hospitals.

RESULTS.

Twenty-eight persons have openly confessed Christ during the year, and there are others who believe secretly for fear of the Jews. The work of home visitation and personal dealing with women has resulted in the acceptance of the Christian faith by a number of women. Distinct advance has been made in almost every branch of the work, and gains for the Kingdom of God are greater than can be tabulated in a report. As Jewish missions go, our Church should have the comfort that, in organization, in the quality of the work, and in the results, our Mission can be regarded as one of the most successful of any mission to the Jews in the English-speaking world.

WINNIPEG.

It is a matter of great satisfaction to announce a step forward in the establishment of a mission to the Jews in the City of Winnipeg. A most encouraging beginning has been made there. Mr. Hugo Spitzer and Mrs. Spitzer, missionaries to their Jewish brethren in London, England, for three years, under the London City Mission, accepted appointment under our Committee for this work in Winnipeg. Suitable premises were secured and opened in the month of March, 1911. While meeting with some opposition from the Jews, they are entering upon their work with courage and faith.

NEW PREMISES.

The need of new premises in Toronto for the work of the Mission is becoming imperative. There is a disappointment at not being able to report the commencement of building operations. Our hope is, however, that the Committee will be warranted in going forward soon with the new building already reported upon, on the lot at the corner of Elm and Elizabeth Streets.

STAFF.

The staff has been increased by the addition of Mr. and Mrs. Hugo Spitzer, who have been appointed to the work in Winnipeg, and by the addition to the Toronto staff of Mrs. Kandel—the latter a devout Christian Jewess, who had been engaged in active missionary work among her own people in Odessa, Russia, and more recently in London, England, as a member of the staff of the Mildmay Mission to the Jews. The Rev. S. B. Rohold, Superintendent of the work in Toronto, continues to demonstrate his great strength as a missionary and as an organizer, and he is coming to take a fine place in the confidence of the Church. At some cost to the work itself, he has been spared from it to do deputation work in different parts of Canada, East and West, in speaking upon his work before Church Courts, Missionary gatherings, and congregations. Satisfactory reference can also be made to the work of his associates in Toronto—Mr. Henry Bregman, Miss Florence Tasker, Miss Martha Smith, Miss D. McDonald (voluntary worker), Miss E. Mitchell (voluntary worker), and Mrs. Kandel.

GENERAL

1. The saddest note of the year has been the sudden call of Mrs. H. M. Clark in Honan. She had served in the Foreign Mission Office with such ability and faithfulness as to justify high expectations as to years of valuable service in the mission field. It was, however, ordered otherwise. She was but ten days in Weihwei when she passed away. The profound sympathy of the whole Church has gone forth to the sorrowing husband and friends.

2. Important changes have taken place in the administration of our Indian Missions. The Department has adopted regulations requiring a higher standard of equip-

ment, but also allowing a larger per capita grant. Schools are classified into three grades, the highest grade being entitled to \$125 per pupil, and the lowest to \$80. The second grade, receiving \$100 per pupil, equals in equipment grade A, but the equipment is provided by the Department. It is the desire of the Committee to raise all our schools to Grade A.

3. Through affliction, the Rev. Alex. Dunn has withdrawn from the Central India Mission, the Rev. J. M. McLeod from the Korea Mission, and Miss Harriet Latter from the Kongmun Mission. Our missionaries who always feel themselves to be weak-handed, deplore this loss of workers, who gave promise of great usefulness.

4. The work in India still suffers from plague visitations. Sections of China have had similar visitations during the year, but happily the indications now are that the plague is subsiding in the latter country.

5. The following missionaries have been sent out during the year: Dr. and Mrs. T. D. Mansfield and Rev. and Mrs. A. H. Barker, to Korea; Mr. Mark H. Wheeler and Mrs. Wheeler, Dr. F. M. Auld and Mrs. Auld, Rev. J. M. Menzies, Miss Margaret Gay, to Honan; Rev. W. J. Cook, Mr. and Mrs. R. Schofield and Miss Lizbeth Robertson, to India, and Miss Mabel Clazie and Miss Lily Adair, to Formosa.

6. The following marriages were solemnized during the year: In Honan, Dr. Shirley McMurtry and Miss Lois Shepherd, of Montreal; Rev. J. H. Bruce and Miss Mary Thomson; Mr. Hugh McKenzie and Miss Agnes Hall; Rev. J. M. Menzies and Miss A. B. Sedgwick. In India: Rev D. F. Smith and Miss Lottie Madill. The Church's congratulations and best wishes are extended to these young people.

7. Dr. McClure, whose arduous services are so well known, and so much appreciated, is at home on furlough, and in much improved health. He is at present in London, England, pursuing a course in tropical diseases, and hopes to be able to return to Honan.

8. It is with great satisfaction the new school for the children of missionaries has been opened in Weihwei, Honan. Mrs. Ratcliffe, of St. Catharines, is matron, and Miss Maria Sloane, of Owen Sound, is teacher.

In lieu of a similar school in India, the Committee has made a grant of \$300 towards the school for missionaries' children at Kodai Kanal, which entitles all children sent from our mission to free tuition.

9. There are said to be 12,000 Chinese in Vancouver and vicinity. The number in Canada is rapidly increasing, whilst good work is being done by our missionaries, yet it is felt that more emphasis is needed, especially on the Pacific Coast.

Discussions in the House of Commons favoring the admission into Canada of the wives of Chinese has been noted with satisfaction. The proposal is in the direction of improved moral and social conditions, and makes for better citizenship. It is hoped also that a method may be found whereby the Dominion Government or the Provincial Legislatures may be induced to spend a part of the head-tax in educating the Chinese to become good citizens.

10. The W. M. S., Montreal, have had another successful year. Of their total receipts, amounting to \$8,013.76, \$3,616.54 were contributed for the support of the work of the four lady missionaries in Kongmun. They, in addition, paid \$5,500 towards the bungalow for the ladies, and women's hospital in the course of erection.

11. The W. M. S. reports 884 Auxiliaries and 515 Mission Bands, with a total membership of 32,693. Their total contributions were \$87,066.26, being an increase of \$9,052.21.

The value of these women's societies in both the Home Church and in the Foreign Field cannot easily be over-estimated.

12. The financial year has been both encouraging and discouraging. There has been an increase in the receipts, but not adequate to meet the increased expenditure. The most discouraging feature is that twenty-one Presbyteries contributed less than they did the previous year.

13. The Foreign Mission Committee is limited to twenty-one members. The expansion of the foreign work, as well as the increased responsibility in cultivating the home field, make it desirable that the Committee should be enlarged. It is, therefore, recommended that the membership of the Foreign Mission Committee be increased to thirty-six.

14. The following resolution was adopted by the F.M.C.: "In view of the importance of our missionary teachers engaged amongst the Indians being fully equipped for their work, and in consideration of the recent interesting spiritual results in our Mission in Ahousat, B.C., and of the Committee's confidence in the character and efficiency of Mr. John T. Ross, who is in charge of that Mission, that application be made to the General Assembly, to grant authority to the Presbytery of Victoria to ordain Mr. Ross for administration of ordinances and celebration of marriage ceremonies amongst the Indians within the bounds of that Presbytery and so long as he is employed by the Committee."

REPORT OF THE BOARD OF MANAGEMENT OF THE PRESBYTERIAN COLLEGE, HALIFAX, 1910-11,

To the Venerable the General Assembly:

The Board of Management of the Presbyterian College, Halifax, has the honour of presenting to the General Assembly its ninety-first annual report, which shows that the College has had another year of successful work.

The report of the Senate hereto appended indicates the number of the students who have been in attendance, the number who have graduated, the present standing of all and the work which has been done in the various classes.

The Board is deeply grateful that while there has been some illness among the students, the health of both professors and students for the most part, has been so good that their work either in class room or residence was but little interrupted.

During the year, the successor to the late Dr. Currie, appointed at the last meeting of Assembly, entered upon the discharge of the full duties of the Chair of Hebrew and Old Testament Exegesis. Professor Kent's induction took place on October 26th last, and his work as well as that of the Principal and the other Professors, has been carried on with a diligence, and efficiency which have given great satisfaction to the Board.

The Board desires also to report its appreciation of the valuable and valued help given this year again by the Honorary Principal, Dr. Pollok, as well as by the lecturers on Evangelism and other kindred subjects.

The Board is pleased to be able to report that under the management of the efficient matron the department for the boarding of the students has been conducted in a most satisfactory way, the only drawback being that through the increased cost of living in recent years the expenditure has considerably exceeded the receipts from students and the customary grants from the Bursary and College Funds.

FINANCES.

The invested funds of the College are dealt with in the report of the Finance Committee, Eastern Section, and its statement need not be repeated here.

As usual the receipts from congregations for the College fund are in excess of those of the preceding year, but only by the small amount of \$177.45. This is all the more noteworthy in view of the very strenuous efforts which required to be made for some of the other funds, especially for the Foreign Mission Fund. The total amount of receipts from all sources was \$20,737.21, of which \$7,367.88 was from interest; \$7,747.21 from congregations; \$226.00 from donations; \$370.75 was repayments; \$4,329.37 was received from students for board, and \$696.00 from the Bursary Fund for the same purpose.

The expenditure was as follows:

Salaries in Dalhousie and Presbyterian Colleges.....	\$11,667 84
Travelling expenses of members of Board.....	132 63
Printing.....	239 13
Telephone.....	50 35
Furnishings.....	132 00
Repairs.....	1,358 00
Light.....	232 01

Interest.....	\$238 45
Water taxes.....	149 01
Taxes.....	293 46
Insurance.....	380 50
Stationery.....	53
Assistant Librarian.....	25 00
Prizes.....	100 00
Grant to College Library.....	120 00
Travelling expenses of Lecturers on Evangelism, etc.....	64 20
Advertising.....	7 00
Guarantee to city for work on drain, College property.....	110 00
Copy of Will.....	1 20
Care of College lots in Camp Hill Cemetery.....	6 00
Binding Witness.....	3 00
Legal expenses.....	7 02
Fuel.....	766 32
Boarding Department.....	5,255 12
Office expenses.....	437 90

\$21,776 17

It will be seen that according to the above statement the expenditure for the year was \$1,038.96 more than the receipts. A year ago the College Fund was in debt, \$3,777.67. On March 1st of this year it was \$4,816.63. The debt has indeed been increasing from year to year by an average amount of about \$1,000.00 per annum. The Board is convinced that strenuous efforts must be made without delay not only to remove the debt but also to equalize revenue and expenditure.

The Sub-Committee of the Board on the Bursary Fund reports: Receipts of \$2,573.01, an increase of \$284.37, with expenditure for bursaries and prizes of \$1,921.00; aid to Boarding department, \$696.00; other expenses, \$72.75, making a total expenditure on the work of the year of \$2,689.75, an excess of expenditure over receipts of \$116.74, which added to the Dr. balance of last year of \$158.58 makes the debt on March 1st, 1911, \$275.32.

The receipts from all sources for the Library Fund was \$275.16, which added to the credit balance of \$248.98, of March 1st, 1910, made amount available for use, \$524.14, of which only \$207.19 was expended, leaving a credit balance on March 1st, 1911, of \$316.95.

The Board, under a deep sense of its loss, have to report the death of one of its most active members, Lieut.-Governor Fraser, who was called away in September last and it deeply feels that his removal will mean a loss to the Church as a whole as well as to the Province and Dominion.

It may be added that his friends have contributed towards a memorial, to be called "The Governor Fraser Memorial Fund," the proceeds of which from year to year are to be expended in the interests of the College Library. This fund, which has been practically realized amounts to \$5,000.00.

The Board wishes to record with deep thankfulness its sense of the generous way in which our people have contributed towards the College Fund, and it is hoped that this generosity may continue and increase so that next year it may be entirely out of debt.

All of which is respectfully submitted.

JOHN McMILLAN,
Chairman.

E. A. McCURDY,
Secretary.

REPORT OF THE BOARD OF MANAGEMENT OF THE PRESBYTERIAN COLLEGE, MONTREAL

To the Venerable the General Assembly:

The Board of Management of the Presbyterian College, Montreal, begs leave to report that the past year has been one of gratifying success. Eighty students in all were enrolled and in attendance during all or a portion of the session of whom twenty-nine were in Theology. Eight students completed the course of study and were licensed to preach. Several of these were special cases to whom some exemptions from the regular course had been granted by the General Assembly.

The health of both professors and students was, on the whole, satisfactory, though one student died from the indirect results of an injury received several years previously.

The Board has much pleasure in reporting that the chair of Practical Theology, made vacant by the death of Professor MacKenzie, has been filled by the unanimous appointment of the Rev. G. A. Johnston Ross, M.A., of Bryn Mawr, Pa., and formerly of Cambridge, England, who will enter upon his duties at the beginning of next session. Mr. Ross has accepted the appointment on the understanding that he is to be free to give lectures on the English Bible to the students of McGill University, and also to have occasional short courses of lectures at other educational centres when invited to do so.

The financial statement appended shows that the ordinary revenue for the year has a little more than covered the expenditure. But there is an accumulated deficit from the two preceding years of \$3,825.93, and with the completion of the staff about \$3,000 of additional revenue will be required annually for the future. The congregational contributions have this year amounted to \$3,536.94, an increase of \$641.43 over the previous year. It is hoped that the revenue from this source may be increased still further in future years. The sum of \$7,334.49 has been added to the endowment fund, and the efforts to increase this fund is still being continued among the friends of the institution.

DAVID MORRICE,
Chairman.

MONTREAL, April 17th, 1911.

REPORT OF THE SENATE OF THE PRESBYTERIAN COLLEGE, MONTREAL FOR THE SESSION 1910-1911.

To the Venerable the General Assembly of the Presbyterian Church in Canada:

During the past session the work of the various Departments was carried on as follows:

Systematic Theology, Homiletics and Pastoral Theology, Principal Scrimger.
New Testament Literature and Church Government, Professor Fraser.
Church History and Apologetics, Professor Welsh.
Old Testament Literature, Professor Gordon.
French Literature and Theology, Professor Bieler.

Rev. W. R. Cruikshank, B.A., gave an hour a week to the First Year men in Sunday School Pedagogics, and a short course of Ecclesiastical Architecture was given to the Third Year men by Mr. Norman MacVicar, A.R.C.A. Rev. Thurlow Fraser, B.D., gave a special course of lectures, which were open to all students, on Christian Missions. Mr. J. P. Stephen took the students of the three years through a course of training in Elocution; and the work of the Matriculation Class was carried on by Rev. A. D. MacKenzie, M.A., B.D., and Mr. J. A. MacKenzie, B.A.

The number of students enrolled during the year Session was twenty-eight. Of these twenty-five were regular, and four occasional, students in Theology, while forty-nine were in the preparatory classes. They were distributed throughout the years as follows:

Students in Medicine	218	232
Students in Education	43	38
	1553	1669
Registered in two Faculties	36	57
	1517	1612
Total number of students	166	95
Increase over preceding year		

Included in the above estimate the number of women students is: in attendance, 228; extra-mural, 97; total, 325.

TRUSTEES.

Principal Gandier, having resigned his seat on the Board, Mr. Hamilton Cassels, of Toronto, was elected by the graduates as one of their representatives in his stead. Mr. Hugh Waddell, of Peterborough, died on the 22nd April, and the Board elected in his stead Mr. George F. Henderson, of Ottawa. Mr. Waddell had been for many years a generous benefactor and faithful friend of Queen's.

THE STAFF.

Last year the Trustees reported to the Assembly the transference of Prof. Scott from the Chair of Church History to that of New Testament Literature and Criticism, and the Assembly agreed that the Trustees should make an appointment to the Chair of Church History without further reference to the Assembly. The Trustees accordingly appointed to this Chair, the Rev. John Dall, B.D., of Rothesay, Scotland, who entered upon his work in October last. Dr. Ross will retain for another year the professorship of Apologetics.

In the Faculty of Arts several changes have occurred. Prof. Dyde, who had long occupied the Chair of Mental Philosophy, has recently resigned his position in Queen's to accept the Principalship of the new Presbyterian College in Alberta. The Trustees have duly placed on record their appreciation of Dr. Dyde's faithful and valuable services. Mr. A. S. Ferguson, who for two years has been Assistant in Philosophy, has been appointed to succeed Prof. Dyde. Dean Dupuis, the distinguished head of the Department of Mathematics, who has for forty-five years been connected with

Queen's, recently retired. His eminent services to the University and to the cause of science are gratefully recognized not only by the University authorities but by all his old students, and by the much wider circle of those who have been reached by his published works. Mr. Matheson, who was Associate Professor, has been appointed Professor and head of the Department. These changes leave vacancies that must be filled. Vacancies have also been created in the Department of English by the resignation of Prof. Marshall, and in that of Classics by the illness and withdrawal of Mr. W. A. Bain.

CONVOCATION.

At the recent Convocation on the 26th April, the degree of D.D. was conferred on the Rev. Alexander MacLachlan, President of the International College, Smyrna, Turkey, and on the Rev. William Nesbitt Chambers, of Adana, Turkey, and the degree of LL.D. was conferred on Dr. George Armstrong, of McGill University, Dean Dupuis, of Queen's University, and Mr. Adam Shortt, Civil Service Commissioner. On the same occasion 80 received the degree of B.A., 21 M.A., 2 M.Sc., 42 B.Sc., 46 M.D., and 1 B.D.

The graduating class in Theology is the smallest for many years. Out of twenty-two students enrolled in Divinity, three—A. D. Cornett, B.D., Wm. A. Dobson, B.A., and James Annesley—completed their course, and were licensed by the Presbytery of Kingston on the 27th April. Another, although in the third year in Divinity, desires to continue further study next year, while a fifth has been taking his third year extra-murally, but did not present himself for examination. There are in the Arts course forty-four, who have announced their intention to study for the ministry, and others who are likely to do so. In view, however, of the annual increase in the number of capable young men who are entering other professions, it is greatly to be regretted that so few are preparing for the Christian ministry.

CLASS WORK.

The work of the various classes has been conducted as in former years.

Systematic Theology. The work of the class in Systematic Theology, conducted by Principal Gordon, embraced the Doctrine of the Holy Spirit and the general subject of the relation of Christ to the Individual, under which the Doctrines of Grace were considered. Each student wrote an essay on the Doctrine of the Holy Spirit in the Synoptic Gospels compared with that in the Fourth Gospel.

The course of lectures given by the Principal was supplemented by a course of weekly lectures given by Professor Dall, dealing with the doctrines of Subjective Soteriology and of the Church. As it happened, the chief doctrines dealt with,—such as those of Justification, Repentance, the Sacraments, etc.,—raised precisely the points that were most in dispute during the Reformation Period, so that this work fitted in most usefully with that which was being done in the Church History class.

Church History. The following statement is from Professor Dall: The session was occupied with a course of 60 to 70 lectures on the period from 1517 to 1648. A short introductory course was given on the causes leading up to the Reformation, and the main body of the lectures dealt with the history of that movement, and of the counter-movement in the Roman Catholic Church. The course was closed by an account of the Thirty Years' War. The work of Martin Luther was specially taken up,—his three great Reformation treatises being studied in the English translation. An essay was written by each of the students on "The Various Conceptions of the Lord's Supper in Reformation Times." The class, on the whole, was good in quality, and much useful work was done.

Apologetics. Professor Ross reports: "A comparative view of the great Religions of the World with Christianity" formed the subject of a course of lectures extending over thirteen weeks, and the remainder of the session was devoted to the consideration of

"The testimony of Science to the Theistic interpretation of the Universe." Oral examinations were frequently held. Two essays were prescribed and written. Fourteen students were in attendance and manifested great interest in the work of the class.

Hebrew and O. T. Criticism. As already reported, the Junior Hebrew and the greater part of the Senior Hebrew classes were conducted by Dr. Wallace. About one-third of the time in Senior Hebrew was devoted to selections from the Book of Isaiah under the guidance of Professor Jordan.

The regular class in O. T. Literature and Criticism consisted of twenty-one students. The work for the session comprised readings from the Pre-Exilic prophets, lectures on the early prophetic literature, a discussion of the origin, character and theological significance of the Book of Deuteronomy, and a number of lectures on the expository use of the Old Testament. Each member of the class wrote an essay on Jeremiah: the Book, the Times, and the Man.

The Honours course in O. T. Criticism dealt with two subjects, viz., Deutero-Isaiah, and Daniel. This is an optional class, and was taken by four senior students. Each member of the class wrote an essay on the Book of Daniel, and attended lectures in Aramaic by Dr. Wallace, as well as the lectures of Professor Jordan on Deutero-Isaiah and Daniel.

English Bible. The class for the study of the English Bible was conducted in the autumn term by Professor Jordan, and after the Christmas holidays by Professor Scott. This class is open to all students.

N. T. Literature and Criticism. Professor Scott reports as follows: In the ordinary class the subject dealt with was the Synoptic Gospels; and an attempt was made to bring all the work of the session into some relation with the main subject. Chapters 1-17 of Matthew's Gospel were read exegetically and with constant reference to the parallel passages in Mark and Luke. The Synoptic Problem was fully discussed in a series of lectures. Courses of lectures were also given on the Jewish background of the Gospels, the Doctrine of the Kingdom and various problems arising out of the life of Christ. The language and text of the New Testament were studied in connection with the reading of Matthew. In the Honours class the Epistle to the Hebrews was carefully read, with special attention to its theological teaching.

The students appeared to be interested in the work, and it is evident from the results of examinations that they have followed it conscientiously and intelligently.

Practical Theology. Professor Laird reports: In the Department of Practical Theology, lectures were given during the session on the following subjects: 1st. Pastoral Care and the Work of the Congregation; 2nd, The Sunday School and Various Aspects of Religious Education; 3rd, The Relation of the Church to Social and Ethical Problems.

The class was marked by exceptional regularity of attendance, and the exercises, sermons, and expository lectures required of the members were promptly prepared, and gave evidence of much thought and honest work. We are again greatly indebted to several of the ministers of the city for arranging for members of the Final Year to conduct services and to preach in their churches. It would be a distinct advantage to the students if these opportunities for practical pulpit work and criticism of the structure and delivery of their sermons were more widely extended.

THE ALUMNI CONFERENCE.

The Conference for 1910 was held during the week of October 24-28 and was, like all its eighteen predecessors, quite up to the standard of the best that the Theological Alumni Association has produced. The attendance was not large, but enthusiasm and interest quite outweighed any deficiency in numbers. The excellent programme, the royal hospitality of Kingston's hosts and hostesses, the brotherly intercourse with old college chums and new friends at the daily luncheons and in off hours, all combine to make the Conference an important event in the lives of many men in the Church.

Only the barest outline of a very full programme can be given. The Chancellor's Lecturer was Dr. A. P. Knight, well known at Queen's as one of our ablest and most popular teachers and professors. His subject was "The Conservation of National Life," and the four lectures in the course were very much appreciated by the Conference. The four popular evening addresses were delivered by President Falconer, of Toronto University, on "Pascal"; Dr. Andrew Macphail, of McGill, on "Carlyle," and Dr. A. H. V. Colquhoun, Deputy-Minister of Education, Toronto, on "Universities and the National Life." The theological papers were exceptionally good and were arranged to form a study of the Atonement in the Old and New Testaments. Mention must also be made of very acceptable contributions from Professor MacClement and Professor Skelton, and Dean Bidwell, of Kingston.

The newly published programme for 1911 promises that the next Conference will be equally interesting and valuable. Professor Dall, Dr. James Robertson, Chairman of the Commission on Industrial Training; Hon. W. J. Hanna, Provincial Secretary, Toronto, and Dr. Knight, the Chancellor's Lecturer, are the speakers at the evening meetings. A discussion of the "Rural Church Problem" is one of the interesting subjects on the programme. Professor W. L. Grant and Dr. James Third will also contribute papers.

STATEMENT OF THE GENERAL SECRETARY.

In presenting his Second Annual Report, the General Secretary desires to state that, in addition to his duties as Professor of Practical Theology, he has during the past year delivered upwards of eighty addresses and sermons at various points throughout the country, and has taken advantage of many opportunities to discuss the work and claims of the University. This has involved visiting a number of the congregations of the Presbyterian Church, and High Schools and Collegiate Institutes, and coming into contact with many of the friends and graduates of Queen's. Annual Reports were distributed and Calendars and descriptive literature were placed in the hands of many students who were found to be looking forward to a university course.

Several of the Alumni Associations held their annual gatherings during the year, and were addressed by members of the staff. Arrangements were also made for a number of lectures and addresses by Professors at various outside centres. A prospectus of Lecturers and subjects, available for the session 1911-12, is being prepared and will be printed and sent to the officers of various organizations that may, from time to time, desire lectures from University men.

Through the generosity of benefactors and graduates of the University, the following Scholarships have been arranged:—

Andrew Haydon, M.A., of Ottawa, has given a subscription of \$1,000 for the founding of a sessional Scholarship in Colonial History of the annual value of \$50.00.

W. M. O. Lockheed, M.A., Berlin, has subscribed a similar amount for the founding of a sessional Scholarship in the Department of Political and Economic Science.

Mr. N. Gordon, Inspector of Public Schools, Orangeville, has donated \$50.00 for a Scholarship to be awarded to the candidate in the schools of Dufferin county who takes the highest stand at the Junior Matriculation this year.

Hon. J. R. Stratton, M.P., Peterboro, has offered \$100 a year for the term of five years for a Matriculation Scholarship to be competed for by candidates from the schools of Peterboro county.

Mr. E. F. Wiser, of Prescott, is giving \$100 a year for the term of five years for a Matriculation Scholarship which is to be competed for by candidates from the schools of Grenville county.

Of \$2,000 desired to found a Scholarship open to candidates from the schools of Simcoe county, \$1,500 have been subscribed by three friends of the University in that county, and \$800 have been promised for a similar Scholarship for Perth county. It is expected that these will be completed in the near future and that other County Scholarships will also be donated.

Considerable time was also spent during the year in negotiations preliminary to securing funds for the erection of a Students' Union and Y.M.C.A. Building for the University, but the time is not yet ripe for any definite announcement.

ROBERT LAIRD,
General Secretary.

CONSTITUTIONAL CHANGES.

The General Assembly, in June, 1910, when considering the report of its own Commission which favoured the proposed constitutional changes in the Charter of Queen's University, resolved as follows:—"That, in view of the wide difference of opinion in regard to the proposal to sever the connection at present existing between the Presbyterian Church and Queen's University, no action be taken on the recommendation of the Assembly's Commission at this Assembly, and that the matter be allowed to stand till the next General Assembly, in the hope that in the interval the Trustees and those opposed to the change may endeavour to reach unanimity in regard to some course likely to be in the best interests of the University."

A meeting of the Board of Trustees was held on the 16th November for the special consideration of the resolution of the Assembly, at which it was agreed that the proposed constitutional changes be set before the graduates of the University, with the request that they severally express their approval or disapproval on the matter. A committee, consisting of the Chairman, the Principal, Rev. Dr. Herridge, Rev. D. R. Drummond, and Mr. J. K. Macdonald, was appointed to prepare a statement regarding the proposed changes, to submit it to the graduates for their opinion, and to report the result at the April meeting of the Board.

This Committee, representing those favourable and those unfavourable to the proposed changes, were unanimous in presenting to the graduates a statement regarding the constitutional changes, copy of which is herewith submitted to the General Assembly. This statement presented the plan proposed by the majority of the Trustees, and recommended by the Commission of the General Assembly, and along with it a second plan, which seemed to all the members of the Committee fairly to express the desires of the minority of the Trustees and of those associated with them in opposition to the general policy of the Board.

The result of this appeal to the graduates is that 1430 have voted for Plan I., thus approving the changes proposed by the Board of Trustees, and 132 have voted for Plan II.

The analysis of the vote shows that, as arranged in their several Faculties, the graduates stand as follows:—

	Plan I.	Plan II.
Graduates in Arts (male)	550	41
Graduates in Arts (female)	152	18
Graduates in Medicine (male)	387	13
Graduates in Medicine (female)	8	2
Ministerial Graduates	154	55
Graduates in Science	171	3
Graduates in Education	8	..
	1430	132

The Trustees, in view of this expression of opinion on the part of the graduates, passed, at their meeting on the 26th April, the following resolution:—That, in compliance with the resolution passed by the General Assembly and communicated to this Board, the Trustees have given further effort to reach unanimity; they desire to point out that absolute unanimity is found to be impossible, that a very large majority of the Trustees favour the proposed constitutional changes, and that a recent appeal to the graduates has called forth an overwhelming vote on their part in favour of these changes. The Trustees, therefore, urge that in the interests of the University the conclusions arrived at by the Assembly's Commission should be carried out, and they respectfully ask that the Assembly co-operate with the Board of Trustees in procuring the legislation necessary to give effect to the proposed changes in the Constitution of the University.

Respectfully submitted,

JAMES MACLENNAN,
Chairman.

STATEMENT REGARDING CHANGES IN THE CONSTITUTION OF QUEEN'S
UNIVERSITY, ISSUED BY THE BOARD OF TRUSTEES FOR
THE INFORMATION OF GRADUATES:

1. According to the Royal Charter of Queen's College, which was granted in 1841, the corporation was to consist of the ministers and members in full communion of the Presbyterian Church in Canada; the Trustees were to be members of that Church, twelve clergymen and fifteen laymen, the ministers being appointed by the Synod, the laymen being chosen from among men recommended by congregations within the Synod; and the Principal was to be a minister of the Presbyterian Church.

2. When the disruption of the Presbyterian Church occurred in 1845, the College remained connected with the section known as the "Old Kirk," and so continued until 1875, when the severed members of the Presbyterian Church in Canada were happily united. At the Union, however, the Church ceased to appoint any Trustees, and the Trustees became a self-perpetuating body; but the ministers and members in full communion of the Presbyterian Church continued to be the corporators of the College, and the Trustees continued to be Presbyterian, as before.

3. The College adjusted itself to its new conditions. It grew and flourished by the help of its graduates and benefactors, financial aid being received mainly from those congregations of the United Church that had previously supported it.

4. The Board of Trustees now became responsible for the entire administration of the College, including the initiation of policy, the management of funds, the increase of staff, the control of property.

5. The General Assembly had no control of the election of Trustees or of any appointment of professors, save only that in 1894 it was agreed by the Trustees that their appointments of Theological professors should be subject to the veto of the General Assembly.

6. It is clear that the General Assembly does not represent the corporators; that is the power and duty of the Board of Trustees alone. The Commissioners to Assembly are elected by Presbyteries and not by the corporators; yet, as before Union, so since, the Board of Trustees have continued reporting annually to the General Assembly, the highest court of the Church, and have always consulted it before approaching Parliament to authorize any constitutional changes. Thus, with the assent of the Assembly, denominational tests were removed from the professors in Arts, the University Council was created, representation was granted on the Board of Trustees to the Council, and, at a later date, to the body of graduates, five representatives in each case, these all being chosen without denominational restriction. At the same time, the fact that the ministers and members of the Presbyterian Church are the corporators, and that twenty-seven of the Trustees must be Presbyterian, has always stamped Queen's in the eye of the Legislature as a denominational institution, and has therefore prevented it from receiving assistance from the Provincial treasury.

7. A question seriously affecting the life of the College was presented when the Minister of Education proposed that Queen's should enter the Federation of Universities and Colleges at Toronto. This question, after prolonged consideration, was answered unanimously in the negative by the College authorities in 1885. Following upon this, it was pointed out in April, 1887, by Principal Grant that the policy of retaining Queen's at Kingston, with all the University powers conferred by Royal Charter, involved new responsibilities, and that Queen's must meet in the fullest possible measure the requirements of Eastern Ontario in higher education. To this end steps were taken, in the first place, to raise the Jubilee Endowment Fund of \$260,000, and then to provide for education in Medicine and in Applied Science.

8. Successful negotiations were conducted with the Royal College of Physicians

and Surgeons, and it became the Medical Faculty of Queen's. It is largely self-supporting.

9. The School of Mining was established in 1894, in affiliation with Queen's, on land owned by the College. The Chairs of Chemistry, Physics, Geology, Mineralogy, and part of Mathematics were transferred to the School of Mining, the professors of those subjects continuing to be members of the Senate of Queen's. As, however, it was necessary to secure Government assistance for the School of Mining, it was placed under a separate Board of Governors, and has so continued. Last year it received from the Government of Ontario \$34,500 for maintenance and \$7,500 for equipment. This, with the fees and some minor sources of revenue, furnishes its support. It has expanded with the growth of the University until now it is claimed for it that "it is a full-fledged College of Applied Science, with three hundred and twenty engineering students. In addition, there are about three hundred Arts students attending classes in Physics, Chemistry, Mineralogy and Geology, about a hundred Medical students attending classes in Chemistry and Physics, and some thirty Dairy School students taking a course in Chemistry,—making in all seven hundred and twenty students, not far from half the total registration of Queen's University. There are twenty-five professors and assistant professors, and twenty-three junior assistants."

10. If the School of Mining is to become not an affiliated College, but an integral part of Queen's, an actual Faculty of the University, and if it is to continue to draw Government support, it will be necessary to have some change in the Charter of the University, inasmuch as the Government refuses to assist any denominational University.

11. Thus Queen's has been steadily expanding, and with the expansion has come the necessity of increased revenue, and, in connection with that, discussion has arisen as to constitutional changes. Might not Queen's be safely made undenominational? It was doing a large part of the higher education of the Province, but the Provincial Government could not assist it as long as it was under Church control, because the policy of the Government since 1868 has steadily been to refuse Provincial aid to any denominational college.

12. A proposal in this direction was submitted by the Trustees to the General Assembly in 1900, with the request that the Assembly should appoint a Committee to confer with the Trustees regarding the relations of the Church to the University. The proposal and request were cordially concurred in by the Assembly. On November 1st and 2nd, 1900, a Conference of Trustees, Senate, Council, Graduates, Alumni and Benefactors was held at the University. At this Conference the following Minute was passed:—

"Whereas, the constitution of the Board of Trustees of Queen's University has been modified both in 1874 and 1888 with the view of giving larger representation to all classes of its friends and graduates, and whereas in the general practice of the University other changes have been introduced rendering the University more national in its aims and character, and whereas since 1888 the growth of the University has been marked, especially in the following particulars, viz.:

"(1) Its cordial support and encouragement by public men of all shades of religious opinion;

"(2) The increase in the number of students and graduates who are not Presbyterians;

"(3) The growth of the connection of the University with the general education of the Province, and

"(4) The widening acceptance of Queen's as the University of this part of Canada, evidenced by the recent donation of \$50,000 to the University by the City of Kingston, and proofs of the interest in Queen's by the adjoining municipalities;

"And whereas the General Assembly in its meeting at Halifax last June expressed its approval of any well-considered change in the constitution of the University which would still further increase its usefulness by making the body of Trustees more completely representative of the undenominational character of the work which it is at present doing; and whereas the Church has taken a deepening interest in the welfare of the University, evidenced more particularly by the Assembly's distribution of that portion of the Century Fund to be applied to Theological Colleges; and whereas the General Assembly at its last meeting in Halifax expressed its gratification with the proposal to have the Theological Faculty under the care of a special Board, to be appointed by the Assembly:

"Be it resolved, (1) that in the judgment of this convention the Governing Board of Queen's University should be undenominational, and should be in a larger degree than at present directly representative of the graduates and friends of the University; (2) that the Faculty of Theology should be under the management of a Board distinct from the Governing Board of the University."

13. The Committee of Assembly concurred in these resolutions, and reported accordingly to the General Assembly, and the Assembly, in adopting their report, agreed to "renew the approval expressed by last Assembly of the proposal to place the Arts and Science Departments of the University avowedly and by statute on the undenominational ground which they have occupied for many years."

14. The Board of Trustees, with the aid of the Committee of Assembly, considered the changes that should be made in the constitution of the University in giving effect to this purpose. These changes were submitted to the Assembly in 1902, and, having been approved, they were embodied in a Bill which was introduced in Parliament in the session of 1903.

15. While this Bill was still under consideration in Parliament, the Assembly met in Vancouver in June, 1903. At this meeting, just as the policy which had been steadily pursued for years was about to be consummated by Parliamentary legislation, the Assembly asked the Trustees to stay proceedings, to continue the existing denominational connection, with such guarantee as the Assembly could give of adequate maintenance. The following is the resolution of the Assembly:—

"That this Assembly deprecates the proposed severance of the connection between Queen's University and the Presbyterian Church in Canada, and recommends and will actively promote a movement for securing an adequate increase in the endowment of the University if it is decided to continue the connection at present existing, and that the Moderator be directed to appoint a Commission, with Assembly powers, to confer with the Trustees of the University, and adopt the proper means to secure the necessary financial aid for the purposes of the University, with the understanding that should it be found advisable for the Church to retain the University, with a guarantee of adequate maintenance, the Commission should refer the question to the Presbyteries of the three Central Synods before taking final action."

16. The Trustees met on the 30th June, 1903, to consider this resolution of the General Assembly, and agreed as follows: "That, having heard the resolution of the General Assembly anent the proposed changes in the Charter of the University and also the Principal's report on the same, this Board stay proceedings in Parliament, and await the conference with the Commission of Assembly at the earliest date found convenient. Accordingly, the Board invites the Assembly's Commission to meet in Convocation Hall of this University some time in September."

17. On the 16th of September, after conference of the members of the Assembly's Commission and the Board of Trustees, it was resolved, "That the Trustees, having already stayed proceedings in connection with the proposed constitutional changes, resolve, in view of the decision of the Conference, to prosecute these changes no further

at present, but to maintain the existing connection between the University and the Church, pending the action of the Church regarding the support of the University."

18. On April 27th, 1904, the University Council, having considered the action of the Trustees, resolved as follows:—"That the University Council desires to express its hearty sympathy with the spirit which prompted the resolution arrived at by the Assembly of the Presbyterian Church last June, to maintain the connection of the University with the Church; that the Council will be glad to co-operate in the line of that resolution with the view of ascertaining if any definite arrangements can be made in the interests alike of the Church and the University; that in the meantime the Council desires respectfully to bring the following points before the notice of the Assembly: First, The resolution of the Assembly is virtually a reversal of its previous attitude, and of all the steps which have already been taken by the University authorities to nationalize the University; Second, As the continuance of the present relation between the Church and the University may impose considerable limitations on the future development of Queen's University, the Council desires to draw the attention of the Church to the gravity of the situation created for the University by the action of the Assembly at Vancouver. Resolved, further, that this resolution be sent to the Board of Trustees for transmission to the General Assembly."

19. In the report of the Commission presented to the Assembly in June, 1904, after stating the general concurrence of the Presbyteries of the Central Synods in the proposal to maintain the connection between the Church and the University, it is added:—"The Commission, however, is of opinion that the returns of the Presbyteries on the financial propositions submitted to them in the remit are scarcely definite enough to meet the case as provided for in the Assembly's instructions to the Commission, yet consider them so far encouraging as to lead the Commission to recommend the General Assembly to take such steps as will secure an adequate endowment of the University, or of such an annual income as will provide for its proper equipment and maintenance."

20. The Assembly at St. John, in June, 1904, in dealing with the Report of the Trustees and of the Commission, resolved as follows:—" (1) That the connection between the Church and Queen's University be maintained. (2) That, in view of the helpful influence exercised by the graduates of the University, the Assembly would approve of arrangements being made whereby they (the graduates) may be given, through the Council, a larger representation on the Board of Trustees. (3) The Assembly, recognizing the extent and character of the work done by the University, approves of the deliverance of the Commission,—that the University requires an additional revenue of \$20,000, exclusive of the contributions at present made in favour of the Theological Department,—and heartily commends it to the liberality of the members of the Church and to the cordial sympathy of the Presbyteries and congregations of the Central Synods. (4) The Assembly recommends the Trustees to initiate at an early date a movement to procure this additional revenue. (5) The Assembly appoints a committee to co-operate with the Trustees for this purpose."

21. Accordingly, soon after the Assembly meeting in June, 1904, the campaign for an additional half million endowment was vigorously begun. By May, 1905, \$125,000 were subscribed, and in June of that year Rev. Robert Laird was appointed General Agent. By May, 1906, \$237,000 were subscribed. By May, 1907, a year of marked financial depression, \$262,000, an advance of only \$25,000, were subscribed. By May, 1908, \$305,000 were reported, and of this to date, May, 1910, \$200,000 have been paid in.

22. No doubt the launching of a \$300,000 scheme for Knox College, authorized in the Assembly of 1906, and of a \$50,000 fund for the Presbyterian College, Montreal, authorized in the Assembly of 1907, had an injurious effect, and, coupled with the shrinkage of former Endowment subscriptions, have begotten the following judgment in the minds of many of the Trustees:—"The Church has too much to raise for other purposes to allow her to fulfil towards Queen's what the Assembly of 1903 had led the Trustees to expect. The 'guarantee of maintenance' from the Church, which

was one of the important conditions mentioned in connection with the original resolution and on which the Trustees agreed to sist proceedings towards legislation, was found to be impracticable.

23. The needs, too, have been growing beyond the expectation of the Board when, in 1904, \$500,000 was suggested as an adequate addition to the Endowment. The total number of registered students in all faculties in 1910 was 1517, as against 897 in 1904, and in Arts and Theology 968 in 1910 as against 564 in 1904. There is urgent need of increase of staff, salaries, buildings, scholarships, and provision for post-graduate work, if Queen's is to keep up her position in relation to other universities as a centre of thought and intellectual influence.

24. In April, 1908, the Senate of the University presented a memorial to the Board of Trustees, praying them to take into consideration the serious disparity existing between the position of Queen's professors and those of similar institutions, both as regards present emoluments and pensions, and also to take into favorable consideration the question of the admission of the University to the benefits of the Carnegie Fund. Regarding this memorial, the Trustees passed the following resolution:—"After careful consideration of the memorial presented by the Senate, and having regard to the fact that, at the request of the General Assembly, the Board of Trustees agreed to maintain the present relations between the Church and the University, the Board resolves to transmit the memorial, with its accompanying documents, to the General Assembly, and to ask for the Assembly's advice in the premises."

25. The Assembly, in June, 1908, replied as follows:—"That the General Assembly, having heard the memorial of the Senate, transmitted by the Board of Trustees of Queen's University, and the report of the Special Committee on the subject, reaffirm the position taken by the Assembly of 1904, and remit the memorial to the Trustees, to consider what steps may be taken to provide retiring allowances for aged and infirm professors as cases may arise."

26. The Senate of the University, the Medical Faculty, the Faculty of the School of Mining and the University Council communicated to the Trustees their desire as to changes in the constitution, as follows:—

Resolution of Senate, October 14th, 1908:—"That the Senate begs to memorialize the Trustees to consider if it may not be desirable to renew the application to the General Assembly of the Presbyterian Church for certain changes in the constitution of Queen's University."

Resolution of Medical Faculty, April 23rd, 1909:—"That this Faculty heartily approves of the proposal of the Trustees to secure certain constitutional changes in the University."

Resolution of the Faculty of the School of Mining, April 27th, 1909:—"The officers of instruction in the School of Mining hereby put on record their entire sympathy with the movement to broaden the constitution of Queen's University."

Resolution of the University Council, April 27th, 1909:—"That the University Council, having regard to the recent action of the Trustees, would approve of any wisely directed effort by the Trustees, in harmony with the Church, to remove from the Charter such denominational restrictions as might impede the development of the University."

27. At the regular meeting of the Board of Trustees on April 28th, 1909, the following resolution was unanimously passed:—

"That the Trustees, having regard to the needs of the University, and to the action of the University Council, as reported in the Minute of the 27th inst., regarding the proposed changes in the Charter of the University, resolve as follows, 'The Trus-

tees desire to express their appreciation of the sympathetic and helpful interest manifested towards the University during its past history by the Supreme Court of the Church, and by many of the members of the Church. They recall how, on previous occasions, the Church assented to changes in the constitution of the University that tended to further its development and to increase its usefulness. They believe that it would be greatly to the advantage of the University to make further constitutional changes. They, therefore, respectfully ask that the Assembly will assent to the removal from the Charter of such denominational restrictions as might impede the development of the University, and that the Assembly will appoint a Commission to co-operate with the Board of Trustees in regard to such changes in the constitution of the University."

28. In answer to this request, the General Assembly, in June, 1909, resolved as follows:—"The Trustees of Queen's University, having expressed their deliberate judgment that further changes in the constitution are necessary to the welfare of the University, the Assembly resolves to appoint a Commission to confer and co-operate with the Trustees regarding the changes suggested, to consider all interests involved, and to report their judgment on the whole question to next General Assembly."

29. This Commission met in October, 1909, and again in April, 1910. At the former meeting the Trustees submitted a memorandum in which it is stated "That in the opinion of the Trustees there are certain denominational restrictions which tend to impede the development of the University, viz., (1) that all the members of the Presbyterian Church in Canada constitute the corporation of the University; (2) that of the thirty-seven members at present constituting the Board of Trustees, twenty-seven must be members of the Presbyterian Church; (3) that the Principal must be a minister of the Presbyterian Church."

30. The Commission, after conference with the Board of Trustees in October, 1909, resolved as follows:—"That the Assembly's Commission sympathizes with the Board of Trustees of Queen's University in the difficulties that confront them in providing for the expansion of the University, and feel that this expansion calls for some reconstruction of the constitution and governing body of the University, and the Commission would welcome from the Trustees a more detailed outline of their proposals for the future character, management and maintenance of the University, especially with regard to the Faculties of Arts and Theology, and feel constrained to defer a final decision until such outline can be considered at an adjourned meeting of the Commission, to be held at a convenient time, and to that end are willing to appoint a committee to co-operate with a similar committee of the Trustees in framing such a plan."

31. A Joint Committee, consisting of representatives of the Board of Trustees and of the Assembly's Commission, was appointed to draft a more detailed outline, as requested by the Commission. The report of this Joint Committee was considered by the Trustees and by the Assembly's Commission at their meeting in April, 1910, and was adopted by them. The Commission, by a majority, agreed to submit it to the General Assembly in June as the judgment of the Commission.

32. This report, known in this Statement as PLAN I., recommends the following changes in the constitution of the University:—

PLAN I.

1. That the corporation of the University shall consist of the members of the Board of Trustees, the professors, the graduates and the benefactors.

2. That the Board of Trustees shall be constituted as follows:—

The Chancellor, elected as at present by the University Council;

The Rector, who shall be elected by the students every three years;

The Principal;

The Minister of Education for the Province of Ontario;

An Assessor, appointed by the Minister of Education;

Two members, to be appointed by the Corporation of the City of Kingston;

One member from each Affiliated College;

Six members, in addition to the Chancellor, to be elected by the University Council;

Six members, to be elected by the graduates, according to by-laws that have been, or may be, made for this purpose by the University Council;

Four members to be elected by those benefactors who have contributed \$100 or upwards to the endowment of the University;

Twelve members, to be elected by the present Board of Trustees; these twelve members, or any of them, may be chosen from amongst the present members; after the first election of these twelve members, the Board of Trustees shall fill vacancies in this number by co-optation.

3. That the position of Principal should be separated from that of Primarius Professor of Divinity, and that laymen, as well as ministers, should be eligible for it.

(The Trustees are of opinion that the best President for a modern University is not necessarily found among the ministry. The present denominational restriction forbids the Trustees from electing a Principal outside the ranks of the Presbyterian clergy. The removal of that restriction, while leaving the clergy still available, would make it possible to select any other, if a more suitable man be found elsewhere.)

4. That the Theological Faculty of the University shall be known as "Queen's College" and shall be governed by a Board of Management consisting of twenty-five members appointed by the General Assembly of the Presbyterian Church in Canada; five to retire annually, and to be eligible for re-appointment. Until the appointment of the Board of Management by the General Assembly, the Faculty of Theology shall be governed by the Board of Trustees of the University.

33. The Board of Trustees have not been absolutely unanimous in adopting the foregoing proposals. The majority desire these changes, and feel that they would be not only helpful but essential toward the attainment of various ends that would greatly advance the welfare of the University, viz.:

(1). The unification of the University by internal re-organization, especially by a closer connection with it of the School of Mining.

(2). They would enable the University to take advantage of any possible source of revenue or of endowments, whether from Governments or from private individuals, at present closed through the existing connection with the Church.

(3). They would give the University a fuller measure of self-government, promoting its development along lines similar to those of the development of the Scottish Universities, upon which Queen's is modelled, placing it in a perfectly national position in the education of Canada, a position in which it might claim as a right such Government aid as, in Britain at least, the State deems it just to give to every truly national University.

(4). While modifying the relations of the Theological Faculty to the University, these changes would bring that Faculty into closer relation to the Presbyterian Church.

PLAN II.

34. It is desired by the minority—

(1). That instead of changing the corporation as in proposal 1 of PLAN I., the present corporation be retained but enlarged by adding to it the members of the Board of Trustees, of the professorial staff, of the graduates and benefactors not already included in it.

(2). That proposal 2 of PLAN I. be modified to secure that the "twelve members to be elected by the present Board of Trustees" shall be Presbyterian, and may be elected by the General Assembly or by the Board of Trustees.

(3). As to this there is no difference of opinion.

(4). That the present relations of the Theological Faculty be maintained.

(5). That a measure of unification may be secured by creating a University Court in which the various Faculties would be represented.

35. The Trustees recognize that by the Charter they are responsible for the administration of the University and all its affairs. By a large majority the Board of Trustees favour the changes proposed in PLAN I. Only six out of twenty-three members voting are opposed. The Trustees wish to obtain the mind of the graduates before proceeding further; they therefore ask them to indicate their preference on the accompanying voting papers.

REPORT OF THE BOARD OF MANAGEMENT OF KNOX COLLEGE.

To the Venerable the General Assembly:

The Board of Management of Knox College has the honour to present to the General Assembly its sixty-seventh annual report. From the report of the Senate herewith transmitted, it will be seen that at the close of the last session, seventeen students completed their theological course and received their diplomas. Their names are:—Thomas Andrew Arthurs, B.A.; Robert Morrison Campbell, B.A.; Albert William Gazley, B.A.; John Russell Harris, B.A.; Herbert Bain Johnston, B.A.; David J. Lane, B.A.; Robert Nichol Matheson, B.A.; Charles Alexander Mustard, B.A.; John McEwen, B.A.; Donald Redmond Maclean, B.A.; Earl Reginald McLean, B.A.; Christopher Ferguson McIntosh, M.A.; Andrew Robson MacRae, B.A.; Samuel Prenter, B.A.; Alexander Armstrong Scott, B.A.; James Hugh Urie, B.A.; Angus D. Watson, B.A. The Board has for many years pressed on young men seeking to enter the ministry, the desirability of obtaining a degree in Arts before entering on their theological course. It therefore observes with satisfaction that all the students who have received their certificates, hold University degrees. The Board has learned with much gratification from the report of the examiners that all of the students who presented themselves for their final examination passed successfully.

The income of the College for the past year derived from congregational contributions, donations, etc., amounted to.....	\$10,983 88
And from interests derived from investments, including accrued interest to..	13,869 59
Making a total of.....	\$24,853 47
The expenditure for the past year amounts to.....	24,568 75
Leaving a surplus of.....	\$284 72

It is satisfactory to observe that there appears to be a small surplus from last year. This, however, must be applied to the reduction of the large deficit which has been the result of shortages in former years amounting to \$11,220.00. The Board earnestly calls the attention of the Church to the necessity of removing this serious encumbrance from the income of the College.

The Endowment Fund now amounts to \$318,641.27, and the revenue produced by it for the past year has been \$13,869.00. The continued reduction in the rate of interest on first-class securities prohibits the hope of any improvement in income being expected from this source. The only remedy is an increase in the capital amount.

The Board of Trustees of the Church now passes upon all loans made, or securities taken for the College. All the accounts of the College are continuously audited by Messrs. Henry Barber & Company, chartered accountants, and full details of the funds of the College will be found in the Treasurer's accounts herewith submitted.

The work of obtaining subscriptions for the building of the new College is being actively prosecuted. \$260,000.00 has been subscribed, of which amount \$150,000.00 is from the City of Toronto, and \$110,000.00 from the Province. The amount actually received is \$99,854.23. It is to be regretted that the site of the present buildings has not been sold. The Board, however, is anxious in view of the condition of the present building, to begin the erection of the new structure without delay. The plans for the new College buildings have been prepared and after very careful revision by a Committee of experts, have been approved. The Board trusts that the Church will yield a generous response to its appeal for funds for this purpose.

The Assembly at its last session, having accepted the resignation of Professor McFadyen, who had received a call to a Chair in the United Free Church College, Glasgow, authorized the Board and Senate of the College to make an appointment of a Professor in his place. After careful consideration of the names of many persons submitted to them, the Board and Senate appointed Reverend Professor Richard Davidson, M.A., Ph.D., Associate Professor of Oriental Languages in the University of Toronto, to the Chair of Old Testament Literature and Exegesis. Dr. Davidson accepted the position and after being duly inducted, has discharged the duties of his office during the past session.

The late Mr. George Hay, Ottawa, an old friend of the College, has bequeathed the sum of \$5,000 to found a scholarship to aid students in Knox College, who may need such help to complete their studies for the ministry of the Presbyterian Church in Canada.

All of which is respectfully submitted.

WM. MORTIMER CLARK.

REPORT OF SENATE OF KNOX COLLEGE.

To the Venerable the General Assembly:

Again has Knox College been called upon to part with an able and much loved Professor. It was with deep regret that the Senate gave up Prof. J. E. McFadyen, D.D., who has returned to Scotland to succeed Principal Adam Smith in the Old Testament Chair of the United Free Church College, Glasgow.

Board, Senate, Professors and students expressed to him their appreciation of his work as a scholar and a teacher, and their affection for him personally, but the call of the Old Land and of his own Alma Mater were too strong and he felt it his duty to go.

This loss, coming so soon after the removal of Prof. Kennedy, was a heavy blow to the College, but no institution could have been more happy in the choice of a successor. Prof. Richard Davidson was a tried teacher before he came to us, had already taught most of our students when undergraduates in the University of Toronto, and so had their confidence from the very beginning of his work. Prof. Davidson has conducted the work of his classes with great ability, and after the work of one short session has a sure place in the hearts of students and fellow professors.

The work of the other classes has been carried on as in former years. Professor Bannatyne conducted the classes in Church History, and gave lectures on Church Polity. Professor Robertson lectured in Apologetics and Christian Ethics and conducted the class in Practical Homiletics. Professor Kilpatrick lectured in Systematic Theology, and gave a special course of lectures on Evangelism. Professor Law conducted the classes in New Testament Literature and Exegesis, gave lectures to his Senior Class on New Testament Eschatology and to his Junior Class on the Social Teaching of Jesus. The Principal guided the men in their practical Christian work and lectured on Pastoral Theology and the conduct of Public Worship. Elocution (including voice culture, the public reading of the scriptures and the delivery of sermons) has continued under the supervision of Professor Frank H. Kirkpatrick, of the Toronto Conservatory.

Again this year we had the joy and profit of the presence and practical talks of Rev. H. Roswell Bates of the Spring St. Presbyterian Church, New York, who has been appointed Penman Lecturer for a term of three years. An ever warmer welcome awaits Mr. Bates.

The high average stand taken by the students at the final examinations is evidence of the diligence with which they gave themselves to the work of the session.

The Staff and Senate are of opinion that the time has come when, in the interests of the College and the better training of the men, some changes should be made in the

Curriculum. In the Calendar now being issued, there will be some readjustment of the Required Course, and, in addition, special courses will be offered in the different departments of Theological study, enabling students of the necessary scholarship and industry to qualify themselves in whole or in part for the degree of B.D., during the three years of the Required Curriculum.

The students in attendance this past year were:—

MANITOBA COLLEGE

REPORT OF THE BOARD OF MANAGEMENT.

To the Venerable the General Assembly of the Presbyterian Church in Canada:

The Board of Management of Manitoba College respectfully submits to the General Assembly its Annual Report, together with the Report of the Senate and the annual Financial Statement.

Full information regarding the names of the members of staff and the subjects taught by them, whether in Arts or Theology, will be found in the Report of the Senate.

It will be seen from the same report that ten Ruthenian students intending to enter the ministry of the Independent Greek Church attended classes in theology. Besides these, a number of Arts students, under and over the matriculation standard, belonging to that nationality, attended classes suited to their stage of attainment, and were exempted from the payment of tuition fees. In addition, two theological students conducted classes for the benefit of certain scholars recommended by the consistory of the Independent Greek Church, whose knowledge of English was too imperfect to allow them to take advantage of the regular College classes.

The Board thanks the congregations and personal contributors east and west for their assistance to its funds.

The financial statement shows that when the books were closed at the end of the financial year, on the 31st of March, there was a deficit in the ordinary fund amounting to \$1,940.00. This adverse balance was due to the considerable increase in expenditure mentioned in the last Report to the Assembly. The Board has much gratification in stating that the overdraft has now been extinguished through the liberality of friends of the College residing in Winnipeg.

All of which is respectfully submitted.

WILLIAM WHYTE,
Chairman.

REPORT OF PRESBYTERIAN COLLEGE, ALBERTA

To the Venerable the General Assembly of the Presbyterian Church in Canada:

We, the Board of Management of the Presbyterian College, Alberta, beg to report as follows:

1. The Board of Management and the Senate of the College express their gratification at the very cordial reception given to the petition of the Synod of Alberta by the General Assembly in Halifax, June, 1910, regarding the founding of the College.
2. The Board of Management and Senate appointed by the Assembly have been able to proceed some distance in the organization of the College, and fully expect to be in a position in the fall to begin regular class work in the first year in theology.

APPOINTMENT OF PRINCIPAL DYDE.

3. At the joint meeting of Board and Senate, provided for in the Assembly's resolutions of last year, it was unanimously decided, subject to the Assembly's approval, to offer the position of Principal to Professor S. W. Dyde, M.A., Sc. LL.D., of Queen's University, who has accepted.

APPOINTMENT OF PROFESSOR MILLAR.

4. On the first day of June, 1911, the Board at a regular meeting considered that the state of the finances warranted the appointment of a professor in the English Bible, Homiletics and Pastoral Theology, and has been fortunate in securing for that position the Rev. J. M. Millar, M.A., B.D., of Knox Church, Strathcona.

The Board is pleased to present these two appointments to the General Assembly for its approval.

The Board further begs to request that it may in the fall proceed to the appointment of a third Professor, either in Old Testament Literature, or in New Testament Literature, if the finances warrant the step, subject to the approval of the Assembly in 1912. Presbyteries are asked to make nominations of men suitable for the position, to the Board of the College.

ENDOWMENT.

The endowment of the College, although it has been proceeding for only a few weeks has already met with a very gratifying response. It was endorsed warmly by the Synod of Alberta at its recent meeting in Calgary. On April 28th, 1911, Knox Church, Calgary, agreed to be responsible for the salary of a professor. On May 8th, First Church, Edmonton, agreed to assume responsibility for the salary of the Principal, whose chair is to be known as the "D. G. McQueen Chair of Theology."

And on May 18th, Knox Church, Strathcona, generously agreed to provide half the salary of a professor. Robertson Church, Edmonton, and Westminster Church, Edmonton, have heartily resolved to support the College to the extent of their ability. The general action in preliminary to a canvass of these congregations during the summer and fall, for endowment subscriptions, which are meant to replace these obligations.

The Board feels that the extent of the response made to the opening appeal for assistance is already some vindication of the statement made at the last meeting of Assembly

that the College would be not a new burden on the Church, but a gift to the Church by the Presbytery of Alberta.

The Board of Management is now fairly organized. Rev. D. G. McQueen, D.D., has consented to act as Vice-chairman and Mr. A. F. Ewing, B.A., Barrister, as Secretary-treasurer. It expects to appoint a permanent Chairman this fall. For the present, the Board will meet twice a year, in Edmonton in the spring, and in Calgary in the fall.

CONTRIBUTIONS FROM CONGREGATIONS.

The Board desires to acknowledge the generous contributions of a large number of congregations, not only within, but also beyond the boundaries of Alberta. As it is anxious to establish as soon as possible a travelling library for missionaries and ministers these contributions will be exceedingly welcome.

The contributions are as follows:

Contributed by outside points.....	\$222 20
Contributed by congregations in Synod.....	631 20
Total.....	\$853 40

All of which is respectfully submitted.

Signed on behalf of the Board.

S. W. DYDE.

REPORT OF THE BOARD OF MANAGEMENT OF WESTMINSTER HALL.

The Board of Management of Westminster Hall has the honour to present to the General Assembly its third annual report, together with that of the Senate.

The year, which closed on March 31st, was one of remarkable progress. Everywhere, throughout the province greater interest has been shown, and contributions have largely increased. Especially is this true of Victoria, Comox, and other points on Vancouver Island; New Westminster, Ladner, and points on the lower mainland, while Vancouver has completely eclipsed the remarkable record she has maintained from the founding of the College. In the last week in May a vigorous campaign for endowment was carried on in the city, and in a little over four days nearly \$130,000 was subscribed for the Endowment Fund of the College, of which considerable amounts have already been paid in, and the interest on the unpaid balances is proving a welcome addition to our ordinary revenue.

The increasing number of students in all departments of the College made it necessary to provide increased accommodation. Accordingly, the Board, in December, acquired the lease of a house across the street for two years, and are at present engaged on a considerable addition to the main building. It is hoped that these changes will provide ample room for the work of the College, until it removes to its new location on the Campus of the University of British Columbia, at Point Grey.

This year grateful acknowledgment is made by the Board of the services of two distinguished British scholars, Professor Stalker, of Aberdeen, and Principal Garvie, of New College, London. Their coming has meant much of inspiration not alone to the students, but to the whole community, and has made possible a great western international and interdenominational Conference, which will be held in Vancouver in the last week of July. In it the Ministerial Associations of Seattle, Victoria, and Vancouver will co-operate in the study of modern religious questions, under the guidance of Drs. Stalker and Garvie.

It is a great pleasure to record another year of remarkable work done by the Ladies' Auxiliary of the College. The new Annex was entirely furnished by them, the linen and furnishings of the College supervised and kept in order, and a great deal of general work done on behalf of the College, until now there is in hand nearly \$2,000 towards the furnishing of the new buildings.

The Board recommends:

1. That Rev. A. L. Burch, B.A., be appointed treasurer and representative of the College.
2. That Rev. John A. Logan, B.A., be appointed Librarian of the College.

Respectfully submitted.

G. F. GIBSON,
Chairman.

REPORT OF THE SENATE OF WESTMINSTER HALL FOR THE SESSION OF 1911.

To the Venerable the General Assembly:

The following students are enrolled in the various classes:

First Year.—A. R. Gibson, B.A.; W. A. Ross; Alver Mackay; A. M. O'Donnell, B.A., Norman Macdonald, L. A. Muttitt.

Second Year.—R. Van Munster, M.A.; J. M. Wyatt, M.A.; J. T. McNeill, M.A.; R. C. Eakin, B.A.; B. M. Stewart, M.A.; T. W. Mills, B.A.

Third Year.—Thomas Gillieson, N. W. G. Graham, B.A.; Henry Mackay.

Specials.—W. A. Davis, Rev. T. Mitchell, T. F. Macgregor, W. A. Shanks.

The work of the Session is being done as follows:

Church History.—Rev. Professor Stalker, D.D., Aberdeen, Scotland.

New Testament.—Rev. Principal Garvie, London; and Professors Taylor and Pidgeon.

Old Testament.—Rev. Professor W. R. Taylor, Ph.D.

Practical Theology.—Rev. Professor G. C. Pidgeon, D.D.

Apologetics and Systematic Theology.—Rev. Principal Mackay, D.D.

Elocution and Interpretation.—Rev. James Carruthers, M.A., and Rev. Principal Mackay, D.D.

At the close of the Session of 1910, the following General Proficiency Scholarships were awarded:

Third Year.—The James Sinclair Macdougall, of \$100.

I.—A. O. Paterson, M.A.

II.—The John F. Langan, of \$50.00; divided between James Hyde and Walter L. Raynes, who were of equal standing.

Second Year:

I.—The Price-Ellison, of \$100, Thomas Gillieson.

II.—The Logan, of \$50, N. W. G. Graham.

First Year:

I.—The David Morrice, of \$100, John M. Wyatt, M.A.

II.—The Logan of \$50, divided between W. T. McCree, and R. C. Eakin, B.A., who were of equal standing.

During the year fifty men have been enrolled in either the Arts or Theological classes in preparation for the work of the ministry.

A very pleasant feature of the year's development was the completion of an affiliation with Bishop Latimer College, of the Anglican Church, under which the expense of the tutorial department is to be shared by the two Colleges, and the men all meet in the same classes. During the winter months seven men from Bishops Latimer College have been in attendance in the joint classes, with most satisfactory results.

For the Session of 1911, Rev. John A. Logan, B.A., has charge of this work and is assisted by Rev. John D. Gillam, M.A., and Mr. J. T. McNeill, M.A.

Owing to the lack of a full University course, our supply of theological students is necessarily somewhat limited, and the founding of Alberta College will still further limit the supply. But the tutorial department is preparing a splendid company of men who, in another year or two, with the aid of McGill University College, and the new University of British Columbia will furnish an ever-increasing number of theological students.

All of which is respectfully submitted.

G. C. PIDGEON,
Registrar.

JOHN MACKAY,
Principal.

OTTAWA LADIES' COLLEGE

To the Venerable the General Assembly:

As the College session does not close until the twenty-third of June, your Board cannot give an accurate detailed report of the work of the current year. Upon the whole, the session has been a satisfactory one. The attendance has not been quite so large as in the previous year. During the greater part of the winter an epidemic of typhoid prevailed in the City of Ottawa. This naturally, to some extent, affected the attendance both of resident and day pupils. We feel thankful that in the kind providence of God no case of the disease occurred in the College. This fact speaks volumes for the good health conditions of the College and for the prudent watchfulness of the Lady Principal and her assistants.

The attendance has been:

Resident pupils, average.....	52
Day pupils, average.....	74
Specials, average.....	18

FINANCES:—Of the financial result of the session we cannot speak definitely. Last year we had a considerable balance on the right side. This year the income will not be as large, but will be sufficient to meet all demands. Large expenses have been incurred chiefly in the putting in of a system of electric lighting.

THE STAFF:—The teaching staff have, as usual, discharged their duties with great diligence and efficiency. There will be little change for the next year. Miss E. Coates, who for four years has rendered excellent service is retiring. Her place will be supplied by Miss Bessie Wisdom, at present on our staff. Miss Airth, who last year went to a position in Texas, returns to us in September. Miss A. Chalmers, who has been most successful as teacher of stenography and typewriting, is removing to Vancouver.

THE WORK:—The work done in the College has been of a high order. The capacity and requirements of each pupil are carefully considered, and the aim of intelligent and cultured Christian womanhood is constantly kept in view.

RELIGIOUS TEACHING AND INFLUENCES:—By far the best influence [that] can be brought to bear on the young mind is that of personal contact with good people. The strong Christian character of the teachers is, we believe, the most effective in producing spiritual results. But careful religious teaching is a marked feature of the school. In the higher forms the first Collegiate is taken through "The Life and Times of Jesus Christ" (Falconer). The second Collegiate is taken through "The Books of the Old Testament" (Scribner), and the third Collegiate through "The Books of the New Testament" (Kennedy). Much scripture is also memorized.

We have noticed that wherever a minister has taken a personal interest in the College there have been actual results in pupils coming to the College through their influence. We are convinced that if the daughters of our Church come to the College they will return to their homes and congregations more loyal to their Church than if sent to non-denominational institutions or schools of other denominations. We feel safe in saying that there is not in Canada a more efficient educational home than the Ottawa Ladies' College, whilst Ottawa is surely an ideal place for such an institution.

Respectfully submitted.

W. D. ARMSTRONG,
President.

REPORT OF THE BOARD OF MANAGEMENT OF THE CHURCH AND MANSE BUILDING FUND OF THE PRESBYTERIAN CHURCH IN CANADA, FOR MANITOBA AND THE NORTH-WEST, FOR THE YEAR ENDING FEBRUARY 28TH, 1911.

To the Venerable the General Assembly:

During the year fifty-eight applications, of which fifteen were for grants and forty-three for loans, were considered by the Board. In several instances the amounts allowed, both as loans and as grants, were smaller than the sums asked by the congregation. Two applications for grants were declined. Two others were also declined, but loans were offered instead; and were ultimately accepted. Two applications for loans were declined. The total value of churches in behalf of which applications were made, is \$78,637.00. The total sum granted by the Board is, loans, \$22,000; grants, \$4,500; total, \$24,500. A year ago the Board reported that from its organization it had helped to erect 798 church buildings. The work of the year just closed added forty-seven to the number, raising it to 845. Of those erected during the year, thirty-nine received loans and eight grants. Thirty-seven of the buildings were churches, and ten manses. The Board reports with pleasure that the year was closed with a substantial balance to the credit of the fund, so that it is all but certain that for one year more there will be no necessity for declining reasonable applications for want of funds. There are, however, abundant evidences that such a satisfactory report will not be possible for much more than the one year, if even for that. During the year just closed the balance on hand has been reduced by \$1,780.88. The number of applications is continually increasing and will increase, unless indeed, the Board, for want of funds is compelled to decline applications, and so discourage congregations from building. It was with regret that the Board felt constrained during the last year, to discourage applications from some of the newer towns for loans to help build churches because of its inability to make loans of sufficient amount to meet the wants of the congregations. In cases in which the congregation was able to negotiate a loan elsewhere, there was less cause for regret, but when the result was to discourage, and sometimes stop building operations where the building was much needed, there was real loss. Two years ago the Board set itself to retrieve its financial position by declining to make loans or grants. Money was saved. The deficit grew into a surplus, but churches were not built and ministers and missionaries lived in hovels, which were a disgrace, not to the men living in them, but to the church that sent them to labour under such conditions. The Board sincerely trusts that no more discouragements will occur, but that funds will be provided to meet all deserving cases.

All of which is respectfully submitted.

JAMES FARQUHARSON,
Secretary-treasurer.

REPORT OF THE COMMITTEE ON THE AGED AND INFIRM MINISTERS' FUND FOR THE YEAR ENDING FEBRUARY 28th, 1911.

To the Venerable the General Assembly:

In presenting the Report and Financial Statements, the Committee begs to state that Annuities, as provided by the Rules, have been paid in full, but while that has been done, the Committee expresses deep regret at the very unsatisfactory condition of the Eastern Branch of the Fund. When the two branches of the Fund were placed under the one Committee, the Eastern Branch came over with a deficit, and, unfortunately, the deficit has gone on growing larger from year to year, and, at the close of the year now reported, amounts to \$4,734.06. This condition has arisen, in part, from the increase in the individual annuities paid, beginning with the second year under the one Committee, as prior to that time the maximum annuity for the longest service, was only \$200, while since, they have ranged up to \$400, according to years of service. While this was a boon to those on the Fund at the time it came over, as well as to those who have since been placed on it, the Congregations have not risen to the measure of the increased liability. The large number going on the Fund has also tended to make the outgo increase without any adequate increase in the income. In the three items of Income, Congregational Contributions, Ministers' Rates and Interest, there is a decrease as compared with the previous year of, \$78.66, \$181.34, and \$143.38 respectively. This, too, in the face of the fact that the previous report showed a deficit of \$2,724.94, and last year has added an additional sum of \$2,023.32, making a total of \$4,734.06. Under the circumstances the Committee has considered it wise to present the "Ordinary Fund" under each Branch in the hope that the claims of the Fund may appeal more strongly to the friends in the East.

It is probably not necessary to refer further to the Eastern Branch of the Fund, but it must be apparent that if the Congregations and friends continue to manifest indifference to the claims of the Fund, the annuitants can hardly fail to suffer.

In the Western Section there was a decrease of \$268.57 in Congregational Contributions, with an increase of \$551.56 in Interest. Altogether, income was sufficient to pay

the annuities and all other charges, and admit of Ministers' Rates being carried to Capital. The need to build up this Fund, in view of the number likely to come upon it in the future, cannot be too strongly pressed upon the members of the church.

The Committee feels that it is a serious drawback to the Fund that so many of the ministers are not connected with it by the payment of rates. Connection is a duty and at the same time a benefit—a duty, inasmuch as it is an obligation resting upon each minister to do what he can to help his brother ministers, and, as a benefit, it is doubtful if in any other way a minister can make an equally good provision for his retirement as he can by means of this Fund. Beginning at his ordination, there is no minister who should be unable to pay the comparatively small annual sum entitling to connection.

The Capital Fund in the West Section is now \$263,161.56. The increase of the capital should, in the judgment of the Committee, be kept steadily in view, as it will prove to be the balance wheel insuring the payment of annuities in the future. The Committee would again press its claims upon the members of the church in making their annual distribution of gifts and in leaving legacies under their will.

The Committee proposes to make an effort to bring the endowment up to \$300,000 before the next report to the Assembly.

ANNUITANTS AND ANNUITIES PAID.

129 Annuityants have drawn benefit from the Fund last year—98 in the Western Section and 31 in the Eastern Section, an increase in number, as compared with the previous year of 4 and 3 respectively.

Robert Thynne	Saugeen	70	31 " 6 months	Age.
Jas. R. Coffin	Alameda	61	23 " 8 "	Ill health.

The Committee gave careful attention to each case and recommends that the following applicants be allowed to retire and go on the Fund for full benefit, having paid rates:

J. Anderson, W. M. Fleming, Dr. D. Kellock, J. Hastie, H. McLean, Dr. J. Thomson, G. Crombie, H. J. McDiarmid, J. R. Gilchrist, W. A. Duncan, Dr. E. Smith, J. M. Sutherland, and R. Thynne.

In the case of the two last mentioned, benefit to date from their attaining the age of 70.

That M. Danby, N. Smith, Dr. Lyle, and S. Young be also allowed to retire and go on the Fund for benefit, as non-rate paying ministers, having been ordained prior to June 1895.

In the case of Rev. Alex. McFarlane, the Medical Report does not, in the judgment of the Committee, establish the measure of infirmity entitling to retire and benefit, but in order that no injustice may be done, it is recommended that his case be left in the hands of the Convener for further enquiry and with power to act.

With regard to the case of the Rev. Neil Currie, it appears that, while he studied in

and was licensed in Canada, he was ordained in the United States, and was only inducted in the Canadian Church in the year 1896. Consequently, under the rules, not having paid rates, he is excluded from benefit.

In the case of Rev. J. R. Coffin, the papers are incomplete. It is recommended that this case be left in the hands of the Convener, with power to grant benefit for one year.

The Committee has had before it an application from Rev. Samuel Bourgoïn, together with Extract Minutes from the Presbytery of Quebec anent his case. His age is 30. He has given only five years of ministerial service; has had to give up the work of the Ministry on account of ill health. His case being one that does not come under the rules, is referred simpliciter to the Assembly.

SPECIAL GRANTS.

The Committee has had the case of the Rev. W. M. Reid of Westminster Presbytery again before it. Minute of Presbytery expresses improvement in health, but still unable for work. It is therefore recommended that he be continued on the Annuitants' List for another year with benefit as before, \$200.

RE THE CASE OF THE REV. E. W. PANTON.

The Committee has had before it the Extract Minutes of the Presbytery of Battleford anent this case. Mr. Panton retired last year on one-third benefit, not having paid rates. The Presbytery recommends a liberal consideration of his case in view of his circumstances. It was agreed to recommend that a special grant of \$69.10, be given to him making his annuity \$200.

THE CASE OF THE REV. GEO. S. CARSON.

The case of the Rev. Geo. S. Carson, Editor of the Halifax Witness, was before the Committee on the action of the Synod of the Maritime Provinces, with the view of Mr. Carson retaining benefit from the Fund for years of ministerial services heretofore rendered. The Committee recommends that Mr. Carson be allowed to retain connection with the Fund as engaged in cognate work, by paying the rate as provided in Sub-section "b" of Rule 5.

RE THE CASE OF THE REV. A. B. McLEOD, OF SOURIS, P.E.I.

Correspondence regarding this case was submitted and considered. It is represented that Mr. McLeod has been suffering more or less for the past two years; is giving up his charge by his doctor's positive advice in the hope that rest will enable him to resume work. No formal papers yet to hand. Presbytery only meeting in May. It was agreed to leave the case in the hands of the Convener for such action as the facts will warrant.

RE THE OVERTURE OF THE PRESBYTERY OF SARNIA.

(Page 319 and motion of Assembly—Page 79).

The Committee gave this Overture very careful consideration, the Rev. Dr. J. McNair, J. R. Hall and L. H. Currie being present and taking part with the Committee.

Re 1st Recommendation:

"That rates paid by Ministers be acknowledged in the Blue Book." Was discussed, and it was agreed to recommend to the Assembly that a list of Ministers paying rates be inserted in the Blue Book, the same being arranged in the list under the several Presbyteries.

Re 2nd Recommendation:

"That the one-third interest allowed to Ministers who had not paid later, ordained prior to June, 1895, in the case of all those under the age of fifty-five at the present time, be disallowed." This was discussed at considerable length, but the advisory members were the only votes in favor of its adoption. The recommendation of the Committee, therefore, is in favour of the continuance of the one-third benefit.

The 3rd Recommendation was withdrawn.

Re 4th Recommendation:

"That payment of rates under the 2nd Schedule of the Rules be discontinued and that all Ministers be brought under the 1st Schedule of Rates." Was very fully discussed, the members of the Committee voting in favour of the retention of the two schedules, and the advisory members for the change. The recommendation therefore, is in favour of a continuance of the two schedules.

RE OVERTURE MAKING IT OBLIGATORY FOR MINISTERS TO CONNECT WITH THE FUND.

In obedience to the reference made by the Assembly to this Committee to report amendment to the Rules giving effect to the Assembly's decision, that in future it shall be obligatory upon all ministers at their ordination to connect with the Fund, the Committee begs to recommend the following:

That Rule 3 be amended by adding the following as Sub-Section "f":

"That on and after the passing of this amendment, it shall be obligatory upon each minister at the time of his ordination, or induction, if under the age of fifty-five years, to become connected with the Aged and Infirm Ministers' Fund by the payment of the Rate for his age next birthday; and it shall be the duty of the Presbytery to see that due effect is given to this enactment."

The Committee also recommended that Rule 7 be amended by adding the following:

"That applications for leave to retire and to be placed on the Fund for benefit must, together with relative papers, in order to reach the Assembly, be in the hands of the Convener not later than April 15th.

The Committee expresses cordial thanks to the Hymnal Committee for the generous contribution to the Fund. The Committee also desires to thank the representatives of the several Estates through whom legacies have been received for their kind offices in connection therewith.

SUPPLEMENTAL REPORT.

Owing to the following additional applications for leave to retire from the active duties of the ministry and go upon the above Fund for benefit, having come into the hands of the Convener within the past few days, I beg to submit these to the Assembly under Special Report.

Name.	Presbytery.	Age.	Years of Service in Canadian Church.	Reasons for Retiring.
A. McKenzie.....	Lanark and Renfrew.....	50	19	Ill health.
Thomas Paton.....	Hamilton.....	63	18½	Ill health.
A. P. Duclos.....	Montreal.....	76	51	Age.
D. McGillivray, B.A.....	Victoria.....	Full particulars in this case are not yet to hand.		

It not being possible on the part of the Convener to sufficiently investigate these cases to reach conclusions warranting a recommendation to the Assembly, if indeed it were on his part to assume such responsibility therefor in view of these and the cases held for his judgment referred in to the formal report of the Committee, and other matters regarding the well-being of the Fund, which seem to make it wise in its interests that the Committee should be called together some time during the month of July, the Convener recommends to the Assembly that all these cases be referred to the new committee with a view to take such action in regard to each as, in its judgment, may be deemed wise, and that the same be reported through the new Committee to the next Assembly.

In view of the excessive claims coming upon the Fund, it would seem to be absolutely necessary for the Committee to take early steps for the betterment both of the Endowment and Ordinary Funds.

Toronto, June 10th, 1911.

J. K. MACDONALD,

Convener.

REPORT OF THE MINISTERS' WIDOW'S AND ORPHANS' FUND.

FOR THE YEAR ENDING FEBRUARY 28TH, 1911

To the Venerable the General Assembly:

The Committee of the Ministers' Widows' and Orphans' Fund beg to present their report to the Venerable the General Assembly for the past year.

The revenue has been slightly less than in the preceding year, but has been sufficient to enable the Committee to pay annuities amounting to \$21,668.13, and to add \$3,000 to the Capital Account, thereby reducing the deficit which existed in that account to that extent. The number of annuitants now on our list is 139.

The following widows have passed to their rest during the year:—Mrs. Anna M. Brown, Mrs. Martha Grant, Mrs. Margaret Leask, Mrs. C. M. McDonald, Mrs. Sarah McIntosh, Mrs. J. A. McKenzie and Mrs. Ellen T. Young; and the following names have been added, —Mrs. Katherine Burnett, Mrs. Edith E. Currie, Mrs. Esther M. Craig, Mrs. Mary Oswald.

The number of ministers who connected themselves with the fund during the year was 22, and the total number of ministers now connected with the fund is 415.

Your Committee in their report presented to the Assembly in 1909 made suggestions as to the rules which should, in future, govern the fund. These rules were, we had understood, adopted by the Assembly of that year and several ministers have connected themselves with the fund under the conditions contained in these rules.

The General Assembly of 1910, however, decided to have these rules again referred to Presbyteries and their rules have, therefore, been under the consideration of the Church during the past year and will, therefore, again come before the Assembly of this year for their consideration.

We have had submitted to us a claim under the suggested amended rule, Clause No. 7, where a minister had been a contributor to the fund, but had not been connected with the fund for fourteen years prior to his death. Your Committee felt that they were unable to deal with this claim in view of the uncertainty as to whether these rules were in force and the matter will, therefore, be presented to the Assembly for their consideration. In view of the circumstances of this case your Committee desire to recommend that Clause 7 shall be amended by the addition of the following words, "but such claim shall only be recognized by the Fund if the arrears have continued for a period not exceeding five years."

The Committee also suggests the following change as to the first payment by ministers connecting themselves with the fund so as to read as follows:

"A minister connecting throughout the year will only be expected to pay for the broken period to the following 31st of March, provided, however, he will not have passed into the next older year of age within the broken period."

All of which is respectfully submitted.

JOSEPH HENDERSON,
Convener.

REPORT OF THE COMMITTEE ON YOUNG PEOPLES' SOCIETIES.

To the Venerable the General Assembly:

POLICY.

1. THE YOUNG PEOPLE.—To enlist, develop, and train for service the 60,000 young people connected with our Church. To do this by means of Young People's Societies or without them, by special effort of our own and by hearty co-operation with other related committees of the church. We believe the young people are at heart loyal to the church and will respond to the right appeal.

2. SOCIETIES.—We do not insist upon a uniform type of organization. We believe that life is continually coming to birth in new developments and that organization should conform to circumstances rather than to a fixed ideal.

3. OUR AIM.—We aim to appeal to every side of the life of young people, and to utilize all their interests to win them for Christ and the Church. But we would have athletics, social life, literature, etc., subordinated to the grand purpose of religion and strive to make dominant the spiritual element.

4. MISSIONS.—To develop interest by means of missionary topics, mission study classes, missionary banquets, institutes and summer schools. To encourage the young people to give as part of the congregation, using the same channels, but where Young People's Societies exist that the Young People constituency of the congregation be canvassed, controlled and developed by them, and that the endeavour be made by the young people to reach the standard set by the Laymen's Missionary Movement.

5. CONVENTIONS.—Once a year a rally of young people be held in every Presbytery at one or more centres by themselves or in conjunction with other departments of the Church and an annual summer school held in every Synod, for purposes of fellowship, inspiration and instruction.

6. FINANCE.—That Young People's Day be pushed so that its gifts shall provide a sufficient revenue for the efficient prosecution of work among young people throughout the Church. Congregations not observing Young People's Day to be asked to help out of regular funds.

7. FORWARD MOVEMENT.—To press upon the attention of Assembly the outstanding importance of the religious education of the youth until some policy is adopted that will provide for the systematic and thorough going prosecution of this work.

REPORT.

1.—STATISTICS.

Presbyteries not reporting:—Lunenburg and Yarmouth, Dauphin and Trinidad.

Synods not heard from:—Manitoba and British Columbia.

Presbyteries without Societies:—Dauphin, Yorkton and Prince Albert.

Eight hundred and forty Societies were heard from. One thousand were probably

in operation. Nearly 30,000 Young People are enrolled in Societies. Only one-half of these appear to be members of the Church. There are one-third more women than men.

One dollar out of every three went to missions.

Number of Societies and their enrollment remain about as last year.

Gifts to missions show an increase.

Christian Endeavour still leads in popularity with Presbyterian Guild a good second.

Some seventy-five Organized Bible Classes are reported as substitutes for Young People's Societies.

Only 237 Societies use outright the programmes prepared by the Assembly's Committee though many others borrow from them.

There are only nine Presbyterial Unions reported with nine conventions held. These figures, none too flattering in some respects, represent an immense amount of faithful telling work for which both Committee and Assembly should be grateful.

2.—YOUNG PEOPLE'S DAY.

The observance of this day is steadily growing in favour. It was observed by 217 Societies and Congregations last year, the financial return amounting to \$784.00 as against \$586.00 in 1909. The Committee believes with the co-operation of ministers this Day can be made a great unifying and inspiring occasion and one that will yield an adequate revenue for the prosecution of Young People's work.

3.—SUMMER SCHOOLS.

Attention is directed to the following schools for Young People.

Presbyterian—

Shoal Lake, Manitoba.

Geneva Park, Ont., August 21st to 28th.

Interdenominational—

Birch Lake, Cooking Lake, Buffalo Lake, Silivan Lake, Blairmore and Banff, in Alberta.

Young People's Missionary Movement—

Whitby, Ont., July 3rd to 10th.

Knowlton, Que., July 12th to 20th.

Woodstock, Ont., July 24th to 31st.

Christian Endeavour—

International Convention, Atlantic City, July 6th to 13th.

Dr. Clarke, Memorial Celebration, Alymer, Que., September.

4.—INSTITUTES OF SERVICE.

Co-operative Educational Institutes are recommended for the annual Presbyterial gatherings of Young People. Presbyterial Unions of young people alone, have been found difficult to maintain, but in conjunction with Sabbath School, Home and Foreign Missions, Moral Social Reform and Evangelism. Successful institutes for one or more days at one or more centres have been held in several Presbyteries. The heads of the various educational departments of our Church have formed a joint committee and stand ready to aid Presbyterial Conveners to carry out such Institutes of Service.

The Christian Endeavour Topic Card is Canadianized.

The Manual includes "All about Young People's Societies," and is sent free to every minister of the Church.

"Canadian Problems" ought to be secured by all ministers and leaders, as a handy up-to-date reference book.

It is the intention of the Committee to issue a book for 1911 on "Social Service in Canada."

The Committee aim this year to have its publication on the market by October 1st so as to be available for societies organizing in the fall.

6.—AMALGAMATION AND YOUNG PEOPLE'S SECRETARY.

Amalgamation reported to Clerk of Assembly:

1910—For, 19; against, 9.

1911—For 16; against, 1.

Reported to Assembly's Convener:

1911—For 19; against, 9.

YOUNG PEOPLE'S SECRETARY.

Reported to Clerk of Assembly:

For, 4; against, 25.

Reported to Assembly's Convener:

For, 5; against, 24.

Most of those approving amalgamation suggest either an associate secretary, or sufficient secretarial or field help as the new committee may consider necessary.

Several Presbyteries disapprove of merging the Young People's work with that of Sabbath Schools, under Sabbath School Secretary through fear of impairing the status of Young People's work, and creating prejudice in the minds of the Young People, who may be sensitive about working under auspices from which they consider themselves to have been graduated.

Strong representations come from the West urging more field workers for the western Synods, especially Saskatchewan and Alberta, as neither the work of Young People's

Societies, nor Sabbath Schools is being properly supervised or developed under the present convenorship system.

The time has come for the Assembly to grapple with this most important problem of the religious education of our youth in a wise and thorough going way.

These accounts have been submitted in detail to the executive and audited by Assembly's auditors.

The Committee's expenses were \$900.00. They asked for at least \$1,000.00. They received less than \$800.00. A larger revenue is a pressing necessity if expansion is to be made in this important department.

8.—THE OUTLOOK.

It is the judgment of the Committee that the outlook for work among Young People is very bright, that the Young People themselves stand ready to respond to the right appeal and that ministers and other leaders are directing more intelligent and sustained effort towards the solution of the Young People's problem than ever before. It is largely a matter of enthusiastic and efficient local leadership. Where this is furnished, all forms of Young People's organizations and work have been made to flourish both in congregations and Presbyteries. The variety of organizations which exist and the diversity of their operations are unfavourable to either complete reports or successful rallies, and in this way the work among the young in the Presbyterian Church does not make such a creditable public appearance as some would like, but probably more vital and useful work is accomplished because of the independent character of our efforts.

A vigorous and generous policy adopted by Assembly and pushed in Synods and Presbyteries is what is wanted now in order to vitalize this movement by creating and inspiring efficient leadership in all parts of our Church.

9.—RECOMMENDATIONS.

(1). That an effort be made in connection with next Young People's Day for which an attractive missionary program is being prepared to rally by means of banquets or other wise, all the young people in each congregation to frame for themselves a policy of missionary giving and of mission study.

(2). That it be an instruction to Presbytery Committees to endeavour to arrange at least once a year some form of Educational Institute and to Synod Committees in co-operation with other Committees to arrange an annual Summer School within the bounds and under the auspices of their respective Synods.

(3). That congregations not observing Young People's Day be asked to make a contribution to the support of this department from ordinary funds.

(4). That Assembly grant permission to Committee to issue a book on "Social Service," as a study book for Young People during 1912, if satisfactory arrangements can be made.

(5). At a joint conference of the Executives of the General Assembly's Committees on Sabbath Schools and Young People's Societies, held in St. James' Square Church, Toronto, May 9th, 1911, careful consideration was given to the future relation of these Committees, and to the remits received from Presbyteries in regard to the question.

It was agreed to report to the General Assembly that we are unanimously in favour of the amalgamation of these two Committees, under proper conditions conserving all interests, and we would recommend that these Committees continue as they are this year, and meet for full conference during the year, and bring in a detailed plan for amalgamation at the next meeting of the General Assembly.

Respectfully submitted,

London, May 1st, 1911.

W. R. McINTOSH,
Convener.

REPORT OF COMMITTEE ON SABBATH SCHOOLS

To the Venerable the General Assembly:

Your Committee on Sabbath Schools would respectfully present the following report for the year 1910, with statement of plans and work for current year.

I. EDUCATIONAL.

Your Committee is firmly convinced that the question of the religious education of the young is a vital and a very urgent one for our Church to-day. While frankly recognizing that this is a much larger problem than the Sabbath Schools alone can solve, we believe that with the loyal co-operation of the home and the Church much more can be done than has yet been attempted toward the solution of this problem.

Careful consideration has been given throughout the year to plans for increasing the efficiency of all our Sabbath Schools, and at the same time for linking the Sabbath School more closely to the home in sympathy, co-operation and support.

1. Literature has been prepared explaining fully all the various phases of work which are being promoted, such as, Cradle Roll, Home Department, Organized Class, etc., with practical suggestions for their introduction. This has been put into the hands of all our Superintendents by direct personal correspondence, and has been freely circulated at all Sabbath School Institutes.

2. Special programmes are prepared each year for "Patriotic Day" and "Children's Day" Services. These are steadily growing in favor, and are proving to be a strong bond in linking together all our schools and in giving scholars clearer views as to the problems facing the nation and the Church, of which they form so important a part.

3. Lesson Helps and Illustrated Papers, admirably suited for our requirements, are provided by the Publications' Committee, which also provides supplies of all kinds for Sabbath School work. The question of Graded Lessons is being carefully considered, and the stage at which we are at present is indicated by the following paragraph from the report of the Publications' Committee: "There is some demand for the new Graded Sunday School Lessons. As their publication is extremely expensive, and as it is not unlikely that there may be considerable modification both as to their form and substance, in the near future, your Committee is for the present supplying them to subscribers as published by a United States Syndicate embracing the Methodists, Northern and Southern, the Presbyterian North, and the Congregationalists. They are not issued by any Church in Canada."

4. Teacher Training has received a large amount of thought and care. We have now two Teacher Training Courses of our own, ranking as First and Advanced Standard Courses, both of which are proving very popular. During the past year the two additional books necessary to complete the Advanced Standard Course were issued: "Missions," by Rev. R. P. MacKay, D.D., Foreign Mission Secretary, and "Church History," by Rev. Professor J. W. Falconer, B.D., Presbyterian College, Halifax.

As the standard of the Sabbath School advances, its problems tend more and more to become such as the minister must take a large part in helping to solve. This is particularly true in regard to such questions as the introduction of Graded Lessons, and the carrying on of successful Teacher Training Classes. In this connection your Committee desire to express their appreciation of the valuable services rendered by all our Theological Colleges in providing practical courses in Sabbath School work for their students, and also to express the hope that Religious Pedagogy and allied topics may soon be made a part of the regular curriculum of all these colleges.

5. A Summer School is being arranged for this year, August 21-28, at Geneva Park, Lake Couchiching, Ontario, with courses in Bible Study, Missions, Sabbath School Methods, Moral Reform, etc. This is being done under a joint Committee representing five departments of the work of our Church. Our hope is that a considerable number of our young people best qualified for leadership will attend this School, and afterwards organize classes for similar study in connection with their own congregations. If this experiment should prove successful, the plan will probably be largely extended in succeeding years.

II. EXTENSION.

The extension policy outlined in last year's report of coming in touch with all the Sabbath School workers of our Church during the next three years, and also of organizing schools in every place where there are children to attend, has been steadily followed, and more than one-third of all the schools of our Church were reached during the year.

This work has been done mainly by series of Institutes arranged by Presbytery Committees, and Field Workers under the appointment of Synod Committees. The following outline of plans now in operation will give some idea of the place that field work is coming to fill in the extension of our Sabbath Schools:

In the Synod of the Maritime Provinces, all the Presbyteries are being asked to arrange for series of Institutes and visitation of mission fields. Rev. C. J. Crowdis, B.D., Synod Convener, will give some time personally to this work, probably in the Presbyteries of St. John and Miramichi.

In the Synod of Montreal and Ottawa, a considerable amount of visitation has been carried out during the past winter by Rev. J. A. MacFarlane, M.A., Synodical Superintendent, who also took part in a number of County Conventions throughout Quebec, and addressed the students of Macdonald College in the interests of our work.

In the Synod of Toronto and Kingston, Mr. J. M. Mutch, B.A., of Knox College, has been appointed as field worker for six months. Most of his time will be spent in the Presbyteries of North Bay, Algoma, and Temiskaming.

In the Synod of Hamilton and London, the plans approved two years ago, of reaching all the schools in three years by series of Institutes is being continued. This plan has proved entirely feasible, and the results are very encouraging.

In the Synod of Manitoba, Mr. C. F. McIntosh, M.A., just graduated from Knox College, who gave fine services in Ontario during 1909, will spend five months as field worker.

In the Synods of Saskatchewan, Alberta, and British Columbia, considerable personal work will be done by the Synod and Presbytery Conveners. In addition to this, Rev. E. R. McLean, B.A., has been appointed for a year, commencing May 1st, to work in these Synods. Mr. McLean takes up this work with the advantages of experience as a student missionary in the West, and also of six months' very effective Sabbath School work in Ontario during 1910. He has completed his work in Knox College, and has been ordained by the Presbytery of Toronto, so that he may be able to conduct baptismal and communion services in any student mission fields where this may be found necessary.

A question which your Committee must consider at a very early date is whether the time has not now come when the General Assembly should be asked to appoint an Associate Secretary, to give all his time to work in the Western Provinces. This has been left in abeyance until the larger question of the relation of the two Committees of Sabbath Schools and Young People's Societies should be finally determined. In this connection it may be of interest to insert here a paragraph which is self-explanatory, and concerning which it is hoped that this General Assembly may take definite action: "At a joint conference of the Executives of the General Assembly's Committees on Sabbath Schools and Young People's Societies, held in St. James' Square Church, Toronto, May 9, 1911, careful consideration was given to the future relation of these Committees, and to the remits received from Presbyteries in regard to this question. It

was agreed to report to General Assembly that we are unanimously in favor of amalgamation of these two Committees under proper conditions conserving all interests, and we would recommend that these Committees continue as they are this year, and meet for full conference during the year, and bring in a detailed plan for amalgamation at the next meeting of General Assembly."

III. MISSIONARY.

The Missionary side of our work is also of very great importance, and is of two distinct types, namely, promoting missions in the individual schools, and doing distinctively missionary work by helping to establish and maintain Sabbath Schools in new and needy fields in English-speaking and other districts throughout Canada.

1. *Missions in the Sabbath School.*—A booklet with this title has been prepared by your Committee, and sent to all our Ministers and Superintendents. This subject is also constantly brought to the attention of Sabbath School workers at Institutes, and by our field workers. The Publications' Committee render valuable services in promoting this work by the Question and Answer on Missions each week in our Lesson Helps, and by the bright attractive missionary articles in our Illustrated Papers. The Foreign Mission Committee has also undertaken to supply at cost a number of carefully selected missionary books suitable for Sabbath School libraries. The desire of your Committee is that our Sabbath Schools should undertake to provide all scholars with information, suited to their respective ages, in regard to missions and especially in regard to the missionary work of their own Church, and with an opportunity personally to share in missionary work, especially through regular and systematic giving to the various missions of their own Church.

2. *Helping Sabbath Schools.*—As Children's Day Fund has slowly but steadily increased year by year, it has been found possible to use a constantly increasing proportion of it in strictly missionary work. All our extension work would rightly be placed in this class, and this year, as already indicated, marks a distinct advance in this respect.

Special grants amounting to \$582.00 were made during the year to schools in new and needy districts, and in this way 237 schools were supplied with our Lesson Helps and Illustrated Papers, and thus enabled to take up their work with better prospects of success.

The grant of \$350.00 to "Le Rayon de Soleil" has been continued. The following paragraph from the latest report of the editor, Rev. S. Rondeau, Montreal, will indicate the importance of this publication: "Le Rayon is appreciated. It is indispensable to many children unacquainted with English. It is the only help of this kind published in America, and were it to disappear, many homes would be left without any literature on the Sunday School Lessons. Educated French Protestants have some knowledge of English, but French is the only language known to most recent converts from Rome, and they are the ones whose needs are greatest."

Arrangements have been made for supplying Colored Lesson Picture Cards in Ruthenian, and about 1,000 copies of these are now being supplied each week by your Committee, to be used by missionaries to the Ruthenians in their work among the children.

IV. STATISTICAL.

The total number of Sabbath Schools reported for 1910 is 3,402 (2,963 Presbyterian, a gain of 54, and 439 Union, a gain of 21), making a total gain of 75 Schools. It is worthy of note that this is exactly the gain in the four Western Synods.

The total enrollment (including Presbyterian Officers, Teachers and Scholars, in Union Schools reported) is as follows:—

Number of Officers and Teachers	25,815, a gain of 906
Number of scholars, not including Bible Classes....	178,165, a gain of 4,680
Number of scholars in Bible Class.....	47,238, a gain of 1,398
Total enrollment for 1910	251,218, a gain of 6,984

Number in average attendance	153,261, a gain of 3,269
Number of schools having Cradle Rolls.....	749, a gain of 120
Number on Cradle Rolls	22,058, a gain of 3,407
Number of schools having Home Departments.....	291, a gain of 27
Number in Home Departments	10,239, a loss of 193
Number of schools having Teacher Training Classes.	247, a gain of 100
Number in Teacher Training Classes	2,074, a gain of 446
Number of schools having Teachers' Meetings.....	555, a gain of 37

The totals given for Supplemental Lessons are only approximately accurate, as a number of the larger schools fail to report this department. Number taking Bible Drill, 18,117, a gain of 349; number memorizing Scripture, 52,427, a loss of 2,579; number memorizing Catechism, 56, 234, a loss of 1,589; number memorizing Hymns, 12,433, a gain of 1,428; number taking Mission Questions, 18,058, a loss of 486; number receiving Assembly Awards, 4,262, a gain of 80.

The number of Schools reported as using our own Lesson Helps and Illustrated Papers: Teachers' Monthly, 2,268, a gain of 42; Bible Class Magazine, 641; Home Study Quarterly or Leaflet, 2,015, a loss of 91; Intermediate Quarterly or Leaflet, 1,497, a loss of 27; Primary Quarterly or Leaflet, 1,820, a gain of 46; East and West, 1,499, a gain of 23; The King's Own, 1,359, a loss of 5; Jewels, 1,486, a loss of 15.

Church Relations.—The numbers in this department have been slowly but steadily increasing each year for a number of years:—

New Communicants	7,731, a gain of 353
Number of Schools reporting new Communicants...	1,249, a loss of 56
Number of Schools officially visited	559, a gain of 1
Number of elders engaged in Sabbath School work.	3,374, a gain of 17
Number of Schools open all the year.....	1,878, a gain of 15

Contributions.—These again also show an encouraging advance.

For running expenses	106,247, a gain of 6,694
For Children's Day Fund	12,817, a gain of 1,048
For other schemes of the Church	45,091, a gain of 4,729
For other purposes	32,388, a gain of 664
From congregations for Schools	13,884, a gain of 834

1919 Schools, a gain of 29, contributed to Children's Day Fund.

1156 Schools, a gain of 54, contributed to other schemes of the Church.

RECOMMENDATION

That the following "Standard of Excellence" be approved, as one to which all our Sabbath Schools should strive to attain:—

1. The Sabbath School open all the year.
2. A Cradle Roll.
3. A Home Department.
4. An Organized Bible Class.
5. A Teacher Training Class.
6. A Communicants' Class at stated periods.
7. Graded Instruction (the Uniform Lessons with Supplemental work, or Graded Lessons).
8. Use of our own Lesson Helps and Illustrated Papers.
9. Missionary Instruction and Offering.
10. Offering for Children's Day Fund.

ALEX. MACGILLIVRAY,
Convener.

J. C. ROBERTSON,
General Secretary.

"THE PRESBYTERIAN RECORD" FOR 1910

To the Venerable the General Assembly:

Two ideas entered into the plan of the General Assembly in founding THE PRESBYTERIAN RECORD:—first, to have a monthly bulletin, in which those in charge of the various departments of Church work should keep their work before the whole Church; second, to have that bulletin taken at cost, in quantities, by congregations, and distributed among their families.

The first is necessary, for how shall they support a work of which they do not know, and how shall they know unless some one tell them, and how shall they be told if not by those planning and doing the work. This is done in other churches in their monthly bulletins, and it is the repeated instruction of this Assembly to those in charge of the various "Schemes" of our own Church.

These different departments of our Church work profit by the Assembly's Bulletin in proportion to the use they make of it. Some use it regularly, some rarely, some never; and each department benefits accordingly, more, or less, or not at all.

The second idea and instruction of the Assembly is being carried out more fully year by year by an increasing number of congregations, with gain to the work of the Church and consequent profit to themselves. Dovercourt, Toronto, heads this honour list with an order for five hundred copies monthly.

The regular issue for the past year, 1910, was sixty-five thousand copies monthly, an advance of three thousand upon the previous year. For the current year, the twentieth year under the present management, it is sixty-six thousand copies monthly.

REPORT OF THE COMMITTEE OF PUBLICATIONS, 1911.

To the Venerable the General Assembly:

The business under the control of your Committee is steadily expanding.

The receipts during the year were \$91,965.14, an advance of \$7,461.41 upon the previous year. The expenditure was \$90,673.02, with cash balance on hand at close of year of \$17,660.80.

The excess of assets over liabilities is \$28,240.88, an increase of \$2,139.74 upon last year.

The BIBLE CLASS MAGAZINE, begun in 1910, has met with much favour, but is not yet self supporting.

The Advanced Teacher Training Course has now been completed by the publication of Professor Falconer's Handbook on Church History, and Dr. R. P. MacKay's Handbook on Missions. It is a source of much satisfaction to the Committee to have been the medium of issuing the eight Handbooks of this, in many respects, unexcelled series of Teacher Training manuals.

The Committee's list of general Sunday School supplies has been largely increased, and further development is being arranged for.

The same may be said of supplies required by ministers, sessions, managers and missionary organizations, including contribution envelopes. A largely increased number of congregations have been supplied with envelopes, the duplex being the favourites.

The Presbyterian Year Book has been continued. It has met with a fair sale. Furnished at the almost nominal price of \$4.00 per hundred, it should be possible for congregations to place a copy of this compact little summary of the Church's work in the hands of each family.

The Committee has had charge of the publication of the Y.P.S. literature and supplies since the first of October last, including the issuing of the Mission Study volume, Canadian Problems.

There is some demand for the new Graded Sunday School Lessons. As their publication is extremely expensive, and as it is not unlikely that there may be considerable modification both in their form and substance, in the near future, your Committee is for the present supplying them to subscribers as published by a United States Syndicate embracing the Methodists, Northern and Southern, the Presbyterians North, and the Congregationalists. They are not published by any church in Canada.

The Committee has carefully considered the Overture remitted to it by the General Assembly *re* Home Service Leaflet, but is not prepared at present to undertake such a publication. It may be possible before long to provide for the essential points suggested in the Overture by a new publication, which will also serve other important purposes.

Secretary.

Convener.

REPORT OF THE HYMNAL COMMITTEE

To the Venerable the General Assembly:

Your Hymnal Committee, in presenting their thirty-third annual report, record with sorrow the death of one of the beloved and trusted members, Dr. Robert Murray. Throughout almost the entire period of the existence of the Committee, Dr. Murray, by reason of his sane judgment, lyrical gift and unerring good taste, rendered invaluable service. Several of the hymns he contributed to the Book of Praise have since found a place in other important collections. His labours as a member of the International Committee on Psalmody are also highly regarded.

1. Your Committee are glad to report that the business for the past year has been financially in advance of that of former years. The copies sold of the Book of Praise were as follows:—

Sabbath School Edition	13,818
Small Type (Ruby) edition in several bindings	35,014
Medium type (Long Primer) edition	11,662
Large type (Pica) edition	669
Smaller size music edition	7,985
Large size music edition	2,454
Emerald edition	2,506
Diamond edition	100
Total	74,208

This is 7,884 less than the number of copies sold the year before; but the diminution was in the smaller, cheaper editions, while there was a decided advance in the sales of the music editions and other higher priced books; so that the total sales amounted to \$647.00 more than those of 1909.

The binding of the Sabbath School edition has not been durable; and perhaps this is one reason why the sales of that edition have fallen off. Your committee have arranged to have this defect remedied. As might be expected from the growth of the church in the Western Provinces, the sales of the Book of Praise have steadily increased in that direction. The amount of royalty received was \$3,340.68. This is the largest in any one year since the year the Book of Praise was first published.

From the monies on hand your Committee allocated \$3,000.00 as follows (dividing it as per regulation of the General Assembly):—

Aged and Infirm Ministers' Fund.	\$2,000
Widows' and Orphans' Fund (West).....	750
Widows' and Orphans' Fund (East).....	250

The Committee are glad to report:

As the binding of the Sabbath School edition has not been durable, an arrangement has been made with the publishers to remedy this defect. In order that the price of this edition may remain as at present, the publishers and the Committee propose to share the additional expense equally, the royalty on the Sabbath School edition being reduced from 15 to 9 per cent.

2. As instructed by the Assembly of last year, your Committee sent copies of the new version of the Psalms in Metre to each Presbytery of the Church in Canada with the request that the Presbytery should endeavour to contribute something towards strengthening our present selection of Psalms, that it may more perfectly represent the wealth of the Psalter and its place in Christian worship, so that a draft Psalter may be ready before a revised edition of the Book of Praise is called for; and asking that both words and music be considered, and that material be drawn from any source available. A beginning has been made in the work, as a goodly number of Presbyteries have already appointed committees for the purpose. On this matter your Committee therefore beg leave to report progress.

3. The last Assembly also remitted to your Committee an Overture from the Synod of Alberta which asked for a Sabbath School Hymnal separate from the Book of Praise; and requests came from other quarters that that section of the Book of Praise entitled "Hymns for the Young" should be enlarged and improved. Accordingly, these two kindred matters were considered together, and a letter was sent to Presbyteries asking whether they desired such separate book; if so, to give reasons; or, on the other hand, whether they desired additional hymns to be published as a supplement to the present Book of Praise, and if so to send in words and music of hymns desired. Further, that the mind of the Church might be known as fully as possible, a letter was published in "The Record," in the Sabbath School publications, and in the denominational papers, giving an opportunity to all members of the Church to send to your Committee their judgment or suggestions on this matter. The answers so far received are limited in number; and while they indicate a desire on the one hand for a separate Sabbath School Hymnal, they express, on the other hand, as decided a feeling against it. Your Committee therefore are not in a position at this stage to recommend that the prayer of the Overture be granted.

4. A more general desire has however been expressed that the section called "Hymns for the Young," should be revised and enlarged; and in view of the above mentioned instructions by the Assembly and of desires frequently expressed, members of your Committee, and Presbyteries in co-operation with the Committee, have been gathering material relating to the Psalter and the "Hymns for the Young." And further, in view of the progress of hymnology in recent years, and of the expanding needs of our Church, and in accordance with the conviction of many that the time for a revised edition of the Book of Praise is approaching, your Committee recommend that such labour should be extended to other sections of the Book, so that ample and carefully selected material may be on hand when a revised edition of the Book of Praise is called for by the Church.

REPORT OF COMMITTEE ON SYSTEMATIC GIVING

To the Venerable the General Assembly:

Your Committee have pleasure in reporting the most effective year's work yet accomplished in the promotion of Systematic Giving.

PRESBYTERIAL CAMPAIGNS.

In most Presbyteries the Committee on Systematic Giving have taken their work seriously, with the result that a thorough-going campaign has been carried through in a larger number of Presbyteries than during any preceding year. Pastors, Laymen and Missionary Secretaries have been enlisted for the work, every pastoral charge has been visited, addresses given at Sabbath services and week-night meetings, congregations informed and appealed to, Elders and managers conferred with, and organization effected for the thorough canvass of each congregation on the basis of the weekly offering for ordinary revenue and church schemes. In other Presbyteries there has been an exchange of pulpits—a layman accompanying each minister, and urging upon the people the necessity of assuming their share of the Church's work.

One result is a greatly increased number of congregations in which the weekly offering for missions has been adopted. Returns are far from complete, but they show 456 congregations contributing weekly to missions as compared with 354 the previous year; and it is safe to say that the method of weekly offering by envelope for the schemes of the Church will be in use during 1911, in not less than 500 pastoral charges.

DUPLEX ENVELOPE.

Of the 456 congregations reported as having adopted the weekly offering for the schemes of the Church, 370 are reported as using the Duplex Envelope. This is a very great increase on any previous year, and indicates that its use will become general. The pre-eminent value of this envelope lies not merely in its convenience but in its silent weekly reminder to each giver that local self-support and missionary effort have equal claim upon him. The canvass of the whole congregation in connection with the introduction of the Duplex Envelope has, in nine cases out of ten, resulted not only in a large increase of giving to missions, but in substantial increase of ordinary revenue. The canvass has reached many not heretofore giving systematically to ordinary revenue, and under the new missionary impetus and enlarged sympathy, people have been more generous in support of their own congregation.

Among all the 370 congregations reporting the use of the Duplex Envelope, only two report that giving to ordinary revenue has decreased, while two more say in general terms that the Duplex Envelope has proved a failure. When we learn from the reports of congregations that a number have introduced the Duplex Envelope without a thorough canvass of the members, our wonder is that more congregations have not found it a failure. The Committee cannot too often remind ministers and office-bearers that no method will work automatically, that no machinery, however good, has the inherent quality of perpetual motion. A good method is essential to good results, but there must be personality and push behind the method. The weekly envelope is the worst possible method for a people whose minds have not been enlightened and whose hearts have not been touched. This method pre-supposes a minister who continually keeps before the

thought and imagination of his people the purpose for which the Church exists and the present-day responsibility of Canadian Christians.

In a country like ours where congregations change so constantly and so rapidly, it is not enough to have one thorough canvass following a great revival of missionary interest, new interest must be awakened and a partial recanvass made every year.

DISAPPOINTING RETURNS.

In view of the activity of many Presbyteries in promoting systematic giving and the increased number of congregations which report the introduction of the Duplex Envelope and increased giving, it is rather disappointing to find that the books of the Church Treasurer do not show a larger increase. In some Synods there has been positive decrease in the giving to our most important schemes, and in no Synod has there been an increase corresponding to the increase in membership and the growth of wealth. Apart from legacies and special gifts the total increase from congregations over the whole Church is only \$23,686. This, on the face of it, is disheartening, and may well give us pause. Wealth is increasing by leaps and bounds. Never were people so lavish in their expenditure of money. It would seem that everywhere the hand is open and the pocket open save in the Lord's House and for the Lord's work. We must not, however, jump to the conclusion that the efforts of this Committee and of the Laymen's Missionary Movement and the introduction of better methods have done nothing to increase the number of givers and raise the standard of giving.

REASONS.

We must remember that:—

1. One year ago the givings of congregations showed a very marked increase over the previous year—the largest increase ever recorded in one year, \$116,000.
2. This advance came largely from the centres, where congregations acted under the first impulse of the Laymen's Missionary Movement. In some of these congregations there has been a slight reaction, and the giving this year, while not going back to the former level, is not quite equal to the previous year.
3. In a majority of instances the Presbyterian campaigns, the canvas of congregations, the adoption of new methods of weekly giving, reported this year, came too late to affect the giving for 1910.
4. The growth of our large cities has laid a heavy burden on city congregations for Church extension, and many thousands of dollars have been thus expended which have not been handled by our Church Treasurer and do not appear in his report.
5. Whirlwind campaigns for Y.M.C.A. Buildings and other semi-religious and semi-civic objects, have drawn upon the giving power of our Presbyterian men of means to the extent of hundreds of thousands of dollars, and many have not shown a like liberality to the work of their own Church.
6. Many of our rural congregations in the Maritime Provinces, Quebec and Ontario, are being depleted by constant removals. Ministers and people are losing heart and giving to schemes tends to grow less. Those who have left these congregations, flock to the cities or to the West, and, for a time, instead of adding to the giving power of city and Western congregations, lay new burdens on Home Mission and Church Extension Funds.

But there are other reasons not so creditable to our people. Rich and poor alike are more lavish and self-indulgent than ever before, and notwithstanding abounding prosperity an ever-increasing number spend all they receive and are living from hand to mouth. Then the very rapidity of business expansion interferes with the giving of those who are making money. Business expands so rapidly, opportunities for investing money in such a way as to double, treble or quadruple the amount in a few years, are so many, that

many of our thrifty and prosperous Church members are unwilling at this stage to set apart any large share of their growing wealth for the Lord's work. Even those who are interested in the Church and admit the urgency of the present need and the magnificence of the present opportunity, delude themselves into the idea that it is best to go on making money as rapidly as possible now, when they have the chance, so that they will have all the more to give after a time. They forget that a thousand dollars may do more for the moral and spiritual welfare of Canada, if rightly expended to-day, than ten thousand ten years hence. They forget that the passion for wealth grows with what it feeds upon, that ere long the power to give will be gone, that soon they, too, will belong to the ever-increasing number of rich men, for whom it is a moral impossibility to give in any generous way or, to invest their money in any cause that will not bring definite returns to themselves in dollars and cents. How few of our people ever dream of giving anything that would mean sacrifice or business loss?

THE ONLY REMEDY.

Better organization and business methods are needed, but no great advance in giving will be chronicled, there will be no undertaking of the work in the sacrificial spirit of Christ's Cross, until there comes to our people a new vision of things unseen and eternal, and a new constraint of love from Him who though He was rich, for our sakes became poor.

We have only to note that the average giving throughout the Church for all the schemes is only about 5 cents a week per communicant, or 10 cents a week per family, to be convinced of four things: (1) That a multitude of our members give nothing; (2) that a multitude more give but small amounts and irregularly; (3) that very few are making any real sacrifice; (4) that few of our wealthy members are investing any adequate proportion of their means in the effort to win Canada for Christ and give the gospel to every creature.

Here then is

OUR PROPAGANDA.

for the future. (1) Each minister must, in his own congregation, so constrain men and women by the love of Christ that nothing less than sacrifice will satisfy their own hearts Christward. (2) There must be an organized effort, inspired by the minister and carried out by a few consecrated laymen in each congregation, to have every one who names the name of Christ come into fellowship with that Christ by learning that it is more blessed to give than receive. (3) Such methods must be introduced as will secure frequent and regular contributions from all who have an income. (4) Beginning with the few interested ones the standard of giving must be raised in each congregation. (5) Those possessed of large means must be made to see that the finest opportunity for investment, even in Canada, is to be found in the missionary and educational work of our Church.

ESTIMATES FOR 1911-12.

With such a propaganda there ought to be no difficulty in securing \$800,000 from the Western Division of the Church, and from the Eastern Division, during this current Church year.

The estimates for the Western Division are as follows:—

Home Missions	\$267,000
Foreign Missions.	*253,000
Mission to Jews	9,200
Augmentation.	63,000
French Evangelization	*31,500
Pointe-aux-Trembles.	*24,000

Colleges—	
Montreal.....	*10,000
Queen's.....	*10,000
Knox.....	*24,000
Manitoba.....	12,500
Alberta.....	7,000
Westminster Hall.....	7,000
Missionary and Deaconess Training Home.....	4,000
A. and I. Ministers' Fund.....	19,000
W. and O. Fund.....	16,000
Social Service and Evangelism.....	35,000
Assembly Fund.....	8,000
	\$800,200

* These amounts include deficits from preceeding years.

The estimates for the Eastern Division are as follows:—

Home Missions.....	\$14,590
Foreign Missions.....	41,522
Augmentation.....	12,230
College.....	10,270
Bursary Fund.....	1,930
Aged and Infirm Ministers' Fund.....	3,060

Total.....	\$96,337

A HIGHER IDEAL.

The amounts indicated above are necessary if we are to continue our educational and missionary work on the present basis. But if we are to conserve the work already done, adequately meet our growing obligations at home, and occupy our field abroad, immediate and substantial increase is necessary. And surely it is no unrealizable ideal to set as a goal the doubling of our present average of 5 cents a week per communicant; and that quite apart from the gifts of the wealthy!

Perhaps it has been a good thing for our congregations that up to the present our wealthy men have done little for the great missionary enterprises of the Church; since this lack is compelling us to reach the rank and file and not to rest until in all our congregations giving is general, systematic and proportionate. When to this we can add the special gifts of the wealthy, no field will be neglected and no institution of the Church impoverished.

RECOMMENDATIONS.

1. That this Assembly, while recommending as on former occasions the weekly offering by envelope on the Lord's Day, and especially the Duplex Envelope, as the method most likely to develop liberality and increase missionary offerings, would call the attention of sessions and missionary committees to the comparative uselessness of introducing this method of giving, apart from a quickening of missionary interest and a thorough canvass of the congregation.

2. The Assembly, while confirming the estimates set forth in this respect as the amount needed in order to the present maintenance of the Church's missionary enterprises and

educational institutions, again reminds Presbyteries and congregations of the need for immediate expansion, and that any standard of giving less than an average of 10 cents a week per communicant, or 25 cents a week per family, is discreditable even to the weaker congregations.

3. The Assembly would remind those Church members to whom has come something more than an ordinary share of the country's wealth, of their responsibility to give a larger proportion of their income to the work of the Church at this critical period in the history of Canada, and this decisive hour of Christian missions.

4. The Assembly would call the attention of ministers and people to the fact that the amount received by the Treasurer for the schemes of the Church, is so much less than the whole amount contributed by our people for missionary and benevolent purposes, as to suggest that many have not recognized their primary responsibility for the work of our own Church.

5. That our ministers be urged to recognize their responsibility for leadership, so that they will not only give instruction regarding stewardship and information as to the needs of the work, but that they will endeavour to secure the introduction of modern methods of finance and train men to promote the same.

The following recommendations are presented from the Committee on Systematic Giving, and also from the Pre-Assembly Missionary Conference, held in St. Andrew's School room, Tuesday night and Wednesday morning.

1. That the estimates of all the separate Committees be presented to the Committees on Systematic giving for revision and co-ordination and that the estimates of any one Committee shall not be given out to the Church until they have been passed upon by this joint Committee.

This Assembly issues the following instructions:

2. That instead of each separate committee allocating an amount to Synods, Presbyteries and congregations, the Assembly's Committee, on estimates and systematic giving, allocate the whole amount required for all the schemes of the Church to Synods, that each Synod allocate the amount required from that Synod among the Presbyteries of the Synod, that each Presbytery allocate the amount required from that Presbytery among the congregations of the Presbytery, and that each congregation be urged to accept and provide its allocated share as a matter of congregational honour and to apportion its givings among the different schemes according to the percentages set forth in the estimates of the Assembly's Committee

3. That the Secretaries of the different Committees, and other representatives of the different schemes be required to give constant attention to the informing and interesting of congregations and the missionary education of the young, while avoiding competitive appeals for the separate departments of the Church's work.

4. That Presbyteries' Committees on Systematic Giving be instructed to secure as far as possible a Missionary Committee in every congregation.

5. That Presbyteries' Committees on Systematic Giving be urged not to cease their efforts until each congregation has undertaken to provide at least its allocated share of the whole budget, and to that end a thorough personal canvas of the congregation has been made by the Missionary Committee.

6. That the Assembly's Committee on Systematic Giving be empowered to prepare estimates in advance for the succeeding year and send them down to Presbyteries and congregations in time to be placed in the congregational estimates at their annual meetings in January.

7. That inasmuch as this will require immediate action on the part of Synod's Com-

mittees, and if Presbyteries and congregations are to be reached before the beginning of 1912, the Assembly's Committee on Systematic Giving be empowered to pay the travelling expenses in connection with the special meeting of this Committee which is rendered necessary.

8. That the question of the possible amalgamation of the Mission Funds, East and West, be remitted for consideration to the Committees concerned, and to the Synod of the Maritime Provinces, and that the decisions arrived at be reported to the Assembly's Committee on Systematic Giving before April 1st, 1912.

10. That the question of the amalgamation of all funds for the prosecution of religious work in Canada be remitted to the Committees concerned and to the Presbyteries of the Church, with instruction to have this question considered and an answer sent to the Assembly's Committee on Systematic Giving before the 1st of April, 1912.

Convener.

REPORT OF COMMITTEE ON PUBLIC WORSHIP AND AIDS TO DEVOTION

To the Venerable the General Assembly:

Your Committee regret that the hope, expressed last year, that the Book of Family Prayers would be ready for publication before this meeting of the Assembly, has not been realized. A great deal of work, however, has been done by the Executive, and such progress has been made that there is reason to expect that at an early date the book will be printed and submitted to the Committee as a whole.

Your Committee requests that the recommendations of last Assembly be reaffirmed. They are substantially as follows:

1. That they be authorized to complete and publish the work they have in preparation.
2. That for this purpose the guarantee of a sum not exceeding \$300.00 be continued.
3. That all details as to publication be left in the hands of the executive.

All of which is respectfully submitted.

WM. FARQUHARSON,
Convener.

Durham, April 19th, 1911.

REPORT OF THE COMMITTEE ON CORRESPONDENCE WITH OTHER CHURCHES.

After consultation with the ex-Moderator I issued a commission to Rev. John Campbell, Ph.D., Rev. W. L. Clay, B.A., and Thornton Fell, Esq., K.C., appointing them to represent the Presbyterian Church in Canada, at the Quadrennial Conference of the Methodist Church in Canada, which was held in Victoria, B.C., in August, 1910, and convey to the sister church the respectful greetings of our church, which duty they ably performed.

I also furnished Rev. A. J. McGillivray, M.A., Vancouver, and Rev. J. W. Woodside, M.A., of the same place, who signified their intention of being in Edinburgh, Scotland, at the time of holding the General Assemblies of the Church of Scotland and of the United Free Church of Scotland, a commission to appear at those Assemblies and bear to them the greetings of the Presbyterian Church in Canada. These being only formal transactions, there was no occasion for summoning a meeting of the Committee to authorize them. There was no business during the year calling for a meeting of the Committee.

ROBERT CAMPBELL,
Convener.

REPORT OF THE DEACONESS COMMITTEE AND MISSIONARY AND DEACONESS TRAINING HOME.

To the Venerable the General Assembly:

The Deaconess Committee, which is also the Board of the Presbyterian Missionary and Deaconess Training Home, presents the following report of its work for the year.

The Board desires to express its appreciation of the very valuable services rendered to this work by the following Professors of Knox College, and others who have formed the teaching staff of the Training Home during the past session.

Staff.	Subject.
Rev. J. A. Turnbull, D.D.....	Old Testament.
Rev. Prof. Law.....	New Testament.
Rev. Prof. Kilpatrick.....	Christian Doctrine.
Rev. Prof. Ballantyne.....	Church History.
Rev. Prof. Robertson.....	Preparation of Addresses.
Rev. D. McTavish, D.Sc.....	Practical Use of the Bible.
Rev. J. C. Robertson, B.D., S.S. Secretary.....	Sabbath School Methods.
Rev. D. McLaren.....	Missions.
Rev. Alex. McMillan.....	English Literature.
Miss Rance.....	Voice Culture.
Dr. Stenhouse and Dr. Goodchild.....	Medical Work.

The course of study covers two years, and students during the session are given training in practical work in connection with some of the city missions and dispensaries. They are, therefore, when graduated, well equipped for some of the many forms of Christian service that offer for women to-day.

STUDENTS.

The following students were in attendance during the past session:—

First Year.—Misses Jean M. Cowan, Susette Blackbird (special subjects), Effie C. Macdougall, Helena B. Laughlin, Bessie Kirkwood, Lisbeth Robertson, Grace A. Sykes, M. A. Ross, Jean Stephenson, Mabel MacLean, Elizabeth Gibson, Margaret Cameron.

Second Year.—Misses Lily Adair, Agnes Johnston, Margaret L. Drummond, Mary Moffatt, Ethel Cameron, Leah H. Dinwoody.

RESULTS.

The examinations at the close of the session showed that excellent work had been done during the year, some of the students taking from 90 to 100 per cent. in most of the subjects, and all passing creditable examinations. The closing exercises were held in Grosvenor Street Church, on April 4th, when Diplomas were presented to Misses Johnston, Drummond, Moffatt, Cameron, and Dinwoody, who had completed the two years' course; also to Miss Elizabeth Gibson, who was allowed to take the course in one year. Miss Adair left before the close of the session, having been appointed to mission work in Formosa, Japan.

The Presbytery of Toronto met on the same evening and designated as Deaconesses the following graduates:—Misses Ethel Cameron, Margaret L. Drummond, Mary Moffatt, Leah H. Dinwoody, Elizabeth Gibson, Agnes Johnston.

Miss Ratté, engaged in work under the Assembly's Committee on Moral and Social Reform, was also designated by Presbytery. Miss Margaret Cameron, employed in Winnipeg by the Home Mission Committee, was, on request of the Board, designated as Deaconess by the Presbytery of Winnipeg.

All the first year students passed their examinations and were granted Certificates of Standing.

APPOINTMENTS AS DEACONESSSES.

Miss Mary Moffatt to Knox Church, Calgary.
Miss E. Gibson to Cooke's Church, Toronto.
Miss Leah H. Dinwoody to Erskine Church, Toronto.
Miss Agnes Johnston to Knox Church, Toronto.

FIRST YEAR STUDENTS APPOINTED AS STUDENT DEACONESSSES FOR THE SUMMER MONTHS

Miss Grace A. Sykes to Taylor Church, Montreal.
Miss Mabel MacLean to Royce Avenue Church, Toronto.
Miss Bessie Kirkwood to Riverdale Church, Toronto.
Miss H. B. Laughlin to Queen Street East Church, Toronto.

DEACONESSSES AT WORK.

The following Deaconesses are at present at work in the places mentioned:—

1. Lissa Glendinning, designated 1909, St. Andrew's Church, Moose Jaw, Sask.
2. Adelaide Sutherland, " 1909, By W.H.M.S., Prince Rupert, B.C.
3. Bertha Watson, " 1910, St. Andrew's Church, Vancouver, B.C.
4. Mary Waugh, " 1910, St. James' Square Church, Toronto.
5. E. G. Wyllie, " 1910, St. Andrew's Church, Toronto.
6. Mabel E. Gunn, " 1910, Free Kindergarten, Winnipeg.
7. Mary Moffatt, " 1911, Knox Church, Calgary.
8. Elizabeth Gibson, " 1911, Cooke's Church, Toronto.
9. Leah H. Dinwoody, " 1911, Erskine Church, Toronto.
10. Agnes Johnston, " 1911, Knox Church, Toronto.
11. Margaret Cameron, " 1911, By W.H.M.S., Winnipeg.

EXTRACTS FROM REPORTS OF DEACONESSSES.

Deaconesses are required to report to the Board annually.

One Deaconess writes:—"Apart from our regular work, is the work in the segregation district of our city. Humanly speaking, it is the most difficult of all work, but through God's love and mercy, doors have been opened wide, and I have gone in and given the message to hearts craving for sympathy and peace. In answer to the question which may arise, 'Do you think you can better these people?'—I cannot; but God can."

Another says:—"After telling of the varied work in a free Kindergarten, where many of the children are foreigners, 'One Swedish father stops me to shake hands. He talks very volubly in his own language, evidently hoping that some small portion of his remarks may reach my benighted intellect. He remembers with gratitude the little help we were able to give when sickness found his family 'strangers in a strange land.' There are discouragements, yet the joy of service is very real."

Again one writes:—"In homes made sad by sickness or bereavement, the reading of Scripture, the offered prayer or the singing of a hymn is received with gratitude." . . . "If any one needs the prayers of the Church, it is the Deaconess. She is constantly coming in touch with sorrow and distress."

THE CALL FOR WORKERS.

The great Home problems that are facing our Church to-day, such as the foreign immigrant, the City problem and the great work of Social and Moral Reform, show the urgent need of properly trained women; and the splendid work done by the graduate deaconesses has brought a demand for deaconesses that, at present, the Board cannot meet. Not only are all the graduates under engagement, but also all the first year students who were willing to accept appointments for the summer, and there are at present on file a number of applications for deaconesses, and we can only say we have not any to send. Surely there can be no life work more valuable, or that should come with stronger appeal to many of the young women of our Church.

Two of our graduates under appointment for the foreign field, Miss Ethel Cameron and Miss Margaret Drummond, kindly gave a part of this summer to placing before meetings of women in Ontario and the West, the work of the Training Home and the need for more workers both at home and abroad, and we trust that, before the next session opens, a large number of additional students may be enrolled.

Forms of Application for Admission as students may be obtained by addressing the Secretary, Presbyterian Missionary and Deaconess Training Home, 60 Grosvenor Street, Toronto.

FINANCIAL.

The property purchased by the Board is admirably adapted for the purpose of the Training Home, and has ample ground to permit of enlarging the building when required. In view of the rapid growth of the work, it is probable this will be necessary within a couple of years. It is, therefore, very desirable that the remaining mortgage indebtedness, amounting to \$18,750, should be discharged at as early a date as possible, and the Board hopes that the work will so appeal to the Church that funds will be provided.

The Treasurer's statement is submitted herewith, and also a detailed list of the amounts paid into the Building Fund to date. There are, in addition, outstanding subscriptions, not yet due, of \$750, \$500, and \$250 respectively. No more important work is before the Church than that of the training of young women as deaconesses, and in no way can this work better be assisted at the present time than by contributions to the Building Fund of the Training Home.

REPORT OF COMMITTEE ON PROTECTION OF CHURCH PROPERTY

To the Venerable the General Assembly:

There has, during the past year, been no occasion to call a meeting of the Committee. The convener received three applications for advice.

One of these came from the Superintendent of Missions in the Province of Quebec, connected with litigation pending over property at Metis, which it was feared might be carried to the Supreme Court of Canada. The judgment of the Court of Appeal was, however, in favour of the congregation, and the case has been carried no further. This is the third time there has been litigation over the property, caused by the same person, and as the decisions have always been adverse to him, it is hoped it will now cease.

In another case advice was sought by Kingston Presbytery, as to insurance upon a church in Tyendenaga Indian Reserve. The church, built mainly by the help of neighbouring congregations, stood on the land of an Indian with his permission, but without the consent of the Indian Council of the Reserve. No congregational trustees were ever chosen. The Indian on whose land the church was, effected an insurance on it, not of any interest he, as owner of the land, might possibly have in the building, but as, on behalf of the trustees of St. Andrew's Church. After the fire which destroyed the church, he sued for the insurance, but the case was dismissed on the ground that he was not a trustee. The Presbytery, in answer to their application, were advised that they were not trustees of the congregation, and recommended to bring the matter to the notice of the Board of Trustees, incorporated by 63 Vict. chap. 135. At the same time it was pointed out, that it was doubtful if payment could be enforced as against the insurance company, because the insurance was on property, to which, for want of consent from the Indian Reserve Council, the congregation had no title, and was for the benefit of trustees who never had any existence. The Presbytery, it is believed, named a committee to try and make a settlement or compromise with the company; with what result is not known.

In the third case, advice was sought on behalf of a Session as to the control of the church building. A proposal had been made to have space in the basement set apart for a gymnasium and recreation room for a boy's club. At the annual meeting, held while this was under consideration by the Session, a clause was made that this was not a matter for the Session to deal with, but was to be decided solely by the Board of Managers and the members of the congregation; and the chairman so ruled. It was also claimed that they could overrule any finding the Session might come to on the subject. The advice given was, that for the use made of the church, including all buildings for church purposes, the Session is responsible, and that it has the control of these buildings, and is entitled to the custody of the keys. Also that a finding by the Session could not be reversed or overruled by the congregation, but only by the Presbytery on an appeal.

All of which is respectfully submitted

THOMAS W. TAYLOR,
Convener.

THE BOARD OF MORAL AND SOCIAL REFORM AND EVANGELISM ANNUAL REPORT, 1911

To the Venerable the General Assembly:

Fathers and brethren,—Your Board in presenting this its fourth annual report humbly records its debt of gratitude to God for the many evidences of His favour and blessing in its many and various undertakings in His name, and the large measure of success attending its efforts along the line of Evangelism, Sabbath Observance, Temperance, Gambling, the Social Evil, Suppression of The White Slave Trade, Rescue of its Victims, Immoral Books, Obscene Pictures and Literature, Recreation and Amusement, the Study and Improvement of Industrial Conditions, &c.

We desire:

(1) In the body of the report to indicate the work undertaken and the progress made during the year.

(2) To outline plans for the future and to submit resolutions for the consideration of the Assembly.

In drafting this report the Board has had before it the Reports of Sessions, Presbyteries and Synods; the Minutes of the Board and its Committees; correspondence and office records, as well as other sources of information.

1. REPORT OF WORK UNDERTAKEN AND PROGRESS MADE DURING THE YEAR.

1. EVANGELISM.

The work undertaken during the year under the head of Evangelism has been extensive and varied in form, and has entailed the exceeding of the estimates authorized by the Assembly for this work to the extent of over \$500.

(1) **MISSIONARY CAMPAIGNS.** By missionary campaigns is meant campaigns of evangelism in missionary territory in which the aim is to deepen the spiritual life, extend the membership of the missions or congregations concerned, and strengthen the moral tone of the community.

These campaigns have been in some cases simultaneous, covering extensive areas, in other cases progressive, and in still other cases local and limited to individual fields.

The three most extensive campaigns were undertaken at the request of the Presbyteries concerned, in Algoma, Ontario, Kootenay, B.C., (including also a considerable part of Kamloops and MacLeod Presbyteries), and Yorkton, Sask.

ALGOMA. The territory covered in this campaign extended from Sault Ste. Marie to Sudbury, including Manitoulin Island and the North shore, and as in the case of all such campaigns it fell into three parts, namely, Preparation, Evangelistic Mission, and Follow-up Work.

The preparation was organized for by the Secretary, Dr. Shearer, visiting as many as possible of the fields concerned, conferring with ministers, missionaries, sessions, and Christian workers, and addressing the people generally, explaining the plan of campaign, emphasizing the imperative need of prayer and personal work and of careful advertisement

with the view of awakening interest and arousing prayerful expectation of blessing in advance.

Your Board in all its work of evangelism has sought to emphasize by every means within its power the importance of thorough preparation far in advance of any evangelistic mission. Its experience of the past year has emphasized the need of this. In almost all the campaigns carried out, in some fields more and in some less, it has found great difficulty in getting the local Christian workers to appreciate the importance and value of this preparation.

In Algoma are many fields that have a missionary only during the summer months. Many of these were visited by representatives of the Board, ministers going at no small sacrifice during their vacation; two weeks of special services and personal work being given.

This portion of the work was done in the months of July and August and was highly appreciated by the fields concerned which received no small spiritual quickening in consequence.

Beginning with the 1st of September, a simultaneous campaign in the fields in the more westerly portion of the territory covered was begun and lasted for three weeks, each field being manned for this purpose by a preaching missionary and a singer.

Immediately at the close of this campaign a conference of the missionaries, singers, ministers and missionaries of the Presbytery was held at Sudbury in connection with the meeting of Presbytery.

Immediately following this a second simultaneous campaign in the fields of the more easterly portion of the territory covered was begun, lasting for three weeks.

In both these campaigns Rev. Dr. Patterson was one of the missionaries and Rev. F. A. Robinson, Assistant Secretary, had general charge.

By way of Follow-Up Work, in addition to the personal care by pastors or missionaries in charge of those, who had made profession of faith or otherwise been impressed in connection with the evangelistic mission, an experiment was made with the approval of the Presbytery. The Convener of the Toronto and Kingston Synod's Committee on Systematic Benevolence, Rev. James Buchanan, was invited to visit the mission fields and congregations covered in the campaign of evangelism for the purpose of having conference with sessions and boards of management as to methods of finance, both for ordinary revenue and for missions, with the view of further deepening the spiritual life of the people in general and of impressing them with their responsibility for having a share, to the limit of their powers, in the world-wide work of the Church, including Moral and Social Reform, Home and Foreign Missions, etc., and with a sense of their duty to devote systematically a proportion of their earnings to God's work in the congregation, the community, throughout the Church, and in the regions beyond.

Your Board has ever avoided attempting to tabulate and announce the results of its evangelistic work. But the following testimonies speak for themselves as indicating in some small measure the fruit of this Algoma Campaign in the strengthening of the churches and missions, in the cheering of the hearts of ministers and missionaries, in the ingathering of many that were without, and in the improvement of the moral tone of the community.

The Presbytery's Convener writes:—

"I would say that I have found the campaign to have helped the work generally in all our mission fields, not only those in which special services have been held but through the adjoining communities as well.

"Personally I have found the services of the missionaries to have been a great help. The numbers joining the church or making a public profession do not indicate to the fullest extent what has been done. The deepening of a sense of responsibility on the part of those who are already members has been, with us, perhaps the most important thing.

"I feel that a new force has been set in operation and a new spirit to control it. I feel much indebted to the Board, which had this movement in charge and to those who were personally engaged in it, and I hope in the coming years I may be permitted to show my appreciation when opportunity affords."

With regard to one of the churches he says:—"With this charge were united—and — but at the beginning of the present year — alone became sufficiently strong to stand as an independent charge and raise their minister's salary to \$1,000 and manse. The representative elder, on the floor of Presbytery, when the matter of this change was being discussed attributed the result partially to the evangelistic campaign."

Regarding another:—

"Evangelistic services were held there at the time of the campaign of evangelism and the mission greatly helped."

Regarding yet another field he says:—

"Evangelistic services were held here and the missionary in charge attributes much of the growth to the splendid work done."

He adds:—

"From the reports to hand the Algoma campaign of evangelism has been a great help to all our mission fields. This applies not only to those in which services have been held, but to adjoining charges and fields which have experienced an uplift also."

Regarding one of the fields a missionary writes:—

"During the campaign in — the Presbyterian Church became firmly established. The residents were about equally divided between the Presbyterian, Methodists, Anglican, with a few Baptists and a large foreign element. They decided that only one Protestant Church should be supported and that church the Presbyterian. This spring the Home Mission Committee is endeavouring to secure an ordained man and the people are going forward to the erection of a new church. The man in charge attributes much of this work to the campaign of evangelism."

A pastor writes:—

"Ninety-one members added to the Church, forty-two families came into active service of the congregation. The Sabbath School rapidly increasing. Young Men's Bible Class with an average attendance of thirty-five conducted as a result of campaign. Chinese department inaugurated. For the carrying on of all departments of work workers came forward."

A student missionary writes:—

"Membership doubled. Attendance at Sabbath service has outgrown seating capacity. Collections increased over four-fold since mission."

BRITISH COLUMBIA. Immediately following the Algoma campaign a somewhat similar campaign began in British Columbia, covering almost the whole of Kootenay Presbytery, with a considerable part of Kamloops and one or two points in Macleod on the Alberta side of the Rockies.

This whole campaign was intended to be more or less of a Follow-Up Campaign so far as Kootenay was concerned after the one of two years ago, and it was arranged to be less spectacular, less expensive and aimed more especially at the deepening of the spiritual life of those in association with the church, while at the same time endeavouring to reach as fully as possible those outside.

The preparation work was arranged by correspondence and we regret to say that in some fields it was not as thoroughly done as it should have been; and our uniform experience

is that individuals, congregations and communities get out of such a campaign only in proportion to what they put into it of interest, prayer and preparation.

There were really three successive simultaneous campaigns of evangelism, some six fields being included in each of these and each campaign lasting for two weeks. The first covered the points in East Kootenay, or the Crows' Nest Pass. The second covered West Kootenay and the boundary country. The third points on the main line of the C.P.R., and one point in the Okanagan Valley.

Mr. Robinson had general charge of this campaign, as also of Algoma.

In the Follow-Up Work an experiment was made. Three men together spent two days in each field where there had been a mission of evangelism, conducting an Institute of Christian Service, having a five-fold objective, namely:

- (1) Training in personal religion and service, including habits of Bible study and prayer.
- (2) Family religion, including the setting up of the family altar.
- (3) Deepening in those influenced by the mission a sense of responsibility for sharing in the life work of the congregation.
- (4) Preaching the stewardship of money and the responsibility of each follower of Christ for sharing, up to the limit of his or her powers, in world-wide missions.
- (5) Cleansing the community's life, endeavouring to bring about united effort for the solving of the various local moral and social problems.

Those who conducted these Institutes were chosen so as to constitute a team of specialists, one having special responsibility for the first, second and third objectives, another for the fourth and another for the fifth. Conference was had with pastors in private, with Sessions, with Boards of Management, and with town officials.

This experiment was in many respects encouraging, but those sharing in it felt that for the future these Follow-up Institutes of Christian Service should be conducted during the closing days of the evangelistic mission, and under the leadership of the missionaries with such help from specialists as may be available. They found it difficult to secure that widespread interest that was hoped for and that was manifested in connection with the mission of evangelism.

The following testimonies and incidents are sufficient to indicate the blessing that attended and the fruit that followed. Following the recent Kootenay campaign ministers have written as follows:—

"The mission as a whole is universally agreed a splendid success, and far greater results that can be tabulated will follow."

"We had a good mission: profound and evangelical, and strong, all through. There will be good results. We are having our scholars (those who signed), meet this afternoon for Bible instruction. I hope to meet my communicants' class on Sunday afternoon."

"You certainly put evangelism in a different light from that in which it has generally been conceived in this town. I wish you had been able to stay two weeks longer."

"Last Sunday night the church was very full and the attention was splendid. But the most encouraging thing was our meeting last Wednesday night, when we organized a Guild. Fortunately Rev. ———, of ———, was here, and he made a good speech. Everyone seemed to be in a fine spirit. We got good officers appointed and last Sunday night we had over a hundred to stay for our first meeting. I look forward to this organization with great hopes that it will become an effective moral and religious force."

"You did me great good while you were here. I am strengthened and encouraged and I know that many of the people too are better because of your services. I pray that God's blessing may rest upon you in this great work."

During the campaign a missionary writes:—

"On Wednesday night the attendance was the largest we have yet had on a week night. Probably 135 remained for the after-service. There was the deepest feeling yet manifested and it was necessary to dismiss this meeting in order to get nearer to the thirty or thirty-five who had manifested a desire to accept Christ. This was perhaps the most impressive service for seekers that the missionary has ever taken part in, and all present felt that God's power was wonderfully manifest during the short time this meeting lasted."

The results of some of the work is given as follows:—

"We find that men have come several miles to attend the meetings. One man, a mine manager, came twenty miles on horseback from off in the mountains on Sunday last. Another has more than once made the return journey of six miles on foot."

"Men at meeting that had not been in church for over fifteen years."

"Three people came over ninety miles to the Sunday service."

"Mr. D., a habitual drunkard, sixty-age years of age, is doing splendidly. It is very remarkable to all to see him sober. He has not touched a drop of liquor since last Saturday. He is at the meeting every night, clean, and well dressed."

"One home sent for the minister after the services, and it was one of the happiest hours of the mission to see the mother and two sons accept Christ and consecrate their home and themselves to Him."

"The Principal of the High School, whose attitude towards religions was not very sympathetic, has made an exceptionally strong witness for Jesus Christ, and the change in his life is felt by all who come in contact with this social leader."

YORKTON, SASK.—The campaign in Yorkton Presbytery had certain features that are worthy of note. The preparation was made by the members of Presbytery themselves, after conference with Dr. Gordon, Joint-Convener of the Board.

In addition to this the Board supplied a missionary and singer, who worked together in what the Convener called a "progressive" evangelistic campaign. They spent several months during last summer and autumn on the mission fields of that great missionary Presbytery, as a rule remaining two weeks in each field no matter how poor or small the field or how slight the prospect of financial support of the mission. This was followed in November and December with a simultaneous campaign in which were included the larger towns and villages within this Presbytery.

The preaching missionaries who took part in this campaign were all Western men drawn from Manitoba and Saskatchewan, with the exception of Dr. Patterson who conducted the mission in Yorkton town.

The singers who took part in the British Columbia campaign assisted these brethren on their way home.

The following quotations from letters written by the Presbytery's Convener, pastors missionaries or others give a sufficient indication of the result of this campaign:

The Convener reports in February, 1911, as follows:—

"I have visited the different villages where meetings were held. In most of the places excellent work was done and I am sure that everybody was well pleased. The campaign has been an education to the Presbytery. I visited W——, a fine spirit is shown; they are asking to be raised to an augmented charge. W—— the same and a fine spirit is seen among them. B—— (a very hard field) wants their missionary ordained, is going to build a church, a splendid spiritual attitude. K—— is doing well and the minister reports his people growing spiritually. Prayer meeting started with a good attendance. There were, of course, some disappointments, but great good is coming out of the work, and all in all the campaign was a great success and the ingathering was grand."

In Y—— town alone the church has been so helped by the missionaries under the Holy Spirit that we have felt the power ever since and the good work is still going on."

A pastor writes:—

"Sixty joined with Church in January and forty more are coming at next communion. Whole families coming into Church. Officials think meetings were wonderful success."

A missionary writes:—

"People had to drive several miles to the meetings. The services were eminently successful. The evangelist is a Christian gentleman, his addresses choice, cultured and very impressive. Many of our young people were led to accept Christ as their Saviour and have since associated with the Church."

"At one point we have representatives of the Methodist, Congregational, Anglican and Plymouth Brethren bodies. The work appealed to them in such a way that they are now loyal supporters of our cause. The mission has quickened our spiritual life, strengthened us in organization and given us a greater love for the Gospel."

A layman writes:—

"Our Church has been too slack along these lines in the past and I do hope that hereafter from year to year we can so educate our people that they will no longer take offence with such appeals as are now being made. I am sure that by keeping these meetings before the Church they will in time do great things for Christ and for the Church."

The Board's Convener writes:—

"Stations that were moribund are displaying new vigour and taking up work with new spirit. Some of them, I believe, will pass at once to the stage of self-support."

A pastor of a Western Church writes:—

"At the annual meeting following the mission, the congregation agreed to give \$250 a year to Home Mission Society. This is a great forward step."

CAMPAIGNS IN OTHER PRESBYTERIES. In such campaigns as those in Algoma, British Columbia and Yorkton the Board has to do the financing and to pay a large share of the expense incurred.

Many other campaigns have been conducted in the older Presbyteries of the Church covering all or part of their territory. In these the Board has rendered assistance by conducting Presbyterial Conferences, suggesting names of suitable missionaries or singers, supplying literature, hymn books, etc., etc. But the financing of these campaigns is done by the fields or Presbyteries served.

The Presbyteries of Huron, Maitland, Saugeen, Ottawa, Brockville, Glengarry, Barrie, Sarnia, Chatham and others have had more or less evangelistic work with most encouraging results, some of these covering practically the whole territory of the Presbytery.

(3) Under the appointment of last General Assembly, Rev. Wm. Patterson, D.D. began work under the Board on the 1st of September, and took a leading share in the great missionary campaigns of the year, which lasted until Christmas. He inaugurated the Huron Presbytery's simultaneous campaign by a week of work in Hensall during the Christmas vacation when his services were attended by throngs only limited by the church's capacity, in spite of the counter attractions associated with that season of the year.

An Ontario pastor writes:—

"The world-view that Mr. ——— has got would be worth the whole mission if nothing else had been done. The enrichment of his life is seen in all directions."

Dr. Patterson took part in the Chapman-Alexander campaign in Toronto, and conducted a mission in London, in Fort William, and in Lethbridge. He was ably assisted

by Mr. W. W. Weaver as director of song. The work of these brethren was greatly blessed in all the fields in which they laboured, and possibly most of all in Lethbridge.

Dr. Patterson was in January called to succeed the late Dr. McCaughan as pastor of May Street Church, Belfast, Ireland, and felt it to be his duty to accept the call. The Executive of the Board felt that in the circumstances there was only one thing for it to do, and it regretfully accepted Dr. Patterson's resignation of the appointment made by last Assembly, and expresses the hope that the Assembly may approve of its action.

The value of the work done by Dr. Patterson may be estimated in the light of the following testimony from an Algoma pastor in whose field Dr. Patterson conducted his first mission:—

"It is safe to say that never before was there a series of meetings in this town where the eager crowds hung so breathlessly upon the story of the cross. Day by day the people came in ever increasing numbers. It was no curiosity that brought them. There was deep reverence, and soul hungering for the things of God. Everybody talked about the mission, and many that have not been in the habit of worshipping God in any church came to listen and remained to pray. In some cases practically whole families turned to God, and went home to erect a family altar. Those who were prejudiced against special efforts of this kind soon learned the true nature of these services, and readily expressed their hearty approval of every part of them.

"Men drove twenty-five and thirty miles just to be present at one service and then remained for days. The presence of the Spirit among the people was marked by a new and serious earnestness about spiritual things, a waning of interest in sinful pleasures, and a yearning for a better life. If one ever has seen the melting, subduing, unifying, yet elevating power of divine truth they are here. The humility, the heart hunger, the soul thirst, the tenderness, the love, and the desire to help others, all are here.

"What Dr. Patterson is as a preacher, Professor Weaver is as a singer and choir leader. He sings with remarkable tenderness, and the consecrated Christian spirit of the man breathed in the song, and communicated to the worshipper, is certainly a wonderful asset under the Holy Spirit in the work he is doing. Sometimes one could see some of those grown old in years, under his singing become children again. All the sad sorrowful years were, for the time being, as though they had not been."

Mr. Weaver, being under contract up to the end of June, Rev. F. A. Robinson has, since Dr. Patterson's departure on the 1st of April, taken Dr. Patterson's place as missionary in charge with Mr. Weaver, and has conducted missions in Fort Frances, Strathroy, Wyoming and Wemyss. During the current month of June, Mr. Weaver, associated with other missionaries, is assisting in the missionary campaign in St. John Presbytery.

The minister of Fort Frances, after describing the blessedly fruitful service of the closing day of the mission there, namely, Easter Sunday, among other things says:—

"Of the missionaries it is impossible to speak too highly. For a work of this kind a great knowledge is needed of the world and its ways, of men and their needs, together with an unswerving faith in the power of the Gospel of Jesus Christ, and in all these things Mr. Robinson, for so young a man, is marvellously endowed and equipped. Mr. Weaver, too, deserves the confidence of all concerned. He is a fine specimen of a cultured Christian gentleman, and his services render him almost indispensable."

(4) The work of the KNOX COLLEGE GOSPEL TEAM. During the months, May to September, inclusive, five students of Knox College and Toronto University in training for the ministry were employed by the Board as the Knox College Gospel Team in doing personal and public evangelistic work in rural charges and High School towns, spending a week in each, with the double object in view,—

(a) Of winning young people to a definite decision for Christ and His service.

(b) Of discovering, encouraging and enrolling recruits for the Christian ministry among the promising young men with whom they came in contact.

Rev. F. A. Robinson was with the Team during the first month. In almost all of the fields visited pastors and others have testified to the value of the work done by these young men. Some of these testimonies have been volunteered after many months had intervened following the visit of the Team. Very considerable numbers of young people were enrolled as Church members as a result of their work, and not less than thirty recruits for the Christian ministry. Several, however, of these latter had previously been led to have the Christian ministry in view.

The young men themselves testify that the experiment brought to them a very blessed reflex influence, which they very greatly value as they enter upon their work as ministers of the Church.

The Board was so much gratified with the result of this experiment that it has announced to the College authorities its readiness to undertake the appointment, direction and financing of similar Teams in connection with any or all of the Colleges. It regrets, however, to say that for the current summer no college has furnished a suitable Team. Inasmuch as several of the members of such Teams must be attractive singers it is of course difficult to find a group of students that will constitute what is meant by a Gospel Team.

(5) **RECRUITS FOR THE CHRISTIAN MINISTRY.** The Board has kept in view in all its evangelistic work the securing of recruits for the ministry. Not merely in connection with the work of the Gospel Team, but in all missions the missionaries have been requested to keep this aim constantly in mind and made it a subject of prayer in their work, and several recruits have been discovered and enrolled as a direct result of the Board's work of evangelism. On the suggestion of the Secretaries, Dr. Gordon, as Joint Convener of the Board and Convener of the Assembly's Special Committee on the Supply of Men for the Ministry, at Christmas time addressed a special letter to each of these enrolled recruits, and should the Assembly continue or appoint any other Committee on the Supply of Men for the Ministry, the Secretaries of this Board will gladly furnish its roll of recruits to such Committee.

(6) **RETREATS, INSTITUTES AND CONFERENCES.** Your Board has long felt that perhaps the greatest problem before the Church is that of men for the ministry, not merely the getting of men for the ministry, but the retaining of them and so ministering to and helping them that they will be able to do their work with that large vision of its importance and its possibilities, that confidence in God, and in the Gospel of Christ, and that spiritual enthusiasm without which any worthy measure of success is impossible.

It has felt, moreover, that this applies not simply to the missionaries labouring in outlying territory or in new fields, but to the men of the ministry in general.

At its annual meeting, therefore, it gave special attention to this problem, and as a contribution towards its solution, planned for Ministerial Retreats, Institutes of Christian Service, and Summer Conferences or Schools.

(a) By a Ministerial Retreat is meant a meeting of ministers and missionaries, and these only, in a Presbytery or district, to the number of from twenty-five to fifty, for four days of spiritual fellowship and conference under the leadership of two specially chosen and capable men having the confidence of the Church at large. The Retreat is intended to begin on Monday evening, and close on the Friday evening, meetings to be held in the forenoon and in the evening, the afternoon being free for rest, recreation and social fellowship.

The programme of the morning conferences is the study of the minister's personal life, his temptations, his sorrows, his aspirations, his soul culture and growth in grace.

The programme of the evening conferences, the study of the minister's practical work, the call to the ministry, mental discipline, habits of study, the problems of the day, the conduct of public worship, sermons, prayers, sacraments, personal work, the redemption of men, pastoral visitation, organization and leadership.

Retreats have been arranged for the Presbytery of North Bay in Ontario, and for groups of Presbyteries on the Prairie, in Winnipeg, Souris, Yorkton, Saskatoon.

Moose Jaw, Lethbridge, Stettler, and Edmonton, to be conducted during the current summer.

The definite object to be kept in view by those in charge of these Retreats is the deepening of the spiritual life, the widening of vision, and a more definite and complete consecration of the men to the service of Christ.

(b) By the *Institutes of Christian Service* is meant a convention for personal training in service of Christian people gathered together from a district, especially where some unusual work of grace has under the Divine blessing been wrought in connection with a campaign of evangelism. Several such Institutes have been held in different Presbyteries or districts during the past year with most encouraging results. Many others have been planned for.

(c) The *Summer School or Conference* is intended to benefit young Christians, Christian workers and ministers who can be gathered together in the holiday season. For some years such a School has been conducted at Shoal Lake, Manitoba, under the Presbytery of Minnedosa. The dates for this year are July 11th to 18th. One has been arranged for the coming summer, August 21st to 28th, at Geneva Park, Lake Couchiching, near Orillia, Ontario. It includes study classes in Foreign Missions, Home Missions, Moral and Social Reform and the Problem of the City.

Though these Retreats, Institutes and Conferences or Schools were devised and planned for by the Board of Moral and Social Reform and Evangelism, they have been taken over on its suggestion by a Committee representing various departments of the Church's Life, — Home and Foreign Missions, Young People's Societies, Sabbath Schools, and the Board of Moral and Social Reform and Evangelism. In the planning of this work most valued service has been rendered by Professor Kilpatrick, especially in the drafting of the programmes.

(7) **PROFESSOR KILPATRICK'S BOOK.** At the request of the Board, Professor Kilpatrick has consented to put his lectures upon New Testament Evangelism, the History of Evangelism, and Modern Evangelistic Methods in form for publication. The book is published by the Westminster Company in Canada, the Geo. H. Doran Company in the United States, and Hodder and Stoughton in Britain. It is hoped that every minister and missionary in the Church, as well as large numbers of laymen and church workers will secure a copy of this valuable book. Its perusal and study must bear abundant fruit in the quickening of the Church and in making more definite and powerful the message of the pulpit.

(8) **HYMN BOOK.** After long and careful consideration the Board has entered into a contract with Mr. Charles M. Alexander for use in its Campaigns of Evangelism of his "Alexander's Hymns, No. 2, British Edition," which contains a larger number of the standard hymns of the Church than other collections of evangelistic hymns. This contract is to last for five years, and gives to the Board, with the Westminster Company, absolute control for this period over the sale of all hymns bearing Mr. Alexander's name throughout Canada.

(9) **THE MEN AND RELIGION FORWARD MOVEMENT.** The Christian world has been startled by the announcement that in the Protestant Churches of North America there are 3,000,000 more of girls and women in their membership than of boys and men. There cannot be too many of the former. There ought to be vastly more of the latter.

The Men and Religious Forward Movement has planned a special campaign of personal and public effort from September, 1911, to May, 1912, with the view of improving this serious condition of things by enlisting men and youths in the service of Christ and in the membership of the Church, and leading them to consecrate themselves and their talents to the work of Christ and the Church.

The Board has expressed its general approval of this movement, and indicated its readiness to co-operate with it as far as possible.

2. SABBATH OBSERVANCE.

According to the reports of Sessions the Board is warranted in saying that the due observance of the Sabbath has been very generally urged upon the people from the pulpit during the year.

The Sessions are by no means so unanimous in answering the question—"Are Christian people weakening in respect for the Sabbath by their social recreation or other forms of personal pleasure?" but it is gratifying to note that a very large number of the Sessions express their judgment by a simple or a qualified negative. Many of the Sessions, very especially in cities and in the West, are of opinion that there is a steady, insidious and not easily arrested tendency away from the distinctly Christian observance of the Sabbath and in the direction of making it largely a day of personal pleasure and social fellowship, the religious purposes of the Sabbath being to an increasing extent overlooked or deliberately neglected.

The Board is most gratified to report, that owing to the public opinion awakened by the pulpit, and by the campaigns of the Lord's Day Alliance, the Lord's Day Act is very generally observed; and the number who are deprived of their rest day rights and privileges in whole or in part is growing steadily, if not rapidly less, and that the ideal of the Sabbath rest for the largest number possible, and a complete rest day in every week for those who are compelled to labour on the Sabbath because of the nature of the work in which they are engaged, bids fair to be realized in Canada in the not distant future.

The Lord's Day Act of Canada is now in force in every province in the Dominion. It is generally and uniformly enforced in all provinces except Quebec and British Columbia. And with increasing uniformity and in a growing variety of callings and directions it is being enforced in the two provinces named.

Owing to the existence of a Provincial Sunday Observance Law and of several city Sunday Observance By-laws difficulty has been experienced in getting the Lord's Day Act of Canada enforced in the two provinces named.

It is a matter of dispute in the courts of law as to whether these provincial and municipal Sunday laws are valid; one court having held that they are, another that they are not. Hence the Lord's Day Alliance has taken steps to have the question of the constitutionality of these measures submitted for the judgment of the Supreme Court of Canada and the Judicial Committee of the Imperial Privy Council. The case is at the present time before the Supreme Court.

In British Columbia the Attorney-General has in the course of the year in several instances, taken official action resulting in the enforcement of the law against Sunday sports, Sunday business, and Sunday labour.

Great progress has been made also in securing rest day rights for the police and other civic employees in various cities of the Dominion, and for those who labour in the steel industry, a campaign aiming at these results having been crowned with success within the past year under the leadership of the Secretaries of the Lord's Day Alliance. They announce that the 20,000 employees of the Dominion Steel and Coal Company are guaranteed one full rest day in the week and that a very large number formerly labouring on Sunday now rest on the Lord's Day. Special credit is accorded by the Alliance to Mr. M. J. Butler, the new manager of that corporation, for the sympathy he has shown with the desire of the Alliance and the company's employees to see the Sabbath rest made as general as possible. The fact that under his management thousands of employees formerly required to work on Sunday at what was claimed to be necessary work, are not now required to work on Sunday is another illustration of the groundlessness of the claim so often advanced by the managers of industrial corporations for the necessity of labour being carried on on Sunday.

Three applications were before Parliament during the present session for exemption from the Sunday Operation Prohibitory clause in the Dominion Railway Act by *electric*

railway corporations. The Alliance was successful in defeating two of these applications. For some unknown reason Parliament granted the other.

In Ontario, the Toronto and York Radial Railway Company, whose charter covers almost the entire province, sought from the legislature the right to operate its present and projected systems of electric railways on the Lord's Day under conditions to be fixed by the Ontario and Municipal Board, which is well known to sympathize strongly with the Sunday operation of such railways. A protest to Sir James Whitney by the Alliance resulted in this application being refused.

Mr. John A. Paterson, K.C., as representing the Ontario Alliance, is prosecuting the Dominion-Incorporated Railway operating between London and Lake Erie to test its right to indiscriminately run its cars on the Lord's Day in spite of the prohibition of the Railway Act.

After a long and harmful delay test cases are now going before the higher courts that will settle the question as to whether, as certain junior courts have held, tobacco and cigars are to be regarded as "drugs," and therefore saleable on Sunday by druggists; and as to whether restaurant holders are entitled to sell all kinds of eatables, either to be consumed on the premises or to be carried away. The judgments referred to have resulted in an enormous amount of unnecessary Sunday business, which is having a very serious effect educationally in breaking down respect for the sacred day and in robbing of their rights large numbers of people who are employed in the catering industries.

Dr. T. Albert Moore, who succeeded Dr. J. G. Shearer as General Secretary of the Lord's Day Alliance, having been made Secretary of the Methodist Department of Temperance and Moral Reform, has been succeeded as General Secretary of the Alliance by Rev. W. M. Rochester, B.A., formerly Western Secretary, who has already proven himself eminently worthy to succeed the men that have gone before him.

3. TEMPERANCE.

It is probable that in no previous year has there been as much agitation in the interests of temperance as during the year on which we are now reporting.

One of the principal advantages of the Local Option method of controlling the liquor traffic over other methods is that it makes necessary almost a constant agitation and discussion of the retail sale of intoxicants for beverage purposes. This necessitates the turning of the light on the bar room and the liquor shop, which is the one thing the bar room cannot stand; it loves the darkness; it perishes in the light. Local legislative conflict is, however, almost the only means toward this end. It is only when such a contest is on that the people give attention seriously and with a sense of responsibility to the question of temperance. The method is laborious, but it is effective and its results are more likely to endure than victories won by great and enthusiastic campaigns covering a province or a nation.

The temperance forces of the continent have been given a warning during the year of the danger of resting on their oars, as they usually do after a great victory, by the repeal in the State of Alabama of the state wide prohibitory law and of reversion to a system of license with local option.

The following notes upon the present condition of things in the various provinces may be of use to pastors and others in discussing this question during the coming year:

PRINCE EDWARD ISLAND. The Prohibitory Law is still working well. It needs improving in the interests of more efficient enforcement and the legislature has not yet provided effective means for the checking of the importation of intoxicants from outside the province. The friends in Prince Edward Island are at the present time, however, engaged in an effort to remedy these defects and to reduce the evils resulting from the liquor-supplying club, and it is to be hoped that they will succeed.

NOVA SCOTIA. The Nova Scotia Provincial Prohibitory Law of a year ago has in the

session of 1911 been very materially improved. Increased penalties have been provided. The right of appeal against convictions by stipendiary magistrates has been abolished. Second or third offences cannot now be made first offences. Provision is made for search and seizure without warrant. Prohibited liquor has been defined as "Any drinkable liquor containing alcohol."

These amendments make the Nova Scotia Prohibitory Law in many respects superior to that of Prince Edward Island, and are likely to result in prompt action being taken by the temperance people of Nova Scotia to have the Scott Act repealed and the Provincial Prohibitory Law substituted therefor in all the counties where the former Act is now in force.

It will be remembered that the city of Halifax is not yet under the Prohibitory Law, but has the right of bringing itself under it by Local Option. The number of licenses, however, has been reduced by twenty and at least twenty more will be cut off after the new census. And it seems to be within the bounds of reasonable probability that the whole of Nova Scotia will be under prohibition in a couple of years.

The greatest credit for this condition of things is due to Rev. H. R. Grant, Secretary of the Nova Scotia Temperance Alliance.

NEW BRUNSWICK. There has been no important change since last year. See Report to last Assembly.

QUEBEC. The temperance movement in Quebec, as will be remembered from last year's report, is well in the van of progress. Almost two-thirds of the municipalities were then under prohibition in one form or another.

During the past year the number under prohibition has been increased and now 69 per cent. of the municipalities are dry, only 31 per cent. wet. The Government has enacted early closing legislation, by which all bar rooms and licensed groceries are closed at eleven o'clock on the first five nights of the week and seven o'clock on Saturday nights, instead of twelve o'clock on all of these nights as formerly; and they cannot open in the morning before seven o'clock. The effect of this change in a city like Montreal is difficult to over estimate. The very first Saturday night of early closing resulted in a marked decrease in the number of arrests for drunkenness.

There has been a material reduction also in the number of licenses in various municipalities.

A large share of the credit for this condition of things is due to the Roman Catholic Church and notably to His Grace, Archbishop Bruchesi. It is said that he has over 200,000 pledged total abstainers in his diocese as a result of the work of the church alone. Has not even the Presbyterian Church something to learn from the Church of Rome in this matter of total abstinence among its members and adherents?

ONTARIO. In Ontario, under the leadership of the Dominion Alliance, the war against the bar room is being ceaselessly waged.

During the past year Local Option contests were held in 84 municipalities. Three of these were attempts to repeal veto; they all failed. Of the 81 municipalities voting on the question of the abolition of the bar room 26 carried veto, 25 giving a majority to retain the bar room, the remaining 30 gave a majority in favour of veto but did not reach the 60 per cent. required by law.

Some important amendments to the License Law were made at the last session of the Legislative Assembly. One of these taxes the bar room receipts above \$60.00 per day. Another gives to municipalities the right to reduce the licenses to the minimum of one by the Local Option method, a simple majority of those voting being sufficient to carry the by-law. Another disqualifies from voting on Local Option by-laws all municipal electors who are not bona fide residents of the municipality in which the vote is taken.

Out of 812 municipalities in the province 431 are now without the legalized sale of

liquor. Of the hundreds of by-laws that were open for repeal during the past decade only six have re-introduced the bar room and three of these are new municipalities formed within townships in which veto was in force. Really, therefore, only three municipalities, namely Thamesville, Grimsby and Hensall, after three years' experience have voted the re-introduction of the bar room.

MANITOBA. There is not much change in the situation from last year. Nine municipalities of the province prepared petitions for a vote under Local Option and in every single case injunctions were secured by the liquor party, which prevented the vote being taken.

In three municipalities the liquor party brought on a vote. In all of these veto had been carried at the polls, but the by-laws had been quashed by the courts, no licenses having been issued, however, by the Government in the interval. The temperance people won in Carman town, the liquor people in the rural municipalities of Cypress and McCreary. The by-law in Carman has again been quashed, but no licenses have been issued.

The temperance forces presented a largely signed petition asking the Legislature to enact a measure abolishing the bar room and to submit it as a referendum to popular vote. As yet, however, the Government has not taken action to give effect to this petition.

SASKATCHEWAN. In Saskatchewan a great campaign was waged during the year against the bar room. Contests were held in 73 municipalities or voting districts; in 37 veto was carried, in 36 it was defeated. Among the municipalities abolishing the bar room is the city of Moose Jaw, and the capital city of Regina came within less than 100 votes of going "dry" also. Here as in Manitoba several by-laws have been quashed on technicalities.

The temperance people make serious complaint of the corrupt practises of the liquor people and the franchise frauds practised at the polls. There are other weaknesses in the Saskatchewan Local Option Law.

Some improving amendments have been passed by the Legislative Assembly and it is expected that before another vote is taken more satisfactory voters' lists will be supplied.

The temperance forces perhaps undertook too large a campaign, but they have no reason to feel discouraged. The vote in the cities of Moose Jaw and Regina is particularly gratifying and noteworthy.

ALBERTA. There is no change since last year. There have been no Local Option votes. The Local Option law has not been improved; it still requires 60 per cent. majority to carry, and a deposit of \$100 to be made by the temperance people for every vote they bring on. This is not creditable to the Government and Legislature of Alberta.

In face of these serious handicaps the temperance forces have decided to bring on votes in two large districts, the one lying east of Edmonton and the other covering a large part of the territory between Calgary and Edmonton.

A diabolical plot was discovered with the object of ruining the reputation of one of our honoured ministers, Rev. W. G. W. Fortune, B.A., the General Secretary of the Temperance and Moral Reform League. The plot was the work of liquor vendors. The friends of righteousness and justice throughout the Dominion will sympathize with Mr. Fortune and will rejoice in the announcement made by the League's executive that the plot failed in its object.

BRITISH COLUMBIA. It will be remembered that British Columbia municipalities have not the right of Local Veto. When the Legislature refused to grant right of local veto appeal was made to the Dominion Government to amend the Scott Act so as to make it applicable to constituencies in British Columbia. This was done and during the year two votes have been taken under the Scott Act, in Prince Rupert and in Chilliwack. In both cases the temperance forces were defeated, appeal being made to the local sentiment in favour of British Columbia managing its own affairs and enacting its own legislation.

The Board has taken an active part in the temperance campaigns in various provinces

of the Dominion. The Rev. E. A. Henry gave a month campaigning in Saskatchewan as the representative of the Board and a large number of speakers have assisted as they were able in contests in Ontario and other provinces. The Secretaries also have given such time as was possible.

TEMPERANCE LITERATURE. During the year the Board has published additional temperance leaflets bearing the following titles:—

What the Catholic Church says.
What the Traffic says about itself.
The Attitude of Capital to the Liquor Traffic.
What the Traffic costs our Country.
Local Option in Owen Sound.
Science and Alcohol.
Labour and the Liquor Question.
Pledge Signing in Sunday Schools.

This and other temperance literature is supplied at cost for distribution, and free to mission fields or those unable to pay even the cost.

4. GAMBLING.

The reports of Sessions indicate:—

(a) That betting upon sports is generally prevalent and apparently on the increase. This is no doubt encouraged by the action of Parliament last year in re-affirming its sanction of professional betting on the race course, the educational effect of which, by reason of the distinguished patronage under which race meets are held, is very great and most harmful.

(b) Gambling too, not only among the social elite, but among the upper middle classes in the form of whist, euchre, and other card games, would seem to be very general and by no means decreasing.

These things constitute a very strong appeal to the pulpit and the church generally to let its influence be felt with increasing earnestness and with indomitable perseverance to the discouraging of all forms of gambling. It is said that many of the members of the Church practise gambling in the forms mentioned.

The year has brought to light a number of imperfections in the compromise gambling law passed at last session of Parliament:

(a) The attempt to lessen the evils of race track gambling by limiting the meets to two in number of seven days each, or an aggregate of fourteen days in the year, is overcome by allowing a second meeting of seven days on the same track immediately following the first, the second being held, however, under auspices different from those under which the first was held. By this method it will be seen that continuous racing can be very readily carried on even upon the same track.

The same end is reached also by increasing the number of tracks.

(b) The Court of Appeal of Ontario has held that the law does not prohibit as was intended, the publication by newspapers and the transmission by telephone and telegraph companies of racing information.

These facts indicate that the time is not far distant when another attempt will have to be made to induce Parliament to make our gambling law consistent with itself, and to brand as criminal the business of gambling wherever carried on, and under whatever auspices, and by whomsoever the offence is committed, as well as to deliver our country's good name from the dishonour of being spoken of as almost the only "paradise of race track gamblers" remaining on the North American continent.

5. PERSONAL AND SOCIAL PURITY.

Your Board feels that to too great an extent in the days that are past has the Church given attention to the negative side of Purity, almost confining its attention to the suppression of social vice. The Rescue and Preventive work authorized by the Assembly of last year is enabling the Board to lay the emphasis where it belongs. It is better worth while to preach purity than to prosecute vice. Both are important. The one we ought ever to do, but not to leave the other undone.

During the past year your Board has given attention to effort that may be called Punitive, securing the enforcement of the criminal law affecting social vice in all its bearings; to redemptive work, endeavouring to reclaim those that have fallen through vice; but very especially to preventive work, endeavouring by the dissemination of information, the warning of those in peril, the preaching of purity, and otherwise, to prevent those of either sex, and particularly girls, from being victimized by either greed or lust.

(1) PUNITIVE EFFORT, or securing the enforcement of the law bearing upon social vice.

It may serve a useful purpose if the extent to which this law is enforced, or not enforced, in the different parts of the Dominion is clearly reported, and this can perhaps best be done by provinces.

PRINCE EDWARD ISLAND. In Prince Edward Island there would seem to be little or no social vice of the criminal variety, but the authorities stand ready as need may arise to see that the Criminal Code is rigidly enforced.

NOVA SCOTIA. In Nova Scotia to a greater extent than in any other province it has been customary to leave the enforcement of laws having a moral bearing to the local authorities. To some extent this has been changed by the Government undertaking to enforce the new liquor law and appointing a provincial police force. With regard to this matter of social vice, however, the old practice of leaving the local authorities to enforce or not enforce the law is still followed.

There is comparatively little criminal vice, that is vice prohibited by the criminal code, in Nova Scotia taken as a whole. What there is is confined practically to the cities of Sydney and Halifax. So far as it has been possible to learn, there has been comparatively little that is open or known in Sydney. In Halifax it is quite otherwise. An investigation made at the instance of the Board brought out the fact that there are not less than fifty, and probably many more, houses of vice in that beautiful city, with inmates estimated at from 200 up. These houses are for the most part grouped in the very centre of the city, and are run quite openly, many of them using the large number or other sign to indicate the nature of the place to prospective patrons. It is impossible but that the police authorities know these facts. Occasionally a house is raided, but very seldom. No serious attempt is made to have the law generally enforced. The matter has recently been brought to the attention of the Attorney-General, and it is probable that in the not distant future this very serious plague spot will be removed and the evil very greatly reduced in extent and character.

NEW BRUNSWICK. There is comparatively little criminal vice open or known in the province. Some of it is reported from Fredericton only recently, and a few houses exist on the roads leading out of St. John. With these exceptions, generally the criminal law is well enforced, and the attention of the friends of purity and order is directed at the present time toward an absolute and thorough enforcement of the law. The Attorney-General of New Brunswick has indicated his readiness to compel the local authorities to enforce all the laws having a moral bearing, with the exception of the Scott Act.

QUÉBEC. In rural Quebec very little vice of the criminal variety is found. In Quebec city there is a municipal by-law expressly permitting houses of prostitution in specified territory. There is no doubt that such a by-law is ultra vires of any city in Canada. Meantime it is in force and recognized. Hence, in that city, within the limits specified, the

criminal business of vice is openly and officially permitted. In Montreal the law is at present much better enforced than in past years. No policy of segregation or toleration is openly followed by the authorities. The law is doubtless not as rigidly enforced as it should be. But there is vast improvement since the day of the investigation conducted by the late Sir Henri Taschereau.

In and about Hull the law is very badly enforced—indeed is not enforced at all. Several houses in, or in the immediate vicinity, of the city, with large numbers of inmates, are as openly operated and recognized by the authorities as hotels or other similar institutions. Recently one of our Rescue Workers visited two of these houses and found a Madame and eight inmates in the one; a Madame and eighteen in the other. The local authorities and many of the citizens argue that this is a necessary evil and therefore better to be tolerated than suppressed. Occasionally a raid is made and "fines" collected, and the business proceeds as before.

ONTARIO. Nowhere in Ontario is the business of vice openly tolerated. Occasionally the police or magistrate in some part of the province shows a disposition to tolerate. They very promptly change their mind when the matter is brought to the notice of the Attorney-General. The only vice there is, therefore, is more or less clandestine and is greatly lessened in extent because it cannot advertise itself.

MANITOBA. Vice is openly tolerated nowhere in the province of Manitoba unless it be in the city of Winnipeg. From the early days of Winnipeg's history, a segregated colony of criminal vice existed known as Thomas Street. As a result of an agitation in the churches, led by our own Venerable ex-Moderator, the Rev. Dr. DuVal, ably supported by others, this colony was suppressed in 1904. In April, 1909, the Board of Police Commissioners authorized the re-establishment of a segregated colony, hence those in the criminal business of vice were permitted to locate in Rachel and McFarlane Streets in the north end of the city, and their loathsome business thrived so well under the aegis of the law as locally applied, that within a year and a half there had grown up a colony of fifty houses with over two hundred inmates. As a result of the exposure of the iniquity of this colony in connection with the investigation by Mr. Justice Robson, which is reported upon separately, the Board of Police Commissioners has ceased to give official sanction to this business and the law is being somewhat better enforced. But the majority of these fifty houses are still occupied, and while their business may be greatly diminished in extent, it is still the criminal business of vice.

SASKATCHEWAN. Nowhere in Saskatchewan is criminal vice tolerated. Wherever it makes its presence manifest, the law is rigidly enforced, and where the local authorities are persistently negligent of their duty, the Attorney-General intervenes with all the prestige of the Crown and insists upon the law being respected and offenders punished or driven beyond the bounds of the province.

ALBERTA. The new Attorney-General of Alberta is bringing pressure to bear upon the local authorities in cities so as to secure the uniform and strict enforcement of the law. As a consequence, houses of ill fame in many towns of the province have been suppressed. Outside of the organized municipalities those in this business cannot locate, or at any rate cannot remain for long, without the attention of the North West Mounted Police being called to their presence and taking the necessary action for their suppression. The present prospect is that in the near future Alberta will be as clear of known and tolerated vice as the sister province of Saskatchewan.

BRITISH COLUMBIA. British Columbia, largely because so many of its communities are of the mining, railroading, lumbering variety, and for other reasons, has had more criminal vice in proportion to its population than any other province in the Dominion. The policy of segregation and toleration is followed in many of the cities. In some cases the segregated colony is, however, required to locate beyond the city limits. This is true, for example, in the cities of Fernie and Cranbrook. In Hosmer, Nelson, Rossland, Greenwood, Phoenix, Revelstoke, Vancouver, New Westminster, Prince Rupert, and doubtless several others, the colony is located within the city limits. It is only within the recent past that this was not true of Fernie and Cranbrook. Grand Forks several years ago suppressed a similar

colony. Victoria in October of last year suppressed its houses of vice, ninety-two women being put out of business at one time, two-thirds of these leaving the city and most of them leaving the country under deportation or by choice, and to the credit of Victoria it is to be said that at the last municipal election this moral question was one of the issues in the campaign, and that the Mayor by whose order these houses had been suppressed was re-elected.

The attention of the Attorney-General has been called to the extensive degree in which this criminal business is permitted throughout the province, and he has been asked to see that the local authorities do their duty in the enforcement of the Code. This he has thus far refused to do. Not only so, but when the cities of Fernie and Cranbrook decided to no longer permit this business within the city limits, they asked and obtained the consent of the Attorney-General to the extension of the jurisdiction of the city police so as to include the outside colony. This involved the withdrawing of the provincial police force's authority over the said colony. Hence, the Attorney-General cannot but have known at this time that the intention of the local authorities was thus to segregate and tolerate this crime. Since that time his attention has repeatedly and formally been called to the fact that his order, extending the jurisdiction of the municipal authorities to include these colonies, is being used for this purpose, yet he refuses to take action.

YUKON. So far as your Board has been able to learn, conditions have not changed in the Yukon during the year, and a certain number of houses in Klondike City, across from Dawson, are still being used for purposes of prostitution—a fact that cannot but be well known to the police.

WINNIPEG VICE COMMISSION. From the time that the policy of segregation was resumed in April, 1909, on, conditions as to social vice in the city of Winnipeg grew worse. The local Moral and Social Reform forces taking counsel from time to time with Dr. Shearer, the Secretary of this Board, made careful investigation, especially during last autumn. Repeatedly they interviewed the local authorities without avail. Within a year the colony had doubled in size. The inmates had become increasingly brazen; obscenity and disorder increasingly open. Finally, when patience had ceased to be a virtue, it was decided that nothing would move the authorities, but turning on the light of publicity. Hence, at a public meeting in Winnipeg on the 8th of November, Dr. Shearer, on his way back from his tour of Western Canadian and American cities in which he had made a special study of vice conditions, made a full and frank statement in which he charged:—

- (1) That the authorities had permitted or authorized prostitution to be segregated.
- (2) That this colony of criminal vice had grown in less than two years, until it contained fifty houses of shame with about 250 inmates.
- (3) That the police made no serious attempt to enforce the law against this criminal business of vice.
- (4) That, instead of enforcing the criminal code, they had substituted certain regulations of their own, arrogating to themselves the powers belonging exclusively to Parliament.
- (5) That every one of these vice dens was also an illicit liquor dive, doing business freely all days of the week and all hours of day and night.
- (6) That the authorities made no more serious attempt to enforce the liquor law than the criminal code, and that these women were prosecuted for engaging in this illicit trade in liquor about four times a year and uniformly fined the minimum amount allowed by law, \$100 and costs, which thus amounted to a price paid for permission to carry on for the year these dens and dives.
- (7) That the whole business was "strongly suggestive of graft."

These charges he repeated on his return to the office in Toronto in an interview with representatives of *The Globe*, *The Mail and Empire*, and other newspapers. The Winnipeg

papers had chosen to say little about the charges made in that city. The Toronto papers published the interview with fair fullness. The officials of Winnipeg responsible for this condition of things, and their sympathizers, believing that the charges made were exaggerated if not untrue, appealed to the Provincial Government to appoint a Commission to investigate, and challenged Dr. Shearer to appear and prove his charges. He was at that time under the orders of the Board seeking much needed rest in Clifton Springs, and had only been there for a few days when the challenge came. The Winnipeg Moral and Social Reform Council and Citizens' Committee undertook the marshalling of the evidence in support of the charges pending Dr. Shearer's arrival.

The evidence of the Mayor, Police Magistrate, Commissioners, and Chief of Police, more than justified all the charges that he made. When he was put on oath before the Judge, he was given the liberty of presenting his statement in the form of an address to the Judge. He repeated the statements he had made on the platform and in the press, and solemnly charged the Mayor, the Chief of Police, the Police Magistrate, and the other members of the Board of Police Commissioners with having violated their oath of office and exposed themselves to prosecution for conspiracy to do an illegal thing; declared that the real blackeners of the good name of Winnipeg were its own officers; emphasized the cruel injustice to the foreigners and other comparatively poor people who were compelled to live and bring up their families in the immediate vicinity, and in full view of a colony of criminals carrying on a business as loathsome as it is subversive of good morals.

The report of Mr. Justice Robson has been published far and wide, and need not be summarized here—enough to say that it is a scathing condemnation of the conditions the officials of Winnipeg had permitted to develop in that good city, and more than justifies the charges made by the Secretary of this Board.

In this connection it may be pointed out that Mr. Justice Robson in his findings takes substantially the same position regarding the enforcement of the law and in opposition to segregation or toleration of vice as that taken by the late Sir Henri Taschereau in his similar investigation in the city of Montreal, as the famous Committee of Fifteen in their report on conditions in New York, and as the still more recent Chicago Vice Commission in its report on conditions in that city. All agree that segregation does not segregate; that it aggravates instead of lessening the evil; that it leads to corruption and exploitation, and that the object constantly kept in view and aimed at by those responsible for the enforcement of the law must be the annihilation of vice; that they must persistently work for its complete suppression; that no other course is open to them, and that only in following this course will they succeed in keeping the evil down to the minimum.

(2) **REDEMPITIVE EFFORT.** The authorities responsible for the enforcement of law cannot be expected to consider themselves responsible for the redemption of violators of the law. It is, however, fair to expect that in imposing penalties and in care of prisoners before and after trial this end should be carefully kept in view by the various officials concerned. On economic grounds, as well as upon moral and religious, it is worth while to endeavour to reclaim the vicious and the criminal to a life of decency, respectability and purity. For this purpose certain things are manifestly necessary:—

(a) Penalties should take the form of imprisonment instead of fines. The imposition of money penalties only results in the more vigorous prosecution of the business of crime in order that the criminals may recoup themselves for the money that they have been compelled to surrender.

(b) Sentences should be for long periods so that there may be time for the degraded criminals of this variety to get healing of body as well as to be brought under moral and religious influences.

(c) It is essential that first offenders and those young in this variety of crime should be kept by themselves and not herded with hardened criminals and thus find their imprisonment a school of vice and obscenity and crime of every variety.

(d) To this end in every province there ought to be a farm-prison to which offenders

can be sentenced where they can have opportunity of living in the open air and labouring for their own support while they are being treated for their physical, mental, moral and spiritual ills.

Many members of the Assembly will remember that the Assembly of last year authorized the Board in co-operation with the Women's Home Mission Society, to undertake Rescue and Preventive work, to appoint workers and to direct them in their work.

The W.H.M.S. through its Executive and Board indicated its readiness to co-operate with the Board as intended by the Assembly, but rightly felt that it must get the sanction of the Home Mission Committee, to which it is auxiliary, before entering upon such co-operation. The Home Mission Committee, after due consideration, feared that complications might result from the W.H.M.S. co-operating with another Committee of the Assembly, and that the work for which they had been organized, namely distinctively Home mission work, might suffer in consequence, and therefore advised against the proposed co-operation.

Your Board decided to proceed with the work without the co-operation of the W.H.M.S., and has secured the co-operation of the women of the Church through the formation of local committees of women in the cities, and the appointment of correspondents or agents in rural congregations. These share in the work of the distribution of literature, the arranging of meetings of women to be addressed by speakers representing the Board, and assist in taking care of girls that become wards of the Board.

Already these local Committees, called Women's Moral Reform Councils, have been organized in Montreal, Ottawa, Toronto, Hamilton, London, Winnipeg, Calgary, and other cities.

The Council in Toronto being the oldest, has already furnished a house where the workers reside, and where girls from prison, or court, or street are taken care of. The interest taken in this work has been most gratifying to the Board, indicating that it was not begun too soon. Already the way has been made easier for many girls that have gone wrong or were walking in perilous places. Two workers have been appointed, namely, Miss M. C. Ratté and Mrs. Bertha Putnam, and are at work under the guidance of the Board. Others will be appointed as the work extends, and the need arises, and suitable workers can be found. It is contemplated that these should secure Deaconess standing through the Assembly's Board of Deaconesses. The Board has been convinced by its experience that more can be accomplished by employing women of the Deaconess type rather than the kind of worker that was in contemplation a year ago. The expense is much less; the work accomplished much greater. A considerable part of the increased estimates for the work of the Board for the current year is for this extremely interesting and needy work.

(3) **PREVENTIVE EFFORT.** But the Board recognizes that prevention is vastly more important than the punishment of offenders or the redemption of their victims.

Prevention is sought along educational lines by the distribution of literature, by the giving of public addresses, the preaching of sermons, the uttering of pulpit warnings, the giving of private advice, the effort to keep trace of young women that move from the country to the city or from one city to another. The Board contemplates a thorough system of keeping trace of individuals throughout the Church. The women who do the redemptive work also share largely in the preventive work. Their addresses receive the greater attention because given in connection with the narration of the story of their redemptive efforts.

The Secretaries and other members of the Board have from time to time been addressing meetings of men and boys, and encouraging pastors and Christian physicians to do the same, with the view of preventing their falling into vice, and the Board is convinced that much more of this work needs to be done—indeed that it is quite as necessary as similar work in the interests of girls and women. It is not unlikely that it may find it necessary to employ men more or less permanently to assist in this work, and in the wise and delicate discussion of the purposes, problems and perils of sex.

(4) **MARRIAGE LAWS.** The Board has been giving attention to the marriage laws of Canada, Dominion and Provincial, during the year. It has not completed its study of these. The matter is now in the hands of Professor Pidgeon, Joint Convener.

The intention of the Board in beginning this study was to ascertain the weaknesses in any of the provincial laws, and if possible have these removed, and on discovering desirable features in the marriage laws of any one province, to secure their enactment by the other provinces.

The promulgation of the famous "Ne temere" Papal edict, with its widely discussed serious results, notably in the province of Quebec, has greatly added to the importance of the Church dealing with this question with all seriousness, vigour and wisdom.

(5) **AMENDMENTS TO THE CRIMINAL CODE.** For some years, as the Assembly knows, the Board has been earnestly seeking, in co-operation with other interested bodies, to secure important amendments to the criminal code in the interests of purity and for the suppression of vice. It is glad to be able to say that there is a fair prospect at present that on the initiative of the Government, a number of important amendments will be enacted before the present session of Parliament concludes. It is better, however, to await their publication in Parliament before venturing to announce what these may be.

6. IMMORAL AND OBSCENE BOOKS, PICTURES AND OTHER PRINTS.

Perhaps no single influence promoting personal and social impurity is greater than that of immoral books and literature, constituting as it does mental and moral poison, which works in secret, debasing the mind, corrupting the heart and the imagination, and degrading the will. Its influence is greatest upon those of tender years, especially during the period of adolescence. These circulate perhaps more generally among boys and young men, but girls and women are by no means free from their terrible influence.

From the institution of this department of the Church's life, the Board has given special attention to this subject, and it has been instrumental in accomplishing enough along this one line to more than justify all the time and energy and money that has been expended upon the entire work of the department during the four years of its existence.

The Board is in a position to say that it knows of no less than 1,000,000 prints of this variety that it has been largely instrumental in putting out of circulation, in addition to large consignments of plates from which many millions of additional prints would very soon have been produced. Several criminals engaged in this lucrative trade have been put behind prison bars; and it is probably quite impossible to estimate the enormous quantity of this mental and moral poison that has been prevented from circulating through the aggressive campaign waged against it, in addition to what has been actually suppressed.

More progress has been made during the past year than during any that preceded. Two very important cases have recently been adjudicated upon by the Police Magistrates of Toronto:—

(a) The first was a case against two booksellers for the sale and circulation of Burton's unabridged "Arabian Nights," Balzac's "Droll Stories," and certain volumes of a particular edition of Guy de Maupassant's Works. Some of these sets were sold as high as \$170.00. An enormous quantity of these books was destroyed under order of the magistrate, Colonel Denison, by the police. They are now on the list of proscribed books in the Department of Customs, which prevents for all time to come their entry into Canada from any source.

(b) The second case was against one of the same booksellers, and another, for the sale and distribution of works by Hubert Wales, Elinor Glyn, and other writers of popular stories. Some of these works have had a very extensive circulation already in Canada, and no doubt have done much to loosen marriage ties and to encourage laxity of morals alike among the married and the unmarried, and perhaps to as great an extent among women as among men.

This case was tried before Mr. R. E. Kingsford, K.C., who went into the case very thoroughly, personally reading the books through, reserving judgment to give sufficient time for deliberation, and giving his valuable judgment in writing. The main paragraph of this judgment announces the test of obscenity as under the criminal code. It is as follows:—

"The test of obscenity is whether the tendency of the matter charged is to deprave and corrupt those whose minds are open to such influences and into whose hands a publication of this sort may fall."

It may be added that this is the test of obscenity accepted by the British and American as well as Canadian courts.

The books condemned in this case will also be put upon the proscribed list in the Department of Customs.

It is important to observe that any book or periodical at any time, on this list, found in the hands of any bookseller, anywhere in the Dominion, can and will be confiscated by the Collector of Customs, if his attention is called to the fact that it is offered for sale; and this is true whether it had entered the Dominion before the book was so listed or subsequently.

The Secretaries not only follow this statesmanlike policy of working with and through the Department of Customs. They keep in touch with Mr. Anthony Comstock, Chief Post Office Inspector for the United States, famous as the founder and Secretary of the New York Society for the Suppression of Vice; Mr. J. Frank Chase, of Boston, Secretary of the Watch and Ward Society of New England; and Mr. Wm. Alex. Coote, of London, England, the originator of the International Treaty for the Suppression of the White Slave Trade, and the Secretary of the National Vigilance Association and the Anti-Opium Society of Britain. And our Secretaries keep them informed of progress made in Canada. Thus, any book or print put under judicial ban in any of these countries, in due course, comes under the ban in each of the other countries.

7. SUPPRESSION OF THE USE OF OPIUM AND OTHER HABIT-FORMING DRUGS.

NEW DOMINION LAW. The rescue work in which the Church is engaged has incidentally resulted in the Board learning much of the extent of the traffic in habit-forming drugs and in the physical, mental, moral and spiritual ruin resulting from the use of these drugs. Similar information has reached the Hon. W. L. Mackenzie King, LL.D., Minister of Labour. It will be remembered that it was on his initiative that the Act was passed a few years ago prohibiting the importation, manufacture and sale, except for medicinal purposes, of opium.

Dr. King is a member of the Board, and the Assembly and the Church at large will learn with additional interest on this account that again on his initiative important legislation has been passed by Parliament during the present session entitled, "The Opium and Drug Act." It applies not only to opium and its derivatives, but to cocaine and other habit-forming drugs. It is probably the best legislation dealing with this serious national peril on the statute books of any country.

In interfering with personal liberty this act goes farther than any legislation of either Dominion or Province on the statute books in Canada.

The principal provisions are summarized as follows:—

(1) The importation, manufacture, sale, offering for sale, having in possession, taking or carrying, or causing to be taken or carried, habit-forming drugs for other than scientific or medicinal purposes is prohibited.

Penalty, \$500.00 and costs, or one year, or both.

(2) Smoking opium, or having smokable opium in possession, is made an offence.

Penalty of \$50.00 and costs, or three months, or both.

(3) Being found in any house, room or place to which persons resort for the purpose of smoking or inhaling opium is an offence.

Penalty \$100.00 and costs, or one month, or both.

(4) Dealing in any such drug, or giving, or selling, or furnishing it to anyone other than those who because of their profession are entitled to its use for scientific or medicinal purposes; and the neglecting to preserve a proper record of all legitimate sales; or a druggist selling except upon a physician's written prescription; or selling more than once on such prescription, or refusing to allow such record to be examined by any police officer, is an offence.

Penalty, \$200.00 and costs, or three months, or both.

The giving by physicians of a prescription except for purely medicinal purposes is an offence. The penalty same as in case of druggists.

(5) The exporting of such drugs to any country which prohibits the entry of the same is an offence.

Penalty, \$500.00 and costs, or six months, or both.

(6) Suspected premises may be searched on warrant by day or night. Drugs and receptacles seized are to be confiscated and destroyed.

(7) The onus of proving that the importation, manufacture, sale, etc., of any such drug was for medicinal or scientific purposes is laid upon the person charged with an offence.

(8) No conviction, judgment or order under this act can be removed by certiorari into any higher court.

(9) The Governor-in-Council is authorized to make additional orders and regulations if necessary and to add to the list of drugs in the schedule under the Act.

The drugs already scheduled are opium, morphine and cocaine.

QUEBEC LEGISLATURE ON THE SAME SUBJECT. The Legislature of Quebec has also passed, at the last session, a very stringent statute regulating the traffic in these drugs and their derivatives. It, of course, does not cover the ground that only criminal law can cover, but in the regulation of sale in some respects it goes even farther than the new Dominion Statute. It was introduced by Sir Lomer Gouin, Premier.

The following paragraph from the speech of the Minister of Labour in moving the second reading of the Opium Drug Act in the House of Commons is worthy of record in this report. The paragraph is given as reported in the *Toronto Globe*.

"In moving the second reading the Minister emphasized the fact that in this legislation Canada was not merely helping herself, but was also taking part in a worldwide movement. The Minister stated that what we are striving for in legislation of this kind is the conservation of human life and of human well-being. A great deal has been said about the conservation of our natural resources. But natural resources were given to man for the use of man, and not for the destruction of human life. The first of our natural resources are the health and welfare of our people, and it is to keep these intact and to help to build up in Canada a strong, and a healthy, and a moral people that the Government bring forward this legislation, and believes that it will pass the House without any opposition."

It is equally noteworthy that this Act passed all its stages in the House of Commons with absolute unanimity, not a single voice being raised, or vote recorded against its passage. Such a thing has seldom occurred in the history of legislation in Canada.

The Board sent, through the Secretary of State, to the Imperial Government, a petition earnestly calling upon the Government to accede to the desires of the Chinese Government, Parliament and people, to have the British-Chinese Opium Treaty annulled, so that China might get deliverance from the enormous traffic in this demoralizing and destructive drug forced upon her from India.

A world's Congress on the Suppression of Opium and similar drugs was called to meet at The Hague in July, but it has recently been postponed for a year at the instance of the British Government. Meantime the Imperial Government has made a new treaty with China, which indicates that it has not been willing to accede to the desire of China for immediate relief from the Indian trade in opium, but has renewed the agreement to reduce the quantity imported from India in terms of the treaty by one-sixth each year until the traffic is entirely abolished. This, however, is conditioned on China reducing the cultivation in China of the poppy by a similar proportion year by year. In terms of this treaty also, China is given permission to treble the amount of duty imposed upon Indian opium.

It is earnestly to be hoped that the purpose of this seeming concession on the part of the Imperial Government was not to induce China to go more slowly in the suppression of the terrible curse of this drug whether imported or home produced.

8. INDUSTRIAL CONDITIONS.

The Board has continued to give special attention to the study of industrial and social conditions among all classes in life.

The Secretary has for four successive years addressed the Trades and Labour Congress of Canada as representing the Church, in addition to many other gatherings of labour men.

A series of questions was set down to be answered by Sessions. They are as follows:

"Has the pulpit sought to relate the Gospel message to the industrial problems of the day?"

"In the relations of employer and employee is there that mutual regard for one another's interests that the spirit of Christianity requires?"

"Is wealth being made and used according to Jesus' teaching?"

"Are labor organizations controlled by Christian ideals?"

"Are you doing anything special to meet local needs? If so what and with what results?"

The Board regrets to say that excepting in some large cities and certain industrial centres Sessions have not answered these questions with as much care and intelligence as might fairly be expected. Not a few Sessions seem to be under the impression that there are no industrial problems in their community; that there can be no industrial problems in rural neighbourhoods. They appear to have given little or no thought as to whether wealth is being "made or used according to the teaching of Jesus."

On the other hand, in larger cities and in industrial centres, not a few Sessions indicate that they have given serious attention to this question and that the pulpit does seek to relate the Gospel message to the industrial problems of the day. And that the minister at least endeavours to get in touch alike with employers and employees, organized or unorganized, and to understand their problems and their attitude each to the other.

The Board at its last meeting appointed a standing Committee on Labour, Housing,

Health and Relief, which is carefully studying a wide range of most practical and important questions.

In this connection the Assembly will be glad to know that the Hon. W. L. Mackenzie King, LL.D., Minister of Labour, has introduced a bill entitled the White Phosphorous Matches Bill, prohibiting the use of poisonous material in the manufacture of matches. This was done after careful investigation indicating that many lives have been destroyed and very great suffering entailed upon those engaged in this industry and their families, because of the disease resulting from having to handle these poisonous materials in the course of every day work. This measure will not unlikely have become law before the present session of Parliament closes.

The Board has asked the Minister of Labour to supply it with full information on the subject of occupational diseases in general and legislation aiming to prevent them; also for information regarding laws for the protection of employees in factories, shops, mines, etc., which contain provisions designed to safeguard the health of employees. The Minister of Labour has undertaken to investigate and in due course make full report to Parliament and the public upon this very important question.

Another subject that is at the present time receiving special attention of the Board's Committee on Labour, Housing, Health and Relief, is that of Labour Bureaus or Exchanges. It has come to the Board's notice that foreigners in particular, who cannot speak our language are taken advantage of through some of these agencies, which are run by more or less unscrupulous persons, and made to suffer serious inconvenience and loss, as also in some cases exposure and sickness. The Board's Committee will ascertain to what extent Government Bureaus already exist and how they are working and will report to the next annual meeting of the Board.

At the request of the Board this same Committee prepared a careful statement, indicating what is conceived to be the right attitude of the Church towards various social questions. This statement, after very careful revision by the Executive and subsequently by the Board, is presented, along with the resolutions in the latter portion of this report, for the consideration and adoption of the Assembly. A statement covering similar ground was adopted by the General Assembly of the Presbyterian Church of the United States of America last year, and has been very widely considered and appreciated by thoughtful employers and employees alike, not only in that country but throughout the world.

The statement that is submitted for the consideration of this Assembly is intended to meet the conditions that prevail in Canada.

9. WORK AMONG FOREIGNERS.

Your Board has for two years been in conference with leaders among the foreigners in the West, and in the cities of the East, with a view of rendering such assistance as it may find possible, both in Evangelism and in Moral and Social Reform, to these recently arrived fellow countrymen. It is arranging for the translation into Ruthenian, German, French and Yiddish of much of its literature, which will be supplied for free distribution among the people of these nationalities, with the view of assisting in Canadianizing, as well as evangelizing these newcomers.

10. PATRIOTIC SUNDAY.

Patriotic Sunday will be observed as widely as possible on the 25th of June. Some congregations and Sunday Schools may choose to observe it on the 2nd of July instead. The Board is glad to report that it has reason to believe that Patriotic Sunday was very generally observed last year and that increasingly pastors, Sunday School workers and leaders among the young people, are availing themselves of the opportunity thus afforded of not only presenting to the people of the Church the work and claims of this department of the Church's life, but of endeavouring to raise the standard of good citizenship and to promote genuine Christian patriotism.

The subject chosen for this year is "National Ideals." In this connection, of course, national perils can as readily be discussed. The Secretary has prepared a pamphlet giving such information and suggestions as it is hoped will prove useful to those preparing sermons and addresses for use on this occasion.

The Sabbath School Committee of the Assembly has, as in former years, co-operated with the Board in preparing for the observance of Patriotic Sunday. It is hoped that a generous offering will be given in support of the work entrusted to the Board.

11. POOL ROOMS IN ONTARIO.

During the past two years numerous complaints have reached the Board as to the demoralizing influence and unlawful practises associated with pool rooms, especially in villages and small towns.

In co-operation with the Methodist Department of Temperance and Moral Reform petitions were circulated in many municipalities asking the municipal councils to petition the Legislature to empower them to pass by-laws prohibiting altogether, should they so desire, the operation of such places. The law clerk having advised the Legislature that municipal councils in that province have the power now to refuse to grant a license, the Legislature did not deem it necessary to confer additional power upon municipalities. It would doubtless be more satisfactory if they had the power to pass prohibitory by-laws and it is at least extremely doubtful if they have this power under existing legislation.

12. THE PROBLEM OF THE CITY.

For two years the Board has been making a special study of the problems of the city, not only the down town problem, but the up-town problem as well, not only the problem of the congested centre, but of the suburb. Last year it arranged, at considerable expense and with much labour, for a careful survey of conditions in the cities of Montreal, Toronto, Winnipeg and Vancouver.

The following discussion of the problem of the city, having been prepared for a wider circulation apart from this report, is engrossed here for the information of members of the Assembly:—

There is a problem of the City.

It is *The Problem of the 20th Century*.

In the United States the problem has gone well nigh beyond solution.

In Canada it is just emerging as one of the most urgent of national questions.

If the Church faces the problem now the city can be saved. If the City is saved the country will be saved.

We must recognize that there is a problem.

We must understand the problem.

This can only be made possible by careful investigation.

The Board of Moral and Social Reform and Evangelism has for nearly two years been making a careful preliminary study of conditions in the largest cities of Canada.

The deeper it has gone into the problem the more complex and serious it has found it to be.

Besides being a problem of Evangelism, it is a problem of economics, of ethics, of philanthropy, of politics, of social and moral reform of every variety—temperance, gambling, Sabbath desecration, various forms of vice, of alien races and tongues, of housing, sanitation, education, recreation, etc. Facing the problem of the city means facing all these problems in one.

The solution of the problem involves the transforming of environment and the regenerating of men.

For such a gigantic task there is imperative need of Divine power and grace.

The Gospel of the Kingdom and Grace of God is the only sufficient instrument.

The Church of God is the one agent that can hope to succeed in so great a work.

Inasmuch as the experience of the U. S. A. in the nineteenth century in the increase of its wealth and population, in its tide of European immigration, and in the tremendous growth of its cities in size and population is certain to be the experience of Canada in the 20th century, it is necessary that certain facts regarding the States should be before our minds as we enter upon the study of the Problem of the City in Canada.

THE PROBLEM OF THE CITY IN OTHER COUNTRIES, ESPECIALLY THE U.S.A.

The modern city of disproportionate size, wealth, and abnormal congestion of population, with its consequent menace to the mental power, the moral integrity, the political purity, and even to the free institutions of a democratic state, and with its unparalleled challenge to the Church, is the product of the last half century. It is found in every progressive country. In none is it perhaps quite so noteworthy as in the U.S.A.

New York in the first 175 years of its history, ending 1789, gained 33,000 of population; in the next 50 years, 280,000; in the next 30 years 630,000; in the next 20 years, 859,000; in the last 20 years probably 4,000,000.

Chicago has over 2,000,000 of people. Yet in 1907 there died at 85 years of age the first white child born in that city at a time when there were only five houses besides Fort Dearborn!

But this is not confined to American cities.

London, though 2,000 years old, added four-fifths of its population in the last 100 years. So did Paris; so did St. Petersburg. Tokio added 800,000 in the twenty years ending 1900.

In 1800 in the U.S.A. there were only 6 cities of over 8,000.

In 1880 in the U.S.A. there were 286 cities of over 8,000.

In 1900 in the U.S.A. there were 545 cities of over 8,000.

In 1800 only 4% of the people of that country lived in cities. In 1900, 33%.

It seems certain that in the near future the majority of its population will be urban. It is so now in fifteen of the States, and in eight of these over two-thirds are in cities.

This abnormal growth of the city is due principally to three causes, namely:—

(1) The application of machinery to agriculture has made it possible for a smaller number to produce a greater total product setting the remainder free to go into the cities to find employment. Between 1870 and 1890, over 4,000,000 men, besides their families, were transferred from rural to urban life in the United States.

(2) The substitution of mechanical power for muscular, and the application of this and other inventions to manufacture. This has greatly cheapened the cost and increased the possibilities of production, has opened up a market of the widest extent among the masses and the numbers engaged in manufacturing have enormously increased.

Why is this the case when the same thing decreased the number engaged in agriculture? Because there is a limit to the food people can consume, whereas by comparison there is almost no limit to the things they can use.

(3) The advent of the railway as the universal means of transportation making it easy for people to move to the city and from one city to another, and to feed them and supply all their wants anywhere.

These causes being permanent, the growth of the city will, without doubt, continue until far beyond the half of the people live in cities.

Moreover it is to be specially noted that not only has the city grown out of all proportion, but its wealth with its consequent power, has increased still more disproportionately. The city also controls the mighty power of the press. Hence, very soon the cities must dominate public opinion, control politics, determine national ideals, and rule the country.

In the U. S. the great cities have been attracting the anxious eyes of the civilized world as conspicuous illustrations of the failure of democracy. Rt. Hon. James Bryce says, "The one most conspicuous failure of American institutions is the government of their great cities."

And the reason is not far to seek nor hard to ascertain.

The industrial revolution has put into the hands of the few in the cities enormous wealth which is too often displayed ostentatiously, held with miserly selfishness, or spent with prodigality upon luxury.

The inflowing tide of European immigration with its inexhaustible supply of cheap labour, including that of women and children, has resulted in unparalleled congestion near the seat of industry, and extreme poverty with all the features of the slum—bad sanitation, high death rate, illiteracy, vice, crime, lawlessness.

The greater the city the higher the order of intelligence needed for self government. whereas in fact the greater the city the lower the average of intelligence among the masses,

The greater the city the higher the standard of moral integrity required. Whereas too often the greater the city the lower the prevailing moral standards. To too great an extent indeed it is the lawless, selfish, criminal elements that hold the reins of municipal authority, and law breakers who control those whose official duty it is to enact or enforce the laws making for order and safety and morality.

What is the explanation of this most regrettable condition of things?

There are two great sources of good morals, the home and the church.

The home where clean, wholesome family life is possible has almost disappeared. The rich have forsaken it of choice; the poor of necessity. Family life is impossible in the overcrowded tenements in which the masses of the people are herded.

The Protestant Church is deserting the congested sections. It is losing its life by seeking to save it. It is slowly but surely moving away from the masses of the people and forsaking them to Romanism, Judaism or paganism.

In 1840 in Boston there was 1 Protestant church for 1,228 souls.

In 1900 in Boston there was 1 Protestant church for 2,234 souls.

In 1840 in New York there was 1 Protestant church for 1,992 souls.

In 1900 in New York there was 1 Protestant church for 4,734 souls.

In New York below 14th Street 87 Protestant churches and Missions have moved out while some 250,000 more people have moved in.

In the same period saloons, gambling dens, dance halls, and brothels have multiplied.

There is only one possible remedy. These tendencies must be arrested. The people must be saved. The environment of the masses must be changed. The Church alone, by means of the Gospel alone can accomplish this great thing. It must be done, or the

mob will rule, which means the anarchy of ignorance, vice and crime, and therefore the doom of destruction and death.

OUR CANADIAN CITIES.

American experience in the nineteenth century is a sure prophecy of Canadian experience in the twentieth unless we learn wisdom from our neighbours' folly. There is this difference, however, our development will probably be much more rapid than theirs. Already Canadian cities are growing as never cities grew before. There is the same abnormal increase in wealth as compared with knowledge and moral integrity; the same overwhelming tide of European immigration; the same tendency to produce slum conditions.

But our guilt, should we not arrest this tendency and save our cities, will not be the same as theirs; it will be tenfold greater. Because it is our privilege to be last in the procession of nations and because the whole heritage of history is ours and because we ought, in consequence, to be wiser, stronger and better than any nation that has been, if we fail to measure up to our opportunity and responsibility, if we fail to solve the problem of the city we shall merit the condemnation of God, and the curse of the children of coming Canadian days and of the other nations yet to be.

In 1900 33% of the population of the U.S.A. lived in cities of 8,000 and over.

□ In 1901, 40.40% of Canadians lived in cities above 8,000, as compared with 31.59% in 1891. The census of 1911 may show a higher percentage still. We are already, therefore, within the danger zone. The cities seem likely in the near future to dominate the country, and their rule will be ruinous if it is not righteous.

Montreal in 1800 had 7,000 population.
 " 1850 had 60,000 population.
 " 1907 had 400,000 population.
 " 1911 has, perhaps, 500,000 population.

Toronto in 1834 had 9,000 population.
 " 1850 had 25,000 population.
 " 1907 had 250,000 population.
 " 1911 has, perhaps, 400,000 population.

Winnipeg in 1871 had 240 population.
 " 1891 had 25,000 population.
 " 1901 had 42,000 population.
 " 1911 has, perhaps, 175,000 population

Vancouver in 1881 was virgin forest.
 " 1891 had 13,000 population.
 " 1901 had 26,000 population.
 " 1911 has, perhaps, 150,000 population, with its suburbs.

Each of these four cities may, in ten years, require seven figures to number its population, and a large number of other Canadian cities will require six figures.

These multitudes will be of every nation under the sun.

In each of these cities now there are not less than a score of nationalities.

Montreal has 70,000 foreigners, i.e., besides French and English.

Toronto has, perhaps 45,000 non-Anglo-Saxons.

Winnipeg has about 50,000.

Vancouver has at least 12,000 Orientals besides other foreigners.

What will be the character of these millions of Canadian city dwellers of the near future.

Will they be pagan or Christian?

Who will rule these great cities? Grogsellers, gamblers and grafters and their demoralized and enslaved victims? Or a free, enlightened highly moral Christian electorate? Will it be money or men, privilege or popular rights? Will womanhood and childhood and even manhood be protected against exploitation and debauchery and bondage? Will the people be guaranteed sanitary homes, a plentiful supply of light and air, abundant opportunity of safe recreation and clean amusement, and protection against grinding poverty? Will there be slums? Will they honour the name of Christ? Will they love the Church that bears His name? Will these cities resemble the New Jerusalem or be typical of hell?

All will depend upon the Church of Christ and whether she "buys up her opportunity" now, and in the spirit of Christ, with heavenly vision and dominated by love unto sacrifice, sets herself to serve and save the people. If she does, these cities will be indeed New Jerusalems, and Canada become a part of the Kingdom of God. But if things go for ten years more as they have gone for the past ten years, they will become either pagan or papal or worse.

What, then, is to be done?

1. The Church must take up the Challenge of the City and face the problems it presents. Obedience to her Lord requires that she shall. The national welfare is at stake. The whole country is involved. Only by so doing can she save herself from defeat and permanent hurt.

2. The problem must be recognized as the work of the whole Church. Its solution must not be left to the individual congregations situated in congested centres or in centres where great numbers of foreigners are congregated, or where poverty, ignorance and vice prevail. The problem is too difficult. Their resources are inadequate. These congregations require the help and support of the whole Church as much as any mission field at home or abroad.

3. The problem will not be solved by planting "Missions" among the poor or the foreigners or in the congested districts. They must be "Churches" fully equipped and adapted to local conditions. This will entail in many instances provision for constructive philanthropy, education, social life in a Church home, clean, elevating recreation, medical dispensary, nursing-at-home, creche, moulding public sentiment for better sanitation, comfortable housing within reach of the poor, teaching Christian citizenship, guarding the franchise against corruption and fraud, suppressing drunkenness and vice, promoting personal and social purity, and much more. This must be done in combination with sane but aggressive Evangelism, often through specialized workers, and with use of special methods, going out into the streets and lanes and compelling all classes and conditions of men to come in.

4. This great work must, of course, be done in each city under the authority of the Presbytery, and can be financed for the most part by local capital.

But as overtures from such Presbyteries as Montreal, Winnipeg, and Vancouver, and the Synod of B.C., to come before the Assembly indicate, these courts need and desire the guidance and help which can be rendered by such a Board as that on Moral and Social Reform and Evangelism, in studying their local problems, devising the best and most approved methods for the solution of these problems, and the organization of the local resources of men and money for this purpose.

It is not merely our down town churches that need reinforcement in men and money and equipment. The uptown churches need the blessing that will come to them in thus being given something to do that is worth while and at their door and well within their powers. Their own life will be enriched as by nothing else when they share in this greatest work the Church in Canada has undertaken. Many of them get no opportunity of ministering to others in their Church life. They are ministered unto in church. They live in comfort and luxury. Their leisure is almost wholly spent in selfish pursuits for want of

anything better to do. It will be found that they are ready to be led into the life of humble Christlike service. And they will find in it a joy they have not known and losing their life for Christ's sake they will find it unto life eternal."

In the second part of this report, in connection with the resolutions, a recommendation is submitted for the consideration and the approval of the Assembly, along with overtures or recommendations from other sources bearing on the same subject.

13. RECREATION AND AMUSEMENTS.

The Board gave attention at its annual meeting to the subject of recreation and amusements and expressed the conviction that the Church must recognize itself as related to the social and recreative life of the people and must endeavour, not only to suppress the evil but to promote the good in recreation and amusements, and has a Committee at work on the subject under instructions to investigate and report to the next annual meeting of the Board a constructive and positive policy to be recommended to the Church.

That Committee has already done considerable work and as a result of its investigation is of opinion in regard to moving picture shows:—

- (1) That they are by no means wholly bad and might be made an influence for good if controlled by Christian men and operated not merely for profit.
- (2) That the vaudeville exhibitions given in connection with moving picture shows are almost always coarse and vulgar and, all things considered, ought not to be permitted.
- (3) That the slot machine entertainment, whether appealing to eye or ear, is usually bad and always dangerous and ought to be suppressed.
- (4) That children ought not to be permitted to take part in vaudeville or other public entertainments.
- (5) That children ought not to be allowed to attend such shows unaccompanied by either parents or guardians.

Both Ontario and Quebec legislatures have taken important action during the present year.

The new Ontario law provides for the appointment of a Board of Censors for the province, whose imprimatur must be stamped upon every film exhibited and in such a way that it will be shown upon the screen. Every moving picture place must have a provincial license. This law also prohibits the attendance of children under fifteen years of age unless accompanied by adults. Regulations formerly in force are continued, prohibiting all exhibitions on Sunday, forbidding the exhibition of prize fights or anything immoral or indecent or tending to corrupt morals, or any picture depicting crime.

The Quebec law does not cover quite so much ground, but among other things prohibits the attendance of children under fifteen years of age, unless accompanied by adults.

Your Board understands that some other provinces have taken somewhat similar action, but is not in a position at this date to report particulars.

14. ADDITIONAL MATTERS THAT HAVE RECEIVED ATTENTION.

(1) The new Canadian Naval Service has instituted a canteen for the sale of beer, ale, etc., on the dock yards in Halifax. Your Board has respectfully protested against this action and is pressing for the closing of this canteen. There would seem to be no reason why the Mail Service should require a canteen for the sale of intoxicants any more than the Militia Department, which absolutely prohibits the sale of intoxicating liquors in connection with its training camps.

(2) Complaints have been made that the Intercolonial Railway of Canada carries large quantities of intoxicating liquors into prohibition territory. These liquors, as a rule

are labelled so as to deceive and they are sent not merely to licensed vendors, but to parties who are engaged in illicit traffic. Your Board has had correspondence lasting for some months with the Honourable the Minister of Railways, and has asked for legislation or regulation that will make the continuance of this illicit traffic through the instrumentality of the Government railways impossible. The Minister of Railways has expressed his sympathy with the object in view and your Board is hopeful that he will devise practical means of reaching the end sought.

(3) Those engaged in this illicit traffic in liquor use also the bonded warehouses controlled by the Department of Customs, and your Board is in correspondence with the Department, also, with the view of having it do whatever might be legitimately expected of it to discourage, or make impossible, the use of these warehouses for prohibited business.

(4) One of the important ends the Board has served is in being a bureau of information as to the law governing all matters of morals. Inquiries for such information are so frequent that the Board has directed the Secretaries to prepare leaflets summarizing the law—for example regarding gambling, regarding social vice, regarding habit-forming drugs. Such leaflets will be prepared and ready for circulation at the earliest possible date.

PLANS FOR THE FUTURE AND RESOLUTIONS.

The Board's plans for the future are to some extent outlined in the main body of the report, but this has been done only where the plans concerned have been authorized by the Assembly or are essential to work already established. In addition to these the following resolutions are respectfully submitted for the consideration and adoption of the Assembly:

1. That hereafter the name of the Board be, "The Board of Social Service and Evangelism."

Reasons for the change:—

- (1) The present title is inconveniently long.
- (2) The proposed title is positive, not negative.
- (3) The present title awakens prejudice in certain directions.
2. That the Assembly recognize the problem of the city as one calling for the attention of the whole Church, and refer it to a Committee, consisting of the members of the Board of Moral and Social Reform and Evangelism, and the Home and Foreign Mission Committees, who are in the Assembly and twenty others to be named by the Moderator to consider the auspices under which the work of solving the problem can most advantageously be undertaken and to report at a later sederunt.
3. That in view of the development of the work in general and the special needs of the West the Assembly authorize the Board to engage at discretion an additional Secretary to assist in the work.
4. That the Board have authority should it deem wise to employ and direct Synodical or Presbyterial evangelists, where desired by the Synods or Presbyteries concerned, provided that in so doing expense is not entailed beyond what is provided for in the estimates.
5. That the Assembly record its gratification because of the manifest evidence of the awakening of the social conscience and the consequent growing interest our people are taking in all moral and social reforms and its deep sense of gratitude to God for the progress made in promoting Sabbath observance and temperance, in curbing the evils of gambling and social vice and in the righting of the wrongs of social and industrial life.
6. That the Assembly record its gratitude to God for all that has been accomplished along the line of evangelism, namely, in the deepening of spiritual life, the ingathering of many outside the kingdom, and leading not a few to give themselves to active Christian service, and enrolling a number of young men as recruits for the ministry.

7. That the Assembly have learned with much gratification of the good already accomplished in reclaiming wayward or unfortunate girls, pray that God's blessing may rest upon the Board in directing, and the workers in labouring to lift up the fallen, and especially in seeking to prevent the young of both sexes from falling into vice.

8. In view of the moral dangers to which unchaperoned young women are exposed on immigrant ships and trains; and in view of the fact that the appointment of immigrant inspectors, both male and female, on ships sailing to American ports, has driven those engaged in the white slave trade to ships sailing to Canadian ports, thus increasing the dangers to immigrants coming to Canada;

Therefore resolved that the General Assembly appeal to the Government of Canada to appoint similar inspectors upon all ships sailing to Canadian ports.

And also that the Board be instructed to interview the Government in support of this request.

9. The Assembly regrets that amendments to the criminal code, aiming at the more effectual suppression of social vice and immoral literature, and the reclaiming of criminals, previously asked for, have not yet been enacted.

And earnestly appeals to the Dominion Government to take such action as will ensure the enactment of this much-needed legislation before the end of the present session of Parliament;

And that a copy of this resolution be sent to the Prime Minister and the Minister of Justice.

10. That the Assembly approve in general terms as an expression of its judgment upon the questions named, the following

STATEMENT OF THE ATTITUDE OF CHRISTIANITY TO CERTAIN SOCIAL QUESTIONS.

We affirm that Christianity has largely created the present demands for social and economic justice, and for a larger realization of human rights and duties. But for the presence of Christian ideals in the world there would be no such vivid consciousness of the existence of these problems. It is because of the leavening work of the gospel of Jesus Christ that men discern the moral issues involved in economic relations. Our social problems, then, exist by reason of the operation of the fundamental principles of Christianity, and the Christian Church is therefore under an unmistakeable obligation to contribute to their solution. The hope of the world now, as in the preceding nineteen centuries, is that, under the guidance of the Holy Spirit, the Church may discern the truth, and the truth may have free course.

We believe that Jesus Christ is the final authority over all human life, in its social as well as its individual aspects. We believe that righteousness can be realized in the complex conditions of modern life only through the application to all human affairs of the principles of the Kingdom of God, as taught by Jesus Christ.

We believe that it is the duty of the Church to show how these Christian principles apply to human affairs, and to fit her teaching definitely and frankly to the social conditions of the present day. We hold that the Presbyterian Church in Canada ought to declare:

(1) For the acknowledgment of the obligations of wealth.

The Church declares that the getting of wealth should be in obedience to Christian ideals, and that all wealth must be held or administered as a trust from God for the good of humanity. The Church emphasizes the danger, even imminent to the individual and to society as well, of setting material welfare above righteous life. The Church protests against undue desire for wealth, untempered pursuit of gain, and the immoderate exaltation of riches.

(2) For the application of Christian principles to the operations of industrial associations, whether labour or capital.

(3) For a more equitable distribution of wealth.

We hold that the distribution of the products of industry ought to be made such that it can be approved by the Christian conscience.

(4) For the abolition of poverty.

We realize that some poverty is due to vice, indolence or imprudence; but on the other hand, we hold that much is due to preventable disease, uncompensated accidents, lack of proper education, unemployment, insufficient wages, and other conditions for which society is responsible and which society ought to seek to remove. We believe in the maintenance of a standard of living, that every person shall have sufficient air, light, food, shelter, comforts and recreation to make the conditions of his life wholesome. We believe that whenever possible, he should be led to earn these for himself and those dependent on him, but that, when through old age, accident, sickness, or any other incapacity, the family or individual is unable to become self-supporting, society should make adequate provision for them.

(5) For the protection of childhood.

We believe in the right of children to birth, health, happiness, and mental and moral education. We believe in the protection of children from exploitation in industry, trade and amusement, and from work that is dwarfing, degrading or morally unwholesome.

(6) For such regulation of the conditions of the industrial occupations of women as shall safeguard the physical and moral health of themselves, the community and future generations.

(7) For adequate protection of working people from dangerous machinery and objectionable conditions of labour, and from occupational disease; for such ordering of the hours and conditions of labour as to make them compatible with healthy, physical, mental and moral life.

(8) For provision by which the burden imposed by injuries and deaths from industrial accidents shall not rest upon the injured person or his family.

(9) For the release of every worker from work one day in seven.

The Church holds that in a Christian society these things should prevail: (a) One day of rest for every six days of work secured to every worker; (b) This one day of rest to be the Lord's Day except in case of those engaged in work which from its nature must be done on the Lord's Day; (c) The pay of each worker for six days' work made sufficient for the needs of seven days of living.

(10) For the employment of the methods of conciliation and arbitration in industrial disputes.

(11) For proper housing.

We believe that all dwellings should be sanitary, that overcrowding and congestion of population should be prevented, and that tenements and apartment blocks should be so constructed as to allow a proper physical basis for Christian family life.

(12) For the application of Christian methods in the care of dependent and defective persons, by the adequate equipment and humane and scientific administration of public institutions concerned therewith.

(13) For the development of a Christian spirit in the attitude of society towards offenders, and that it must endeavour to prevent the commission of crimes by furnishing a wholesome environment, and by such education and corrective measures as will develop moral sense and industrial efficiency in the young.

(14) For opposition to vice.

We believe that the law of the land should vigorously combat the vices of drink gambling, lust and the abuse of narcotics, and that it is the duty of society to discover and remove the causes of vice.

(15) For pure food and drugs.

We believe that foods and medicine should be so inspected as to guarantee their freedom from poison, infection and adulteration.

(16) For wholesome recreation.

We believe that the play of children and the amusements of adults are of great importance to morals, and that they should be brought under social control, so as to free them from the evil effects of unrestrained commercialism, and make them minister to the physical and moral well-being of the people.

(17) For international peace.

We believe that war is contrary to Christian morals, and that international disputes should be settled by conciliation and arbitration. We protest against the patent injustice of submitting questions of right and wrong to trial by force, as well as against the enormous cost, destruction and cruelty entailed. We believe that the Church should support every wise effort to restrain and abolish war. We believe that the great Commandment, "Thou shalt love," is binding upon nations as well as individuals.

We recommend:

(1) That the General Assembly hereby urge the ministers of the Church to recognize and fulfil the obligations resting upon them as ministers of Jesus Christ with respect to the social applications of His Gospel; and to this end it urges them:

(a) To inform themselves carefully regarding the conditions of human life in their own neighbourhoods, particularly as these are affected by the conditions of industry.

(b) To acquaint their congregations with these facts.

(c) To instruct their congregations in the teachings of the Gospel regarding social service.

(d) To co-operate in every effort for the attainment of the ends for which the Church has declared itself.

(2) That the General Assembly hereby request all who have charge of schools and colleges to make ample provision for instruction regarding the Christian ideal of society; and, further, that it direct the governing bodies and faculties of theological colleges to provide that the students in their care be taught the social principles of the Gospel, and trained in methods of applying these principles to the needs of the localities in which they shall be called to minister.

(3) That the General Assembly hereby urge all the members of our Churches to give serious study of social problems, and to avail themselves of their opportunities for social service; to bring the sense of justice and righteousness which is fundamental in Christianity to bear upon matters of everyday life, in business, in society, or wherever their influence may extend, and to create a Christian public sentiment demanding the removal of wrong wherever found.

(4) That copies of this statement be printed and distributed throughout the Church, and that ministers be urged to further the circulation of this statement in any way they may deem feasible.

In addition to the foregoing, the Alumni Association of Knox College nominated Rev. J. M. Duncan, D.D., as their representative on the College Board for three years, and Rev. Donald Tait as their representative on the Senate for three years.

The following resolution was passed by the Presbytery of Victoria:—"Resolved, that the attention of the General Assembly be called to the fact that on the Standing Committees of the Assembly of 1910 the name of no member of this Presbytery appears (except that of Mr. Thornton Fell on the Committee on Church Property), in the hope that in constituting the Committees in future this Presbytery will be given fair representation."

The Augmentation Committee make the following recommendations:—

1. That the General Assembly appoint Rev. Dr. Ramsay in succession to Dr. Lyle as Convener of the Augmentation Committee.
2. That the General Assembly appoint Dr. Lyle an honorary (or associate) member of the Committee.
3. That the Assembly appoint the Convener and Secretary of the Augmentation Committee members ex-officio of the Home Mission Committee.

In accordance with the regulations, Conveners of Standing Committees were asked to report to this Committee as to the attendance of members of their respective Committees. Such information as has been received is available for the new Committee on the Nomination of Standing Committees.

The Committee took counsel as to whether any modifications of the scheme under which it is now working should be recommended to the Assembly, but it was generally agreed that no modifications should be made at present, as the strength and weakness of the new plan will be more clearly disclosed after another year or two of trial.

Attention is called to the name of this committee. According to the regulations adopted in 1909, it is to be known as the Committee on the Nomination of Standing Committees.

All of which is respectfully submitted.

Convener.

REPORT OF COMMITTEE ON STATISTICAL FORMS

To the Venerable the General Assembly:

Your Special Committee, re-appointed last year to further consider an amended form for the Statistical and Financial Report and the combining with it of the Rolls of Presbyteries, desire to report as follows:

Reports have been received from 36 Presbyteries. Of these 3 disapprove; 26 approve, with or without minor alteration; and 7 report having overlooked or taken no action on the remit.

The one alteration that has been most commonly asked for is the omission of the date of a minister's ordination. The space in the page is adequate for the insertion of the dates of both induction and ordination, but, in deference to the general desire, your Committee have omitted these.

Your Committee recommend:

1. That hereafter the Rolls of Presbyteries be combined with the Statistical and Financial Reports of Congregations.
2. That congregations be arranged alphabetically under two heads, namely: (1) Congregations (including augmented charges as well as self-sustaining congregations), and, (2) Mission fields—Home Mission fields and French evangelization fields to be kept separate for convenience of reference.
3. That, where a pastoral charge is composed of more than one congregation, each of the associated congregations in which there is a Session, be reported separately, and that the separate congregations composing a pastoral charge be grouped together under the name which in the Presbytery roll stands first. The several Mission Stations in each Mission Field shall be given.
4. That in towns and cities with more than one congregation the name of the town or city give the alphabetical order, and that the congregations be arranged under that in their alphabetical order.
5. That congregations be instructed to forward their contributions to each of the various Schemes of the Church in even dollars; and that in any case in which the allocation of its money by a congregation shows fractions of a dollar as contributed to any of the different Schemes, the Church Treasurer be authorized to re-allocate these fractions among the different schemes, and to devote any remaining fraction to the Assembly Fund.
6. That, in the column headed, "Minister or Ordained Missionary," there be inserted only the names of ministers or missionaries who are members of Presbytery, with the usual appendix at the foot of each Presbytery Roll.

Appended to this report is a sample of the form which the Committee recommends the Assembly to adopt.

All of which is respectfully submitted.

D. R. DRUMMOND,
Acting Convener.

REPORT OF COMMITTEE ON THE SUPPLY OF STUDENTS, MISSIONARIES AND MINISTERS

To the Venerable the General Assembly:

Three meetings of the General Committee, and various meetings of the Sub-Committees were held at which all matters coming within the scope of consideration were fully and carefully discussed under the following heads:

- I. Recruiting Students for the Ministry.
- II. The Training of Candidates for the Ministry.
- III. The Financial Problem.
- IV. An Assembly Board of Education.

The reports of the various Sub-Committees as amended and approved by the General Committee set forth your Committee's finding upon the questions submitted.

I.—RECRUITING FOR THE MINISTRY.

The following suggestions are offered as likely to help in securing men as candidates for the ministry:

1. That adequate support be assured.
2. In regard to the course of study: that the regular course be made as attractive as possible, and that an emergency course be provided to tide over the present crisis in Home Mission work.
3. That use be made of ministers and the professors in our theological colleges to preach educational sermons and to deal personally with young men, especially in High School districts.
4. That the Committees on Evangelism and Sabbath School work be asked to co-operate.
5. That co-operation be sought with the Home Mission Committee. It is suggested that a Department be established in the work of the Home Mission Committee, whose special duty shall be to look up candidates for the ministry.
6. That pastoral work among students during their university course be carefully attended to, and that special attention be given to University Bible Study Classes.
7. That a man be sent to do recruiting work among university students every year.

II.—THE TRAINING OF CANDIDATES FOR THE MINISTRY.

This question is naturally considered under two heads:

(a) THE REGULAR THEOLOGICAL COURSE.

It is proposed that the present Theological Curriculum be so revised as to embody the following principles and suggestions:

1. It is of the first importance that the standard of education should be a high one. So far from entertaining any thought of lowering it, we desire to lift it to a higher plane alike of culture and efficiency.

2. The main object of a college training should be to fit the majority of students for practical efficiency. A certain number should be prepared for the work of scholarly investigation, but the great majority should be made trained speakers, teachers, pastors, and moral and religious leaders.

3. While it is doubtful whether we are in a position to replace Hebrew and Greek immediately as cultural disciplines, there is no doubt that they can be replaced. There is also no doubt that, as many students deal with them, they tragically fail to become cultural disciplines to these students. Besides, there is no contradiction between culture and efficiency. While, therefore, both Greek and Hebrew shall continue to be found in the curriculum, an optional English course, in which these subjects shall not be required, should also be instituted.

4. That certain studies be prescribed in Arts as forming part of the proper preparation for the work of the ministry. For example, at some period in his college course, the student should study, among other subjects, Psychology, Pedagogy and Sociology, and should give special attention to the study of English.

5. The English Bible should be taught very thoroughly. It is not sufficient that the student should be acquainted, however intimately, with certain brief portions of Scripture. He should have a broad comprehensive knowledge of the outlines of Scripture history and doctrine from Genesis to Revelation, and this is possible only through the study of the English Bible throughout the entire course of study in the Theological College. He should master Biblical Theology and Biblical Sociology.

6. The principles and methods of modern social service should be taught, viz.: Criminology, Relief, Social Control of the Child, Treatment of Defectives, Conservation of Human Life and Health, the peculiar problems of urban and rural life, etc. Without these, the minister is unfit to take his place in modern days as a moral leader in the community.

7. The student should be trained under a Professor in practical religious activities. The churches, charities, public institutions, etc., of the neighbourhood might be utilized as social laboratories.

8. The student should be carefully trained, both physically and mentally, that he may be able to deliver the message of the Gospel with freedom and power.

9. Some system of options or of honour courses should be interwoven with the regular theological course, to allow of specialization and stimulate higher scholarship.

10. No unearned financial aid should be allowed beyond what students for other professions receive. The payment for services in the Home Mission field, and perhaps, from congregations benefited by the employment of students under the professor in practical religious activities should be such as to obviate the need of gifts.

11. The Committee had before it, and is prepared to present to any body which the Assembly may appoint to deal with the question of theological education, a detailed plan for a curriculum in English. To read it is to be convinced that neither the quantity nor the quality of a student's preparation for the ministry necessarily depends on his knowledge of the ancient languages.

12. There should be, in view of the rapid expansion of the church's field of operations, a special, temporary, emergency course, with full ordination given after a period of successful probation in the pastorate.

(b) THE EMERGENCY COURSE.

1. This course is established to meet the unparalleled and increasing demand for

trained workers in our Home Mission fields. It is intended solely to meet the present crisis in our Home Mission work.

2. It will take the place of the present Minister-Evangelist Course.
3. The inferior age limit of candidates, except in special cases, should be twenty-five years.
4. The course should embrace:
 - (a) Five years in mission field with three months of each year taken in college.
 - (b) Four additional years in mission field under the care of the Home Mission Committee.
 - (c) Extra-mural work supervised by correspondence throughout the entire nine years' course.
5. Ordination should be conferred as in the present Minister-Evangelist Course after five years. Full ordination may be given at end of the nine year period.
6. Efficiency in mission field should be a necessary qualification at every stage in the course.
7. The distinctive characteristic of this course should be its practical training as fitting men to meet more effectively a present and pressing crisis.
8. The Curriculum of Study prescribed should embrace:
 - (a) Training in the English Bible.
 - (b) A working knowledge of the English Language, Grammar, Composition, Literature, etc.
 - (c) History—A General Introduction to British and Universal History.
 - (d) Theology—Biblical and Systematic.
 - (e) Apologetics, Comparative Religion and Missions.
 - (f) Preaching—The making and delivering of Sermons.
 - (g) Sociology.

III.—THE FINANCIAL PROBLEM.

In order to discover how far the present shortage of men might be due to financial reasons, your Committee conducted an extensive correspondence with all the Presbyteries of the Church in Canada. Information was asked chiefly upon two questions:

- (a) How far the leakage was due to financial causes? and,
- (b) What constituted a "living wage" for Minister, for Missionary, and for Student Missionary?

The replies show that for financial reasons thirty-nine men have felt compelled to leave the ministry during the past five years, and that during that period twenty-six students have for the same reason given up the work of preparation for the Christian ministry. As these replies are from 66 per cent. of the Presbyteries, and from men fairly well informed upon the subject, and as these Clerks of Presbyteries were speaking apparently more from memory than from written record, it is safe to assume that the above numbers should be increased by at least 50 per cent., which estimate would show a total loss in the ministry of the Church of one hundred men in five years, due mainly or solely to the inadequate remuneration provided, or, if the average length of a ministerial career be thirty years, the Church has to-day six hundred fewer workers in her ministerial ranks than she might have had if the labourer had been considered worthy of his full hire. What this would mean for the present and future work of the Church let each estimate for himself.

It should be remembered also, as some of the replies point out, that this particular cause is one which most ministers and missionaries would be reluctant to acknowledge whether it were the principal reason or only a contributory cause among others.

It is a matter of grateful mention that while the replies, especially from the newer fields in the Western Section of the Church disclose general and strict self-denial amounting often to great hardship and severe privation for the minister or missionary, there exists great steadiness in the ranks of our ministry; and a spirit which generally speaking rises superior to the great financial inducements in other callings, especially during this period of national expansion and unparalleled prosperity.

There seems to be a fairly general conviction, however, that the lack of a living wage is at least a very serious cause of the scarcity of candidates for the ministry. It was pointed out in some of the letters that not a few are probably deterred from ever entering on the work of preparation because the remuneration in the ministry is inadequate to maintain a family in comfort and make fair provision for old age.

In view of the information gleaned from the above correspondence, from Home Mission Conveners and Superintendents, from statistics gathered by the Canadian Department of Labour, and on more than one occasion by our Augmentation Committee, your Subcommittee would submit that the best interests of the Church would be served by the adoption and carrying out of the following recommendations:

- (a) That the minimum salary for a settled pastor, regularly ordained, should be \$1,200 and a manse.
- (b) That students should be paid at the rate of \$15.00 per week. This sum should include the cost of board and horse hire. Where these are provided by the field, this figure might form a general basis of adjustment by the Home Mission Committee.
- (c) That the above minimum scales of remuneration are already a necessity in the West in order to man our mission fields and keep men there doing their work effectively.

IV.—AN ASSEMBLY BOARD OF EDUCATION.

A Board of Education should be established whose duties should include the following:

- (a) Co-ordinating the educational work in the colleges.
- (b) Standardizing theological education, including examinations and curricula.
- (c) Visitation of Church Educational Institutions, including Colleges, Boys' Colleges, Young Ladies' Colleges.
- (d) Advisory financial work.
- (e) Aiding in securing recruits for the ministry.

All of which is respectfully submitted.

C. W. GORDON,
Convener.

REPORT OF THE COMMITTEE RE THE CORRECT READING OF RULES FOR ADMISSION TO THE STUDY OF THEOLOGY

To the Venerable the General Assembly:

Your Committee having met in Halifax, April 26th, and considered the questions referred to it as to the correct reading of Sections 222-224 in the Book of Rules beg leave to report:

1. A student's Presbyterian Certificate for the study of theology does not relieve the theological college from the responsibility of guarding its own doors and maintaining the standard for entrance laid down in Sections 222-224.

2. It is not intended that the Presbytery's certificate be issued except to students prepared to begin the study of theology. In cases in which the academic qualification of the candidate is in doubt the certificate may be issued subject to the theological college sustaining his academic standing.

In cases where the candidate falls below the academic standard set by the church it devolves on the Presbytery to advise him at the earliest possible date to continue his studies in arts or to consider (a) whether the candidate's failure affects his moral character or his "general fitness for the ministry," or (b) whether there are sufficient reasons for accepting the minimum qualifications instead of the regular standard or (c) whether the case deserves to be brought before the General Assembly for special considerations.

3. An examination cannot be regarded as an equivalent for a university examination unless conducted by a university professor of the prescribed subject. A certificate from any Canadian College entitled by charter to confer degrees on any institution of equal standing abroad may be accepted or if a student presents himself without a certificate in any of the prescribed subjects, but otherwise qualified the Senate of the theological college may appoint a committee to examine him, composed of university professors of the subjects examined.

4. Only students, who have passed all subjects in the first two years in Arts, including Latin and Greek, should be admitted to the study of theology in the affiliated course allowed in the Presbyterian College, Halifax.

In submitting the above findings your Committee beg to report that in their inquiries they have found a tendency to deal leniently with students, owing to the scarcity of men for the ministry. They submit their conviction that it is highly important that the standard adopted by the Church should be adhered to with the greatest uniformity possible, except in special cases sent up to the General Assembly. They believe that nothing will do more to turn the best type of men away from the ministry than a lax and unfair standard for entrance.

Your Committee have found dissatisfaction with the present system and recognize that there are grave objections to placing on theological colleges the onus of deciding the academic qualifications of candidates for admission. It tends to unpleasant comparisons of the colleges. They regard with interest the proposal for an Assembly's Committee for the examination of students.

Your Committee have also found that although the book of rules or college calenders have no regulations for the admission of special students that persons not studying for the ministry of our Church are admitted to theological classes and their attendance and work recorded without any certificate. While your Committee do not desire to debar any reputable student of this privilege, they recognize that the practice may lead to irregularities and largely nullify the provisions of Section 224 of the book of rules unless safeguarded. They recommend that this question be referred to a Committee of the Assembly.

All of which is respectfully submitted.

G. A. SUTHERLAND,
Convener.

OVERTURES.

FROM THE SYNOD OF THE MARITIME PROVINCES.

I.—*Re* AMALGAMATION OF COMMITTEES.

At New Glasgow, and within St. Andrew's Church there, Wednesday, the sixth day of October, in the year of our Lord one thousand nine hundred and ten, and at half past two o'clock in the afternoon, the Synod of the Maritime Provinces met pursuant to adjournment, and was constituted.

Inter Alia. The Committee on Church Life and Work, having asked the Synod to decide whether or not the Committee should be continued, it was moved by Mr. A. H. Foster, seconded by the Clerk, as follows; which motion was unanimously adopted:

THAT this Synod overture the General Assembly to take under consideration the question of the reorganization of its Standing Committees, particularly with the view of retaining the name of the Committee on Church Life and Work, and embracing in the work of that Committee the departments of moral and social reform, systematic giving, evangelism and other related subjects, and meanwhile that the Committee on Church Life and Work be continued in this Synod; Mr. Foster and the Clerk being appointed to support the overture before the General Assembly.

Extracted from the Record of the Synod of the Maritime Provinces.

THOS. SEDGWICK, D.D.,
Clerk of Synod.

FROM SYNOD OF SASKATCHEWAN.

II.—*Re* MINISTER-EVANGELISTS.

At Prince Albert, and within St. Paul's Church there, on Wednesday, the second day of November, one thousand nine hundred and ten, the Synod of Saskatchewan of the Presbyterian Church in Canada being duly met and constituted.

Inter Alia. The consideration of the overture from the Presbytery of Alameda re status of minister-evangelists on the roll of Presbytery, was taken up, and Messrs. Wallace and Glover were heard in support of the prayer of the overture. Mr. Wallace moved, seconded by Mr. Glover, "That this Synod sustain the overture of the Presbytery of Alameda, and transmit the same to the General Assembly, with its approval. The motion was carried unanimously; and the Clerk of the Synod, and Dr. R. G. Scott were appointed to support the overture before the General Assembly.

The overture is as follows:

At Estevan, the thirteenth day of September, one thousand nine hundred and ten, which day the Presbytery of Alameda met according to adjournment, and being constituted.

Inter Alia. On Assembly Remit No. 2, on the motion of Mr. Wallace, seconded by Mr. Glover, the Presbytery agreed to transmit the following overture to the General Assembly:

Unto the Venerable the General Assembly of the Presbyterian Church in Canada, indicted to meet at Ottawa on the first Wednesday of June, 1911.

WHEREAS, under the proposed constitution of Presbytery, the General Assembly enacts that ordained ministers, who have been appointed to mission fields at home for not less than one year with the sanction of one of the Assembly's Mission Committees, shall be members of the Presbytery;

WHEREAS it further enacts that minister-evangelists, who have received appointment for two years with the consent of the Assembly's Home Mission Committee, shall be members of the Presbytery;

WHEREAS such a distinction may easily engender feelings of dissatisfaction on the part of minister-evangelists;

WHEREAS their lack of responsibility will certainly detract from their interest in the work of the Presbytery;

WHEREAS the proposed constitution may affect prejudicially the numerical strength of those Presbyteries, which have a large number of Home Mission fields and comparatively few self-sustaining and augmented charges;

WHEREAS the working out of the proposed constitution will result in the practical exclusion of minister-evangelists from membership in Presbytery, inasmuch as appointments to Home Mission fields are usually made for one year;

THEREFORE the Presbytery humbly overtures the General Assembly to so amend the proposed constitution of Presbytery as to give minister-evangelists membership in Presbytery on the same basis as ministers appointed to mission fields by the Assembly's Home Mission Committee.

The Presbytery appointed Messrs. Wallace and Glover to present the above overture to the Synod.

III.—*Re* STATISTICAL RETURNS.

At Brockville, and within St. John's Church, on Tuesday the seventh of March, one thousand nine hundred and eleven, which day the Presbytery of Brockville met, and being constituted.

Inter Alia. The Presbytery agreed to transmit the following overture to the General Assembly:

WHEREAS some years since there was included in the statistical returns a column giving the number of individuals in each congregation not connected with the families of the congregations, which column is now omitted from the returns;

AND WHEREAS, in the last year in which the said column appeared, there were tabulated some 35,000 individuals, which number would now in the normal growth of the Church be greatly increased;

AND WHEREAS, by the omission of these individuals from the returns, the vital statistics of this denomination as compared with others are impaired; and, inasmuch as the proportion of such individuals in the community, and also their ability to contribute to the funds, varies greatly in different congregations, the comparative table of givings per household is also vitiated;

THEREFORE, it is humbly overtured by the Presbytery of Brockville that the Reverend the General Assembly take steps to have the said column restored to the Tabulated Statistical Returns.

The Rev. John MacDougall and the Rev. T. A. Sadler were appointed to support the overture.

IV.—Re ACADEMIC DEGREES.

At Brockville, and within St. John's Church, on Tuesday the seventh day of March, one thousand nine hundred and eleven, which day the Presbytery of Brockville met, and being constituted.

Inter Alia. The Presbytery agreed to transmit the following overture to the General Assembly:

WHEREAS all young men looking forward to the service of the Lord in His holy ministry are recommended, in the "Rules for the Superintendence of Students," adopted by this Church, to take if possible a full course in Arts in some approved College and to obtain a degree;

AND WHEREAS, the possession of such a degree, or of any higher academic distinction, from any college or university, recognized by the learned world, is an honour rightly to be esteemed;

AND WHEREAS, it is the use and wont of learned societies to insert in the roll of their members such academic distinctions as they may possess together with the colleges by which they were bestowed;

THEREFORE it is humbly overtured by the Presbytery of Brockville that the Venerable the General Assembly cause to be inserted, in the alphabetical list of ministers given in the Acts and Proceedings of the General Assembly, with the name of each minister the academic degrees he may have received together with the usual indication of the college or university, which granted the degree.

The Rev. John MacDougall and the Rev. Hugh Cameron were appointed to support the overture. The Presbytery closed with prayer.

V.—Re PROCEDURE.

At Orangeville, and within St. Andrew's Church there, on Tuesday the second day of May, in the year of our Lord one thousand nine hundred and eleven, the Presbytery of Orangeville met and was constituted.

Sederunt: Rev. J. A. McKenzie, Moderator, with Buchanan, Bell, Black, Fowlie, etc.

Inter Alia. Mr. H. Matheson presented the following overture, notice of motion having been duly given.

WHEREAS the procedure prescribed for dealing with calls, frequently necessitates vexatious delays, or the calling of pro re nata meetings of Presbyteries, at considerable expense and inconvenience, for the purpose of dealing with calls, in cases where the decision is a foregone conclusion.

AND WHEREAS it is fair to assume that the interests of all parties concerned in such cases might be safely entrusted to the Moderator and Clerk of Presbytery under the following modification of procedure.

IT IS HEREBY humbly overtured to the General Assembly that the following provision be added to the Rules and Forms of Procedure after Section 251:

"Any Presbytery may enact and make it a standing order, that in the case of a call having been signed by seventy-five (75) per cent. of the communicants of the charge; and the guarantee of stipend and other relative matters being considered satisfactory, by the Moderator and Clerk of the Presbytery; and the members of Presbytery having been notified of the moderation, the minister or licentiate called, and the stipend guaranteed, that they may have the opportunity of expressing their mind, or make objection (Appendix No. 000), the call may be dealt with by the Moderator and Clerk of Presbytery, *pro forma*, and transmitted, and arrangements made for ordination and induction;

"Provided that no objections have been lodged with the Clerk, by any member of Presbytery within eight (8) days after the mailing of notices. In the event of objections being lodged, the call shall be dealt with according to the regular procedure. Ordinarily, efforts should be made by Moderators and congregations so that calls may be dealt with by the regular meeting of Presbytery.

"Notice of Call under Section 251A. In pursuance of the appointment of the Presbytery of _____, a meeting of the congregation of _____ was held in _____ on the _____ day of _____ at _____ o'clock a.m. or p.m., for the purpose of moderating in a call to a minister. It was proposed and agreed that the name of Rev. _____ be, and his name was inserted in the call, which was subscribed by _____ communicants, being _____ per cent. of the total number of communicants of the charge, the number being _____ and concurred in by _____ adherents. The stipend guaranteed is the sum of \$_____, payable in _____ payments.

"You are requested to state your mind on the matter, with certification that if no objections be made, the call will be dealt with by the Moderator and Clerk, as authorized by the Presbytery.

"Place and date.

C. D., Presbytery Clerk."

After discussion, H. Matheson moved, seconded by J. A. Black, that the overture be adopted, and forwarded to the General Assembly, to convene at Ottawa on Wednesday, June 7th, 1911. When the motion was put it was carried.

It was agreed that Mr. H. Matheson and Mr. W. M. Morris support the overture before the General Assembly.

VI.—*Re* BASIS OF UNION AS ONE WHOLE.

At Holstein, and within the Presbyterian Church there, the twentieth day of April, one thousand nine hundred and eleven, which day and place the Presbytery of Saugeen met pursuant to adjournment and was duly constituted.

Inter Alia. Dr. Farquharson presented and read an overture to the General Assembly to the effect that sending down the Basis of Union as one whole does not fulfil the conditions of the Barrier Act. It was moved by Dr. Farquharson, seconded by Mr. Dobson and carried that the overture be adopted by this Presbytery and forwarded to the General Assembly.

SINCE the changes proposed in the Basis of Union are such as require to be submitted to Presbyteries in terms of the Barrier Act, and since that Act requires every proposed amendment to the standards of our Church to be adopted by a majority of Presbyteries before becoming law, this Presbytery is of opinion that sending down the Basis as one whole does not fulfil the conditions of the Act, and that if any steps are to be taken involving changes in the doctrine or polity of the Church, each such change should be submitted to Presbyteries in such a way that it shall be approved or rejected on its own merits, and that not till all such changes have been constitutionally made shall the question of entering into the proposed union be submitted to either Presbyteries, Sessions or congregations for their final judgment.

It was further moved by Dr. Farquharson, duly seconded, and agreed to that the Rev. Wm. Cooper be appointed to support the overture before the General Assembly.

VII.—*Re* FEDERATION OF CHURCHES.

At Palmerston, and within Knox Church there, the seventh day of March, one thousand nine hundred and eleven, which day and place the Presbytery of Saugeen met pursuant to adjournment and was duly constituted.

Inter Alia. The Rev. A. B. Dobson presented and read an overture to the General Assembly to adopt such measures as may seem best to secure co-operation of all the evangelical churches of this country in such federal relations as may best provide gospel privileges for all the people of this land. It was moved by Mr. Dobson, seconded by Mr. McNamara, that this overture be adopted and transmitted to the General Assembly. Before the vote was taken Mr. Currie requested Mr. Campbell to take the chair. The vote being taken, eight voted for the motion and four against it. Mr. Cooper and Mr. Currie asked to have their names recorded in dissent.

WHEREAS in the Providence of God the common work of the Christian Churches

in the Dominion has grown immeasurably within these last few years, through increased immigration and other causes.

WHEREAS it is necessary for the people coping with the situation to the glory of our Divine Lord and the Christian growth of the people, that, until corporate union becomes possible, some method of co-operation between the various churches should be devised.

WHEREAS, in the judgment of many, the present movement for corporate union between the Methodist, Presbyterian and Congregational Churches does not promise to meet the situation which now exists.

AND WHEREAS in other countries, notably in the United States, where conditions are similar to our own, the federation of the churches under a Federal Council representing the various churches is achieving notable success as a great religious and social force.

THEREFORE the Presbytery of Saugeen respectfully overtures the Venerable the General Assembly, to adopt such measures as may seem best to secure the co-operation of all the Evangelical churches of the country in such federal relations as may secure freedom for the individual church, scope for its every energy and activity, and at the same time prevent waste of means and men, provide Gospel privileges for all sections of the land, and concentrate the federated forces of the churches on solving social problems at home as well as evangelizing the world.

VIII.—*Re* VOTE ON CHURCH UNION.

At Chatham, and within St. Andrew's Church there on Monday, the third of April, nineteen hundred and eleven, at ten o'clock forenoon, at which place and time the Presbytery of Chatham met pursuant to adjournment, and was constituted with prayer.

Sederunt: Dr. Dickie, Moderator; Dr. Smith, Messrs. Tolmie, Nattress, et al.

Inter Alia. Dr. Smith's overture was received, and it was agreed to consider its recommendations ad seriatim. After being amended it was on motion of Dr. Smith, adopted as a whole as the overture of the Presbytery. Dr. Smith and Mr. Cowan were appointed to support the overture before the General Assembly. The overture is as follows:

To the Venerable the General Assembly of the Presbyterian Church in Canada, called to meet in the city of Ottawa in June, 1911:

WHEREAS it is imperative that the Presbyterian Church should not be committed to the proposed union with the Methodist and Congregational Churches before the Sessions and congregations of the Church have been consulted, and until at least seventy-five (75%) per cent. of those reporting approve of such union;

AND WHEREAS it is also important that the pronouncement of Sessions and congregations for or against such union should be as simultaneous, and as unbiased as it is possible to secure;

IT IS HUMBLY OVERTURED the General Assembly by the Presbytery of Chatham that arrangements be made for the taking of a plebiscite vote of all Sessions and congregations by the use of a uniform ballot on a day to be appointed, on the following questions:

FIRST—Are you in favour of Church Union? Yea or nay.

SECOND—Are you in favour of the present basis? Yea or nay.

The Presbytery also humbly overtures the Assembly to afford every congregation an opportunity to suggest amendments to the Proposed Basis of Union, the returns of votes together with any amendments to be sent to Clerks of Presbyteries in sealed envelopes to be opened and counted by scrutineers to be appointed by Presbytery, and the results reported to the Clerks of Assembly and that no announcement of results be made before a date fixed by Assembly on or before which all results shall be reported.

AND FURTHER that the General Assembly arrange if possible with the other negotiating churches to have a similar vote taken by them, and the results reported on the same date, so that all three negotiating churches may be polled independently without the vote of any one of them influencing in any way either of the others.

IX.—Re CHURCH UNION.

At High River, and within the church there on the twenty-eighth day of February, nineteen hundred and eleven, at the hour of eleven o'clock the Presbytery met and was constituted.

Inter Alia. The following overture to the Assembly with regard to the settlement of ministers under the proposed Basis of Union, was moved by Rev. A. H. Leslie, seconded by Rev. W. D. Reid, and carried:

THAT WHEREAS the proposed basis of union between the Methodist, Congregationalist and Presbyterian Churches provides for the appointment of a Committee for the settlement of the minister and gives to each congregation the right at the expiration of every twelve monthly period to approach such a Committee should it so desire for the securing of a new minister, and whereas such proposal;

- (1) Subverts the theory on which the relation of minister and people has heretofore rested within the bounds of the Presbyterian Church.
- (2) Tends inevitably to introduce an unsettled feeling among both ministers and people.

(3) Discourages all plans for work demanding time for fulfillment.

(4) Encourages the growth of an obstructive and factious spirit in the Church.

THIS PRESBYTERY DO THEREFORE respectfully overture the Venerable the General Assembly so to amend the proposed basis as that in all cases when a minister is appointed to a charge by the Settlement Committee, such minister shall be considered as settled for a term of not less than four years, and no application for change or removal of a minister shall be entertained by such Committee, unless the application is made mutually by the minister and the congregation or congregations concerned.

X.—Re DOWN TOWN PROBLEM.

At New Westminster, and within St. Stephen's Church there, on Thursday the sixteenth day of March, in the year of our Lord one thousand nine hundred and eleven, and at eight o'clock in the evening, which time and place the Presbytery of Westminster met and was constituted.

Inter Alia. In connection with the recommendations of the Moral and Social Reform Committee Dr. Pidgeon presented the following overture:

WHEREAS, economic conditions exist in our country leading to a very rapid growth in the population of our cities, accompanied by a congestion of population in the downtown districts, and constituting a serious problem to the church and the nation, and

WHEREAS, this problem is rendered more acute by the great influx of foreigners into our cities, and

WHEREAS, for the solution of this problem there is a need of careful investigation, the outlining of a definite policy and the sympathy, co-operation and energy of the Church as a whole;

THEREFORE, it is respectfully overtured by this Presbytery of Westminster, that the General Assembly take this matter into consideration, and refer it for action to one of the standing committees of the Church, preferably the Committee on Moral and Social Reform.

On motion of Prof. G. C. Pidgeon, seconded by Mr. R. J. Douglas, Presbytery agreed to adopt and transmit the overture.

XI.—*Re* OBLIGATIONS OF CONGREGATIONS CALLING MINISTERS.

At Winnipeg, and within Manitoba College there, on the sixteenth day of November, nineteen hundred and ten, the Synod of Manitoba met and was constituted.

Inter Alia. Mr. Beckett submitted the report of the Committee on Church Life and Work. The recommendations were received and considered *seriatim*, and adopted, with the exception of Recommendation VIII., which was remitted to a special Committee with instruction to bring in a report at a later sederunt. Recommendation VIII. is as follows:

THAT the Synod overture the General Assembly to so change the wording of the form of call as to make it explicitly in harmony with the present day policy and activity of the Church.

The Moderator nominated the following Committee to give fuller consideration to the foregoing resolution, viz., Messrs. Beckett, A. Hamilton, S. McL. Fee, P. E. Scott, J. A. F. Sutherland and Dr. Partick.

Mr. P. E. Scott presented the report of the Committee appointed to consider original Resolution VIII. of the report on Church Life and Work. The report was received, considered and adopted as follows:

THAT this Synod overture the General Assembly at its next meeting in Ottawa next June to enact that at ordinations and induction, the congregation be required to assume similar obligations to those assumed by the minister inducted, that these obligations be set forth in a series of questions requiring the assent of the congregation by standing or in some other form.

XII.—*Re* HOME MISSION SUPERINTENDENCE.

To the Venerable the General Assembly of the Presbyterian Church of Canada:

It has been duly certified to me, by the Clerk of the Synodical Home Mission Committee, without formal extract minute, that the following persons were appointed by said Committee to support before the General Assembly the request for an increase in number of Home Mission Superintendents, and revision of whole system of Home Mission oversight, viz., Dr. Gordon, Dr. Patrick, Mr. Young, Dr. Wilson, Judge Fairell, Mr. Strang, and Edward Brown, with the rider that any two of them might act.

PORT ARTHUR, ONT., May 11th, 1911.

S. C. MURRAY,
Clerk of Synod.

At Winnipeg, and within Manitoba College there on the sixteenth day of November, nineteen hundred and ten, the Synod of Manitoba met and was constituted.

Inter Alia. It was moved by Mr. Rumball, seconded by Mr. Thurlow Fraser, that a Committee be appointed to consult with Dr. Carmichael, with instruction to take into consideration the whole question of Home Mission Superintendence, and report to a future sederunt of this Synod. The Moderator appointed the following Committee, which was accepted by the Synod, viz., Dr. Patrick, Dr. Gordon and the Conveners of the Home Mission Committees of Presbyteries.

Dr. Gordon submitted the report of the Committee on Home Mission Superintendence, moving the reception and consideration of the report. The report recommended that Synod overture the General Assembly on the subject of Home Mission Superintendence. After consideration of the clauses of the proposed overture *seriatim*, and adopting the same, it was agreed that the overture be remitted to the General Assembly with the approval of the Synod, and that the Synodical Home Mission Committee be authorized to support the overture before the Assembly. The overture is as follows:

THE SYNOD OF MANITOBA hereby overtures the Venerable the General Assembly to take into consideration the following facts:

- (1) There are under the General Assembly's Home Mission Committee some six hundred and thirty-five (635) missions, of which three hundred and eleven (311) lie within the bounds of the Synods of Manitoba and Saskatchewan.
- (2) There are in addition forty (40) Ruthenian missions in these Synods.
- (3) THEREFORE, this means that under the charge of the Superintendent of Missions there are three hundred and fifty-one (351) missions as against three hundred and twenty-four (324) in all the other Synods of the Church. Besides this the Superintendent has charge of fifty (50) augmented charges.
- (4) THE work of expansion in these Synods is greater than in all the rest of the Church and this expansion will and ought to increase.
- (5) FURTHER, the Superintendent is withdrawn from the work of supervision by the demands of several large departments of work, as for instance:
 - (a) The securing of men for mission fields.
 - (b) The raising of funds.
 - (c) The work of education and inspiration by addressing congregations, Presbyteries and Synods.
 - (d) The attending of functions necessary and affording useful opportunities, e.g., the opening of churches, the preaching of anniversary sermons, etc.
- (6) For work in these departments the other Superintendents are frequently called upon to give assistance.

The General Assembly in view of these facts is respectfully requested to afford relief.

- (1) By providing an assistant for Rev. Dr. Carmichael, Superintendent of Missions for the Synods of Manitoba and Saskatchewan.
- (2) By organizing the Home Mission work of our Church into departments, each in charge of a suitable man, and all departments co-ordinated in such a manner as to prevent overlapping of departments, and so allow each man to devote himself to his special line of work.

The following departments are suggested:

- (a) A department for the securing of men and for the raising of funds.
- (b) A Department of General Office Work, providing a Bureau of Information and Conducting Correspondence.
- (c) A Department of Administration.
- (3) Or to take such other action as in its wisdom the Assembly may consider to be best.

XIII.—*Re* IMMIGRANTS.

At Winnipeg, and within Knox Church, Wednesday, the first day of March, one thousand nine hundred and eleven, which time and place the Presbytery of Winnipeg met and was duly constituted.

Inter Alia. Dr. C. W. Gordon presented an overture, addressed to the General Assembly, which was approved by the Presbytery, and ordered to be transmitted. It is as follows:—

WHEREAS from present indications it is evident that the immigration of English speaking peoples will in the immediate future assume enormous proportions.

WHEREAS a large portion of these immigrants will be members and adherents of the Presbyterian Church.

WHEREAS with wise and systematic co-operation with the Presbyterian Churches of the Old Land, and with a well considered plan for the reception and direction of our fellow Presbyterians, many of them now lost to the Church that could be brought into fellowship with it.

AND WHEREAS the work of the immigration chaplains at St. John, Halifax, and Quebec.

IT IS THEREFORE OVERTURED to the General Assembly that it take the whole question into consideration and devise some plan by which the immigrants from the Old Land, who are members and adherents of the Presbyterian Church may be conserved to the Church in this land.

XIV.—*Re* SUBSCRIPTION TO CONFESSION OF FAITH.

FROM PRESBYTERY OF HAMILTON.

At St. Catharines, and within Knox Church there, on Tuesday the second day of May, A.D., one thousand nine hundred and eleven, the Presbytery of Hamilton met, and was constituted with prayer.

Moderator: Rev. J. A. Wilson.

Inter Alia. Mr. John Young submitted and read the following overture and asked for its transmission to the General Assembly. On motion of Mr. Young, duly seconded, it was agreed to transmit it simpliciter to the General Assembly.

To the Venerable the General Assembly:

WHEREAS persons elected to the office of the eldership are required at their ordination to give assent to the following question, "Do you believe the Westminster Confession of Faith, as adopted by this Church in the Basis of Union, to be founded on and agreeable to the Word of God, and do you promise faithfully to adhere thereto?" and

WHEREAS some men of piety, prudence and knowledge of divine truth, who render valuable service in the Sabbath School and other departments of Christian work,

and give evidence of their love and loyalty to Christ, and His Church, and are in many respects qualified to discharge the duties and adorn the office of eldership, have conscientious difficulty in subscribing to the above question, and on that ground decline to accept the office.

IT IS THEREFORE respectfully overtured the Venerable the General Assembly to modify the above question, so as to read, "Do you believe the Westminster Confession of Faith, as adopted by this Church in the Basis of Union to be in general harmony with the Word of God?" or to allow ministers and Sessions when so desired to refrain from presenting said question to elders at ordination.

REPORT OF THE COMMITTEE ON STATISTICS FOR THE YEAR ENDING DECEMBER 31st, 1910, AND CONTRIBUTIONS TO THE SCHEMES OF THE CHURCH FOR THE YEAR ENDING FEBRUARY 28th, 1911

To the Venerable the General Assembly:

Your Committee on Statistics respectfully presents the following report.

The Clerks are charged with the responsibility of gathering the statistics of the congregations and mission fields in their several Presbyteries, and with preparing the Rolls of Presbyteries. Your Committee prepared a circular of instructions, setting forth as fully and clearly as it could what was required in the preparation of the statistical tables, and another in connection with making up the Roll of Presbytery. Thus as far as possible, aid was given to new Clerks to become familiar with this part of their duties. The statistical tables are arranged as in the past in the following order,—1. Self-sustaining Congregations; 2. Augmented Congregations; 3. Ordained Mission Fields; 4. Student Mission Fields; 5. French Evangelization Mission Fields. On the left of the double page are given the statistics and finances for year, ending December 31st, as furnished to the Clerks by the Congregations, and on the right hand, the contributions to the Schemes of the Church, as received by the Treasurers, East and West for the financial year, ending February 28th. In each group, for convenience of reference, the arrangement of congregations and mission fields is in alphabetical order. By a little more care and thought on the part of the Clerks of some Presbyteries, an improvement might be made.

Your Committee recommended last year that the Committee on Statistics of each Presbytery be composed of the Clerk, the Conveners of Committees on Augmentation, Home Missions, French Evangelization, Sunday Schools, and such other members as Presbytery may deem best. This recommendation was adopted by the last General Assembly. If the Presbyteries would carry out this recommendation, there is no reason why accurate reports should not be received from every congregation and mission field in the church. It is supposed that before application is made for a grant from any of the Committees of the Church, statistics are furnished by the Convener, and these should be available before money is appropriated from the funds of the Church. If therefore, the Statistical Committee of the Presbytery was made up of members as instructed by Assembly, and the Committee took its work seriously, there need not be the great desert spaces in the statistics, which appear every year. It is embarrassing in the extreme to find such conflict as there is in some cases between the reports of Conveners of Home Missions, Augmentation, Sunday Schools and Presbytery Clerks. The blame does not always lie with the official of the Presbytery, be he Clerk, or Convener of Committee, because it does not infrequently happen that they find it impossible to get a return from the missionary in charge, or from the secretary or treasurer of the mission field. Even when an addressed, stamped envelope is enclosed, it fails to bring a reply. In new Presbyteries, the frequent changes of the personnel of the missionaries supplying the field, and the office bearers, makes it very difficult to have correct statistics. It is to be hoped, however, as the congregations become more stable, we shall be able to reach something nearer finality in statistical reporting.

The blank forms for securing returns from congregations were prepared with the view of obtaining all the information required by the Clerk in making up the Presbytery

Roll, as well as a statement of the statistics and finances of the congregations. A sufficient number was sent so that each congregation and mission station might receive one. In addition to these, forms were provided for the Statistical Report of the Presbytery, the Presbytery Roll, the Changes in the Presbytery, including the licensing and ordaining of Students, the reception of Ministers from other Churches, and deaths in the ministry.

The form provided for the list of Conveners of Standing Committees asked Presbytery to adopt a uniform date for its Standing Committees holding office, viz., from July 1st to the following June 30th. If this were universal in the Church, the list would serve a most useful purpose, as Conveners of Synod and Assembly's Committees, wishing to get into touch with the representatives of Presbyteries would have the assurance that those in the Assembly table were correct. If, however, the Presbyteries, as is done in a number of cases, appoint their Standing Committees in September, or later, the list given for these Presbyteries is misleading and causes unnecessary correspondence in securing information.

An explanation requires to be given regarding the two new Presbyteries of Swift Current and Weyburn. When the proposal was made in the General Assembly in Halifax to erect two new Presbyteries it was pointed out by the Treasurer of the Church that his books had been prepared for the Presbyteries, as they were reported as at March 31st, the official time for reporting Presbytery Rolls, and that it introduced much confusion if new Presbyteries were erected in the middle of the year. It was, therefore, promised on the floor of the Assembly, that the new Presbyteries would not be erected till after December 31st. It seems, however, that part of Regina was constituted as the Presbytery of Swift Current and Weyburn was made up from parts of other Presbyteries. As no official notice was sent to the Church Office of the congregations included in these new Presbyteries till after December 31st, 1910, the amount received for Schemes of the Church is credited to Regina Presbytery, as it was constituted March 31st, 1910. The new Presbyteries will have their proper place in the statistics of the current year, 1911-12.

There is given not only the sum total for each Presbytery, but the increase or decrease as compared with last year is shown. There is a summary also, of statistics, finances and contributions to Schemes of Synods, and a comparison of the grand total of the whole Church with the preceding year.

A table of the several Presbyteries has been prepared, showing the average giving per family and per communicant, for Salary, for Schemes, and for All Purposes. As last year, this table estimates the average value of the manse as \$75. The average for the congregational giving of the whole Church shows:

\$9.90	per family, and	\$5.66	per communicant for Stipend.
28.70	"	16.44	" " All Purposes.

A Comparative Statement of Statistics, covering the years 1875, and the years from 1903 to 1910 is given. This table gives in brief form a view of the whole Church in its statistics and finances under the heads: 1. Church Courts; 2. Ministers and Missionaries; 3. Congregations; 4. Contributions.

The contributions to missions as there reported differ from the amounts reported in the schedules of Presbyteries as received for the Schemes. In this table an attempt has been made to include the money raised and expended by the Women's Societies, and by the College Missionary Societies. Three new Presbyteries appear: 1. Swift Current; 2. Weyburn; and one appears for the first time although it has been in existence for a number of years, viz., Honan, which is a Foreign Mission Presbytery with Synodical powers.

The statistical statement shows that the number of families reported is 160,147, being an increase of 2,986 as compared with last year. The number of communicants is 287,944, as compared with 279,566 last year, being an increase of 7,388. That is less than three communicants added throughout the whole Church per family, of increase. When we consider the large influx of population from the United States and Great Britain during

the year, do these figures show the increase we should have had? Do they not show that the Church has been all but stationary in regard to membership? The number of communicants added on profession of faith was 16,669, an increase of only 949 over last year. When we consider the widespread effort by the Committee on Evangelism, has the impact on the people outside the Church been as great as we might have expected? Doubtless the most valuable result of evangelistic effort is the inspiration and the quickening given to those who are already professed followers of Christ. But we naturally look for a goodly number of additions to the membership of the Church from such services.

The number of communicants added on profession of faith shows only a little over one for every ten families of the Church.

The finances show that congregations paid as salaries to their ministers the sum of \$1,495,137. This is an increase of \$84,976 over last year, but there is also an increase of arrears of stipend of \$399, and doubtless the total arrears of \$7,961 have caused suffering in the families of ministers not well able to bear it. The amount reported as raised for all purposes is \$4,506,634, being an increase over last year of \$428,330, surely a very creditable increase.

A comparison of statistics and finances would seem to show that the activity of the Church has been expending itself on the raising of money rather than securing additions to the Church membership on profession of faith.

The amount of \$5.00 per communicant set before the Church, as the present standard aimed at of giving for the Schemes of the Church has not been reached by a Presbytery this year. The nearest to it is Westminster, which has given \$3.46. The next to it is Kamloops, which gave \$3.40, and Calgary comes third with \$3.27. No Presbytery east of Port Arthur has reached \$3.00 per communicant for the Schemes. The Presbytery, which stands first in giving for Schemes per family is Montreal, \$6.61. Winnipeg gives \$6.09. Halifax and Toronto come next with \$5.77, Westminster following closely with \$5.74. These figures are considerably lower than they were last year, when Westminster gave \$8.38; Toronto, \$6.58; and Halifax, \$5.80. Montreal is the only Presbytery which has increased. Its amount last year was \$6.58, as against \$6.61 this.

If a comparison is made with any report of a few years ago it will be seen that the Church is awakening to a keener sense of responsibility as to stewardship. The advance although not rapid has been steady. The report of the present year is on the whole, a most hopeful showing. The failure of crop on account of drought in Alberta and some parts of Manitoba and Saskatchewan has resulted in these districts not being able to contribute as in the past to the Schemes of the Church, yet notwithstanding this, general advance is shown. The large influx of people from Britain and the United States should certainly strengthen the Church. The reports in the newspapers speak boastfully of the wealth that these immigrants are bringing with them. It is, therefore, to be expected that they will be able to do their share in the support of ordinances from the beginning. The Laymen's Missionary Movement has done much to introduce systematic weekly offering, both for general congregational expenses and for Schemes of the Church. Jesus when asked by the disciples taught them how to pray. The people need to be taught how to give, for prayers and alms are coupled very closely together in Scripture. Many congregations would welcome the visit of a judicious committee of influential laymen of the Presbytery, who could help them to a better system of finance. It is not sufficient to introduce better methods, but continual oversight is required to secure that the new method does not fall into disuse before the year closes.

When we think of the abounding prosperity with which God has been blessing the people of this fair land, it is only to be expected that it will be seen in enlarged liberality toward His cause. Shall not the earnest, and universal prayer of the Church be, that during this year, spiritual results shall be even more manifest than material, that while men give freely of their substance, they shall first lay themselves upon the altar in consecration to the service of their Master and Lord.

RECOMMENDATIONS.

1. That Presbyteries be enjoined to give special attention to securing complete and accurate returns from every congregation and mission station.

2. That the Committee on Statistics of each Presbytery be composed of the Clerk, the Conveners of Augmentation, Home Missions, French Evangelization, Sabbath Schools, and such other members as may be deemed necessary, and that this Committee see that there are no discrepancies in the different statistical reports presented to the General Assembly.

3. That special attention be given to the formation of the Roll of Presbytery, that it contain only the names duly authorized by the Church, and that it contain a full list of the congregations and mission stations as at March 31st.

4. That when changes are made in the names of congregations, or mission stations, or in the groups forming the pastoral charge, or mission field, the Presbytery Clerk shall immediately notify the Treasurers of the Church, and thus enable them to correctly report contributions to the Schemes.

5. That Presbyteries be enjoined to fully consider and deal with the matter of statistics and finance as set forth in report to the Assembly at the first ordinary meeting after the Minutes of Assembly have been printed, and distributed, or as soon thereafter as possible, with a view to ascertain the increase or decrease in the several congregations, what congregations, if any, have failed to report, or have not contributed to all the Schemes of the Church.

All of which is respectfully submitted.

JOHN SOMERVILLE,

Convener.

REPORT OF THE BOARD OF TRUSTEES OF THE PRESBYTERIAN CHURCH IN CANADA.

To the Venerable the General Assembly:

The Board of Trustees of the Presbyterian Church in Canada begs leave to submit to the General Assembly its report for the year ending February 28th, 1911.

The Board during the past year has continued to exercise careful supervision of the administration of the financial affairs of the church. It has given constant attention to the investment of the Endowment and Reserve Funds, including also the investments of Knox College Endowment. The Board has much pleasure in reporting that the interest on the investments have during the past year been well met. It has dealt with many cases in which difficulties arose in connection with Wills and Bequests. The Board has uniformly desired to avoid litigation and has been successful in settling differences which have arisen between legatees and those interested in the estates. The existence of the Board as a distinct Corporation will preserve to the Church bequests, which would otherwise be lost.

The Board regrets that it has not been able to secure any site or building suitable for the offices of the church, but will continue to use every effort to acquire property which may be found to meet increasing demands of the church for suitable accommodation.

All of which is respectfully submitted.

WM. MORTIMER CLARK,
Chairman of the Board.

AUDITORS' REPORT.

To the Venerable the General Assembly of the Presbyterian Church in Canada,

We beg to report that we have completed a thorough Audit of the books and accounts of the Reverend Dr. Somerville, Treasurer, for the year ending February 28th, 1911.

The books have been regularly audited from month to month. All Receipts from congregational and individual sources, and the Revenues arising from the Investments of the several Endowment Funds, were checked and verified with the Cash Book.

All Expenditures were checked as to authority under which they were made, and the Vouchers for the same examined and verified.

The Bank Books were duly checked from month to month, and their balances, as shown, verified with the Treasurer's Ledger.

We have examined and verified all the Investments for the several Endowment Funds, all of which were found in order, the records in the books being accurately made, and the several bonds and mortgages found in evidence as set forth.

As usual, detailed statements have been prepared, comprising:—

(a) Detailed Statement of Receipts and Disbursements for all Funds.

(b) Detailed statement of Investments.

(c) Detailed Statement of Receipts and Expenditures, and Investments of French Evangelization and Pointe-aux-Trembles Funds.

(d) Balance Sheet.

All of which have been checked and certified.

We have scrutinized and checked the Audited Statements from India, China, and Formosa.

Every facility has been afforded us by the staff in carrying out our Audit, the routine work being invariably kept well up-to-date, and carried out with care and accuracy.

Respectfully submitted,

HENRY BARBER & COMPANY,
Chartered Accountants.

College buildings not bearing interest.....	\$50,000 00
Professors' Houses not bearing interest.....	25,200 00
Total Consolidated Capital.....	<u>\$391,794 77</u>

As there is no direct income from the College Buildings and Professors' houses the \$75,200.00 at which they are valued does not yield anything towards the Consolidated Fund Revenue.

Between March 1st, 1910, and March 1st, 1911, the Consolidated Fund was increased by \$7,812.50, making it at the latter date a total of \$391,794.77.

The Consolidated Capital is invested as follows :

Mortgages.....	\$138,022 99
Bank Stocks.....	141,541 00
Debentures.....	51,519 99
	<u>\$331,083 98</u>

E. Kaulbach,
Chairman.

Audited and verified,

GEO. G. DUSTAN,
Chartered Accountant, Auditor.

Halifax, 7th April, 1911.

The Venerable the General Assembly of the Presbyterian Church in Canada.

In accordance with the usual custom I beg to submit a written report on the financial position of the Church Funds—Eastern Section—Rev. Dr. McCurdy, Agent, Halifax, N.S.

Month by month, I have reviewed in detail, the various items of cash income and outlay, verifying at same periods the transactions at the Bankers, in comparison with the records on the Agent's books and accounts.

The revenue from invested funds I have reviewed and verified. The income from this source, and the allocation of all moneys has been certified in regular order.

Again, I have examined the securities in the custody of the Finance Committee and find the record of these on the Church's books as mentioned.

I have pleasure in reporting at this time, and stating that, in my opinion, every detail of the office, as pertains to the Church's finances, is in most excellent order, clearly stated and properly vouched, with the current daily detail recorded with the greatest care and in good business form and order.

I have audited and verified the various general statements presented by your Agent as at 28th February, 1911, and beg to add that before signing these I have satisfied myself, as an accountant, that they are true and correct, setting forth the business for the year, and the position of affairs at the end of the period named.

Most respectfully submitted,

GEO. G. DUSTAN,
Chartered Accountant.

OBITUARY NOTICES

REV. ALEX. MACKENZIE.

Rev. Alexander MacKenzie, of Ville Franche, Sask., was called to his reward at the age of forty-five years. In harness almost to the last, he passed to his well-earned rest on September 15th, 1910, after five restless weeks of suffering with hæmorrhage of the brain and paralysis, leaving a wife and five little daughters, the eldest not yet seven, to mourn his loss. Mr. MacKenzie was a student of Glasgow University in arts, and took his theology partly at Glasgow under such men as Professors Denny and G. A. Smith, and also at Manitoba College, where he graduated with the class of '99. After graduation he did notable pioneer missionary service at Dunrea and Minto in Manitoba, and at Stoughton in Saskatchewan, and was largely instrumental in the building of the churches in the fields where he laboured. Mr. MacKenzie did not seek earthly honours, but preferred the work to which he felt he was called in the newer districts, and before coming to Stoughton (then New Hope), he declined a call to the self-sustaining charge of Cartwright, Man. On the Willow Bunch field, in the Presbytery of Arcola, his work was deeply appreciated, and its extent was only limited by failing health, consequent on long journeys over rough roads. Paul includes, "In journeyings oft," in his category of trials, which completed his martyrdom, and it is not only in the foreign field that martyrs are made to-day. "Well done, good and faithful servant, enter thou into the joy of thy Lord."

REV. ALEX. MATHESON.

The Rev. Alex. Matheson was born at Kildonan in the Red River settlement on the 18th of March, 1827. On attaining years of manhood he became teacher in the parish school in his native place and in 1848 organized the first Sunday School in the Canadian West. After a course of study in Knox College, Toronto, he was ordained in 1860 as minister of Lunenburg and Avonmore in the Presbytery of Glengarry. After several years he returned to the west, and was home missionary first to the Little Britain and Selkirk group of stations and afterwards to the Portage la Prairie, High Bluffs and Burnside group. In 1885 he was again called to Lunenburg and remained six years. Then he came once more to the west and was minister, first at Little Britain, and later at Springfield. He retired from active service in 1897 and died on the 15th February, 1911. Mr. Matheson was a strong preacher and took great delight in expounding and enforcing the great doctrines of grace.

REV. JAMES PULLAR.

The Rev. James Pullar was born in Glasgow, Scotland, on the 6th December, 1835, and was educated in Glasgow and St. Andrews. His father was a minister and was afterwards the founder of Congregationalism in the city of Hamilton, Ont. Mr. Pullar was ordained in 1856 at the early age of twenty-one and spent the first years of his ministry in city mission work in his native city. In 1873 he came to Canada and held charges in various places, the longest being for seven years in Lynedoch in the Presbytery of Paris. In 1897 he came to the West, but his physical strength was not equal to the responsibilities of a settled charge, so, for the greater part of the time he made his home in Winnipeg, giving occasional supply as he had strength and opportunity. In this service he continued till within a few weeks of his death, which occurred on the 28th of March, 1911. He was a singularly modest man, an attractive preacher and a friend greatly beloved by those who knew him best.

REV. DONALD MACRAE, M.A., D.D.

Rev. Donald Macrae, M.A. (Aberdeen), D.D. (Queens), was born on St. Andrew's Day, 1834, at West Branch, East River, Pictou County, where his father, Rev. John Macrae, M.A., D.D. was minister. He became a graduate in arts and theology of the university of Aberdeen, Scotland, and was ordained by the Presbytery of Edinburgh, on June 21st, 1856. Dr. Macrae was a notable minister of the Church in Canada, in which he held a first place as an accomplished scholar, specially well read in philosophy and theology, a clear original thinker, and a most energetic worker. As a pastor in charge in his native county of Pictou, N.S., in St. John's, Nfld., and in St. John, N.B.; as a leader in connection with home mission work in the Presbytery of St. John; and afterwards, having in the meantime declined a call to St. Andrew's Church, Montreal, as Principal of Morrin College, Quebec; and for the last few years of his continuously useful life, as a retired minister, he was ever most effectually "ready unto every good work," never grudging time or strength in the work of the Church, or in the interests of the cause of righteousness in the land. He was the sixth Moderator of the General Assembly of the Presbyterian Church in Canada, that was held in Montreal in 1880. He died at the home of his son, Rev. A. O. Macrae, Ph.D., Calgary, Alta., November 24th, 1909.

REV. JOHN CURRIE, D.D.

After completing his preparatory studies for the ministry in the institutions of our own Church and in Edinburgh, Dr. Currie discharged with conscientious fidelity the duties of the ministry in Maitland and Noel for fourteen years; and for thirty-eight years gave his best strength as a professor in the Presbyterian College, Halifax, in the chair of Hebrew and Old Testament Exegesis. As a scholar Dr. Currie excelled in a minute and accurate knowledge of Hebrew. His reputation as a Semitic scholar was international. He was kind and respectful to all, a perfect gentleman in manner and bearing. His sympathy for the sufferer was one of the most marked features of his character. No one was more welcome in the homes of the afflicted, and none more ready to enter them. After a full career of whole-hearted service to his Master he fell asleep on December 30th, 1909, in the eighty-second year of his age.

REV. ARTHUR F. CARR, M.A., D.D.

Rev. Arthur F. Carr, M.A., D.D., was born in North St. Eleanors, P.E.I., November 12th, 1844. He took his arts course in Dalhousie College and his theological course in the Presbyterian College, Halifax, and Princeton Seminary. In 1871, after finishing his theological course, he was called to the congregation of Alberton, P.E.I., where he laboured faithfully and successfully for eighteen years. He was greatly beloved by his congregation and highly esteemed by his brethren in the Prince Edward Island Presbytery. In 1889 he was called to St. Andrew's Church, Campbellton, where he laboured with great acceptance and success until his death. By his faithful preaching and diligent work he built up a strong congregation in Campbellton, which occupies a foremost place in the Presbytery. After an illness of a few weeks he fell asleep in Jesus on February 15th, 1910, in the thirty-ninth year of his ministry, deeply lamented by the congregation, the Presbytery and the whole Church. In 1901 he was appointed Moderator of the Synod of the Maritime Provinces, and in 1904 his Alma Mater conferred on him the degree of D.D. in recognition of his distinguished services. He was also nominated for the Moderatorship of the General Assembly, a position he could efficiently fill. Dr. Carr was an earnest and eloquent preacher, a faithful and sympathetic pastor, an eminently successful minister, who was greatly beloved by his two congregations and by his brethren in the ministry. His life has been a blessing to hundreds and will be an inspiration to many for years to come. "He being dead yet speaketh."

REV. GEORGE RODDICK.

Rev. George Roddick was a native of Pictou County, and received his training in the Seminary at West River. On May 11th, 1858, he was ordained and inducted into the

congregation of West River, Pictou, where he remained pastor for twenty-one years. Then catching the first strains of the call to the west he removed with his family and a portion of his congregation to Brandon Hills, Manitoba. There he engaged in farming and preached in the Presbyterian and Methodist Churches as opportunity afforded. After an absence of twenty-five years he returned to his native county and took up his abode in the town of Pictou, where for a number of years he was an elder in Prince Street Church. The fiftieth anniversary of his ordination was suitably celebrated on May 11th, 1908, and death closed his pilgrimage, February 17th, 1910. Mr. Roddick was a man of peace, loving and beloved, strong in leadership, daring in spirit, faithful to duty, patient in tribulation; he lived his life in hope, for he looked for a city which hath foundations whose Builder and Maker is God.

REV. GEORGE A. YEOMANS, B.A.

Rev. George A. Yeomans, B.A., minister of Bala, Whitesides and Port Carling, died at his home, in Bala, on January the 16th, of the present year. He had preached on Sabbath and at the close of the afternoon service, was stricken with apoplexy and died on the following day. He was born in Easton, Penn., where his father was a professor in Lafayette College. Coming to Canada when a mere lad, they settled in Cataraqui, near Kingston, where his father practised medicine. He attended Queen's University, Kingston, and graduated in arts (B.A.). Then he attended Princeton Theological Seminary and graduated in the year 1868. He was inducted into his first charge, Winterbourne, September, 1869, remaining there till the time of the union of the Churches, when he resigned. His next charge was Dunnville, where he remained for ten years, when he was called to Wiarton where he succeeded in consummating a union between the Congregational and Presbyterian Churches, which is now one of the strong congregations of our Church. His last field was Bala, where he did good work and endeared himself to the people and was held in the highest esteem by his brethren in the Presbytery. He was married in the year 1872 to Miss Sophrona Hendry, of Conestogo, who survives him with one daughter and two sons. Mr. Yeomans had served the Church for the long period of forty-two years, and his brethren rejoice to believe that after his long day of faithful service he has entered into rest.

REV. SOLOMON MYLNE.

The death in California, in June last, of Rev. Solomon Mylne, one of the pioneer pastors of the Presbytery of Lanark and Renfrew, calls for suitable notice from the Synod. Mr. Mylne was born in Ireland, and emigrating to Canada was ordained and inducted to the congregation of St. Andrew's Church, Smith's Falls, upwards of sixty years ago. For forty years he ministered with great fidelity to the congregation. He was Moderator of the Synod of the Church of Scotland in 1870. His evangelical fervour and his affectionate interest in his flock generated an ardent affection for him, which followed him into his distant California home, where his declining years were spent. Distance and time had no effect in dulling his interest in the Canadian Church, and in the Presbytery of Lanark and Renfrew in particular. The Synod desire to assure the surviving members of his family of their high appreciation of his character and services, and of their tender and kindly memories of his long sojourn in the one congregation, and the one Presbytery in which his whole ministerial services were spent.

REV. JOHN MCKENZIE.

Rev. Jno. McKenzie was born in the parish of Back, Lewis, Scotland, March 4th, 1843; studied in Glasgow University; came to this country in 1873; entered the Presbyterian College, Montreal, where he took his theological course, graduating in 1876. Receiving a call from the congregation of Hampden, in the Presbytery of Quebec, he was there ordained and inducted in the following year, and continued to serve there, among an attached people until 1884, when he received a call to the congregation of Roxborough, in the Presbytery of Glengarry, which led to his translation. In this congregation he ministered for sixteen years. Having resigned his charge he was appointed ordained

missionary at Scotstown, in the Presbytery of Quebec, which he continued to supply from 1900 to 1905, guiding the mission in that period through serious difficulties, and bringing it to the status of a congregation. After closing his ministry in Scotstown, he obtained leave of the Assembly to retire from the active duties of his calling, because of failing health, and took up his abode at Lake Megantic, where he continued to reside till his death, which took place on the 26th February, 1911. Mr. McKenzie was a faithful evangelical preacher, and a tender and diligent pastor, and a man whom children loved. During most of his ministry he preached the blessed evangel in two languages. He stood for religion in the homes, righteousness in the nation, and purity in public life.

REV. JAMES FLECK, D.D.

The members of the Synod learned with deep regret of the death, on January 2nd, 1911, of Rev. Jas. Fleck, D.D., minister emeritus of Knox Church, Montreal, a former Moderator of this Synod, which took place at Belfast, Ireland, whither he had gone seeking health, after his retirement in December, 1909. A native of Ireland, he was translated from a charge in Armagh to Knox Church, Montreal, in 1876, and served that congregation with singular success for the long period of thirty-three years. The Synod records its warm appreciation of Dr. Fleck's qualities of head and heart, of his geniality and courtesy and of the eminent services which he rendered to the Church generally in furtherance of every good and righteous cause, as well as its esteem and affection for him as a man and brother beloved.

REV. ANDREW J. MOWATT, D.D.

The Synod records its deep sorrow at the sudden death of Rev. A. J. Mowatt, on the 19th February, 1911, under such solemn circumstances and its deep appreciation of his character and work as a minister of the Church. Dr. Mowatt, also a former Moderator of Synod, had been forty-five years in the ministry, and during twenty of these years, he had been pastor of Erskine Church, Montreal, where his services were most highly appreciated. He was a forcible and interesting preacher of the gospel, and commanded the entire confidence of the whole community, as well as of his own congregation. He took his full share in the general work of the Church, and was especially interested in its missionary operations at home and abroad. During the past nine years, he had been chairman of the Board of French Evangelization and gave both time and thought to the promotion of this cause. He was a man of rare simplicity and transparency of character, who enjoyed in the fullest measure, the unreserved confidence of his brethren in the Synod as well as of all others who knew him.

REV. FINLAY M. DEWEY, D.D.

The Synod mourns the death of Dr. Dewey, which took place on April 14th, 1911. Born at St. Remi, Quebec, on September 21st, 1851, the late Rev. Findlay McNaughton Dewey, D.D., was the son of the Rev. Alex. Dewey, a native of New York State, and of Jane McFee. Entering the faculty of Arts, at McGill, he was graduated B.A., with honours in Mental and Moral Philosophy, 1874, afterwards receiving the degree of M.A. from the university, in 1882. He pursued a course in theology in Morrin College, Quebec, and at Princeton, N.J., and was ordained in 1877. His first charge was Richmond and Windsor Mills, Que., where he remained nine years, afterwards being called to take up the duties of pastor of Stanley Presbyterian Church, Montreal. In the latter charge he remained for a period of twenty-three years of fruitful ministry. Owing to ill health he was obliged to retire from active work about a year ago. Dr. Dewey was a man of deep consecration to his ministerial service and was an earnest preacher of the gospel of grace as well as a devoted pastor. He was especially interested in God's ancient people, the Jews, as well as in missions to the heathen, and stimulated his people to contribute to that cause.

REV. WILLIAM BENNET.

The Rev. William Bennet was born in Lisbane, County Down, Ireland, in 1828. He was educated at Belfast and Edinburgh, and ordained by the Presbyterian Church of Ireland in 1855. His whole desire was in the direction of mission work, and at the age of thirty came to Canada. His first charge was in St. George, New Brunswick, where he settled in 1858. Successively he ministered in Ontario, occupying the charges of Windsor, Winchester, and Kemptville, finally settling in Springville, in the Presbytery of Peterboro. He retired from the active duties of the ministry in 1898. He was ever held in high esteem by his brethren, and was called to the position of Moderator in two different Synods; by the Synod of New Brunswick in 1858, and by the Synod of Toronto and Kingston in 1886. He was clerk of Peterboro Presbytery for twenty-seven years. In September of 1905 he reached the jubilee of his ministry, and retired as clerk. On that occasion the Presbytery presented him with an illuminated address in which his long and faithful services in the ministry were fittingly recognized. Mr. Bennet was the oldest and one of the most revered members of Presbytery. A man of kindly disposition, and faithful in the discharge of duty. For sometime he was in feeble health, and passed peacefully away at his home in Peterboro, May 10th, 1911. He is survived by two sons and one daughter. Mrs. Bennet predeceased him by two years and one day. "They were lovely and pleasant in their lives and in death they are not divided."

REV. HECTOR CURRIE, B.A.

The Presbytery of Sarnia sustained a deep loss in the death of Hector Currie, for thirty-five years minister of Thedford, and for thirteen years Clerk of Presbytery. Mr. Currie's death came suddenly. He was in his usual rugged health when he attended a meeting of Presbytery shortly before his death. He was engaged in sick visitation only two days before word of his own death came as a shock to his fellow Presbyters. Hector Currie was a man of most lovable and genial disposition, a good pastor, and one of the few men whose whole ministry is spent in one charge.

He was born in Argyleshire, Scotland, in 1846. Was educated at Victoria College, receiving his B.A. degree 1871, and at Knox College, graduating in theology in 1876. In this year he was called to Thedford, where he was ordained, and into which charge he was inducted. Here he spent his whole ministry of thirty-five years, and here he died in 1911. Mr. Currie made a special study of geology and botany, and was an authority in the former branch, his museum and library being very fine, and his reputation international. Suitable memorial services were held by the Presbytery of Sarnia in his church at Thedford, and members of Presbytery paid many tributes of love and respect to the memory of one who will be much missed in the meetings of Sarnia Presbytery.

REV. ALEXANDER ERSKINE DUNCAN, M.A., L.L.B.

The Rev. Alexander Erskine Duncan, M.A., L.L.B., died at Beaverton on October 21st, 1910, at the age of sixty-eight years. He received his early education in Montreal, and graduated from the McGill University in Arts and Law, with distinction. He early inclined to the work of the ministry, but being the eldest of the family he recognized obligations to the younger members, which prevented him, until at a somewhat advanced age he found himself free to prepare himself for the work from which his heart had never turned. After graduating from Knox College he was ordained at Cannington and inducted into that charge on the 30th March, 1897. He served there for several years and later at Lion's Head, Niagara-on-the-Lake, Mattawa, and Bancroft. At the latter place his ministry was scarcely begun when he was laid aside by an illness from which he never recovered.

Mr. Duncan possessed scholarly tastes and literary ability; he took keen delight in the study of Old Testament prophecy. He was kind and gentle in his home relations, genial and true in his relations to all, and bore himself ever with a kindly dignity that was most becoming. He was esteemed by his brethren and was held in affectionate regard by those who knew him intimately.

REV. J. R. S. BURNETT.

The Rev. J. R. S. Burnett, died at Alliston, July 7th, aged sixty-two years. He was born in Montreal, in 1848, and at an early age moved, with his parents, to Brampton, Ont., receiving his early education in the schools there. He studied theology in Knox College, graduating in 1874, and was ordained that same year, taking the pastoral charge of Nottawa and Duntroon. Two years latter he was called to Alliston where he was pastor for twenty-eight years. Resigning his charge there he laboured for four years at Victoria Harbor. For the past two years he has resided in Alliston, enjoyed preaching most of the time and was in charge of the mission at Wyevalle until two weeks before his death.

REV. WILLIAM FRIZZELL, Ph.B.

The Rev. William Frizzell, Ph.B., died at Redlands, California, on the 28th day of November, 1910. He had spent all his active ministry within the bounds of the Presbytery of Toronto, first as minister of Newmarket for upwards of five years, then as minister of Leslieville and East Toronto, and afterwards of Leslieville, subsequently named Queen St. East, until failing health compelled him to retire from active service, and seek rest in a milder climate. Mr. Frizzell was most active in all service that had for its object the moral and spiritual uplift of men. His sympathies were broader than his own congregation, and he gave generously of his strength and experience in every work that made for the betterment of the city in which he lived. He was beloved by his brethren in the ministry, not alone of his own Church, but by those of all classes.
